LOCAL AND OTHER MATTERS

THERMOMETER 72 degrees F. in the shade, at 1 p.m. to-day. Beautiful day.

THEATRE.—Last evening the play of "Hamlet" was repeated to a moderately good house, with success similar to that of Monday night.

The play will be repeated this evening, with a similar cast. Those who wish to see it should embrace the opportunity.

MISS MORDAUNT.—Miss Marion Mordaunt, a protean artist, will appear at the Theatre on Monday night, when she will commence a short engagement. She is highly spoken of by the California and other western papers.

THIS has been another most delightful day.

ANOTHER CONCERT.—There will be another concert in the 20th Ward School-house, on Thursday evening, when an excellent array of talent will participate in the performances, including Mrs. E. F. Thomas, Messrs. Dunbarr, Naibeh, and other general favorites. Mr. John Daynes will be conductor and Professors Geo. Careless and O. Pratt, Jr., accompanyists. The programme, especially in the comedy part, is one which should draw a large audience together. The proceeds are to be applied to the school-house fund, as before.

RAGS WANTED.—Being on your rags tomorrow, Thursday, to the NEWS office, all you wish to dispose of.

BROOKERING.—Brother John Vincent, an employe of Z. C. M. I., who had his left foot and ankle severely crushed under a massive iron door, a short time since, has so far recovered as to be able to be around again, with the aid of a walking cane. Considering the severe nature of his injuries his progress has been remarkably rapid.

RECEIVED.—"The Pen and Plow," a neat, new 8 page monthly, printed on tinted paper, and devoted to the culture of the mind and the culture of the soil. Published by the Pen and Plow Publishing Company, New York.

"Hovey & Co's Vegetable Seed Catalogue" Chicago.

"Catalogue of the Officers and Students of Taft's College," Boston, Mass., 1872-73.

Appleton's Journal" for March 8.

"The Bankers' Almanac for 1873," a good and volumie, bound, and containing a great amount of useful information to bankers and other business men. New York.

PAROWAN.—We have received, from W.C. McGregor, under date of March 4th, a condensed account of interesting two days' meetings held at Parowan March 1st and 2d, but the communication comes a little late, we having already mentioned the subject. Here is the concluding part of his letter regarding other matters:

"Very few of our horses or mules are free from the epizootic, but none have died of it yet.

"There is a kind of an epizootic, or rather epidemic akin to it, among the people, which causes a great deal of sickness. It has resulted fatality in two adult cases here.

"The winter here has come down heavy at the last end. Plenty of snow in the mountains and everything bids fair at present for fine crops the coming season.

MRS. LEIT.—Mrs. Paul A. Schettler left Thursday on her way to join her husband yesterday. From misinformation we stated yesterday that she would leave this morning in company with Elder Joseph Birch.

NOVEL METHOD OF TRAVELING.—We are informed that a lady who had been engaged, during the winter, as cook, at the Miller mine, American Fork Kanyon, desired, last week, to visit her home, in one of the settlements. A great obstacle, however, to the attainment of her desire, was the tremendous depth of snow to be encountered on the way, so deep that travel by means of teams was entirely blocked, and it was the next thing to an impossibility for members of the male persuasion to travel on foot, to say nothing of the other sex. Some gallant wags, however, proposed to assist the lady of actually dragged a wagon cover, on which she was seated, over the snow, a distance of about seven miles.

FATAL ACCIDENT.—By a communication from Mr. C. W. Thornton, we learn of the sudden death of an infant son of Mr. John Stoddard, at Aspen, Wyoming. Mr. Stoddard is a resident of Wellsville, Cache county, and was living at Aspen with his family during the winter, in order to look after a saw-mill he owned there. Last Sunday evening his little boy, while playing in the door yard, picked up some kernels of parched corn and stuffed them into his mouth. While in the act of swallowing them, some grains got into his windpipe, and despite of all efforts to relieve him, he choked to death in about five minutes after picking up the corn. He was two years and five months old at the time of his death. His parents left Aspen with the body on Monday morning, for Wellsville, with the intention of interring it in the family cemetery.—*Ogden Junction*, March 11th.

RECEIVED.—The "Utah Pomologist" for February is to hand, full of matter of interest to horticulturists, floriculturists and agriculturists.

"Supplement" to William J. Hessers' Illustrated Spring Catalogue of select, new, rare, and beautiful plants, roses, ornamental vines, flowering shrubs, vegetable plants, etc. Plattsmouth, Nebr.

"Price Current" for March, of Alex. Shildin & Sons, commission merchants, Philadelphia.

The "Modern Thinker," an organ for the most advanced speculations in philosophy, science, sociology, and religion. Neatly printed in different colored inks. David Wesley & Co., New York.

FOUNTAIN GREEN.—Reese R. Lewellyn writes from Fountain Green, Sanpete Co., March 4:

"The citizens of this town until lately enjoyed themselves very well during the winter. About three weeks ago, however, Bishop R. L. Johnson stopped all the schools, meetings, parties, and in fact all public gatherings, in consequence of the appearance here of a contagious disease which resembles the smallpox. I suppose it is the varioloid. There are from 50 to 75 who have had it, and many are down with it now. Some of the patients have it very light, while othe s have it very heavy. Only one has died, a little girl eight years old, daughter of Hans P. Olsen.

"Yesterday afternoon George Huggins' stables and corrals were burned to the ground. A new plow and a set of harness were also consumed, and a large quantity of potatoes. The fire originated from two little boys having matches and making a fire in the corral.

"Messrs. Dougial & Snow's grist mill is turning out a most excellent article of flour. Jewkes & Boswell's grist mill will soon be ready to run.

"The prospect is good for plenty of water for irrigating purposes the coming season, as there is plenty of snow in the mountains. There is much sown in and around our town now, but it will also probably soon clear away."

A PETITION.—A petition, signed by twenty liquor dealers of this City was presented to the City Council last night, suggesting a reduction of license from the rate fixed by the recent City ordinance. The petition is couched in much more respectful and less braggadocia terms than were the resolutions, &c., of the recent meetings held by the signers of the document. The petitioners say they "do not claim any right whatever to fix or regulate the rate of licence with in said city." This sounds better, much better than the declaration that the city must take $50 a month as licence or have a legal fight over the matter. Repentance is always in order and of course the statement that these liquor dealers "do not claim any right to fix or regulate," &c., must allude to the present only, for such law-making right was not only claimed by these gentlemen, but apparently very obstinately asserted, inasmuch that they had the matter all cut and dried, the amount of licence fixed and which they wanted to be also fixed by the City to their liking, or there would be a fight in the courts over it.

Now it must appear to every sensible person that individuals who settle in any part of the country and expect to violate and oppose the local laws and regulations made and established by the majority of the people, through their duly chosen representatives, must be very far left to themselves. It is like "kicking against the pricks," and would never meet with the slightest degree of success where they could not receive encouragement from persons clothed in brief judicial authority who are not chosen by the people, but are foisted upon them, independently of their desires. If those who have given encouragement in the past to persons who have defied the law hereabouts, had anything like a sense of justice or manhood they would be heartily ashamed of themselves and would change their course. Be this as it may, it is perfectly consistent to expect that those who persistently defy the laws and those who prostitute the ermine by aiding and abetting such, will continually come to grief, and be finally "played out" altogether.

TRUE THEN.—A dispatch dated at this city has appeared in eastern papers, which states that the "Mormon" press "was unexpectedly mild" and did not show much "exultation" concerning the non-passage by the House of the Frelinghuysen bill. It is well known that the "Mormon" people are generally satisfied with the triumph of right over wrong and injustice, and are not prone to gloat over the defeat of those who are their avowed enemies, although the gloating of those avowed enemies over the "Mormon" people, even at the bare prospect of the success of their nefarious schemes is something wonderful. If the "Mormon" people were to display as little manliness and magnanimity as their enemies invariably show towards them there would be some tall howling done in some quarters, judging from the amount of snarling and growling that is done when there is nothing at all the matter.

BOSTON, 12.—George S. Boutwell was elected United States Senator, to-day, in convention of the two Houses. The vote was as follows: Boutwell 152, Dawes 115, Loung 2, J. R. Tarbox 2, Wm. Whiting 2, C. G. Greene 2, making 275 votes in all.

EUROPEAN.

LONDON, 12.—The scene in the House of Commons last night when the defeat of the ministry on the Irish university bill was announced is indescribable. The excitement was intense. The opponents of the measure indulged in tumultuous cheers. Among those in the strangers' gallery, which was crowded during the debate, were the Prince of Wales, Princess Louise, Prince Christian. The Scotch and Welsh members supported the bill. The Catholics were unanimous in their opposition. After the announced result Gladstone arose and said—

"The vote just given is certainly of a grave character. As the House never wishes to continue its deliberations when the existence of the Government is in doubt, I move an adjournment until Thursday."

The motion was carried.

In consequence of the late hour at which the result was reached, the editorial comments this morning in the Journals are meagre and restrained. The *Advertiser* and the *Standard* are jubilant over the rejection. The *Advertiser* says it cannot imagine that even Gladstone will stoop to endeavor to remain in office. The *Telegraph* considers the resignation of the ministry exceedingly probable. The *Times* doubts that the Cabinet will take such a course as the bill did not receive the vote of a single conservative member. Forty-seven liberals, of whom 36 were Irishmen, voted against it. 15 Irish members voted for it. 17 members, including Isaac Bull, member for Limerick, were absent. 40 members participated in the debate. John Bright, Jacob Bright, his brother and the Marquis of Lorne supported the government.

The latest sure cure for consumption is from Germany, and consists of raw beef and onions cut fine. It is also said to act as a specific for love-sickness, and will develop incipient longings for divorce in any well regulated family.

Power and Quality of Tone,
Variety of Effects,
Beauty of Design,
Excellence of Workmanship,
And Durability.
We claim that the
PRINCE
is the
BEST ORGAN OFFERED TO THE PUBLIC
in this market and, to convince all that we mean just what we say, we are prepared, at any time, to test our
Prince Organ against the Estey,
as follows:

$125 Prince Organ against		$125 to $145	Estey
$150	" "	$150 to $175	"
$170	" "	$170 to $190	"
$200	" "	$200 to $250	"
$250	" "	$250 to $300	"

We propose to select our Organist; are willing to accord the same privilege to the contestant, and therefore shall not object to any Organist in America performing on the Estey, not excepting Mr. Estey himself.
Judges, selected in equal numbers by ourselves and the contestant, and an Umpire to be agreed upon by both parties shall decide upon the merits of the Organs.
We would suggest the Music Hall, 14th Ward, as a central, convenient place in which to have the Organs tested.

THE BEST THING OUT!
No Farmer should be Without Them!
H. L. SMITH has recently applied for a Patent for a
CLOD CRUSHER & WORM DESTROYER,
which is said to surpass anything ever offered to the Farming Community. The advantages claimed by Mr. Smith are as follows:
1st. It runs easier than any other land roller.
2nd. It destroys all worms and insects near the surface.
3rd. It is a better clod crusher or pulverizer than any other manufactured.
This roller is a construction of seventeen cast iron rings and may be used either as a clod crusher, land press or cultivator, as it leaves sixteen small furrows four inches apart each time it passes over the land. Those sowing broadcast have only to sit on the back of the roller and sow the seed, which, falling in the furrows, is covered with a brush harrow. Again, it is only necessary after the seed is up to commence with the roller half a furrow out and you have a water furrow on each side of seed.
In conclusion I have only to add, where this implement is used an increase of one third the usual crop is the result.

THIS IS THE
MEDICINE OF NATURE.
HE WHO CURES IS THE BEST PHYSICIAN.
PLANT'S
HERBAL MEDICINE STORES,
10th Ward—E. L. PLANT.

Composition Essence.
"Composition" is extensively used and much talked in Colds, Influenza, Pains in the Stomach and Bowels, Bowel Complaints, Cold Feet, Cold Sweats, &c., &c. As a general remedy it is a sure preventive of Colds, if taken freely; and the best substitute for all stimulants used by parties exposed to cold weather. By many it is used as a substitute for tea and coffee, and instead of brandy or such liquors, after dinner or supper, who find it much better than these stimulants, and without any of the bad effects intoxicating drinks produce.
The "Essence" makes a much more agreeable tea than the "Powder"—agrees better with the stomach, does not require boiling water, is made ready at once, and will keep any length of time. Families will do well to keep so useful a remedy by them. It is for sale by E. L. Plant and sold only by E. L. PLANT.

Pulmonary Lozenges.
Nothing that has yet been discovered can be compared with these Lozenges in their beneficial action upon all diseases of the respiratory organs; so simple, that they may be administered with the most perfect safety to the youngest children, yet sufficiently strong to arrest the progress of many of the most formidable pulmonary complaints, whether cough, croup, hooping cough, pneumonia, pleurisy, asthma, difficulty of breathing, and that fell disease, Consumption, of which over 20,000 die annually in England.—10, 25 and 50 cts. per package.

Plant's Waterdock and Bilious Pills.
As a remedy for loss of appetite, flatulency, sick headache, giddiness, nervousness, costiveness, languor, nervous debility, heartburn, waterbrash, oppression after eating, depression of the mind, and all the disorder symptoms produced upon indigestion, they surpass any remedy ever before presented to the public.
