CONGRESSIONAL.

SENATE.

Dominican annexation—Ku Klux bill again.

The executive session was continued till 4:15 with the exception of a few minutes, during which a few bills passed, when a message was received from the House announcing the election of a conference to report on the Ku Klux bill, and asking for a new conference from the Senate. On motion, Edwards insisted on its amendments, and Edwards, Carpenter and Thurman, were appointed a conference committee to report on the deficiency bill, and the Senate took a recess till 8:30, with a view to a final adjournment this evening.

Pomeroy called up the bill for the sale of the Cherokee Indian reservation in Kansas, which was passed by unanimous consent.

The resolution to print additional copies of the report of the San Domingo commissioners, was considered before the Senate, in order to allow Cole to deliver some remarks in favor of Dominican annexation. After defending the President from the attacks of his assailants, he proceeded to comment on the desirableness of the acquisition, the peaceful character of the Dominicans, their courageously throwing off the European yoke, the value of the trade of the West Indies, and the necessity for an American naval station there. The precedent established in the case of Texas was referred to at length.

Trumbull moved to take up the resolution to modify the rule of business for the purpose of acting upon the amnesty bill, and the motion was discussed until the conference on the Ku Klux bill had prepared its report.

Edmunds submitted and explained that the report on the bill was as reported from the previous conference, except that a substitute, which he thought equally effective, had been adopted for the section known as Sherman's amendment. The effect of the substitute was to make the whole body of the inhabitants in a vicinity, who have known that a conspiracy is formed to destroy the property or to injure the person of any peaceable inhabitant, and who have power to assist in suppressing it, responsible for their neglect or refusal to do so.

Sherman opposed the substitute, desiring the bill had nothing left in it but the provision for the use of the military forces of the U. S. in case of necessity.

Thurman argued against the bill, particularly the provision with regard to jurors' oaths.

Edmunds took the floor, and at 1:30 a.m. was still speaking.

HOUSE.

Report refused—Another Conference ordered.

The report was discussed at length by Kerr, Brooks and Nye in the opposition and by Butler of Mass., Horn and Perry in advocacy.

Bingham and Farnsworth argued against Sherman's amendment in reference to the assessment of damages in localities where outrages were committed. The debate was interrupted by the presentation of the conference report on the deficiency bill. The report was read and Holman made a point of order, that their appropriating ten thousand dollars for the expenses of the Sutro tunnel commission, was not pertaining to anything in the bill, and that the Conference Committee had no right to put it in. Dawes argued that it was pertaining to the item for Carson City mines. The speaker remarked that he was very loth to meet the Conference Committee with an advance decision in a point of order; he would therefore submit it to the House. The speaker put the question to the House and the point of order was sustained; thus practically rejecting the Conference report. The report was then recommitted.

Negley introduced a bill for the establishment of a public park in the city of Washington which was referred to the consideration of the Conference. The report on the Ku Klux bill was resumed, and at the conclusion, the House, by a vote of yeas 74 and nays 109, refused to receive the report, and another conference was ordered. Among the Republicans voting with the Democrats in the negative, were Bands, Bingham, Blair of Michigan; Congor, Farnsworth, Fiakelaburry, Garfield, Hale, Hawley, Hooper, Rooker, Penns; Poland, Sheldon, Strong and Townsend of Pa.

The report on the deficiency bill which was again presented by Dawes, omitting the item as to the Sutro Tunnel Commission. Dawes explained that the amendment for the park in Washington, was rejected. As to the re-issue of the national bank currency, it had been found impossible to carry the bill through both Houses, unless an additional tax were placed on the banks to defray the expenses of the re-issue, and, therefore, the whole thing had been left out. The report was agreed to and the speaker appointed Shellaberger, Poland and White as a new conference committee on the Ku Klux bill.

The House took a recess until half past seven in the evening.

WASHINGTON, D. C.

Adjournment expected.

WASHINGTON.—The President with General Porter starts to St. Louis this evening to be absent a week. His visit is on private business.

The President will visit the Pacific Coast in September.

It is now thought that an extraordinary session of the Senate will be called in the latter part of May.

The Senate confirmed Thomas M. Bowen, of Arkansas, as Governor of Idaho.

WASHINGTON, 19.—About thirty-one Republicans voted with the Democrats to reject the first report of the conference committee of the Ku Klux bill, the fifty absent members are about equally divided between the two parties.

The arguments of the legal tender case are concluded and the question is now before the court. The opinion will probably be delivered on Monday week.

There is now little if any donbt that the adjournment of Congress will take place to-morrow.

ARIZONA.

More Indian outrages.

TUSCON, 14.—Yesterday the Indians attacked the San Pedro settlement near Camp Grant, killed A. McKinzerly, H. C. Long, Owen Chapin and E. G. Cardunter, wounded Nicholas Lap, and stole a lot of stock, arms and ammunition. This settlement, which has existed for six years, will be abandoned at once. Numerous other outrages are reported. Ration tickets, issued at the reservation, Camp Grant, were recently found on an Indian killed in a recent raid. The Indians appear to be supplied with government arms and ammunition.

ILLINOIS.

CHICAGO, 19.—It is ascertained that one colored man was buried beneath the falling walls of the Union Hotel, burned at Galesburg yesterday. A number of other persons were injured from the same cause.

VIRGINIA.

Fined for packing a jury.

RICHMOND, 19.—Stephen Mason, a member of the legislature, was convicted to-day of attempting to pack a jury in the case of ex-Mayor Calhoun with a view to his acquittal, and was fined $500. W. A. Hoop, for the same offense, was fined $300.

CALIFORNIA.

Trial of Mrs. Fair.

SAN FRANCISCO, 20.—The Mercantile Institute had a special reception of the Hon. Wm. H. Webb this evening.

The wool shipped from San Francisco March 28th, over the Pacific R. R. and Chicago, Burlington and Missouri R. R., was received at Pittsfield, Massachusetts, on April 15th, which is considered so satisfactory that probably a large part of this season's clip will be sent overland. About a sixth of the season's clip, already received here, is mainly bought, at higher prices than were ever before realized, by eastern manufactures for immediate consumption. California will this year be the second wool growing State in the Union.

Thirty tons of silk goods, seventy tons of tea, and twenty tons of California wool are going eastward.

There was rain this morning.

Quint, counsel for Mrs. Fair, concluded his argument, which lasted two days, this morning. Cook, his associate, then commenced speaking and will probably conclude to-night. District Attorney Byrne will follow with the closing argument, and the case will probably go to the jury on Saturday. The trial, as conducted, is generally looked upon by the public as a farce. The interest in it is already abating under the impression that the result is a foregone conclusion.

NEW YORK.

It is understood that Governors Hoffman, of New York, and Claflin of Mass., have accepted prominent parts in the ceremony of the inauguration of the statue of Professor Morse. It is said that the oration will be delivered by Wm. Cullen Bryant.

BUFFALO, 19.—The Wadsworth iron works were suspended to-day, and over a thousand men are thrown out of employment. The prospect is that the creditors will arrange and resume business soon.

MASSACHUSETTS.

Sudden death—A nice investment.

BOSTON.—Wm. Emerson, the well known piano forte manufacturer of this city, died suddenly this morning.

Nilsson has invested $13,000 in real estate here.

The surviving members of the 6th Massachusetts regiment celebrated to-day as the anniversary of the march through Baltimore, ten years ago.

FOREIGN NEWS.

GREAT BRITAIN.

LONDON, 19.—In the house of Commons this morning there was an excited discussion on a bill for the abolition of the game laws. Taylor from Leicester, in support of the bill, said that a tenth part of the surface of Scotland had been reserved as forests and the population exiled to make room for the game right. The Hon. Henry Brand, member from Cambridgeshire, in the course of his remarks in opposition to the bill said that poachers and thieves exclusively urged the abolition of the game laws. The decision of the House was 132 majority against the bill.

BELGIUM.

The *Nord* to-day announces that Picard has resigned his position as minister of the interior in the French Cabinet.

WEST INDIES.

English War Steamer Grounded.

KINGSTON, Jamaica, 19.—The English war steamer *Immortalite* is ashore on a mud bank in the harbor. The other war vessels, with 2,000 sailors, are unsuccessful in their attempts to float her. The guns and riggins are removed and placed on lighters. The commander has been court martialed on a charge of negligence. The paymaster of the *Immortalite* yesterday fell out of a window and was killed.

A FEW MORE WORDS!

Having obtained the Agency of the CELEBRATED

SMITH'S AMERICAN ORGANS,

WE desire to inform the public that by the judgment of all competent musicians, these instruments are unsurpassed by any ever manufactured. We are aware of the arrogant tone assumed by certain agents, but we know that any distinterested person who examines the American Organ will smile at the efforts to depreciate them.

The Smith Company has made and sold 35,000 instruments. They make none under $125, leaving to others the business of putting forth the little fifty dollar organs; and they consume more black walnut lumber, the indispensable casing of the best instruments, than any house in America. Their annual production of organs is not exceeded by any establishment whatever. And this business they have built up by the faithful labors of twenty years, without drumming for testimonials, and without making baseless claims to honors on either side of the water. It is the perfection of workmanship, the excellence of materials, the smooth and solid tone, the prompt touch, and the facility for expression that give to The American Organ its deserved rank. But there is

A VERY EASY WAY

To determine the truth of our claims as well as of others. Let those who are fond of music come and hear for themselves. We pledge our credit upon the statement that we can sell a better instrument for the price than can be had in Utah. We are willing that our instruments should be subject ed to the most severe tests, and if they will not stand upon their own merits they must fall.

We refer by permission to Professors Orson Pratt, jun. and A. Farlet.
