LOCAL AND OTHER MATTERS.

Primary.—The Primary conference will convene at 3.30 to-morrow, in the Assembly Hall.

It's a Daughter.—At 4.15 a. m. to-day, Mrs. Jennie Young, wife of Mr. J. C. Young, presented her husband with a fine daughter. There is joy in that family circle. Long live the little stranger.

Monday's Entertainment.—The advertisement of the entertainment to be given by Miss Ada Dwyer at the Theatre, on Monday night, will be found in to-day's issue. It will be a genuine artistic treat. The house should be filled on the occasion.

Young Ladies' Conference.—The Young Ladies will do well to remember their conference to-morrow, Saturday, at 2 p. m, at the Assembly Hall. A large attendance is desired, as there are matters of importance under consideration.

MARY A. FREEZE.

Brick Manufacture.—Messrs. Thomas & Bradder have an excellent brick yard in operation in the First Ward. It is situated in the same locality as the old Rumell yard, and is under the management of Mr. R. Hawkins. An average of 25,000 a day is produced, of a very good quality.

Vacation Commenced.—The District School in the 18th Ward having closed for the summer vacation, the pupils, accompanied by the the Principal, Miss Lottie G. Claridge, are spending to-day at Fuller's Hill. The school is in a prosperous condition, Miss Claridge being a very efficient teacher.

Trip to Garfield.—The committee under whose management the proceedings connected with the opening of Liberty Park are being conducted, have arranged for a special trip for invited guests after the close of the day's doings at the Park. The train will leave the Utah and Nevada R. R. depot for Garfield at 6 p. m. and return at 7.50.

Will Lecture.—Mr. Phil Robinson expects to leave for the West in a short time. The numerous friends of that talented journalist will be pleased to learn that he has consented to deliver a lecture at the Theatre next week. The subject has not yet been announced, but, considering the gentleman's ability, there is no doubt that it will be highly interesting.

Burglarous Trio.—To-day, the three burglars, Wilcox, John and Breen, were being examined before Commissioner Pearson, for their connection with the satchel and burglars' tools, captured by the police a few days ago, and supposed participation in the burglaries committed some time since. The examination is necessarily tedious, the magistrate having to reduce the whole of the testimony to writing.

A Painful Hurt.—Several days since a man, name unknown, had his hip badly crushed by a wagon running over him. He seemed to be getting along nicely, and on Sunday last an attempt was made to move him to his home in the country. But on the way the hip pained him severely and he attempted to raise the leg which caused the hip bone to again shoot from the socket. He was immediately brought back to this city and Dr. Wingard called in to set the hip, and the man is now doing as well as could be expected, though he still suffers fearfully.—*Butte Miner.*

Premature Pictorialism.—American enterprise is exhibited in everything. Some firms have already issued an immense number of cuts, illustrating the execution of Guiteau. The assassin, executioner, judge, officers, reporters and others likely to be present are represented in the illustrations, which are now being offered for sale to newspapers, that they may have them on hand, to insert on the day of execution as "taken upon the spot by our special artist." These may be aptly termed premature pictorial representations.

A Fulfilled Prediction.—Richard Prophet, of Centerville, who joined the Church in Manchester, England, in 1840, informs us, by letter, that in the year following he heard the late Elder Parley P. Pratt, while preaching on the gathering of the saints, prophesy that some of those present would live to see the time when vessels would sail so rapidly that a man who ate his breakfast in Liverpool on one Sunday morning would be able to take that of the following Sunday in New York. At that time a voyage across the Atlantic was a matter involving a period of several weeks.

Brother Prophet was induced to mention this matter from seeing an account of the S. S. *Alaska* having made the trip in 6 days, 17 hours and 25 minutes.

IMPORTANT FROM ARIZONA.

CHARACTER OF THE COUNTRY ABOUND SNOW FLAKE.—TWO OF THE BRETHREN ATTACKED BY INDIANS, AND ONE OF THEM KILLED.

We have received a letter from Brother E. W. East, a well known former resident of this city, from Snow Flake, Apache County, Arizona, dated the 7th inst. It says:

This has been a cold, windy, and consequently a backward spring, yet the people have got along pretty well with their farming operations, and grain, both here and at Taylor, look very well, and the small patches of lucern look finely.

I find that many (like myself) are not so well satisfied with this section of country, and are much in the notion to try the Gila country, some 120 to 150 miles from here. The principal objection seems to be so much wind, and more cold winter and spring than we bargained for. Also some of us have concluded, after three or four years experience, that this climate is too favorable for rheumatism. On the other side of the mountains—the Gila country—the climate is warmer and not so much wind.

This section has been visited by copious showers of rain within the last two days, which seem to produce a refreshing appearance.

I have some sorrowful news to transmit. Up to the first day of this month, last Thursday, all seemed peaceable around our settlements, except a talk of some dissatisfaction among Pedro's band, who claim Forest Dale, which some "Mormons" had moved on to, and put in crops. On the day mentioned, last Thursday, some Indians met with a Brother Plum, who lives at Walnut Springs, and shot at him a number of times, striking his horse once slightly. My own opinion is, they did not wish to kill, only to scare him. Some hours after shooting at Plum, Brother Nathan B. Robinson went down Showlow Creek, some two and a half or three miles below his residence, and was killed by some Indians, who put his body in the creek and threw rocks on it, after taking his hat, coat, pants, boots and watch. They did not take off his under garments. They shot him three or four times and took his horse and saddle.

It seems that Brother Robinson came upon them unexpectedly, he being unarmed, where they had killed and were drying two or more beeves. Robinson was hunting a cow or cows, and suspected no danger. No person here apprehended any danger up to that time. I myself was, on the evening before, near that place (though I was armed), and the day they killed Brother Robinson I passed within a few yards of the place where they shot him, about four hours before the shooting.

"I am of opinion that those Indians were down for plunder, or that it was a thieving party, whose object was to steal horses and kill a few beeves. Brother Robinson happened to come upon them when they had killed and were butchering beef, or they would not have troubled him. Such is the general opinion. They captured and took away a number of horses. The settlers around have moved in, some to Taylor some to Snow Flake.

"It is the opinion, so far as I am informed, that this whole trouble grew out of a few men settling at Forest Dale, about which the Indians were not satisfied. And probably some white men encouraged the Indians to undertake those depredations. What a trouble a little avarice, without wisdom to control, can give a whole community. This may have been a case in point."

Bicycle Speed.—The recent bicycle race at Calder's has increased the local interest in that species of sport. The fastest time ever made in America was attained on the 9th inst., at Boston, the following being the result of a fifty-mile race:

"Prince beat the American record, making splendid time and finished the fifty miles in two hours, fifty-nine minutes and fifteen seconds. Rollinson finished in three hours, three minutes and fifty-seven seconds. Thomas Harrison made his forty-nine miles (he was allowed one at the start) in three hours, twenty-five minutes and fifty-two seconds. Morgan was taken with sick stomach on fourth lap of twentieth mile, and left the track. Geo. Harrison was seized with cramps and left the track after making thirty-seven miles and one lap."

A Financial Hallucination.—A man name d Robert Charles is troubled with a financial hallucination. At one time he was foreman of a smelter, and let the company have his money to use. The affair bursted and his money was swamped. He fosters the view that somehow his money is in one of the banks of this city, and he calls every once in a while to get it, creating a good deal of trouble. This peculiarity has caused his arrest several times. He indulged the hallucination to-day, and the bankers had to solicit the interference of the police.

The Old Folks.—Utah, Juab and WeberStakes have sent in their lists. Davis and Tooele will please hurry up. The following Wards have also responded in Salt Lake Stake: 1, 2, 3, 5, 6, 7, and 19th Wards; also Big Cottonwood, Brighton, West Jordan, Sugar House, Farmers' and North Jordan. If the balance of the Wards will kindly furnish their lists immediately, a favor will be conferred on the

COMMITTEE.

Gone to Logan.—This morning President John Taylor, accompanied by Elder George Reynolds, left this city for Logan. They will stop over night at Ogden, and proceed northward to-morrow. Apostles Lorenzo Snow and F. D. Richards, of the Temple committee, will also go to Logan to-morrow. The object of the visit to the capital of Cache is to attend to some matters pertaining to Temple building.

The Liberty Park Opening.—To-day there seemed to be some reluctance among the generality of merchants to close to-morrow. We hope they will come to the conclusion to adopt the suggestion of the Mayor, and manifest due respect for the occasion, which is of considerable local importance. We are informed by Z. C. M. I., Wm. Jennings & Sons and Thomas W. Jennings that they will close from 9 to 1 o'clock.

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

"EVERY DAY LIFE."

Arising in the morning, almost the first thing to be thought of is marketing, or getting the necessaries of life; and should any one of the family be troubled with Coughs, Colds, Influenza, Hoarseness, difficult breathing, or any affection of the throat, bronchial tubes or lungs, leading to Consumption, a supply of that household necessity, known as

HALE'S HONEY OF HOREHOUND AND TAR,

Which brings strength to the harassed frame, wearied and jaded by a hacking cough, must next be obtained. Ask that fresh, bright, rosy-cheeked girl, who, but a few weeks ago, was lying helpless on her bed, with a hectic flush about making its appearance on her cheeks; ask her what restored to her long nights of balmy sleep, renewed strength, and a final scattering of that cough that was dragging her down to her grave. Ask her what physician was so successful in her case, which seemed to baffle medicine and to defy the many alluring and tempting morsels which anxious hands prepared for her to smooth her journey from this life. Ask her who was the benefactor, and her eyes, speaking volumes, will brighten, her rosy lips will open, while the words warble from her mouth in tones of melody, "Hale's Honey of Horehound and Tar." Sold by all druggists at 50 cents and $1 per bottle. Great saving by buying large size. Depot Crittenton's, New York City.
