No other medicine for Woman's ills in the world has received such wide-spread and unqualified en-dorsement as has Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

No other medicine has such a record of success for woman's dis-eases, or such hosts of grateful friends as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been the standard remedy for feminine ills, Inflammation, Ulceration, and consequent Spinal Weakness.

It has relieved more cases of Back-ache and Local Weaknesses than any other one remedy. It dissolves and expels tumors in an early stage of development.

Irregularities and periodic pains, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility, quickly yield to it; also deranged organs, causing pain, dragging sensations and backache. Under all circumstances it acts in harmony with the female system.

It removes that wearing feeling, extreme lassitude, "don't care "and "want-to-be-left-alone" feeling, excitability, irritability, nervousness. dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues," These are indications of Feminine disorders, which this medicine overmes as well as slight derangement of the Kidneys of either sex.
