SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 31. — Numerous bills were introduced and referred.

Anthony said if the chairman of the democratic caucus, the chairman of the executive committee of the democratic caucus, or the chairman of the sub-committee of the democratic caucus had nothing more to present he would move that the Senate now proceed to the consideration of executive business.

Kernan moved that the Senate adjourn. Adjourned.

EASTERN.

Tenement Houses.

NEW YORK, 31.—Mr. Cutting, who recently paid so much of the debt of St. Ann's Episcopal Church in Brooklyn, has subscribed $50,000 towards the erection of a model tenement house in accordance with the plans advocated at the recent meetings of nine capitalists in White Street. Cornelius Vanderbilt, Jr., also put his name down for $20,000.

Freight Market.

There is no material change to note in the freight market *via* Cape Horn and the prospects are that it will remain more or less so for some time to come, as it is yet to early to ship for fall trade.

Land Decision—Homestead Settlers.

WASHINGTON, 31.—The commissioner of the general land office has decided that large denominations of judicial land scrip, issued under the sixth section of the act of June 21st, 1860, will be subdivided under the authority of the act of January 29th, 1879.

The commissioner of the general land office has prepared a circular for the district land offices, giving instructions for carrying into effect the provisions of the act of March 3d, 1879, to grant additional rights to homestead settlers on public lands within the railroad limits. This act authorizes the location of 160 acres instead of 80 acres as heretofore, and where 80 acres have been already located a settler can locate 80 acres additional, adjoining, or if there be no unoccupied land adjoining, he can surrender the 80 acres and locate 160 acres in a body.

Fenian Appointment.

Captain Edward O'Meachen Condon, the Fenian, has been appointed to a clerkship in the treasury department.

The Northern Pacific Railroad—Construction Time Extended.

The bill introduced to-day by Grover, in regard to the Northern Pacific Railroad, provides that the time for the completion of its main line shall be extended ten years, upon conditions, which are, in substance, as follows:

First, That the company shall, within one year of the enactment of this bill, commence work on the main line at or near Umatilla, Oregon, and complete not less than 200 miles of its road, eastwardly, every year thereafter, and shall construct a total of at least 100 miles of the main line within two years from the same date, and not less than 100 miles of the main line each year thereafter, including the 25 miles per annum expressly designated.

Second, That the main line between Portland and Umatilla shall be constructed on the south side of the Columbia.

Third, That, with the exception of the lands heretofore earned by the company, all agricultural lands within its grant shall be open to purchase from the company by actual settlers, in tracts of 160 acres each, at the price of $2.50 per acre.

Extension of time and continuance of all former rights and franchises are also made conditional upon the requirements that said company shall complete its road around the cascades of the Columbia River within two years, and around the Dalles of the Columbia within three years from the enactment of this bill, and that in the use of these portage railroads the company shall make no discriminations or excessive charges against any person or corporation. All the lands heretofore withdrawn for a branch line are to be restored to the public domain except for a distance of 20 miles north of the portion now completed from Tacoma to Willreson, Washington Territory. The bill embodies the provisions of the House bill of last year, protecting the rights of homestead and pre-emption settlers made prior to the receipt of the orders of withdrawal at the local land offices, and in conclusion the authority is reserved for Congress to amend or repeal this act at any time, having due regard for the rights of the company, and to provide by law against discriminations and excessive charges.

Position of the House Democrats.

The illness of Representatives Lay, Bland and Acklen, and the present inability of Alexander H. Stephens to remain long in the House at any one time, will make it extremely difficult for the democrats to muster a quorum, if the republicans choose to refrain from voting on any roll call, and it is therefore more than ever certain, to-day, that the minority can command all the time they may desire for the discussion of the pending political measures in the House of Representatives. The debate will doubtless run throughout the present week, especially as it seems to be the intention of the republicans to discuss, in connection with the controverted portion of the army appropriation bill, the same constitutional questions that are involved in the political clauses of the legislative, executive and judicial appropriation bill.

Arrest of a Bond Stealer.

CHARLESTON, S. C., 31.—A man named Morgan was arrested here, to-day, while passing from the First National Bank, with $20,000 in United States bonds and other securities stolen from the president's private room.

Ravages of Prairie Fires.

SIOUX CITY, Iowa, 30. — The *Journal* has startling reports of the ravages of prairie fires up the Big Sioux Valley and throughout southern Dakota. The fires on Saturday were of unusual force and destructive beyond precedent. The poles on the telegraph line on the Sioux City and Pembina railroad were burned, so the line has been down and reports from that quarter are not full.

A merchant of Eden, in Sioux City, to-day, tells harrowing tales of losses in that quarter. On Saturday, from his store door, the town occupying an elevated position, he counted 13 farm houses in flames, and he says that more than 40 farmers in that vicinity lost everything on account of the unrivaled rapidity of the fire. The blow is terrible and has dazed the stricken people. The Norwegian church near Eden is burned. A child was burned to death and its father terribly scorched in trying to save it. Some minor casualties are reported, three of which resulted in death by flames. In the vicinity of Portlandville it is said not less than 20 farmers lost their hay, grain, etc. Altogether immense damage has been done and the hardship to settlers is particularly severe. The grass grew very rank last year and the protracted dry spell has made it a powerful food for flames.

$70,00 Fire.

HUDSON, N. Y., 31.—An incendiary burned Trimper's wadding mill, Niverville; loss, $70,000; insurance, $35,000.

Land Slide and Railroad Accident.

PITTSTOWN, 31.—A land slide on the Lehigh Valley Railroad threw the locomotive of the New York passenger train from the track, killing the engineer, Nicholas Schillenger, and seriously injuring the fireman.

Fatal Railroad Accident.

DETROIT, 31.—The baggage car and first coach, engine and tender, on the east bound night express, on the Grand Trunk Railroad was ditched two miles from Smith's Creek, on Saturday night. A brakeman was killed instantly; the firemen was severely scalded and died last night. The accident was caused by the removal of a rail. Two section men, recently discharged, were arrested on suspicion of being the guilty parties.

Another Hoax.

NEWPORT, R. I., 31.—The recent reports about the Marquis of Lorne coming here is understood to have been an advertising dodge of a real estate agent. Neither the English minister or anyone else have written for a cottage for the Marquis.

Lively Season.

The prospects are fair for a lively season here, and there is considerable movement in real estate. Keene's recent purchase, it is said, was hastened by a shrewd device. The real estate agent who played off by telegraph a pretended bidder for the property, forcing Keene to make a quick decision, and thereby getting several thousand dollars more than the property sold for less than a year ago.

WESTERN

The Reason Why.

SAN FRANCISCO, 31.—A Tucson, Arizona, dispatch says: Governor Mariscal, of Sonora, arrived here to have telegraphic communication with the City of Mexico. He says the reason the revolution in Sonora so suddenly collapsed was because the federal government joined General Sirno, and to avoid bloodshed he withdrew, though his forces were superior to both his opponents.

Conclusion of the Compromise Between the Comstock and Sutro Tunnel Companies.

The compromise between the mining companies of the Comstock Lode and the Sutro Tunnel Company was brought to a definite conclusion this morning, and the papers signed by all the contracting parties. The agreement is, in effect, as follows: The preamble recites the original agreement of March, 1866, between Gould & Curry and the Tunnel Co., and declares all the mines interested in adjusting the differences.

Article first provides that the terms of the original agreement have been complied with by each party.

Second, That the main tunnel is considered constructed according to the terms of the original agreement, but provides for the construction of a sub-drain within 90 days.

Third, That no water shall be sent through the tunnel until the end of 90 days, unless the sub-drain is sooner ready.

Fourth, That lateral tunnels, eight feet wide and seven feet high, shall be constructed, one running north to a point about 500 feet east of the Utah shaft, and one south to a point about 200 feet west of the new Overman shaft, the work on them to be commenced within 90 days, and pushed diligently.

Fifth, Deflections may be made from the regular course of the lateral tunnels if unfavorable ground is encountered.

Sixth, The mining companies agree to advance $70 per foot of the lateral tunnels, payments to be made on the 5th of each month on the work done the preceding calendar month, and each of the companies may construct a lateral tunnel along its own claim being credited therefor at the same rate.

Seventh, The companies to be repayed for these advances by a deduction of half of the monthly royalty on the ore reduced or sold.

Eighth, A reduced royalty from $2 to $1 per ton on ore yielding over $40 per ton of 2,000 pounds.

Ninth, The mines lying between the California and Chollar, shall be considered drained whenever the tunnel is ready to receive the water from the mines now connected with it. The mines north of the California and south of the Chollar to be considered drained when the lateral tunnels reach their respective centres.

Tenth, The mining companies to make sworn returns of the ore product each month, with the yield of bullion, and pay the charges thereon by the 10th of each succeeding month.

Eleventh, No mine shall allow any other mine, not included in the agreement, to so discharge its water that it can be pumped into the tunnel.

Twelfth, Provides for the construction of an outside parallel drain whenever necessary.

Mr. Sutro calculates the tunnel to be ready for use within 60 days. He estimates that the average daily output of ore, after the mines are drained, connections with the tunnel made, and the cross cutting under way, will average 3,000 tons, of which 500 tons will be of a class yielding over $40 per ton. He pretends, at present, to make no estimate on the revenue likely to arise from the use of the tunnel for transportation, furnishing firewood, timber, compressed air, water for power, irrigation, mill supply, etc., besides what may be realized from a grant of the ground on each side of the tunnel, which will be vigorously prospected, but is of the opinion that it will, before long, aggregate a large amount.

The Documents Delayed.

Owing to a delay in the reception of the papers from the Yellow Jacket Mining Company, the ratification of the Sutro Tunnel compromise was not completed this morning, as reported. The delayed documents are expected to-morrow.

Election of Officers.

At the annual meeting of the Sutro Tunnel Company, to-day, the following officers were elected: President, Elliott J. Moore; vice-president, C. W. Brush; directors, F. F. Low, J. J. Williams, Alex. Weill, Patrick N. MacKay, John F. Miller; treasurer, Lazard Freres; general superintendent, A. Sutro; secretary, Pelham W. Ames.

GREAT BRITAIN.

Defeated.

LONDON, 31.—In the House of Commons, after a long debate, a motion censuring the government's Zulu war policy, was defeated—306 to 246.

FRANCE.

Agricultural Delegates.

PARIS, 31.—President Grevy, in receiving the agricultural delegates, assured them that no treaty of commerce would be concluded until the chambers had come to a decision on the subject of a commercial policy.

AFRICA.

Critical Condition.

MARITHBURG, 11. — Several natives, induced by large rewards, started for Ekowe, with despatches for Col. Pearson, but returned, reporting the road destroyed, every approach commanded by the military, and the kraals, forts, and country swarming with Zulus. With the utmost care, Col. Pearson's supplies, it is believed, will be exhausted by the end of March. The expedition organizing on the Lower Tugela for his relief amounts to 14 companies of regulars. As soon as the native contingent is sufficiently strong the expedition will be pushed forward.

A serious breach has occurred between Sir Bartle Frere and the Governor of Natal in consequence of the harsh measures sanctioned by the former to conscript the natives.

TURKEY.

Eastern Roumelian Occupation.

CONSTANTINOPLE, 31. — Grand Vizier Khelredin Pasha, as a counter project to that of the mixed occupants of Eastern Roumelia, proposes that the occupation be entrusted to Turkish regular troops, the powers to appoint a governor, who shall be under the control of the International commission. In case his proposal is not accepted, the Grand Vizier will insist that the Turkish regulars shall form a majority of the occupying corps, each power to contribute 250 men.

RUSSIA.

High Bank Arrests.

ST. PETERSBURG, 31.—Forty-five persons were arrested the night after the attempt on the life of Gen Von Drentelin, chief general of the D'Armee. Some were of such high ranks that they were not sent to the common prison. They include officers, guards, court chamberlains and two daughters of a prominent minister.

Deaths in Prison.

A committee has been appointed to inquire into the causes of the deaths of 200 of the 500 inmates of the Charkoff central prison, within four months.

BRITISH INDIA.

Another Attack and Defeat.

LAHORE, 31.—Two thousand Afghans attacked a small detachment of British in Pishin Valley and were defeated with a loss of 60 killed. No casualties among the British.

AUSTRIA.

Occupation of Eastern Roumelia.

VIENNA, 31.—The *New Free Press* reports that Bismarck has arranged for the occupation of the interior of Eastern Roumelia by Austrian, English and Italian troops; the northern boundary by Russian, and the southern boundary by Turkish troops.

SCOVILL'S

Blood AND Liver Syrup

A PEERLESS REMEDY FOR

Scrofula, White Swellings, Cancer Erysipelas, Chronic Sore Eyes, Gout, Syphilis, Tumors, Carbuncles, Salt Rheum,

And all Diseases Indicating an

IMPURE CONDITION of the BLOOD

Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that dire malady is present in the system or not, certain it is that

Scovill's Blood & Liver Syrup

completely cures such disorders. Living virus or Scrofula does exist in the every thin watchless purifier will root out be it vestige of it. No eruptive malady or scrofulous or other wise can resist the searching action of this safe and potent remedy, which renders the skin

CLEAR, SOFT AND BEAUTIFUL,

when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of the incomparable depurent secures the desired result from

THE ARRAY OF PROOF

of its reliability in our possession, we make use two following condensed extracts:

Mr. Samuel H. Matthews, Moderator, Accomac Co., Va., states that his child, when a months old, was attacked with an eruption which covered its head, face, arms, feet and legs converting them into "sores by one solid sore," but that two and a half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone slough ed away, but by the time he had finished the twenty-fourth bottle of the syrup he was completely cured.

THIS GRAND REMEDY

is a compound of vegetable extracts, the chief of which are

Sarsaparilla and Stillingia

The cures effected by

Scovill's Blood and Liver Syrup

are absolute, and their record is undisfigured by failures. For sale by all Druggists.

Price, $1.00 per bottle.
