

ASSESSMENTS IN THIS COUNTY

Values Placed Upon Property by
State Board.

GRAND TOTAL IS \$4,187,432.

Table Showing the Apportionment Among the Several School Dis- tricts of the County.

The board of county commissioners, at its meeting yesterday afternoon, adopted the following resolution relative to the apportionment among the school districts of the county the assessed valuation of the property of railroad, telegraph and telephone companies, car companies and the net proceeds of mines which was apportioned to Salt Lake county by the state board of equalization:

"Resolved, By the board of county commissioners of Salt Lake county that an order is hereby made, and is directed to be entered in the minute book of the county commissioners in pursuance of the provisions of section 566, Revised Statutes, stating and declaring the property assessed by the state board of equalization within Salt Lake county, the property of railroads, telegraph companies, telephone companies, car companies and the net proceeds of mines to be \$4,187,432 as shown by the order filed with the county auditor, and the assessed value of such property to be divided among the several school districts of the county as shown by the order filed with the county auditor, is hereby stated and declared to be as follows:

MORE DELEGATES.

Names of Those Who Will Attend
Trans-Mississippi Congress.

Delegates to represent Utah at the Trans-Mississippi Commercial congress, which meets at Seattle Aug. 18 to 21, inclusive, were named today by Acting Governor James H. Hammond. The delegates are: Senator Reed Smoot and Jesse Knight of Provo; George Romney, W. R. Ritter, W. N. Williams, Henry Dinwoodey and G. H. Taylor, Salt Lake; S. L. Chipman, American Fork; J. R. Barnes, Kayville; Alfred Seecorff, Ogden.

HIS DEATH REGRETTED.

Railroad Men Honor the Memory of
John A. Evans.

The funeral services over the remains of John A. Evans, the young employee of the car accountant's office of the Oregon Short Line, were held at the Tenth ward meetinghouse this morning. The meetinghouse was packed with friends of the deceased, whose untimely death occurred at St. Mark's hospital on Sunday afternoon from appendicitis. The number of young people present was very noticeable. The floral tributes were many and elaborate, among them being sent from the sisters of the young man, the clerks in the car accountant's office, the boarders at the Drexel, and the heads and employees of every department at general headquarters of the Short Line. The tributes paid by the various agencies all tended to show the esteem in which the young man was held. course in mechanical engineering with
the object in view of entering the Ore-

partment took an interest in him and
predicted that he would make his mark
as a mechanical engineer and it was

"FLYING DUTCHMAN'S" TRIP

What Happened in the Wake of Chief
Devine's Forenoon Run.

There was a brief sensation this
morning on west First South street, as
the fire chief and his "Flying Dutch-
man" of a wagon went shooting west
in response to an alarm. As he passed
Richards street, with the going in full
action, the horse attached to a buggy
of H. S. Chalmers, which was stand-
ing on the corner, picked up its ears,
and started in full tilt after the chief's
chariot. Chalmers is a cripple with
one leg, and his crutches were in the
buggy, while he had just got out. The
fly switched away from him, leaving
him seated in the middle of the road
with his crutches in his hand. The
crutches were recovered, also the
horse, some time later, with the buggy
the worse for the run. Mr. Chalmers
was not a little startled.

RICHARD HYLAND'S ESTATE.

Petition for Appointment of John Mc-
Donald as Administrator.

Eliza J. Hyland today filed a petition
in the probate division of the Third dis-
trict court asking that John McDon-
ald be appointed administrator of the
estate of Richard Hyland, deceased.
He died May 11, 1903. The state com-
plains of several unexplained mining
claims of unknown value, a life insur-
ance policy for \$10,000, cash on deposit
amounting to \$150 and a claim for dam-
ages against the Commercial Mining
company and the Frankfort Marine
company. The Commercial Mining com-
pany is an insurance company for the
death of deceased, who was killed in the
first named company's mine. The peti-
tion will be heard by Judge Hall on
Friday, Aug. 28.

WIFE WANTS A DIVORCE.

Agnes Perino Charges Her Husband
With Cruelty and Drunkenness.

Cruelty, habitual drunkenness and
failure to provide for the grounds upon
which Agnes Perino asks for a divorce
from Joseph Perino. The complaint,
which was filed in district court yester-
day, alleged that they were married in
San Giorgio, Italy, on Oct. 25, 1883, and
have one child of which plaintiff asks
the custody. It is charged that defend-
ant has been a habitual drunkard for
more than a year and that, on the night
of Dec. 7, 1902, while in an intoxicated
condition, he came to their home at
Richards street and in the door to his
wife's bedroom, dragged her from her
bed, beat her in the face with his
fists and threatened to kill her.

COURT NOTES.

Suit for divorce has been filed in the
district court by Johanna Halgren
against David Halgren on the ground of
cruelty and provocation. The couple has
been married in Italy on Oct. 25, 1883,
and have one child, of which Mrs. Hal-
gren asks to be awarded the custody.

Suit for divorce has been filed in the
district court by Georgia Woolrich
against Harry Woolrich, on the ground
of desertion and failure to provide.
They were married in Chicago on
Dec. 12, 1894. The defendant is now
supposed to be in Seattle, Wash.

Emma Cox this afternoon filed suit
for divorce in the district court against
George Cox on the ground of desertion.
The couple was married May 19,
1893, and has one child, of which the
plaintiff asks the custody. She also
asks to be awarded alimony, attorney's
fee and costs of suit.

BUSINESS NOTES.

A correspondent calls attention to
discrepancies in the weekly reports of
the decrease in the Salt Lake bank
clearing house. The Salt Lake clearing
house is apparent rather than real, as
the two reports do not run concurrently,
as Bradstreet's report ends Thurs-
day night, while the Salt Lake clearing
house report ends Saturday noon.

Today's local bank clearings amount-
ed to \$486,036.25, as against \$455,564.38
for the same day last year.

AT THE RESORTS.

The big Scandinavian excursion to
Salt Lake occurs tomorrow. Three stakes
will participate. In addition to dancing
and bathing there will be speeches by
the First Presidency. There will also
be a program of sports with prizes to
the winners.

WILL RATIFY THE AGREEMENT

That for Care of City Prisoners to
Be Voted Upon.

RECOMMENDED BY AUDITOR

Council Passes Black's Auto Ordi- nance, Also Ordinance Regulat- ing Employment Agencies.

In order to be safe on the proposition
and to avoid further trouble, the city
council will probably regularly ratify
the agreement entered into between the
chief of police and the county commis-
sioners for the care of city prisoners
confined in the county jail during the
construction of the new city jail. The
agreement was attacked in the habeas
corpus proceedings instituted in the
district court by Fred Bach and Ed
Gallagher on the ground that it was
never ratified by the council by a yea
and nay vote.

City Auditor Reiser submitted the
bill of Salt Lake county for \$474 due
for the care of city prisoners during
the month of July. It was recommend-
ed in the communication that, inas-
much as the legality of the contract
entered into on Feb. 2, 1902, between
the city and the county for the care
of the prisoners had been questioned in
the recent habeas corpus proceedings
passed upon by Judge Lewis, it would
be advisable to legally ratify the agree-
ment before paying the above amount
and to equally authorize the execution
of a contract for the further care of
the prisoners. The point was raised in
the habeas corpus case that the agree-
ment had never been passed by a yea
and nay vote, which was necessary
because of the fact that it created a
liability against the city. Judge Lewis
refused to pass upon the legality of
the contract, but as the case will
be appealed to the supreme court, Mr.
Reiser considered it advisable to
remedy the defects at this time. The
council's communication was referred to
the police and prison committee and
the city attorney.

NEW AUTO ORDINANCE.

Councilman Black's automobile ordi-
nance was passed by the council. It
provides that the speed of automobiles
shall not exceed 5 miles per hour and
only 1 mile per hour at street cross-
ings. Each automobile shall be num-
bered, which number shall be placed
in a conspicuous place on the rear of
the vehicle. The city recorder shall
issue the numbers and shall collect a
fee of \$1 for each vehicle registered.
The penalty for the violation of any
part of the ordinance shall be \$100
or imprisonment for 60 days or both
such fine and imprisonment.

EMPLOYMENT AGENCY ORDI- NANCE.

The council passed the employment
agency ordinance which was intro-
duced by A. J. Davis. It provides that
each agency shall pay a license of \$50
per year and the proprietor must fur-
nish a bond for \$1,000 which will guar-
antee its patrons against fraudulent
transactions on the part of the agency.
It also provides that the employ-
ment agency shall be conducted in any
place where liquor is sold.

MAY REVOKE LICENSE.

Capt. Burbridge, acting chief of police,
notified the council that George West-
field had been convicted of violating the
Sunday liquor ordinance and had been
fined \$10. Westfield is bartender at the
Albany saloon on the corner of Second
and Fifth West streets. Capt.
Burbridge recommended that steps be
taken to revoke the license of James
Hegney, the proprietor of the saloon.
The matter was referred to the police
and prison committees.

MINER'S PETITION DENIED.

The petition of James A. Miner, to
lease from the city for 99 years the
Warm Springs property was denied upon
a report to that effect submitted by
the committee on public grounds. It
was the intention of Judge Miner, had
his petition been granted, to construct
a \$50,000 sanitarium on the premises.

NEW SPECIAL TAX LAW.

Heretofore no special improvements
will be ordered by city until 75 per
cent of said special tax is paid. Now
for shall have been paid into the city
treasury. The committees on streets,
sewers and finances recommended that
"Extraordinary" be taken out of the
above change in the collection of special
taxes be passed, and their report was
adopted by the council.

REPORT LAID OVER.

The committee on streets recommend-
ed that the most of the Salt Lake
and Suburban Railway company, ask-
ing for an extension of one year in
which to complete its road, be granted.
Upon request of Robinson and E. H.
Davis, the report was laid over to next
meeting.

VISIT NEW JAIL.

After the council adjourned last even-
ing the members of the police and prison
committee accompanied Capt. Burbridge
to the new city jail and were shown
through the structure by him.

MORGAN VOTES BONDS.

School Districts Consolidate and Will
Erect a New Building.

A meeting of citizens and taxpayers
was held at Morgan on last Friday
night when it was decided by vote to
consolidate the North and South Morgan
school districts. Bonds were voted for
the construction of a new school
building, and a committee was elected
to select the site for the building. The
committee is composed of State Supt.
Nelson, Supt. Whiteside, of Davis
county, and Supt. Wilson, of Weber
county. For a number of years the
citizens of Morgan have longed for the
location of the schoolhouse. Two
sites were proposed, each of which was
backed by a different contingent of
taxpayers. An agreement between the
two camps could not be reached, so
the decision was made to elect by vote a
committee of disinterested parties to select
the site.

AMUSEMENTS.

Henry Miller and Margaret Anglin
were given a reception last night that
must have been immensely gratifying.
With the thermometer in the upper
eighties, an audience turned out to
greet them such as the Salt Lake the-
ater rarely sees when the winter
season is at its height. Sojourners in
the mountains and at the resorts came
home in throngs to be present at the
event, and the beautiful audience, the
ladies dressed in white, and many of
the men in full evening dress, must
have been an inspiration to play before
its many results far ahead of any-
thing either of the stars ever knew in
this city.

The evening was one of genuine en-
thusiasm. Mr. Davis' comedy, "The
Taming of Helen," is a bright, clean,
sparkling play with an interesting
heart story, and with bits of delightful
characterization. The city recorder shall
issue the numbers and shall collect a
fee of \$1 for each vehicle registered.
The penalty for the violation of any
part of the ordinance shall be \$100
or imprisonment for 60 days or both
such fine and imprisonment.

MAY CROSS BRIDGE.

Maple Leaf Wins in Suit Against
Union Pacific.

Omaha, Aug. 11.—Judge Munger, in
the federal court today, handed down
a decision granting to the Chicago,
Great Western railway a mandatory
injunction against the Union Pacific
railroad in which the latter is ordered
to grant the Great Western the use of
the Missouri river bridge and its ter-
minal in Omaha and South Omaha.
Further, the court holds that the right
to use these terminals expands with
the expansion and growth of the com-
pany's properties.

The suit was brought by the Great
Western, and the acts of Congress
making the bridge an open one for all
railroads upon the payment of reason-
able compensation, and the subsidy
granted by Douglas county, Neb., and
the city of Omaha. Formal decision
will be given Thursday, Aug. 13, at
which time the Great Western may
take steps to enter this point from Coun-
cil Bluffs, and which point its tracks are
now constructing.

Route, numbered 129, arrived from
arrivals from Los Angeles and is re-
spected at the Knutsford. Col. Dis is
busy looking over the situation and ere
long he expects to be in the city to
organize the local force of the de-
partment, thereby relieving the local
legal department of a great amount of
trouble. The company has been stacking
up incident to the summer camp-
ing operations at this end of the line. Col.
Dis is a member of the staff of the
Government of California, and is promi-
nent in Los Angeles social circles.

BIRTHDAY ANNIVERSARY.

An enjoyable event was the celebra-
tion last night of the fiftieth anniver-
sary of Mr. A. N. T. Orlie's birth at
his residence, 327 Second street. The
evening was spent in various kinds of
amusement and speeches were made
by a number of the gentlemen present.
Dainty refreshments were served, af-
ter which a musical program was ren-
dered, very much to the delight of all
present. Those present were Col. and
Mrs. H. M. Lund, Mr. and Mrs. P.
W. Madsen, Consul and Mrs. Peter
Hansen, Mr. and Mrs. J. S. Jensen, Mr.
and Mrs. R. N. Newton, Mr. and Mrs.
O. P. Olson, Miss Martha Jensen and
eight sons and daughters of Mr. Orlie.
A feature which gave interest to the
occasion was the presence of Mr. and
Mrs. Henry Johnson, Mrs. Johnson is
Mr. Orlie's daughter, who was mar-
ried in Philadelphia one year ago on
this day; also Consul and Mrs. Han-
sen, who were married 25 years ago on
this day.

WESTERN PACIFIC CORPS LOCATED

Surveying Party Camped at Beck-
with Springs, Tooele County.

SOME COAL EXCITEMENT.

Prospectors Are at Work Near Lookout Pass with a Well-Boring Outfit.

A resident of Grantsville was this
morning authority for the statement
that the long expected survey party
which is checking up on the old Major
Wilkes survey round the south end of
Great Salt Lake is now camped in the
vicinity of Beckwith Springs near Cedar
Pass on the edge of the desert.
It has been an open secret that the
Western Pacific had dispatched a party
of surveyors to work between the
Nevada lake and Salt Lake City, three
weeks ago, but this is the first definite
news of their whereabouts.

In connection with the Western Pa-
cific Mr. Rydalsen states that there is
a party at work boring for water in
the vicinity of Lookout Pass. This
party has driven a number of bores
and is still hard at work. Residents of
Grantsville affirm that the work is be-
ing done for the Western Pacific. As
the point indicated, however, is miles
south of the contemplated route the
theory of a local engineer is probably
the correct one.
"I think the Western Pacific has
a party out," he said, "but what in-
terest would they want to be boring
for water before they had definitely
located the route. It is against all
ethics of surveying. If the truth be
known the party is out after coal.
There is considerable showing at that
point and there has been a lot of quiet
prospecting right in where the party is
at work. In fact there is somewhat of
a flurry locally over it. I would just
bet that some fellows have taken a
wellboring outfit out with them and
are sinking for coal signs."
