

WEEKS TRADING EQUALS AVERAGE

Number of Shares Dealt In, 253,-
345 for \$146,746.25.

SOME STOCKS CLOSE HIGH.

Trading Good Today—Century the
Feature, Selling at 31 Cents—Bet-
ter Business is Anticipated.

A total of 253,345 shares of mining
stock was traded in during the week
for \$146,746.25. Today 45,500 shares ex-
changed hands for \$28,326.50.

The week's business while not large
has not been of an entirely unsatisfac-
tory nature. It is expected that though
some stocks which are too high now,
when the amount of capital stock and
development of the properties is con-
sidered, will go lower, there will be
much improvement as regards the in-
crease in volume of business within the
coming few weeks. "It is more than
likely," said a prominent broker to-
day, "that all stocks will go much low-
er during the coming week or so, in
sympathy with certain of them that
cannot help but suffer a decline. How-
ever the dividend payers will quickly
recover."

Trading on the exchange this morn-
ing was more active than yesterday
and there were some noticeable in-
creases in certain stocks while others
closed much lower.

Century was undoubtedly the feature,
closing with a sale at 32½ the stock
went down and quickly, without a break,
went down again to 34, from which it
recovered to 34½. Four thousand nine
hundred shares changed hands between
40 and 34.

Ajax sold between 55½ and 57, and
Carls with sales totaling 7,500 shares,
ruled at prices ranging downward from
57 to 56½. Some Consolidated Moun-
tain changed hands at \$1.46 and 45½ and May
Day ruled much stronger, selling up
from 63 to 65 cents.

Star Consolidated was traded in on a
declining scale from 24 to 20½ and
Uncle Sam consolidated participated in
the extent of 5,000 shares at figures
around 65½.

California ruled at greatly improved
figures and was traded in to the ex-
tent of 11,000 shares. Yankee Con-
solidated was dealt in to the extent of
600 shares and the call closed with the
following bid and asked quotations re-
ported:
