

# AERONAUT WAS JUST PARALYZED

Sat Motionless and Made No Effort Whatever to Manipulate the Rudder.

ALL SOON CAME TO GRIEF.

Airship Carcassed, Struck on End and Turned Over—When Lifted Out, Aviator Was Delirious.

New York, July 18.—A frightened aviator, sitting like a wooden man, went up early today in Glenn Curtiss' aeroplane, which hovered a moment in midair and then crashed to the earth. The beautiful craft in which Curtiss made his remarkable flight yesterday was badly wrecked. When Alexander Williams, the would-be aviator, was lifted from the twisted frame, he was delirious, his left arm was broken and his body bruised. His injuries, however, are not serious. The accident occurred at a moment when Curtiss was giving demonstrations for the New York Aeronautic society, to which he recently had been elected. Williams, who is a member of the society, is 42 years old. While Williams has driven many an automobile and is familiar with gas engines, he seemed to lose control of himself as the aeroplane soared upward. When it had attained a height of 20 feet the craft descended sharply to the right, swooped toward the earth, and striking on end, turned over. Williams remained pinned in his seat until lifted out. As a physician bent over him, Williams in his delirium muttered that some one had collided with him in the air. Witnesses declare that Williams simply had stage fright. His attempted flight followed a successful one made by Edward Foster Willard of New York, also a member of the Aeronautic society, who remained in the air for 28 seconds, making a short flight at an average height of 20 feet. Curtiss then took the machine and made a beautiful flight back to the starting point, cutting several sharp turns and ascending at one time for more than 100 feet, then shooting swiftly downward until he was only 30 feet above the earth. Williams, with parting words of caution to keep the machine close to the ground, started away. He had previously matched wits with Willard to decide who should make the first flight. During this he evinced such nervousness that the members of the party remarked that perhaps he would better not make the attempt. The aeroplane glided swiftly on its light, running wheels, then soared gracefully upward. Williams sat apparently motionless, and made no effort to manipulate the controls. He became dangerous, and the aeroplane, reeling, began to fall. A week's work at least will be required to patch up the flyer.

## MOTOR CYCLE EXPLODES, FOUR PERSONS KILLED

Berlin, July 18.—Four persons were killed, more than 20 severely injured and a dozen others slightly injured as the result of the explosion of a motor-cycle and a fire which followed it, during a cycle race at the Old Botanica gardens today. Thousands of spectators had gathered around the track. The first race was over, and the second, an endurance race, was on, some of the best known cyclists, including Stelbrink, Cotenet, Kysar and Stoll, participating. After a few laps the tire of a pacemaker's motor cycle burst and the rider lost control. The benzine exploded in a burst of flame and the machine leaped into the air and landed itself against the barrier, which broke down. The rider was thrown off and fell against other competitors who were packed to the track, several being severely injured. So terrific was the speed of the cycle that it continued on its course after the explosion, crashing into the public stand, flinging spectators right and left and setting on fire several women's summer dresses. Two women were instantly killed, and their bodies saturated with flaming benzine were burned to cinders. The wooden stand caught fire and the flames flared in the face of bystanders who, with clothing ablaze, rushed about shrieking with pain and fear, until the public stand was completely destroyed.

## NEW SHAH OF PERSIA FORMALLY ACCLAIMED

Teheran, July 18.—The new shah, Sultan Ahmed Mirza, accompanied by his tutor and a British and Russian escort, drove today from the Russian summer palace to the city. As the shah entered the palace the escort left him at the gate and returned to the legation, thus signifying that the shah was no longer under Anglo-Russian protection. A brief ceremony was held at the palace, at which the regent and the other members of the national council formally acclaimed the new sovereign. The shah appeared nervous but dignified. It is believed that he will be sent abroad to study under the supervision of a new tutor.

Perfect order prevails here, but serious disorders are reported from Kermanshah.

Washington, July 18.—In an official telegram from Teheran, received today at the Persian legation, announcing that the hereditary prince, Sultan Ahmed Mirza, has been proclaimed shah. It was stated that the unpopularity and unwhimsiness of Mohammed Ali Mirza caused him to be deposed.

The message said that a conference between the heads of the Mohammedan church, princes, high dignitaries and the old members of Congress was held at which the vote was unanimous against the deposed shah.

## PRISON OFFICIALS AGAINST DUTY ON JUTE

Sacramento, Cal., July 19.—The state board of prison directors, reinforced by Rev. Gillett, have sent telegrams to Senators Perkins and Flint and Congressman Needham of this state, and to President Taft, Senator Aldrich, Speaker Cannon and Chairman Payne of the ways and means committee of the house, protesting against the imposition of a duty of 1 1/2 cents per pound on raw jute. It is urged that there is no reason for the duty inasmuch as jute is not grown here and that the state of California owns and operates a jute mill at San Quentin prison, where from 800 to 900 convicts are employed, which will have to go out of business.

## COL. ROOSEVELT HAS TOUCH OF NOSTALGIA

Washington, July 19.—Col. Roosevelt, to judge from a letter received from him by a friend in this city, is having quite as successful and interesting a trip as he anticipated. This letter was dated Nairobi in Africa, and among its striking passages was one referring to Kermik Roosevelt's hunt.

Kermik, it seems, shows more enthusiasm than caution in the pursuit of big African game. Some of his encounters have been of a nature to excite remark from his father, and it is inferred that they must have been little short of reckless to have been considered out of the ordinary by so competent an authority as the former president.

Though enjoying his stay in Africa, Col. Roosevelt apparently has a touch of nostalgia now and then.

His correspondent was enjoined to write and give the news.

## HUNDREDS OF MILLIONS THROWN AWAY ANNUALLY

New York, July 19.—That the people of this country are annually throwing away a sum of money that represents 50 per cent more than it costs to operate the government—in cold figures, \$1,500,000,000—is statistically shown in Prof. Fisher's new work issued by the government printing office, and entitled, "A Report on National Vitality."

Prof. Fisher is a member of the faculty of the University of California, and is also a member of the national conservation commission appointed by Theodore Roosevelt. He is also a member of the national health association, and is a member of the national waste in lives. Prof. Fisher shows that there are three million persons, needless and continuously ill in the United States, and that this condition might well be prevented by strict attention to the simplest hygienic measures. He shows also that tuberculosis alone is responsible for 500,000 persons continually ill, and that it is entirely possible that this scourge could be wiped out within one generation. Typhoid alone costs the country \$500,000,000, and this is a disease that can wholly be wiped out by attention to neglected details.

## A MYSTERIOUS MURDER.

New York, July 19.—Another mysterious murder has been given to the New York police to solve. William Roway, a character in the eastern section of Brooklyn, was last seen alive Saturday night when he was walking with two strange men toward a clump of woods. His dead body has been found face downward, with wounds in back, either one of which would have been fatal. The motive for the crime has not been established. Roway was not known to have had any money.

## HARRIMAN AWAKENS QUIET AUSTRIAN SPA

Badgastein, Austria, July 19.—E. H. Harriman, the American railroad magnate, has awakened this quiet Austrian spa. The spirit of activity of the millionaire has so thoroughly impressed the people at the hotel and baths that for the first time Badgastein is full of life. The hotel employees are going about

the place in record time, while the guests are all endeavoring to emulate the example of Harriman. He is easily the most popular man at the watering place.

Although his general health has improved, Mr. Harriman has not recovered his appetite, and the chef at the hotel are working night and day on ideas of dishes to restore it.

For any pain, from top to toe, from any cause, apply Dr. Thomas' Electrolytic Oil. Pain can't stay where it is used.

## Floating at Salt Lake—It's Glorious.

MRS. JAMES S. PECK DEAD.  
Denver, July 19.—Mrs. James Sidney Peck, authoress, society and club woman, and a member of a noted Wisconsin family, died of cerebral hemorrhage in this city yesterday. Mrs. Peck was enroute to Seattle to visit her daughter, Mrs. William Hubbard. Friends in this city, who had arranged a motoring expedition in her honor, learned of her death when they called for her at the hotel at which she was stopping. Mrs. Peck was famed as a traveler, and wrote several books recounting her observations while traveling in foreign lands.

Mrs. Peck was a sister-in-law of former Gov. George W. Peck of Wisconsin.

## DENOMINATIONALISM HITS ZION CITY

Chicago, July 19.—Zion City, the town of one religion, is receiving its first touch of denominationalism. Under the administration of a receiver the Methodists and the Baptists have gained a foothold within the territory that was closed to every faith but one during the life of John Alexander Dowdle. Both the Methodists and Baptists held religious meetings yesterday in the Zion City hotel, formerly known as Elijah Hospice.

## MODERN SUFFRAGETTE.

Rev. Gertrude von Petzold Says Catherine of Siena Was Her Archtype.

Chicago, July 19.—Catherine of Siena was the archetype of the modern suffragette, according to Rev. Gertrude von Petzold, an ardent worker in the cause of the suffrage in England, who is occupying the pulpit at Lincoln Center for a period of weeks. If modern women possessed the zeal and the tact of this woman of the medieval world and their "Cot in twine" in twisting rules about their finger, nothing could keep the ballot out of their fingers, said the preacher.

Miss von Petzold is a German by birth, but her education was gained in England and she is now a Unitarian divine.

## TIGER HAS BEST OF FIGHT WITH LION

New York, July 18.—A lion and a tiger of an animal show at Coney Island started fighting yesterday and before they could be separated the hind quarters of the lion had been so mangled by his striped companion from Bengal that he will probably have to be shot. The shooting of revolvers by trainers and attendants terrified the spectators and there came near being a panic. Several women fainted. Henry Falkendorp, one of the trainers, in trying to subdue the beasts, was attacked by another lion and the clothing torn from his back. He was not badly hurt.

## BURBANK'S SUNBERRY SAID TO BE A FAILURE

Boston, July 19.—Luther Burbank, the "Wizard of the Plant World," has been informed that his latest creation, the "wonderberry" or "sunberry," is declared a failure. Many amateur gardeners have tried to cultivate the "wonderberry" without much success in this vicinity. Yesterday Mr. Burbank's new berry was labeled "worthless" by the judges of the Massachusetts Horticultural society.

Read This

The reason for this great free contest this grand free distribution of prizes are two-fold; first, to introduce to the people of Utah and Idaho the new name of this old company; second, to bring before the people the name of Boston's favorite piano, the Hallet & Davis. The present name of our company may be new to some but as a matter of fact the existence of our firm either under its present name or its predecessors runs back for half a century.

Recently the business was incorporated under the title of "Daynes-Beebe Music Co." and that is the name we want to impress on the minds of every man, woman and child in the Inter-Mountain Country, the "Daynes-Beebe Music Co." the best place to buy pianos.

Then in this advertising campaign we have the active assistance of the Hallet & Davis Piano Co., Boston (Capital and surplus \$1,500,000.) They donate the beautiful Hallet & Davis Piano offered as first prize. This piano is now on exhibition in our show window, 45 Main St. The factory besides donating the piano, makes us an appropriation for advertising their pianos in this territory through our company, and we propose to use it in this way.

It is expected that the increased demand for the Hallet & Davis instruments, as a result of this campaign of advertising, will justify this expenditure and it will be the means of saving thousands of dollars to buyers.

In purchasing your piano through the "Daynes-Beebe Music Co., you have the advantage of our one price plan, plan that saves you money and makes piano buying easy.

The certificates of credit are good only at our store, and will be accepted at face value towards purchase of any new piano or player-piano handled by us, at regular marked prices, if presented within the time limit. Only one may be applied on the same piano, out on a purchase made prior to July 28, 1909.

We will gladly mail price list of all our pianos on application. Easy payments to everybody.
