Governor West has issued the following proclamation which explains itself:

Territory of Utah. }
Executive Office. } 89.

To all to whom these presents shall come—Know ye, that it appears necessary to change the time appointed for holding the term of the Second judicial district court, to be held at Parowan, in the county of Iron.

Therefore I, Caleb W. West, Governor of the Territory of Utah, hereby fix the times and places for holding the Second judicial district court as follows:

A term of said court shall be held at Beaver, in the county of Beaver, and commence on the first Monday in May; a term shall be held at St. George in the county of Washington, and commence on the second Monday in September; a term shall be held at Beaver, in the county of Beaver, and commence on the first Monday in November; a term shall be held at Parowan, in the county of Iron, and commence on the first Monday in March.

The said court shall open at the hour of 11 o'clock in the forenoon of the days herein designated.

In testimony whereof I have hereunto

set my hand and caused the great seal of the Territory to be affixed.

Done at Salt Lake City, this 31st day of December, A. D. 1894.

CALEB W. WEST.

By the Governor:

CHARLES C. RICHARDS,
Secretary of Utah.

We the undersigned dance committee of the Paris First ward, wish to state that at a dance given in the Paris First ward by Messrs. Budge and Patton, a report of which was published in the *Paris Post* of December 21, 1894, and copied into the *Logan Journal* and *DESERET NEWS*, to the effect that said dance "was the noisiest given for many a long day, that there was too much liquor to make the dance enjoyable;" in justice to the people of Paris and to Messrs. Budge and Patton, we wish the public to understand that the *Post* or its informant was mistaken, whether willfully or not we cannot say; unfortunately there was a disturbance among a few boys outside, but this we do know, that the dance was quiet and orderly, that there was no person or persons within said building under the influence of liquor, that the dance was conducted by us, and according to the rules of the local authorities of our ward.

By publishing the above you will confer a great favor on

Yours very truly,

M. A. ALLRED,
ALEX. RICKS,
EDWARD W. CROSS.

The regular meeting of the Salt Lake Horticultural society was held on Saturday, January 5th, being called to order by Heber J. Bennion.

A committee was appointed to map out a circuit for a series of lectures to the farmers and fruit growers.

A letter was read by Secretary Green from one of the professors of the Agricultural College, expressing the willingness of the professor to take an active part in the farmers' convention to be held on the 14th and 15th of this month in the Mill Creek ward house. There will also be a program arranged for the occasion.

Mr. O. W. Warner, from Moab, made some very interesting remarks on fruit raising for profit, and told of an orchard that he visited in Canon City, Colo., where there is a man employed to every acre of fruit, and the same orchard paid the owner \$1,000 an acre. He also told how he planted and cared for his trees, and how he packed and shipped his fruit, and found ready sale at \$2.50 a bushel for his apples, where others sold theirs for \$1 and even less.

The appointment of inspectors for the coming season was discussed, and some remarks as to cutting down the expenses. A committee was also appointed to redistrict Salt Lake county.

It was moved and carried that a vote of thanks be tendered the retiring county court of Salt Lake county; also that the association adjourn till February to meet the first Saturday in that month with the state board of horticulture in the fish commissioner's room, at the new City and County building.

F. S. GREEN,
Secretary.

A second conference between Governor West and the deputation of San Juan settlers who arrived in this city Friday was held at the executive office Saturday.

The result was that late this afternoon the Commander-in-Chief ordered Captain John Q. Cannon, Troop C, and Captain George W. Gibbs, of the National Guard, to leave for San Juan and Grand counties tomorrow night and make a thorough investigation of the complaints regarding depredations being committed by the large number of Colorado Utes, who are said to have remained on this side of the line and who are still repressed as committing depredations upon the settlers and their property.

The last deputation of citizens from that section presented affidavits concerning the continued presence in this Territory of the Colorado Utes contradicting Dave Day's report that they had all gone back to their own reservation. The affidavits are sworn to by Harry G. Green, of Indian Creek, Charles Snell, of Monticello, Jack Silvey, of Monticello, John E. Brown, of Indian Creek, Frank Silvey, of La Sal, Samuel N. King, of Hatch Wash, Grand county, D. H. Daltou, of Monticello.

A resolution passed by the citizens is as follows:

Resolved, That we, as citizens of San Juan and Grand counties, appreciate in the highest degree the disinterested interest and executive ability shown by our Governor, Caleb W. West, in protecting the citizens, and his efforts to remove the trespassing Indians of Colorado, and have the hope that he will continue to interest himself in our behalf in the future.

F. M. Doll, a prosperous rancher and merchant, his son, twenty-one years old, and his wife have been murderously assaulted by Mexicans near their ranch on the Aravaipa, Graham county, Ariz. They were driving together and without warning the Mexicans opened fire, killing Doll and his son. Mrs. Doll was shot in the face and the assassins would have killed her also but for a team coming from an opposite direction. Seeing the approaching wagon the Mexicans fled. Mrs. Doll will, it is said, recover. A posse was organized, accompanied by experienced trappers. They are determined men and are likely to make the capture.

U. S. Grant Jr. and Jesse Grant have just submitted an offer to San Diego, Cal., to supply 2,000 inches of water for \$1,000,000. Reliable men say that this is but one part of a large irrigation scheme contemplated by eastern capitalists, whereby 20,000 inches of water will be developed in the San Luis Rey watershed and distributed over hundreds of thousands of acres of land in this county, which is especially adapted for citrus fruit culture. It is believed that Marshall Field, Robert Lincoln and other prominent Chicago people are interested in this water scheme.
