This condensed and strictly Pure Fe-troleam Jelly possesses all the Lubricating, Softening, Preservative and healing properties of the other well known and familiar grades, differing from them only in melting point as it is many dagrees higher. is many degrees higher.

For Carriage and Light Wagon Axies, the high melting point guaran-tees clean hubs in any climate and prevents waste from dripping by the action of heat, and will not travel like Castor or other liquid oils, thus pre-venting injury to the underside of the axle aim from dust or grit.

For all kinds of Agricultural Implements it is the most practical and sat-isfactory lubricant known.

> For Leather and Enameled goods, i is softening and preservative, resisting the effects of rain, cold, or animal saits when applied upon a clean and dry surface.

For Sores, Burns, Scalds and Chapped Hands it is cooling and curative.

As a Hoof Ointment it has a widely established reputation.
