THE GENERAL CONFERENCE.

The members of the Church who were able to attend the General Conference just closed have been the recipients of another stage of refreshing for the Salt Lake. The time and practical character of the instruction given at these conferences make them of inestimable value to the Church, and at the recent Conference such instructions were conveyed with vigor and impressiveness by those who addressed the congregations. The spirit of God was given in rich abundance to the speakers, inspiring them to bring forth words of special importance to the Church at this time, and inspiring them to present subjects with the peculiar force that divine messages are accompanied by the divine word.

The marked progress made in Church matters throughout the world, as shown by reports received at the Conference, has especially gratified the members of the Church. From these reports it is evident that the Church is now in such an advanced condition, as far as relation to the spread of the Gospel. In all its efforts it has made progress in its extension of the Gospel message, but it never has been so well equipped for the work as now, and the way never has been so clear among the nations as at present. The power of the Almighty has been manifest in bringing to pass the present condition, for the furtherance of the cause of truth. Hence the Church is increasing rapidly in numbers and influence in the world, and the good work for salvation goes rapidly on.

It was not without a sense of awe and reverence that the members of the Church, gathered in the temple, listened to the words of the Lord, who revealed to them the will of His heavenly Father. In the presence of the Lord, the members of the Church were made to feel the power of the Holy Spirit, and the will of His heavenly Father. In the presence of the Lord, the members of the Church were made to feel the power of the Holy Spirit, and the will of His heavenly Father.

A BRIGHT POINT OF VIEW.

In the April number of the North American Review, Mr. D. N. Evans, a well-known writer, has given a brief account of the circumstances that brought about the present situation in Utah. He has given a brief account of the circumstances that brought about the present situation in Utah. He has given a brief account of the circumstances that brought about the present situation in Utah.

The Christian, however, was not deterred by the opposition of the military governor, who, being a Christian, refused to take any part in the proceedings of the military authority was all that remained.

THE COY VOUCHER.

One important item before the City Council of the Territory, before the session was the proposition to appropriate \$50,000 to the Pioneer Jubilee celebration. Considering the fact that this is the period of the year, the City Council has decided to appropriate \$50,000 to the Pioneer Jubilee celebration. POLITICS A FOOL PROJECTOR.

For centuries the little country in northern Europe constituting what is generally known as the Netherlands has been subjected to the rule of foreign powers. Not only has it been subjected to the rule of foreign powers, but it has also been subjected to the rule of foreign powers.

The result was another instruction in 1893, and the land has been in a state of confusion ever since. In July, 1893, the military broke out with the accompanying evils of plunder, massacre and the burning of villages. The Christians fortified themselves in the mountains and volunteers came from all over the country to join them.

Greco, however, through her army, advised the Christians to surrender, promising them that the powers were working in their interest. The Christians accepted this offer, and the result was another instruction in 1893, and the land has been in a state of confusion ever since.
