Coughs, Colds

Lots of people look at a cough or-cold as if it were inevitable, and refer to it as some ailment which they naturally expect during the stormy winter months. No person need have the slightest attack of cold or la grippe, nor even pneumonia, if their system is properly fortified. Rexall Mucu-Fone will fortify your system against any such attacks. Since we make this strong statement we will tell you how Mucu-Tone does this: Coughs, colds and pneumonia are but the result of a catarrhal condition, which is in reality an internal scrofula. If the system is free of catarrhal germs. you need never fear coughs, colds and pneumonia. Mucu-Tone will do it, because Mucu-Tone clears the system of every trace of catarrhal germs, tones up the system, shakes off hanging on tagend coughs and colds, revitalizes the entire system, increases the appetite and makes you put on flesh.
