LOCAL AND OTHER MATTERS.

FARNWELL BENEFIT.—The public will no doubt be gratified to testify, in a substantial manner, their appreciation and esteem, on the occasion of the farewell benefit of that very popular comedian, Mr. P. Margutta, to-morrow evening, it being the gentleman's intention to retire from the theatrical profession, of which he has been so long a leading member in this region, and in future to resume his occupation at the arduous and busy. The bill provided for the occasion is first rate, including the comic drama, "From Village to Court," "The Toodles," an arabesque feat by the American Brothers, and "The Custom of the Town." Phil, in this bill, will have a chance to display his powers in comedy, which are hard to beat, and he will be assisted by some of the best home talent, including Mr. D. McKenzie, Miss Colebrook and other favorites.

It is scarcely necessary to add a good word on behalf of Phil, everybody knows him, and as a professional, he stands A. 1, and deservedly so, in the estimation of the public. For years he has exerted his powers to create fun, and none have been more successful; and to-morrow evening, which will be the last time in which his numerous friends will have an opportunity, at least, for a long period, of witnessing his drollery, we hope they will turn out en masse, and give him a substantial pecuniary mark of their favor and esteem.

EXPLORATIONS.—It will be remembered that Major Powell, with a small party, spent some time in exploring the Colorado river last year. Of him the Sacramento Union has the following:

"Major Powell wants an appropriation of \$15,000 to help him conduct another exploration of the Colorado river. Captain Hall wants \$100,000 to help him make another adventure among the icebergs of the Arctic Sea. Between the two, the Major's venture is fittest to be aided by this Government, as we hope it will be. We know less about the Colorado than we ought to, and more about the Arctic region than is necessary for any reason whatever."

MADAME SCHUELLER.—Madame Methusa Schueller has just concluded an engagement at the Stockton, (Cal.) Theatre, meeting with very little success financially.

GOLDEN OPPORTUNITY FOR MUSICAL AMATEURS.—Professor Gips, Careless is now prepared (see hand bills in public places) to form a music school for the instruction of amateurs on the violin, violoncello, flute, &c., &c. This is the very best chance that there has ever been in this city, and the numerous musicians around who have got but a smattering of their respective instruments, will avail themselves of it if they are the least desirous of attaining proficiency. Anything that we could say as to the competency of Prof. Careless would be entirely superfluous; he is too well known to need "puffing." He is without an equal in the Territory as violinist, and his knowledge of the theory of music is very extensive. Amateurs, now is your chance. Make application early. Terms to suit the times.

HOME AGAIN.—Brother Benjamin Cluff, late of the Sandwich Islands, called yesterday afternoon, having just returned from a six years' mission to the Hawaiian group. He and his family left for home on the 30th ult., and reached San Francisco on the 19th instant. From there they came by rail to Ogden, reaching the latter place on Wednesday evening. He reports the mission on the Islands to a prosperous condition, and the natives feeling well. The sugar plantation is also prosperous. Bro. Cluff has had his home on the island of Oahu, but has paid occasional visits to Maui, Kauai and Lanai. After such a long absence he is, naturally, very glad to greet his friends once more in the valleys of the mountains, his testimony being, like all others who have had experience, that there is no place like it.

THE CONTRAST.—From the Daily Morning Call, San Francisco, we learn that sixty-four cases were up before the Police Court of that city, on the 24th inst. We cannot help remarking the difference in this respect between San Francisco and our city. The only police item we have to report to-day is that of a delirious fellow who had to be taken to the lock-up by the police on account of someone having given him some liquor. Even the sight of a drunken man on our streets is remarkable.
