

# HEARST MEN START RIOTING

Several Hundred of Them At-  
tack a Banner Picture of  
Candidate Hughes.

## WRECKED CAMPAIGN EXHIBITS

Great Gathering at Madison Square  
Garden Cheers for Independent  
Candidate Hughes.

New York, Oct. 25.—Several hundred men who had participated in the labor union demonstration in Madison Square Garden in honor of William R. Hearst tonight, attacked a banner picture of Charles E. Hughes, the Republican candidate, and a stereoscopic showing views unfavorable to Mr. Hearst in front of the Independent Democratic Municipal Ownership League headquarters at the Hotel Bartholdi. After a fierce struggle with four police, the banner was destroyed and the stereoscopic apparatus, the crowd wrecked the campaign exhibits and smashed a large plate glass window of the Hotel Bartholdi. One policeman was badly cut. The police used their night sticks with effect. Several arrests were made.

The Independent Democratic Municipal Ownership League is an organization claiming to have supported Mr. Hearst for mayor last year. It is now opposed to him.

With Mr. Hughes in Ithaca tonight and Mr. Hearst at Madison Square Garden in this city, the gubernatorial campaign was carried on at widely separated points and with unabated vigor. At Madison Square Garden there was a great gathering of union labor to rally the nomination of Mr. Hearst by the Democratic and Independence League parties, and three speeches by the candidate, one in the garden and two outside, at either end of the big building. The crowds were enthusiastic and demonstrative, cheering Mr. Hearst whenever the opportunity offered. Preceding the meeting at the garden there was a long parade of labor unionists.

Mr. Hughes, the Republican candidate, began his speechmaking today at Binghamton, where he delivered two talks to large crowds and traveled thence to Ithaca, where he spoke twice more tonight. Besides the Madison Square Garden labor ratification in this city there was a Tammany mass meeting in Harlem and meetings by the judicial nomination and the West End Republican club at other places.

At the Democratic club tonight the Tammany nominees for the supreme bench, 10 in number, were formally notified.

Chairman Connors of the Democratic state committee today said he thought there would be "a landslide for Hearst," and declared in his opinion Hearst will have a plurality of from 100,000 to 200,000. He said he had reports from 20 counties which would go surely for Hearst, but declined to specify which counties were.

Charles F. Murphy, the Tammany leader, asked about local conditions, said: "Most of the Democratic leaders have made a canvass and they report that the conditions are better than a year ago."

Workingmen of Greater New York to the number of thousands tonight ratified William R. Hearst's nomination for the governorship by the Independence League and the Democratic party. The demonstration, which was held under the auspices of local labor unions in Madison Square Garden, was participated in by a vast crowd, which repeatedly manifested its approval of the candidate and his principles.

Division of paraders who proceeded to the garden kept step for blocks to the "Hearst, Hearst, Hearst" while the red drowns burred at frequent intervals and transparencies bearing such legends as "Labor's Tribune to William R. Hearst," "Hearst Has Helped Us, We Are for Him," were held aloft.

Although many of the workers, paraders reached the garden in ample time to obtain admission, others were shut out from lack of room.

The creation of wealth, Mr. Hearst said, is of no more importance than the distribution of wealth. He said that every man, laborer and mechanic alike, should get his share of the nation's wealth. Then he said that only is prosperity permanent.

"Shorter hours," declared the candidate, "make better workmen and better citizens."

## HUGHES AT ITHACA.

Ithaca, N. Y., Oct. 25.—Charles E. Hughes addressed one of the largest meetings of his campaign here tonight. He spoke a second time to another big crowd in Liberty hall and at both places the greeting extended him was demonstrative.

Mr. Hughes again took up the judicial situation in New York county and denounced what he termed "a deal of the houses to try to gain control of the bench."

"It ought not to be necessary to discuss the issue of this campaign," said Mr. Hughes. "The Buffalo convention was more eloquent than anything that could possibly be said. The leader of the Independence League made a declaration of principles on which a great many sincere men expected to stand; but he wanted the advantage of the Democratic majority, and to get it he had to come to an understanding with Charles F. Murphy. He did not hesitate, and ambition put his hand in the hand of the Tammany boss."

"We find the results of this compact in the attempt now made in the city of New York to place on the bench of the supreme court those whose nominations have been defeated by that Murphy-Hearst alliance, but the people of New York expect a man who defies parties and who stands for independent principles or on an independent platform to stay there."

"It has been for a long time in the city of New York impossible for honorable ambition of the bar to be crowned by promotion to the bench. We have found in the city of New York a state of affairs where a man desiring to obtain judicial office has to go to a boss, frequently with money in his hand, to sell himself in order that he might receive an appointment upon the supreme bench."

# RUNNING SORES COVERED LIMBS

Little Girl's Obstinate Case of  
Eczema—Instantaneous Relief  
By Cuticura—Little Boy's Hands  
and Arms Also Were a Mass  
of Torturing Sores—Grateful  
Mother Says:

## "CUTICURA REMEDIES A HOUSEHOLD STANDBY"

"In reply to your letter I write you my experience, and you are privileged to use it as you see fit. Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble. In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his hands and arms with the Cuticura Soap, and anointed them with the Cuticura Ointment, and then gave him the Cuticura Resolvent. In about three weeks his hands and arms healed up; so we have lots of cause for feeling grateful for the Cuticura Remedies. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor, and where it costs from twenty to twenty-five dollars to come to the mountain. Respectfully, Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905."

"There is nothing more reprehensible to our political life than the attempt of bosses to control our courts. These are to be elected in New York county 10 supreme court justices this fall, eight justices in addition to the number that hitherto we have been allowed to elect. It is a matter to which all men in all walks of life have given attention in the hope that we might add to our bench men illustrious at the bar who had no hand of a boss over their shoulders. And who was at such a time as this, anxious to get a nomination for governor in the hope that a possible election to that high office might make possible a higher aspiration to the presidency of the United States, my opponent entered into his arrangement with Murphy to put on the bench a certain number whose nominations should be dictated by the leader of Tammany Hall."

"Men honorable at the bar have been denounced because they have had corporations as clients and a part of this deal has been to nominate for office and to put under the scales of the independence league men who represent corporations and trusts and the very enterprises which are so vigorously denounced. Was it not the case that they paid to the expression of the popular will? On the contrary, a corporation called the Independence League, claiming to hold the control of that election, decided who should go on the ballot under that emblem on the one hand and a boss upon the other, determined between themselves how many should be allotted to the other and the colony of independence were struck and all that is vile in connection with boss government was approved as the method of this apostolic candidacy."
