THE EVENING NEWS.

Saturday, - - - April, 15, 1871.

PRICE OF GOLD.

Reported Daily by HOOPER, ELDREDGE & Co., Bankers.

SALT LAKE CITY, April 15, 1871.

Buying at $1.08; Selling at $1.10½.

LOCAL AND OTHER MATTERS.

THEATRICAL.—The performance last night at the Theatre, was one of the best ever given there. It would have been difficult to have excelled the playing of either drama or farce. But the performance of M'lle Ravel on the tight rope without a balance pole was about as neatly and cleverly done as anything of the kind could be imagined, and brought down the house. "The Wept-of-the-Wish-ton-Wish" will be repeated to night, to be followed by the tight rope performance of M'lle Ravel; the whole to conclude with, for the first time in this city, the two act drama "Harold Hawk," in which Mr. Waldron, Miss Maud Hamilton (her first appearance on any stage) and others will appear. A splendid bill and deserving a crowded house.

GOING EAST.—Bishop John Sharp and John W. Young, Esq., will probably leave for the East in the morning, where they will act as attorneys and agents for the Utah Southern R. R.

WILL PREACH.—Elder Albert Carrington will preach in the Thirteenth Ward Assembly Rooms, to-morrow evening, at 7 o'clock.

NOTICE.—All interested in the water ditch of the 1st, 2nd and 18th Wards should read the notice regarding it in to-day's paper.

TWENTIETH WARD NORTH BENCH WATER DITCH.—All interested in it are requested to meet at the south-west end of the grave yard, with shovels, at 7 o'clock on Monday morning. Also to attend a general meeting in the School House at 8 o'clock on the evening of the same day. By order of the Committee.

FIGHTING GRASSHOPPERS.—It will be seen from the following extract, from the Los Angeles *News* of the 5th inst., that the grasshopper pest is afflicting the people of Southern California:

All the available force at Cucamonga have been taken from other work to retard, if possible, the threatened invasion of grasshoppers. Zanjas are left undigged, and irrigation neglected. The vineyard has been surrounded by water for the purpose of preventing the plague, but unfortunately the insects had, last year, deposited their eggs within the limits, and the young are now being hatched out among the very vines. It is to be hoped that some plan may be hit upon to keep the destruction from being wholesale, if it cannot be averted altogether. The above information is derived from Captain Garcia, Superintendent of the establishment, who is now in this city.

EXCOMMUNICATED.—At Fairview, Sanpete Co., Sunday, April 9th, Alonzo Vanvalkenburg was excommunicated from the Church of Jesus Christ of Latter-day Saints, for unchristianlike conduct.

STORMS EAST.—The late storms East of here have considerably damaged the wires and the dispatches are, in consequence, rather meagre.

FIRST CASE OF SUNSTROKE.—The New York *Herald* of the 9th instant notices the first death, this season, from sunstroke. The patient was a carman, forty years of age, named Elisha Devan.

VOCAL MUSIC.—On Monday an advanced class in vocal music will be commenced, at the City Hall, up stairs, under the auspices of the Deseret Philharmonic Society; and all who desire to join, should make a point of doing so then that they may begin with the first lesson. It will be much more advantageous to do so on Monday night than in four or five weeks' time; all who begin at the beginning will have the benefit of the whole of the instructions given. The terms are low, the teacher, Professor Careless, competent, and all who join, who have any taste for music, will soon make flattering progress under his tuition. For terms, etc., see advertisement in to-day's paper.

FAIRVIEW.—H. W. Sanderson, writes as follows from Fairview, Sanpete, on the 11th inst:

"We have had an exceedingly mild winter, but the weather has been very stormy lately, which has considerably retarded the progress of spring work. We anticipate having a fruitful season. Our Co-operative store is in a prosperous condition, having declared a dividend of forty-six per cent. for the past six months, and this result has not been attained by selling goods at high rates, the prices being near the same as at Salt Lake City. We have a Sunday schoolably conducted and well attended, and a Female Relief Society which is a pattern of punctuality and good order and which, under the superintendence of Mrs. James Pritchell, has done a great deal of good."

AN APPEAL FROM SCANDINAVIA.—Bro. Elder Louis L. Borg, who was on a mission in Norway and Sweden in 1869 and 1870 writes us that, while there, he promised several very poor families of Saints who need assistance to gather, that, when he reached home, he would use what influence he possessed with friends of theirs in this Territory to lend them a helping hand. Those friends are scatered through the Territory, so that it would be very inconvenient for Bro. Borg to see them personally, he therefore sends the following list of names and addresses for publication in the NEWS, and we hope that the friends appealed to will respond promptly and effectively if they have it in their power, and assist the following named persons:

Ana Hendrickson, Lier Sylinge, a widow and 3 children.			
Anna Halsna, children.	"	Drammen	"
Bengta Nilsen, children.	"	"	"
Emma Hendrickson, children.	"	"	" 2
Elise Wickman, children.	"	"	"
Sophie Christansen, children.	"	Gomle.	" 5
Karne Olsen, child.	"	Stavanger,	" 1
Sister Katrine, children.	"	Risor,	" 2
Sister Haraldsan,	"	"	" 6
Karne Olsen, child.	"	Christiania	" 1

Also a family by name of Setters, from the same place.

INDIAN INCIDENT.—An exchange relates the following incident, which, it says, occurred to General Smith, Commandant of the post at Fort Laramie: It appears that the General was out riding a short distance from the Fort when he was accosted by an Indian, who drew up a rifle and ordered him to dismount. The General dismounted, but made a flank movement toward the redskin and finally put him to flight. The day following was appointed for the issuing of several thousand rations to the Sioux. General Smith, however, informed the chiefs that he would not issue unless the conduct of the aforesaid brave were explained. He was accordingly brought forward when he stated, in effect, that he thought it his duty to kill any white man he might chance to meet. The Indians drove him off and apologized for his conduct, after which the rations were distributed as usual.

SENSIBLE.—The *Alta California* of last Wednesday says:

"It is generally admitted that the trade of Utah is of some value to the people of this city. The Mormons are evidently in need of many things which we have to sell, and as they are generally strictly business men it is desirable to have their customs. Upon this point there are not two opinions. We suggest, however, that the best method of securing this traffic is not for professedly commercial papers published in this city to be slashing about in an opaque manner about "Mormon scum" and Mormon atrocities generally. At all events it would be only the part of wisdom to know something about affairs of the Territory before such dreadful invectives are hurled. We need not say that the *Commercial Herald* is the journal that has been cutting up these strange antics, but the Salt Lake *Herald* has already disposed of that profound publication."

Special Notices.

LOST.

Order No. 671, on Z. C. M. Institution, for $500, has been lost. Whoever has found it, and will leave it with D. McKenzie, at Prest. B. Young's Office, will confer a favor on the loser, and be suitably rewarded. d123 tf

Employment and good wages can be obtained by timber cutters and sliders and others, on application to J. J. Thayne, 1st Ward. d124 tf

SUMMONSES.—We are now prepared to supply Justices of the Peace with Blank forms of summonses. Other Blank forms also for sale at this Office. d58,s104&w-1tf

FACTS WORTH KNOWING.—During a recent trial or comparison of ordinary Baking Powders in New York, with DOOLEY'S YEAST POWDER, it was shown conclusively that better results were attained with from one-half to two-thirds the quantity of the latter, than with any other in market. The secret of the success lies in the care with which DOOLEY'S YEAST POWDER is prepared, and its entire freedom from substances that are injurious to the system.

We challenge comparison at any and all times. The verdict of the consumer is always in our favor. For sale by all Grocers. d121 3 sod w11 1

If you have a discharge from the nose, offensive or otherwise, stopping up of the nose, at times giving nasal twang to voice, partial loss of the sense of smell, taste or hearing, feel dull and stupid, have pain or pressure in the head, take cold easily, you may rest assured that you have Catarrh. Thousands annually, without manifesting half of the above symptoms, terminate in Consumption, or Insanity, and end in the grave. R. V. Pierce, M. D., of Buffalo, N. Y., is the proprietor of Dr. Sage's Catarrh Remedy—a perfect specific for Catarrh; which he sends to any address, post paid, for sixty cents. Sold by most druggists everywhere. d121-3eod w11-1

A FEW MORE WORDS!

Having obtained the Agency of the CELEBRATED

SMITH'S AMERICAN ORGANS,

WE desire to inform the public that by the judgment of all competent musicians, these instruments are unsurpassed by any ever manufactured. We are aware of the arrogant tone assumed by certain agents, but we know that any disinterested person who examines the American Organ will smile at the efforts to depreciate them.

The Smith Company has made and sold 35,000 instruments. They make none under $125, leaving to others the business of putting forth the little fifty dollar organs; and they consume more black walnut lumber, the indispensable casing of the best instruments, than any house in America. Their annual production of organs is not exceeded by any establishment whatever. And this business they have built up by the faithful labors of twenty years, without drumming for testimonials, and without making baseless claims to honors on either side of the water. It is the perfection of workmanship, the excellence of materials, the smooth and solid tone, the prompt touch, and the facility for expression that give to **The American Organ** its deserved rank. But there is

A VERY EASY WAY

To determine the truth of our claims as well as of others. Let those who are fond of music come and hear for themselves. We pledge our credit upon the statement that we can sell a better instrument for the price than can be had in Utah. We are willing that our instruments should be subjected to the most severe tests, and if they will not stand upon their own merits they must fall.

We refer by permission to Professors Orson Pratt, jun. and J. A. Parint.

PEOPLE'S VERDICT

Over Half a Million sold and in use!

4,000 made and sold per week

SINGER'S New Improved Silent FAMILY SEWING MACHINES

ARE

The Best in the World,

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable.

THE SINGER

NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.

It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attained upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering Magic Ruffling, Gathering and sewing on (all the same time) Self-Sewing Cording, Tucking Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satin wood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with the tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*

The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which *is* liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil* soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the

Oldest Practical Sewing Machine,

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital. It is now divested of all unnecessary parts and possesses all the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those who *utterly fail on other Machines.*

SINGER'S New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are *applicable to all kinds of heavy and light manufacturing in Cloths, Leather*, etc., and run in the most perfect and reliable manner without trouble to the operator.

HAVE ARRIVED!

A Full Assortment of those

Beautiful and Unrivaled MACHINES.

(The numbers on which show a manufacture of between Five and Six Hundred Thousand, consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALMENTS

So that all may possess one of these *Blessings.*

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the institution and will also impart to purchasers all needful instruction, so that they can at once commence work.

We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the

General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell and give entire satisfaction.

THE CELEBRATED

COOKING STOVES!

SUPERIOR

For Wood.

They are really what their name indicates, SUPERIOR to any other Stove in the market, and for

Economy, Durability, Convenience & Dispatch Are Unexcelled!

KANSAS, ALASKA AND IMPROVED AMERICAN

For Coal.

Which for Neatness of Design, Thoroughness of Construction, Capacity of Oven, Economy in the Use of Fuel, and Uniformity of Operation, place them in the best stoves in the market.

They have been constructed specially for the use of our Western Bituminous Coal (for which all stoves of Eastern manufacture are so ill adapted). Extreme Fire Boxes insure a perfect draft; the plates through the fire chamber are unusually heavy, and combine certain peculiarities in their construction which give these Stoves superiority over all others in the consumption of its cheaper fuel, thus saving a large per centage of fuel.
