

## LIGHT PRIVILEGE GRANTED AT LAST

Property Owners on East Side of  
Main Street Conceded Their  
Original Petition.

### FOR PUBLIC IMPROVEMENTS.

Board of Public Works, Says Attorney,  
Has no Right to Release Per-  
cival From His Contract.

After causing a delay of more than a month in an attempt to induce the petitioners to agree to the plan of the city engineer for the lighting of Main street between South Temple and First South, the city council last night granted the petition of the property owners on the east side of the block mentioned, and they will now be allowed to install light poles 33 feet apart and each pole will contain a cluster of five 32-candle power lights. The poles will be very ornate and will cost about \$10 each. They will be installed and the lights furnished at the expense of the business firms along the block. It is expected that a number of other petitions for lights to be furnished on a similar plan will be presented to the council as a result of the public spirited action of the business men on the block mentioned.

When the report of the improvements committee was read last night recommending that the petition be granted, Wells read a letter from Col. Webster of Z. M. L., in which he said that he had consulted with all but one of the property owners on the block and they refused to consent to the lights being 33 feet apart as contemplated in the engineer's plan and if the petition were not granted as requested they would take no further interest in the improvements.

In the face of this fact Crabtree moved that the report be amended by requiring the poles to be set 53 feet apart. His amendment received very little support and was defeated by a vote of three ayes to 11 nays. Crabtree, Carter and Martin were the only ones who voted for the amendment. Crabtree talked in favor of granting the petition. He declared that the council had delayed this matter for over a month waiting for some uniform plan to be agreed upon, but none had been submitted yet and there would not likely be one for some time to come. He urged that the report be adopted and the business men be allowed to go ahead with their improvement.

Black succeeded in getting in an amendment requiring the removal of all hitching posts on the block where new poles are installed, so that there would not be so many posts on the curb. The report of the committee granting the petition during the pleasure of the council was then adopted by a vote of 11 to 5. Carter, Crabtree and Martin voted against it.

### PERCIVAL MUST PROCEED.

The city attorney sent in an opinion to the council to the effect that the board of public works had no right to release J. W. Percival from his contract on water main laid last year without the approval of the city council. In view of this opinion the waterworks and finance committees submitted a report recommending that the board of public works be instructed to notify Percival to proceed at once to complete his contract for 1906.

It was agreed at the special committee meeting yesterday afternoon that unless Percival completes his old contract he will not be awarded the contract for this year's waterworks although he has about \$10,000 more than P. J. Moran's bid. Tuddenham inquired if it was the intention to award the contract to Percival if he completed his old contract and President Dyer stated that such was the intention. The entire matter was finally laid over for a week.

The bids for public improvements for this year appear in the council minutes as a committee of the whole last Thursday night were referred to the board of public works with instructions to draw up contracts to conform to the new legislation providing for the payment for public improvements by warrants. The bids of Percival and P. J. Moran for the waterworks improvements and also the bid of J. W. Percival and Beacon for sidewalk extension No. 103, are still under consideration by the finance, waterworks, sewerage and engineering committees.

Black introduced a resolution, which was adopted, authorizing the city attorney and city auditor to draw a form of warrant to conform to the amended act passed by the recent legislature.

### OTHER BUSINESS.

The sum of \$1,000 was appropriated to the credit of the street department to cover the cost of repairing the damage

## Piles Cured Quickly at Home

Without Pain, Cutting or Surgery. Instant Relief.

We Prove It. Sample Package Free. Seven people out of ten are said to have Piles. Not one man in a million need have them and we are proving it every day at our own expense. We send a sample package of the wonderful Pyramid Pile Cure to any person absolutely free.

We don't do this as a matter of amusement or philanthropy, but because it is to our interest to do so. We know that the sufferer from piles, tormented and driven almost crazy by this wretched trouble, will find such immediate relief that he will go at once to his drugist and buy a box and get well.

We know that we have got the greatest remedy in the world for piles, and that it is ready and willing to stand or fall by the verdict of those who make the trial. We have been doing this for some years now and we never yet have had occasion to regret it.

And the remedy at the drug store is exactly the same as the sample we send out. As, for instance, here is a man who got such immediate relief from the sample that he at once bought a box. Was it just the same? Undoubtedly, since it cured him after all sorts and kinds of things had failed.

Here is a sample of the kind of letters we get every day and we don't have to ask for them. "Received your sample of Pile Cure and have given it a fair trial and it has proven the best I ever tried and effected a complete cure. I can recommend you highly in this vicinity. Have used your sample and one box and it has been a complete cure. It has been worth \$100 to me."

Thinking you for the sample and the cure, I will recommend you to everybody. Yours respectfully, Julius Mayer, dealer in feathers, ginseng and hides, Bedford, Ind."

Pyramid Pile Cure is for sale at every drugist at 50 cents a box, or, if you would like to try a sample first, you will receive one by return mail by sending your name and address to The Pyramid Drug Company, 59 Pyramid Building, Marshall, Mich.

## SOCIAL AND PERSONAL.

Mrs. Priscilla Jennings entertained at a pleasant afternoon affair yesterday in honor of her birthday, the rooms being bright with spring flowers, and a number of her family and intimate friends being present.

Miss Dora Wright, who has been visiting Mr. and Mrs. J. D. Spencer for the past week, has returned to her home in Logan.

Mr. and Mrs. Sydney Clawson celebrated their twenty-fifth marriage anniversary in two delightful social affairs, the first on Saturday night and the second last night at their home on Canyon road. Flowers were all about the rooms and the time spent with music and other social pastimes. Assisting in serving were a bevy of young girls, including Misses Irene and Burdette Clawson, Rehan Spencer, Juliette Knowlton, Margaret Clawson, Holena Mead, Margaret Whitney and Blanch Spilars.

Today at Long Beach, Cal., the marriage of Miss Ella Mantor and R. W. Gordon of this city will be celebrated at the home of the bride's parents, who are spending a winter there. Mr. and Mrs. Gordon will be at home in this city after June 1.

Mrs. W. J. Browning entertains the Twentieth Century club today at her home.

Miss Lella Stingley entertained informally this afternoon in honor of Mrs. Leslie Savage.

Tonight Mr. Alfred Farrell's musical recital will take place at the Congregational church, the program to include, besides Mr. Farrell, the following popular artists: Mrs. R. W. Sloan, Miss Phyllis Thatcher, Mrs. Alfred Farrell and Mr. Fred C. Graham. From previous indications a crowded house will greet the performers.

**JOHN MAGUIRE DEAD.**

Veteran Theatrical Man Passes Away At Monterey, Cal.

John Maguire, well known throughout the country, and especially in the west, as a theatrical man, died at Monterey, Cal., March 22, and his remains were laid to rest yesterday, interment taking place in the Calos cemetery. He is remembered by many old time Salt Lakeers as a member of a stock company that played at Lake Tahoe. He died soon after that historic playhouse was built. For more than two score years the scenes of his activity along historical lines were for the most part in the Rocky mountains and on the Pacific slope, and often during that time he was a frequent visitor to Salt Lake.

Mr. Maguire happened to be in the city a few days ago, and when an entertainment was given in the tabernacle for the benefit of the San Francisco relief fund, and on that occasion his recital of "The Blue and the Gray" was one of the features of the program.

The veteran actor and promoter of theatrical enterprises has done more for the stage in Butte and Montana than perhaps any other man, and he had a firm grip as a manager until the trust wrested from him the well earned fruits of his long and incessant labors. Mr. Maguire was highly esteemed by all who had the pleasure of his acquaintance. He was of Irish descent, whole-souled, good-natured, unpretentious and withal a lovable man. For some time before his death he had been editor of a newspaper in the city where he died.

### GOOD NATURED AGAIN

Good Humor Returns with Change to Proper Food.

"For many years I was a constant sufferer from indigestion, and nervousness amounting almost to prostration," writes a Montana man.

"My blood was impoverished, the vision was blurred and weak, with moving spots before my eyes. This was a steady daily condition. I grew ill-tempered, and eventually got so nervous I could not keep my books properly, nor handle accounts satisfactorily. I can't describe my sufferings. 'Nothing I ate agreed with me, till one day I happened to buy a box of Grape-Nuts in a grocery store, and bought a package out of curiosity to know what it was."

"I liked the food from the very first, eating it with cream, and now I buy it by the case and use it daily. I soon found that Grape-Nuts food was supplying brain and nerve force as nothing in the drug line had done or could do."

"It wasn't long before I was restored to health, comfort and happiness. Through the use of Grape-Nuts food my digestion has been restored, my nerves are steady once more, my eyesight is good again, my mental faculties are clear and acute, and I have become so good-natured that my friends are truly astonished at the change. I feel younger and better than I have for 20 years. No amount of money would induce me to surrender what I have gained through the use of Grape-Nuts food." Name given by Postum Co., Battle Creek, Mich. "There's a reason." Read the little book "The Reason" available in pages.

### DURAND ONCE MORE.

Another Petition for a Writ of Prohibition Against Murray Justice.

A petition for a writ of prohibition against Justice of the Peace Charles E. Murray has been filed in the district court by Mrs. B. B. Scott, who asks that the justice be prohibited from taking any further action in a case filed against her in his court by J. Christensen. It is claimed that the justice has no jurisdiction over the subject matter of the action or of the parties to the action, and that the contract upon which the case is based is void. The petition asks that the judgment against her be set aside and that Durand be prohibited from taking any further action in the matter. A temporary restraining order was issued in the case by Judge Lewis.

### VERY "STRONG" CASE.

Decayed Fowl Exhibited in Court at  
Murray Creates Discomfort.

A Plymouth Rock chicken which had been dead for 10 days was introduced in evidence in Justice of the Peace Charles E. Murray's court yesterday afternoon during the trial of the case of Murray City against James Marky, a young Italian who was charged with stealing the bird. During the time the hen was displayed in the atmosphere in the court room was anything but pleasant to breathe and a sprinkling of formaldehyde would have been a relief to the crowd.

A barber by the name of N. K. Sherinian was the complainant and he testified that Marky stole the chicken from him and that Durand was also a witness, but could talk very little English and had to be coached in her testimony very frequently by her husband. Neither the man nor the woman could identify the chicken which was in evidence, so at the conclusion of the prosecution's testimony Atty. H. S. Harper for the defense moved that the case be dismissed, and the motion was granted by the court. Atty. D. W. Moffat of Murray conducted the prosecution.

### CLAIMS INFRINGEMENT.

Claiming that the Lambert Paper company of this city has infringed upon a patent for laying and absorbing dust, Barthold Finger of Chicago has filed suit in equity in the United States district court. The complaint sets forth that the contrivance was of his own invention, and that it was patented in 1903. It is claimed that the company has been using the same, and he prays also for damages for infringement.

### FOUND AT LAST.

J. A. Harmon, of Greenwood, West Va., says: "At last I have found the perfect pill that never disappoints me, and for the benefit of others afflicted with torpid liver and chronic constipation, I take Dr. King's New Life Pills." Guaranteed satisfactory. 25c at Z. C. M. I. Drug Store.

## TWO ACCIDENTS IN RAILROAD YARDS

Michael Marine Run Over at R. G.  
W. Depot Dies of Injuries  
Shortly After.

### GARFIELD ENGINE BLOWS UP.

Fireman Harry Rugg Badly Scalded  
While Train Crew in Cab Has  
Some Narrow Escapes.

The hour between 9 and 10 o'clock last night witnessed two serious railroad accidents, the victim of one of which died at 12:30 this morning, while the other lies in a precarious condition at St. Mark's hospital.

One of the casualties occurred in the local yards of the Rio Grande. A young man of unbalanced mind, by the name of Michael Marine, about 23 years of age, was wandering about the railroad yards on Third South street, and was run over by a string of freight cars that were being switched back and forth. The poor fellow must have lain there nearly an hour before E. Magney, Luke Shaw and Louis Kohler, car repairers, happened to pass that way in the performance of their duties. The men heard groans, and after some search found Marine stretched out on the rails with both legs cut off below the knees and his right arm severed above the elbow. They carried the unfortunate man to the baggage room and stashed his wounds the best they could until the arrival of Dr. Walter Benjamin, the Rio Grande physician, who attended the sufferer and ordered him sent to the St. Mark's hospital. Local Agent Almy, who was requested to take care of the case, said he could not do so under the law as a railroad case, but he and the other railroad employees that were present tried to relieve the sufferer and dilapidated both telephone lines in an effort to get a physician to take care of Marine. The information that Agent Almy did not regard to the human injury to assist the unfortunate sufferer is erroneous, and the only delay occasioned in securing such assistance was in not being able to locate Dr. Caldwell, the county physician. The railroad physician was secured and he responded quickly and everything was done that was possible for the injured man, both by the physicians and the hospital corps, but Marine passed away at 12:30 this morning as the result of his injuries.

Young Marine lived with his parents at 203 south Fifth West street. For 10 or 12 years he has suffered with unaccountable fits and is now confined in the mental asylum at Provo. His father is very sick and the news of the accident was kept from him until this morning, when the son died. Just how the accident happened will probably never be known, but it is supposed that Marine, who was drunk, was crawling under the cars to get by when the switch engine started the train, crushing him under the wheels.

### ENGINE BLOWS UP.

The other accident happened to Harry Rugg, a fireman on the switch engine at Garfield. This engine, which is used in switching the cars for the American Smelting and Refining company, had been standing idle for some 15 minutes when the boiler blew up, seriously injuring Rugg, and completely demolishing the engine. At the time of the accident the cab was occupied by the engineer, fireman, and a switchman. The switchman was on the engineer's side, while the brakeman was standing near the fireman, who had just left his seat and was standing in front of the boiler box door when the explosion took place. The front of the engine was blown out, the fire door was buried in the coal of the tender and the whole engine lifted from the track and wrecked by the force of the explosion. The brakeman was blown a considerable distance but was not seriously injured, nor were the engineer or conductor badly hurt.

Rugg was attended by a Garfield physician and later brought in to this city on the Rio Grande road, arriving here early this morning. He was sent to St. Mark's hospital, and shortly before noon this morning he was pronounced some better, but was suffering a great deal of pain.

The cause of the explosion is attributed by the engineer to the falling of the crown sheet, as he said there was plenty of water in the boiler.
