

## COALITION BEAT SENATOR HOPKINS

Election of Rep. Lorimer to U. S.  
Senate Effected by Combine  
With Democrats.

BALLOTING WAS EXCITING.

Ninety-fifth One Decided Contest  
Which Has Been Dragging Along  
Since January 20 Last.

Springfield, Ill., May 26.—Congressman William Lorimer of the Sixth congressional district, was elected United States senator today by the joint session of the general assembly. The election of Lorimer came about through a coalition of Democratic assemblymen and anti-Hopkins Republicans. The hour of representatives through the hours preceding the close of the deadlock was crowded with a host of politicians. Strong efforts were made by former Senator Hopkins' aides to head off the break to Lorimer, but they were unavailing. The vote of Mr. Shuttles, the eighty-ninth representative to vote for Lorimer, made the 101st vote, the vote which made the election of Lorimer absolute. Two house members did not vote—Daley and Hope—and with Senator Schmitt absent, the total voting strength of the joint session was 200, fifty in the senate and 150 in the house.

With cheers filed the hall when the decision was announced.

The balloting was attended by suppressed excitement and some confusion.

SHIFTING BEGINS.

The first Republican to shift to Lorimer was Senator Bell. Senator Breit followed, and explaining his vote, said that Lorimer could not represent the people and always was a consistent Republican.

As the balloting progressed, Lorimer constantly showing gains, many of the senators explaining their votes, Senator Foley, Democratic, protested against the election of a bi-partisan candidate.

Bursts of oratory punctuated the roll call, and some of the Democratic representatives took their brothers in the faith to task for deserting the banners of strict Democracy. Representative Donahue prophesied that the Democrats who voted for Lorimer would be met at the outskirts of their home districts with shotguns.

While the voting was progressing Lorimer, calm and apparently unexcited, strolled through the corridor back of the speaker's stand, seemingly the coolest and most unconcerned man in the whole excited place.

While the roll call of the house was progressing, Representative Chipperfield left his seat apparently to enforce the rule, while house policemen sought to quell the excitement.

"I invoke the rules of the house," Chipperfield shouted. Representative Bailey objected. Repeated blows of the gavel brought order and the rules giving ex-state officers the privileges of the floor were read.

Representative Shanahan then declared the objection should be to ex-state officers "lobbying" on the floor and not to their presence.

efforts which had failed, the audience, usual at the joint session, was absent today, many of those who came yesterday refusing to attend in the belief that no election was coming. In the many joint ballots of the deadlock nearly 150 candidates have been listed for the office of United States senator, the great majority of them being Democrats.

Of the 89 house members who voted for Senator Lorimer, 47 were Democrats and 42 Republicans.

In the senate six Democrats voted for Lorimer.

NINETY-FIFTH BALLOT.

On the ninety-fifth joint ballot the total vote was:

Name	Senate	House	Total
Hopkins	24	46	70
Lorimer	19	89	108
Stringer	7	15	23

William Lorimer elected with 108 votes.

Although William Lorimer's progress in politics has been steady and consistent, he never can be president, for he was born in England.

Mr. Lorimer was born in 1861, and at the age of 5 years he was brought to this country by his parents. In his early days he worked as a sign painter's apprentice, a laborer at the stockyards, and a street car conductor. Meanwhile he became a political factor. He became a contractor, was called the "blonde boss" in the newspapers and was counted on to deliver the packing house district for the Republican ticket. In 1885 he was elected to the Fifty-fourth Congress, where he has remained, with the exception of one term, ever since.

A. W. UNTHANK DEAD.

Los Angeles, Cal., May 27.—A. W. Unthank, a civil engineer, is dead here. He was engaged in surveying about the Great Lakes during the Civil war. Later he was employed in making the preliminary survey for the Union Pacific railroad and after that was engaged by the Peruvian government in constructing the highest railway in the world.

Unthank has traveled extensively throughout Alaska and China, making a survey of the great wall of China. He was later a professor of civil engineering in the emperor's college in Tokio.

## SENATE DISCUSSES SUGAR SCHEDULE

McEnery of Louisiana Made an  
Earnest Plea for Stiff Protec-  
tion on General Principles.

BRISTOW FOR A REDUCTION.

Mr. Smoot Gave Figures on Profits  
—Exploded Clay's Myth About  
Pres. Smith's Salary.

Washington, May 26.—For more than seven hours today the senate discussed sugar, as that subject is involved in the pending tariff bill. Beginning with an effort by Senator McEnery, the Louisiana Democratic protectionist, there were four set speeches. Three supported the sugar schedule as reported from the committee on finance, while the fourth was a plea for material reductions.

Completing his speech of yesterday, Senator McEnery made an earnest plea for stiff protection, not only because of the necessity for such a policy in the interest of the taxpayer, but because, he declared, such a course would render the United States independent of other countries. He asserted that there had been a change of sentiment in the south on the subject of protection.

Senators Burrows of Michigan and Senator Smoot of Utah, both members of the finance committee, also spoke in support of the committee's action. Mr. Smoot presented a carefully prepared analysis of the situation, and Mr. Burrows appealed more particularly to popular sentiment. The Michigan senator charged the sugar trust with an attempt to establish a reputation for fair dealing by pretending to be in alliance with the beet sugar interests, which, he said, was not the case. He asserted a reduction of duties would destroy the beet industry, and thus render it necessary to send \$100,000,000 a year out of the country for sugar.

MR. BRISTOW FOR REDUCTION.

Mr. Bristow, the new senator from Kansas, was the only advocate of a reduced rate. He presented an amendment, eliminating all reference to the Dutch standard in determining the grade of sugar. Referring to the attitude of the so-called "progressive" senators, Mr. Bristow declared that the sugar trust was not sufficient to make it possible for the German sugar to compete, considering the quality of the American sugar.

Holding up to the view of the senate a bottle of dark crystallized sugar, he said it was a product of Java and sold largely in England.

"Has not that very sugar driven out of existence the sugar refineries of England?" inquired Mr. Smith of Michigan.

Mr. Bristow did not know about that,

## Mme Yale's Hair Tonic

This well known toilet article is extensively used and highly recommended by men and women everywhere. It is a standard article of lasting reliability. Mme. Yale says: "I can conscientiously recommend my Hair Tonic to all who are in need of an article of this kind. I have used it myself for over thirty years, and the perfect condition of my hair and scalp is sufficient proof of its excellent and harmless efficacy. Hundreds of thousands of people all over the civilized world will say as much in favor of Yale Hair Tonic as I can." Yale Hair Tonic is good for Falling Hair, Thin Hair and Gray Hair. It is also recommended for Scalp Treatment.

## A MOST EFFICIENT HAIR DRESSING

For the perfect grooming of the hair, nothing excels Yale Hair Tonic. It gives the hair a delightful texture, gloss, softness and richness of tint. Every one can use it with decided benefit to hair and scalp.

but he declared that if such Java sugar could be brought into the United States it would permit the American people to use it, "without paying toll to the American sugar refinery."

"The Dutch standard alone, with its attendant evils," he said, "prevents the importation of such cheap brown sugar."

"I cannot, as a United States senator, say to the American citizen that he cannot buy a cheap brown sugar if he wants to do so," declared Mr. Bristow. "To do so would be a tyranny that the American citizen will not stand."

Mr. Bristow declared that the actual differential received by the trust on refined sugar has been increased from 2 1/2 cents per hundred pounds to 6 1/2 cents per hundred since the Dingley law went into effect.

Mr. Smith of Michigan insisted that the beet sugar grower needs encouragement, and anything threatening to reduce the price of sugar beets would destroy the industry.

Senator Burrows said that the sugar trust, in order to injure the beet sugar industry, had spread the report among senators that it is in league with that industry. Mr. Burrows presented communications from all the beet sugar factories in Michigan, denying that the

sugar trust had any interest in any of them.

## MR. SMOOT ON SUGAR TRUST.

Mr. Smoot asserted that the proportion of interest of the sugar trust in the beet sugar industry was less than 30 per cent. He proposed, he said, to show that neither the dictatorship nor the profits of the trust were enormous, as claimed. From 1900 to 1904, he said, beet sugar factories had increased in number, but the uncertainty of legislation had prevented a later increase.

Mr. Smoot declared that the market prices from which he quoted showed conclusively that the American consumer gets an advantage of at least 16 per cent of the 20 per cent concessions on sugar coming into this country from Cuba. He insisted that the sugar trust does not own any sugar land in Hawaii, Porto Rico or Cuba, from which free or concessionary sugar is received.

Under the English policy, he said, that country's refining industry had been reduced from 97 per cent to 45 per cent of the home consumption. Concerning the profits of the sugar trust in refining, Mr. Smoot calculated that instead of being \$5,749,290 a year, as reported by a trade journal, they were \$1,357,545 less than that. He quoted the prices of sugar for the last nine years to show that under the Dingley law they had been reduced. The beet was, he said, to reduce further the price was to encourage the building of beet sugar factories and the production of sugar in this country.

## CLAY STORY EXPLODED.

Referring to the charge recently made by Senator Clay that President Smith of the Mormon Church fixed the price of beets, Mr. Smoot said that if this were so, Mr. Smith might justly be hailed as the farmers' friend, since the farmers are so well satisfied with the conditions that they seek to increase the beet yield. He added that instead of \$20,000 annually, Mr. Smith receives as his salary as president of the Utah Beet Sugar company not more than \$2,400.

Mr. Smoot declared the "sugar trust" could be curbed by \$50 to 400 beet sugar factories. These, he said, can not be consolidated into a trust. He stated that the beet sugar industry would perish unless it continued to receive reasonable protection "until such time as through the prevalence of superior methods, it will be able to stand alone."

He declared that neither the cane industry of the south nor the beet sugar industry could survive at present under a reduction of the tariff.

He called attention to the fact that where, as during the last few years, flour has almost doubled in value, and meat, clothing and other necessities of life have increased substantially in price, sugar costs less than it did 10 years ago.

Before backache becomes chronic  
Before serious urinary troubles set in.  
Doan's Kidney Pills will do this.

Here is Salt Lake City testimony to prove it.

O. E. Moody, living at 30 south Sixth West St., Salt Lake City, Utah, says: "I do not think there is another remedy on the market today which will cure backache as quickly as Doan's Kidney Pills. My back had given me trouble for six months. If I stooped over I became stiff and lame, and it was with difficulty that I could arise. Sharp pains would start at my kidneys and radiate throughout my body, causing me much suffering. Deciding to give Doan's Kidney Pills a trial, I procured a box at the F. J. Hill Drug Co. They gave me relief at once, so I continued taking them and was absolutely and permanently cured of the trouble. It is a year since I used Doan's Kidney Pills and I have not had a return of the complaint since." Price 50 cents by all dealers. For sale by Foster-Milburn Co., Buffalo, New York, sole agents for United States. Remember the name—Doan's—and take no other.
