### WEATHER CONDITIONS.

A most remarkable change has taken place in the distribution of air pressure during the past twenty-four hours. The storm noted over Alberta yester day morning has moved rapidly east east ward and is now central over Manito-ba. It has been followed by an area of high pressure whose crest now lies over Alberta. Pressure has risen de-cidedly west of the Rocky Mountains and over the northern and middle Rocky Mountain slope. Calgary re-ports the remarkable rise of 1.24 inch. first zero isothern of the season appears on this morning's map, the temperature being down to 6 degrees below zero at Calgary. It is much colder over Washington. Oregon, Idaho and western Montana; and warmer over the middle Rocky Mountain slope, Missouri and upper Mississippi vallevs. L. H. MURDOCH,

Section Director.

It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compliation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many board of health shows 117 births, 66 males and 51 females; 52 deaths, 29 males and 23 females, and 149 marriage licenses. Seven of the deaths were due to diphtheria, 3 to cancer of the stom-ich and 2 each to alcoholism, pneumonia, cirrhosis of the liver, Bright's dis-ease and old age. Each of the other cases was due to a different malady. During the same month last year there were 61 deaths. ### MUSICIANS TO MEET.

### Will Discuss Proposition to Organize a Protective Association.

Tomorrow afternoon at 4:30 o'clock there will be a meeting of the musicians of Salt Lake City, at Christensen's Dancing Academy, to discuss the question of the organization of a musicians' protective association.

This contract is but the forerunner of others which are to follow after the meeting of the directors which is to be held in the offices of the company in the McCornick block on Monday, No-"The object," said Mr. Pete Christen-sen of the Christensen orchestra today, "is not to effect a union but to evolve vember 18. This will be the occasion of the annual directors' meeting. It is a plan with a code of justice to which all players can subscribe with equal expected that by that time the decision regarding the pending cases in Carson City will be rendered and the directors advantage. It is not so much for the immediate present that such a step is will then be in a position to act upon the report of Engineer Hawgood renecessary but for the coming spring time when we will be flooded with musicians good, bad and indifferentgarding the route to be taken from Salt Lake to the California line. As sooth as this point has been settled beyond probably more of the two latter classes than the first. The reason for that is not difficult to ascertain. Last summer any doubt contracts for active construc-tion in Utah and Nevada will be in orthe news went out from here-and it was true, too, that there were not der. enough musicians here to do the regu-lar musical work the community called for. That attracted a good many play-ers here, some of them undesirable characters. The result is an over-supply and cutting of prices. What the promoters of the new movement want to do is to make a good character and a residence that at least promises to be permanent, necessary to secure em-ployment. That done, all concerned will be greatly benefited."

At present there is no union or or-ganization of musicians in Salt Lake, It is more than two years-since the Mutual Protective association, a mem-ber of the National League of Musiclans, went to pleces upon the rocks of contention.

### Almost Enough Green Grass Without Browsing.

The sheepmen of Utah, Wyoming and Idaho are happy these days over the bright outlook for winter pasturage. A few weeks ago prospects were rather gloomy than otherwise. The ranges were dry, the price of hay was high and browsing short. But gentle rains came and extended more or less over the entire Great Basin area until the ground was well soaked. Then came a spell of warm weather, during which

grass sprouted rapidly on the south sides of hills and slopes and under the brush until a pasturage almost as good as that of early spring time exists. Mr. John C. Sharp of this city, who is a very large owner of sheep both in this state and Idaho, declares that the ranges in this respect are better than for many years past and that sheep are putting on flesh very rapidly and get-ting into good condition for winter. A great number of flocks have been driv-en on to the descris but have not ven-

tured very far beyond the water courses on account of the non-existence of snow upon which the sheep must depend dur-ing the winter season.

W. MAHL FOR COMPTROLLER

**Jurisdiction of Southern Pacific Man** Extended to Harriman System.

An Associated Press dispatch from New York is responsible for the state-ment to the effect that William Mahl. comptroller of the Southern Pacific, is to have his jurisdiction extended to take in the Union Pacific, Oregon Short Line and the Oregon Railroad & Navi-gation company. The dispatch states that a circular to that effect is now being prepared. In the face of this statement it is apparent that the plan of E. H. Harriman of having the departments of his great system respec lively under the jurisdiction of special ists is to be carried out all along the

line Mr. Mahl is numbered among the prominent and best accounting men in the country today. His rise in the rail-road world is dated from June, 1864, when he was appointed auditor of the Louisville, Cincinnati & Lexington. In 1874 he was appointed in a similar capacity for the Texas & Pacific, but later went back to the Lexington, where remained until 1882. Prior to the death of Collis P. Huntington he was assistant to be president and comp-troller of the Chesapeake & Ohio, Southern Pacific and allied lines.

### NOTICE.

Vansant & Chamberlain, sole proprie-tors Cable Plano and Organ company for several years past, have decided to drop the Cable Piano and Organ company part of the name and advertise and do business only under the name Vansant & Chamberlain, commencing November 1, 1901. As strictly cash buyers of pianos and organs they propose to make the name Vansant & Chamberlain stand at the head for good reliable planos, lowest prices and honest, straight forward dealings,

R. K. THOMAS.
