

CATHOLIC STAND ON EDUCATION.

Pronounces Against Danger of
State Control.

APPEAL TO ITS MEMBERS.

Church College System Deserves Gen-
erous Cooperation—Words of
Cheer from Over Sea.

Chicago, April 12.—A declaration of the Catholic position on education in the United States was adopted at the closing session of the national conference of the Association of Catholic Colleges. The resolutions comprising the declaration received the unanimous assent of the representatives of the seventy different colleges—practically the entire collegiate system of the Catholic church in America. The declaration follows:

"First—That this Association of Catholic Colleges request its president, the Rev. Thomas J. Conaty, to respectfully call the attention of the bishops of the United States to the annual meeting to the work of this conference in regard to our collegiate institutions, especially to the importance of the high school movement.

"Second—That the tendency of educational legislation forces us to warn our Catholic people of the systematic and well-defined effort in certain quarters to establish state control in education, thereby threatening and crippling all private educational effort, thus depriving a large class of the citizens of the liberty of maintaining schools in which their religion shall be maintained as an essential element.

"Third—That we remind legislators of the rights of conscience guaranteed to us by our American citizenship, and call their attention to the system of schools which our people have maintained at great expense and sacrifice.

"Fourth—That we protest against the unfair and unjust discriminations resulting from much of the educational legislation, and we appeal to the fair-mindedness and sense of justice of the American people to protect us from such illiberality.

"Fifth—That this conference of Catholic colleges convinces us that we are justified in asserting that our college system deserves the generous co-operation of all interested in higher Catholic education; and we pledge ourselves to use every effort to perfect still more our collegiate conditions.

"Sixth—That we call upon all Catholics to recognize the imperative need of a more perfect organization of our educational system, and we assure them that with a fuller development of the Catholic high school we shall have a complete system, with its headship in the university, and thus we shall continue to maintain a high collegiate standard.

Words of cheer from across the sea were received by the conference in the form of a cablegram of congratulation from Pope Leo XIII at Rome. The message read as follows:

Rome, April 12, 1901.
"Mr. Thomas J. Conaty, President of the Conference of Catholic Colleges: The holy father thanks you for the good wishes expressed by you in the name of the conference of Catholic colleges, and bestows most heartily the apostolic benediction."
(Signed.)

"CARDINAL RAMPOLLA."
The cablegram was in answer to a message which the convention sent to the pope when it convened.

These officers were chosen: President, Dr. Conaty; secretary and treasurer, the Rev. John Conway, Gonzaga college, Washington, D. C.

It was decided to hold the next conference in Chicago on the first Tuesday, Wednesday and Thursday after July 4, 1901.

BRAZIL AND UNITED STATES.
Commercial Questions Between Them
Definitely Settled.

Rio Janeiro, April 12.—The Journal de Brazil says the leave requested by the minister in Washington shows that the commercial questions pending between Brazil and the United States have been definitely settled.

Manuel Pereira, vice president of the Brazilian republic, who represented the government at the congress in Montevideo, says the congress will have practical results in the future of the Latin-American nations.

A dispatch from Bahia says that the Banco de Bahia has suspended payment. The institution is one of the most important banks of Bahia.

VON HOLLEBEN AT COLUMBIA.
Visits the University as a Guest of
President Seth Low.

New York, April 12.—Baron von Holleben, German ambassador, visited Columbia university yesterday as the guest of President Seth Low of the Deutscher Verein of the university. He visited the library and the other buildings in the morning under the guidance of the president and James H. Canfield, the librarian. In the evening he attended a serial meeting of the Deutscher Verein. Speeches were made by President Low, Carl Eberts, Heinrich Conrad, George von Skolai, Louis Viersack, formerly a member of the German Reichstag, Carl Schurz and Professors Carpenter and Thomas.

Big Mexican Store Burned.
Santa Fe, N. M., April 12.—The merchandise store of T. D. Burns and the store belonging to the estate of R. L. Splain, and the Ortiz saloon, at Park View, in Rio Arriba county, burned to the ground Wednesday. The loss is about \$60,000. Burns carried about \$20,000 insurance. Splain's store was not insured.

STUDENTS HOLD DEBATE.
University Zeta Gamma Society De-
bates L. D. S. College Debaters.

There was a large gathering of students and their friends at the lecture hall of the Latter-day Saints college last evening to witness the debate between the Zeta Gamma society of the University and the Rho Beta Pi society of the college. The University boys were awarded the victory by Judge O. W. Powers, H. S. Tanner and D. O. Willey who were the judges. The question debated was "Resolved, That an income tax is a desirable part of a system of taxation in the United States." The University had the affirmative.

The representatives of the Zeta Gamma were Frank Soule, H. B. Fry and Lorenzo Elggen, and the college debaters were John Hicks, Joseph Finlinson and H. C. Hicks. The question was handled very skillfully, showing that the debaters had gone into it very thoroughly.

Prof. George A. Eaton, of the High

IT IS IMPORTANT.

To Know What You are Taking When Using Catarrh Medicines.

Catarrh is the short route to consumption, and the importance of early and judicious treatment of catarrh, whether located in the head, throat or bronchial tubes, cannot be too strongly emphasized.

The list of catarrh cures is as long as the moral law and the forms in which they are administered, numerous and confusing, from sprays, inhalers, washes, ointments and salves to powders, liquids and tablets.

The tablet form is undoubtedly the most convenient and most effective, but with nearly all advertised catarrh remedies it is almost entirely a matter of guess work as to what you are taking into your system, as the proprietors, while making all sorts of claims as to what their medicine will do, always keep it a close secret as to what they are.

The success and popularity of the new catarrh cure, Stuart's Catarrh Tablets, is largely because it not only cures catarrh but because catarrh sufferers who use these tablets know what they are taking into their systems. Stuart's Catarrh Tablets being composed of Eucalyptol, Hydrate, Quinine and similar valuable and antiseptic ingredients, and are pleasant to the taste and being dissolved in the mouth they take immediate effect upon the mucous lining of the throat, nasal passages and whole respiratory tract.

The cause that Stuart's Catarrh Tablets have accomplished in old chronic cases of catarrh is a little short of remarkable, and the advantage of knowing what you are putting into your stomach is of paramount importance when it is remembered that the cocaine or morphia habit has been frequently contracted as the result of using secret catarrh remedies.

Stuart's Catarrh Tablets meet with cordial approval from physicians, because their antiseptic character render them perfectly safe for the general public to use and their composition makes them a common sense cure for all forms of catarrhal troubles.

All druggists sell them at 50 cents for full sized packages.

school, acted as chairman. The period of waiting for the judges to decide was rendered very enjoyable by a humorous recitation by A. B. King and a piano solo by Prof. Giles. Both were heartily enjoyed.

One side of the hall was occupied by University students and the opposite side by college students, and they passed their cells back and forth during the evening.

The judges were a half an hour making up their minds as the merits of the speakers were so equal. The honor, however, was given to the University by one-half of one point.

The School Board will have to borrow \$30,000 if the schools are continued for the term. Vote "Yes"

ENCOUNTER WITH THUGS.
Carl Madsen Tells of an Early Morning Experience.

Last evening Carl Madsen formerly of the Utah artillery, reported to the police that he had a thrilling experience early yesterday morning with a couple of thugs. The encounter, he says, occurred on North Temple and First West streets. He says the fellows followed him some distance, but as they drew near to him he pulled a revolver from his holster and ordered the men to do a "hot foot" in another direction. One of the men pulled a gun and for a moment it looked like there would be some shooting. The thugs finally took to their heels.

Last night Madsen was looking about town for the men.

If the election on Monday is in favor of borrowing money it will NOT increase the taxes.

FUNDS FOR STATE SCHOOLS.
State Superintendent Nelson Makes the Apportionment.

An allotment of the public school funds to the various counties and cities has been made by State Superintendent Nelson of the department of public instruction. The apportionment is made on the basis of population of school age. The sum allotted is \$28,496.49 from taxes and \$23,315.31 from last year's interest from State school land funds invested and rentals from leased lands.

The tax apportionment is at the rate of 23 cents per capita, and the interest fund at 27 cents, making the school year's total apportionment \$3.83 per capita.

The amounts allotted and the population in each case are as follows:

SCIENTIFIC FOOD.
Mothers Feel a Responsibility in Selecting Food.

If children are not healthy, round and rosy, ready for study or play, there is probably something lacking in the food. A sure body builder for children (or adults) is Grape-Nuts, the famous ready-cooked food, and there is a reason.

Grape-Nuts contain natural phosphate of potash and albumen obtained from grains, and these elements combine in the human body to form gray matter in brain and nerve cells all over the body. Such nourishment means vigor, snap, strength and force of both mind and body.

That is why you have the youngsters fed in a way that will bring the biggest kind of returns as they grow up and you see what they accomplish because they have well built bodies and good sturdy brains.

This is worth thinking about and the results may be depended upon. Give your children Grape-Nuts and use the food yourself.

GENERAL TUNG-FUNG-SIANG, TARTAR REBEL WHO IS IN REVOLT.

General Tung was formerly in command of the northern army of China, but he is now a rebel. He is menacing the safety of the Chinese imperial court and has 11,000 seasoned troops under his command.

LEAGUE BASEBALL GAMES TODAY.

Fans Do Not Feel Cheerful Over
the Weather Condition.

MINERS GONE TO OGDEN.

Teams Practiced Yesterday and Each
Feel Sure of Winning in To-
day's Contest.

Local baseballists felt rather "down in the mouth" when they arose this morning and beheld what had happened during the night. After days of sunshine, which put the diamond into fairly good condition to find that the day of all days they desired to be bright and clear, to find that it began with a heavy rainfall, is, to say the least, rather discouraging.

Of course this has made the grounds muddy and very disagreeable.

Both local teams were out in force yesterday afternoon for a couple of hours practice and the managers are up to their eyes in business. There is much speculation as to who will win the game and not a few wagers have been made. The Railways feel confident of winning and the Salt Lakes cannot see how they can possibly lose. With such conditions existing the game ought to be lively indeed. Last evening the "News" published the line-up of the teams, but not in the batting order as it was not decided what it would be until last evening.

As regards hitters, the Railways have been more than particular in securing men who are considered A 1 with the stick, and in this they hope to be victorious. The Salt Lakes have also been working to that end. The line-up of the players in their batting order and positions as announced by the captain last evening, is as follows:

Salt Lakes. Railways.
Zeltz L. F. Barnes 2 B.
McQuaid C. F. Kimmmerer C. F.
Gamble R. F. Shanahan L. F.
Hanley 2 B. Baker L. F.
Riley S. S. Margette 1 B.
McCausland C. S. Asbury R. F.
Morrow 3 B. B. Welcke J. B.
Margetta 1 B. B. Beville S. B.
Webster P. Shepard S. B.
Hawley Sub. Clarkson Sub.

GAME AT OGDEN.
At Ogden the game between Park City and the Lobsters will open by Mayor Browning pitching the first ball. Martin will umpire the game and Fred Clark will act as scorer.

The Park City team went to Ogden last night. Harry Pendergraft, the pitcher, arrived here in time to accompany the team into the enemy's camp.

Following is the line-up at Ogden:

Park City. Ogden.
Senne C. Casey 2 B.
Pendergraft P. Clark 3 B.
Maloney 1 B. Glimin C. F.
Schuab 2 B. McGregg L. F.
Spencer 2 B. Greenwell 1 B.
Cain S. S. Henry C. F.
Gierhardt L. F. Plake S. S.
Redmond C. F. Hans R. F.
Melnecke R. F. Shurtiff P.
Berkeley Sub. Bluth Sub.

BASKETBALL TONIGHT.
Second Game Between Danville and L. D. S. Teams.

The second basketball game between the Danville, Ill. Y. M. C. A. and L. D. S. teams, is scheduled for this evening in the Armory hall. On the occasion of the first game the local players won out and the visitors claimed that their defeat was due to the hall. They said they were not familiar with it. Since then they have been practicing in the Armory hall and now believe they can defeat the collegians. The latter are perfectly willing to put the issue to the test.

The teams are so evenly matched that the contest will certainly be a lively and interesting one in the extreme.

Between the halves the Y. M. C. A. "Reds" will play with the All Hal-lows.

In the "big game" the line-up will be as follows:

Danville. Position. L. D. S.
Clark Left Forward Foster
Riley Right Forward Stanton
Cole Center Taylor
Browning Left Back Bassett
Daniels Right Back Peterson

AN UNEVEN GAME.
Webster Girls Defeat Fremonts by Fifteen to Nothing.

At the Social Hall yesterday afternoon the Webster girls and Fremonts played a one-sided basketball game. The former winning by a score of 15 to a goose egg. They easily out-classed

the Fremonts, but the latter put up a game fight nevertheless.

Blanche Sparling was responsible for the Webster's big score as she made 10 of the 15 points.

Following was the line-up:
Webster—15. Fremont—0.
B. Sparling R. E. ... L. Youngberg
Beth Critchlow Lillian Neuville
C. Cleophas Bessie McJilton
Ida Jaenich Ada Whittleser
Bertha Crozier L. B. ... Dona Miles
Referee, Stewart; umpires, Bassett and Shepard; goals from field, Blanche Sparling 5, Beth Critchlow and Cornelia Cleophas; goals from foul, Beth Critchlow; time of halves, 12 minutes.

Cyclist in Training.
S. H. Sherman of Ogden, who is well known in cycle circles, has announced his intention of remaining in Salt Lake for the summer. He will at once begin training for the coming season, and as he is quite prominent in the professional class will undoubtedly make a good showing.

OUTSIDE EVENTS.
CORBETT BEATS SANTRY.
He Knocks Him Out in the Second Round.

Denver, April 12.—Young Corbett of Denver won an easy victory over Eddie Santry of Chicago tonight before the Colorado Athletic association, knocking him out in the second round of what was to have been a ten-round fight.

The fight was Corbett's first. He did all the fighting in the first round. Santry was knocked down once and received several hard body blows, although he showed little effect of his punishment.

Santry made a better showing, several lively exchanges being made before a hard right on the jaw put Santry out. Frank Cullen was the referee.

YALE AND HARVARD.
Their Athletic Team Managers to Meet in Springfield Next Week.

New Haven, Conn., April 12.—The Yale and Harvard track athletic team managers will meet in Springfield, Mass., early next week to discuss the answer from Cambridge and Oxford to the challenge for the international track meet, which latter is expected by Sunday at the latest.

Sherman L. Cox, manager of the Yale team, said last night:

"Yale will not hold out for July, either way or late, if that must be done. There is much acceptance possible. We should greatly prefer it for our convenience and do not like to have the meet in September, but if it is necessary we will accept of it. It will depend upon Harvard's position on that point."

"Yale is willing to have the program of the nine events which the British university requests, just the same as in the meet of 1899. We are willing to drop the 220 yard hurdles, the pole vault and shot put."

The annual dual games between Yale and Harvard will be held in this city on May 11.

TERRY IN DENVER.
Fighting Machine Spars With Danny Dougherty.

Denver, April 12.—The Denver Wheel club building was crowded to see Terry McGovern, who sparred four rounds with Danny Dougherty. In the first three rounds, they were several preliminaries, the best thing between Eddie Toy of San Francisco and Tom Richards of Denver. Toy is the 126-pound champion of the Pacific coast, and he put out Richards, who was several pounds heavier, in the second round with a right to the jaw, followed with a hard left jab to the stomach. Richards was out nearly five minutes.

Bon Trimble of California and Billy Stiff will meet in this club on the 15th of this month.

HIGH SCHOOL ALUMNI MEETS.
Graduates to be Initiated Into the Association With Brawl Ceremony.

The meeting of the Alumni Association of the High School last night was well attended and proved to be of considerable interest. E. B. Critchlow, of the school board, delivered an address, pointing out to the students the necessity of the board's being authorized to borrow \$20,000 to continue the schools to the end of the school year. He asked the students to use their influence in securing the consent of parents and friends to the plan.

A business meeting followed in which plans were made for the annual meeting to be held in June. The association hereafter will have a year book published, containing names, addresses and occupations of the members of the association. It was further decided that hereafter the graduating classes shall be initiated into the association with ceremonies more weird than any secret order can boast of. The initiation ceremonies to be followed by a ball and general good time.

UNIVERSITY DEBATE.
Preliminary Contest Won by Mark Brown, A. Welling and Le Roy Sanders, with H. B. Fry and Parker B.

Pratt as alternates.

Mr. Brown is a member of the normal class of 1901, is a graduate of the High school, was the orator of his class and took second prize in the M. I. A. oratorical contest last June. He is the son of J. S. Brown, of this city.

Mr. Welling is a son of the late J. Welling, of Farmington. He will complete the normal course this year. He was a member of the debating team

that defeated Nevada last year.

Mr. Sanders is a son of Edmund Sanders of Gunnison, and is in a sophomore in the Bachelor of Arts course. Mr. Fry, the first alternate, is a son of R. Fry, of Morgana. He will also finish the normal course this year. Mr. Pratt, the other alternate is a son of Alma Pratt of this city. Mr. Pratt was a volunteer regular and served in the Philippines.

The faculty debate committee composed of Prof. Roylance, G. M. Marshall, and George Coray, acted as judges. Will W. Ray of the students' debate committee presided. The question debated was the same that will form the bone of contention in the debate with Nevada, namely: "Resolved, That the promotion of industry by subsidy bounty or bonus is bad public policy in the United States."
