The "Great Rock Island" is magnificently equipped. Its road bed is simply perfect, and its track is laid with steel rails.

What will please you most will be the pleasure of enjoying your meals, while passing over the beautiful prairies of Illinois and Iowa, in one of our magnificent Dining Cars that accompany all Through Express Trains. You get an entire meal, as good as is served in any first-class hotel, for seventy-five cents.

Appreciating the fact that a majority of the people prefer separate apartments for different purposes (and the immense passenger business of this line warranting it), we are pleased to announce that this Company runs *Pullman Palace Sleeping Cars* for sleeping purposes, and *Palace Dining Cars* for eating purposes only. One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

Magnificent Iron Bridges span the Mississippi and Missouri rivers at all points crossed by this line, and transfers are avoided at Council Bluffs, Kansas City, Leavenworth, and Atchison, connections being made in Union Depots.

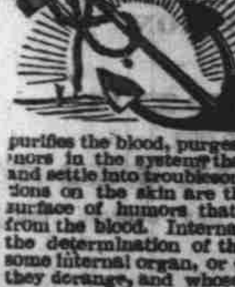
Ayer's Sarsaparilla,

For Purifying the Blood.



This compound of the vegetable alteratives, Sarsaparilla, Dock, Stillingia, and Mandrake, with the Iodides of Potash and Iron, makes a most effectual cure of a series of complaints which are very prevalent and afflicting. It purifies the blood, purges out the lurking humors in the system that undermine health and settle into troublesome disorders. Eruptions on the skin are the appearance at the surface of humors that should be expelled from the blood. Internal derangements are the determination of these same humors to some internal organ, or organs, whose action they derange, and whose substance they disease and destroy. AYER'S SARSAPARILLA expels these humors from the blood. When they are gone, the disorders they produce disappear, such as *Ulcerations of the Liver, Stomach, Kidneys, Lungs, Eruptions, and Eruptive Diseases of the skin, St. Anthony's Fire, Rose or Erysipelas, Pimples, Pustules, Blotches, Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Ulcers and Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhœa arising from internal ulceration and uterine diseases, Dropsy, Dyspepsia, Emaciation and General Debility.* With their departure health returns.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. **Read proof below.**

FROM

COL. L. T. FOSTER,

YOUNGSTOWN, Ohio, May 10th, 1880.

DR. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the *Chicago Express.* I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is sure in its effects, mild in its actions as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and yet certainly in its effects.

Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1. per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

EVENING NEWS.

Monday, - October 23, 1882.

SUNDAY SERVICES.

The regular Sunday services of the Church of Jesus Christ of Latter-day Saints were held in the Assembly Hall, on Sunday, commencing at 2 p. m.

The choir sang the hymn on page 163:

> Jesus, mighty king in Zion,
> Thou alone our guide shall be.

Prayer by Elder Edward Stevenson.

The choir sang the hymn on page 402:

> O Lord of Hosts, we now invoke,
> Thy spirit most divine.

The sacrament was administered by the Priesthood of the Fourth Ward.

Elder Wm. Cooper said: A little over two years ago he was called on a mission to Europe to preach the Gospel that was taught by Jesus and His Apostles 1,800 years ago. It seemed hard at the time for him to go forth from his family and preach a Gospel which he knew was unpopular, and he realized the treatment which the ancients received while preaching the same system. He had found out that the same cause produced the same effect in every age, and the Gospel which he went to preach was just as unpopular as when it was advocated anciently. He had been surprised that the people think so little about their future. They think that a very little will save them; that if they will only believe on Jesus Christ they will be saved. But he realized that God is the same to-day that he ever was, and that the Gospel is an Everlasting Gospel, and it takes as much to save a man to day as it did 1,800 years ago. It is important that we believe in Jesus Christ as the Redeemer of the world and the giver of all good. When some of the Jews believed that they had crucified the Saviour, they cried out to the Apostles, "Men and brethren, what shall we do?" And Peter answered, "Repent every one of you and be baptized in the Name of Jesus for the remission of sins, and ye shall receive the Holy Ghost." These are the first four principles of the Gospel; Faith in the Lord Jesus Christ; repentance of sins; baptism for the remission of sins, and the receiving of the Holy Ghost. The speaker felt well while he had been preaching the Gospel, and felt thankful that he had been permitted to hear, and had light enough to understand and embrace the Gospel.

Elder Wm. Wood said, while on his mission to England he had visited his parents, and they still looked upon him as they did when he embraced the Gospel, as their foolish son. But he had been enabled to remove considerable prejudice from their minds, and from the minds of many others. when he first started to preach he was afraid to meet the educated men of the world, but in talking with them he was surprised to find the ignorance which exists with regard to us and the Bible. He found that with the little knowledge he had of the principles of the Gospel he could entertain most of his learned hearers. In many cases he had quoted and read passages from the Bible which his hearers would not believe, or said the passages did not mean what was written. No man can understand the things of God except by the Spirit of God. We have received the Spirit of God and can therefore understand the things of God. We need not wonder that the people of the world cannot understand the meaning of the Bible, and the words of God, because they have not got the Spirit of God. We need not fear anything if we keep the commandments of God, and the covenants we have made with Him. The future of the Latter-day Saints is a bright one. The doings of men are an index to their characters. We should sustain the servants of God, and in this way sustain our Heavenly Father. We see the judgments of God on the Jews, which should tend to make us live closer to Him. The gospel as believed by the Latter-day Saints is in accordance with the teachings of Jesus and His disciples in all ages of the world.

Elder Joseph Jennings, said: There is a great difference between preaching to the world and preaching to an assembly of the Latter-day Saints, but he always bore his testimony to the truth of the gospel, when he had an opportunity. The Elders go forth; they preach to the people and many of them are induced to obey the gospel and come to Utah. But when some of them get here they fall into the hands of outsiders or lukewarm persons, and are led away and become enemies of the Saints. He cited instances of people who had received a knowledge of the Gospel and then lost it. Then at times their consciences would smite them, and they would try to do better. But the spirit of darkness is so thick around them that they cannot overcome it. The majority of the people think that we are a band of savages, and when an Elder says he is from among them, they will hardly believe him. He had seen the hand of the Lord in many things.

Apostle Brigham Young read from the 9th chapter of St. John. Said many of the people of the world would not receive the principles of the Gospel if they knew they were true, and hence their condemnation. The Gospel of Jesus Christ is given unto this people and the people of the world if they will receive it. The world is like the blind following the blind, and will not be helped. The principles of this Gospel are so simple to us that we would not think any person could doubt them. The Spirit of God is of more use to the Elders in converting the world than any reason they may bring to bear upon their doctrines, because the people are inconsistent and will not reason. There have been many men through here from the East who have gone forth and testified publicly and privately, that the Latter-day Saints are an honest and industrious people, a moral people, but they are not believed. It is the easiest thing in the world for a man to grieve and lose the spirit of God. Many people have come with pure hearts and a desire to serve God and learn of His ways. And they have apostatized because they have seen professed Latter day Saints intoxicated and doing various kinds of evil. We should watch ourselves and take care that we are not the means of leading any one to apostacy.

The choir sang an anthem.

Benediction by Elder Elias Morris.

NEWSY LETTER FROM ARIZONA.

ST. DAVID,
Cochise County, A. T.,
October 12th, 1882.

Editor Deseret News:

I wrote you on the 18th ult. of our visiting brethren returning home. Since that time we have had several cases of the malarial fever, generally called the San Pedro. It has been of not a very severe kind and nearly all have recovered.

That which we most need is immigrants to help us build up and hold this location. We have increased our canal shares from ninety to one hundred and twenty. Thus giving ample room for at least thirty families more. There will be plenty of good, rich land to utilize the whole of the San Pedro River, which we propose putting into the other canal by January next; when this is accomplished water shares will be at par value $50.00 each; at this small figure new comers will be able to realize sufficient water to at least cultivate a good-sized garden of five to ten acres, which in this country with such cities as Tombstone and Benson, also Towns Like Hereford, Bisbee Camps, Houchuaca, Charleston, Contention, Russell, etc., all within a radius of fifty miles, will afford a market for potatoes, cabbage, onions, tomatoes, melons, etc.; prices ranging all the way from 3½ to 5 cts. per pound, and melons from 25 cts. to $1.00 each. A good gardener at the above prices would get rich in a few years from ten acres of land.

Cattle are high, beef being from 7½ to 8 cts. per pound on foot, and 12½ cts. by the cut. Milch cows from $35.00 to $50.00, yearlings when sold, per beef, are bringing $22.50. Pork is high; flour by the car load, $3.50, retail $4.50; green apples, $3.50 per bushel; Colorado grapes, 10 to 15 and 20 cts. per pound; Colorado dried apples, 20 cts. per pound also peaches; calico, from 8 to 16 yards per $1.00, and anything from a Cambric needle to a steam engine can be had. Our public schools are liberally provided for with Territorial and county funds. The St. David district having drawn near $2,000 in 1882. Teachers receive from $36 to $100 per month. The ranges for cattle, horses and sheep are extensive, there are also several good ranches for sale within eight and twelve miles from this place and many further off which can be taken up or located. Mesquite, cedar, black and white oak can be had for fuel and fencing posts. Apaches, since General Crook's arrival are very peaceable, the General having disarmed them, also having once conquered them they have a very high estimate of his generalship and know the results of any outbreak, while they seemed to prosper in their treachery and bloodshed under the generalship of Wilcox.

Such things as cowboys are of the past, the government or military having taken their depredations into consideration. The small amount of stealing going on near the line of the two nations is very well controlled by the military of both nations, also the civil authority.

The owners of the A.P.& S.F.R.R. running by our town to Guaymas, are completing three large tenent houses on substantial stone foundations, also rounhouse with eight double stalls, coal shed, magazine, etc., within five miles of us. Below, on the west side of the San Pedro, it is proposed to put up a station west of St. David, within three fourths of a mile; the switch being already in.

We have a daily mail, and with more inhabitants shall have a city that Cochise County will be proud of. The best route to reach this point overland would be via St. George, Pearce Ferry, Hackburry, Williamson Valley, Mesa City and Tucson.

Sunday next we anticipate baptizing 10 or 15 souls, two being convinced of the errors of their ways, and coming out of the world, and the others renewal and children of the Saints.

The democrats of this county feel jubilant in the belief they will return G. H. Oury to Congress and elect the most of their nominees.

We read the NEWS with much interest and wait anxiously for the next, our feelings being with our brethren, and wondering how the God of heaven and earth will terminate matters, also how many will remain faithful and true.

Your brother and friend,
DAVID P. KIMBALL.

That genial gentleman and humorist Tony Pastor, was cured of rheumatic pains by St. Jacobs Oil. He strongly indorses it.

THE CASE

AGITATOR

Ahead of all Other Competitors!

SALT LAKE CITY,
August 12th, 1882.

J. W. Lowell, Esq.,

Dear Sir.—The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recommend it to any persons wishing to purchase a good Thresher.

Yours, etc.,
G. W. LUFKIN,
W. A. BARRON.

ASHLEY'S FORK,
UINTAH CO., Feb. 26th, 1882.

John W. Lowell,

Dear Sir.—The Agitato Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw to thresh and clean. We have run seven different kinds of machines, but this is the champion. The cleaning and the separating are perfect. We have not had a man find fault with it yet, and we believe that the people here will testify to our statement as being the truth. It comes as near being perfect as it is possible for a machine to be. We cannot tell you upon paper all its superior qualities or how much we think of it, but can say this, that could we not get another like it, no money would buy it.

Yours truly,
GEORGE BROWN,
S. J. CAMPBELL,
WM. P. REYNOLDS,
ROBERT BODILY.

CEDAR CITY, Sep. 23rd, 1881.

John W. Lowell,

Dear Sir.—Our machine, Agitator, is doing excellent work. Cleans the best and threshes faster than any Thresher we ever saw.

We remain,
CORRY & HUNTER.

LEHI, Utah County,
February 7th, 1882.

To John W. Lowell, Esq.,

Dear Sir.—As our opinions have often been asked about the merits of the Agitator Threshing Machine we purchased from you last fall, we take pleasure in sending you the following as our experience with it. To answer the numerous inquiries, and perhaps others who would like to know, we recommend the following points of superiority over all other machines we are acquainted with—

1st.—Lightness of draft. Our team of five span of average native horses and mules, being fully equal to the work, and without crowding or hurrying them, they gave us all the speed and power we needed.

2nd.—Thorough threshing and cleaning, and that *without extra effort* on our part; such a thing as the sieves being crowded or clogged, or requiring the attendance of one person at the tail end of machine having never occurred or been needed.

3rd.—Lightness of wear. After having thereshed 18000 bushels of grain, lucern seed, etc., the general wear on the machine being scarcely perceptible.

4th.—Lightness of running expenses. By comparing notes with our friends of other machines, we find ours have not exceeded half of theirs.

We also consider the capacity for threshing in quantity, superior to other makes of machines. Although the farms here are small, necessitating a great deal of moving, and often to distant points, yet we threshed as high as 800 bushels per day.

We also consider the Straw Stacker, End Shake, Elevator principle and many other points are *all* worthy of notice and examination of any and all persons who may contemplate purchasing a machine.

A. J. EVANS,
M. T. WOODHOUSE,
H. M. ROYAL,
M. B. BUSHMAN.

I have helped wear out four machines of other kinds, and I heartily endorse all of the foregoing points.

A. D. RHODES, JR.

CEDAR CITY, March 18th, 1882.

Mr. J. W. Lowell.

We bought one of the J. I. Case 32 inch Agitator Threshers last year and consider it by far the best Thresher ever brought to this country. It runs very light, saves all the grain and is a very durable machine. We threshed grain at the rate 2½ bushels per minute.

Yours, etc.,
CORRY & HUNTER.

I also take the liberty to refer thresher men to the following reliable people who have purchased the Agitator Machines:

Messrs. Robbins & Simmons, Kaysville.
Bishop Peter Barton and others Kaysville.
Woolley, Lund & Judd, St. George.
