

THE S. P.'S GREAT AND GOOD WORK

Handled 1,635 Cars of Supplies
For Relief of Fire
Sufferers.

AND DID IT GRATUITOUSLY.

Wonderful Record Which Disproves
Frequently Uttered Slander That
Corporations Have no Souls.

San Francisco, May 23.—According to the report of the statistician of the Southern Pacific, that company, up to and including May 19th last, had handled free into this city 1,635 cars of supplies for the relief of the fire sufferers. The entire country responded to the appeals for help.

California rose mightily to the occasion. Sixty-seven cities and towns of the Golden State gave a carload or more of provisions to the Southern Pacific to transport to San Francisco within 10 days after the disaster. Hardly less remarkable is Oregon's record. Down over the Shasta route 20 Oregon cities sent in carload or more of supplies to San Francisco before the end of April.

Of the eastern states sending generous contributions in carload lots, the Nebraska system, availing themselves of the offer of free transportation, secured for Nebraska the first place among the eastern states in the number of cities contributing a carload or more. Up to the end of April 23 cities and towns in Nebraska had collected and forwarded a carload or more each of provisions for San Francisco.

The largest single item carried was four, of which over 6,000 tons were brought to San Francisco between April 10 and May 19. In the three weeks succeeding the fire the potatoes delivered aggregated 127 cars, or 15 loads for every inhabitant of the city. Canned goods amounted to about 10 rounds each. The provisions and supplies that had no other designation tallied over 14,000 tons before the 10th of May, or 40 pounds for every resident of the city.

CASSATT MAKES DENIAL.

Declares Most Emphatically That He
Intends to Resign.

New York, May 23.—A cable dispatch to the Herald from London says: A. J. Cassatt, who arrived in London from America several days ago, emphatically denied yesterday that he had any intention of resigning the presidency of the Pennsylvania railroad.

Mr. Cassatt was much surprised to learn that rumors of his retirement had gained wide circulation in New York and Philadelphia financial circles.

"You can say authoritatively for me that I have no idea of resigning," he declared. As to recent revelations involving officials of the Pennsylvania and Mr. Cassatt was reluctant to say anything, but intimated that the disclosures would not drive him out of office. He leaves for Paris today.

GREED AND GRAFT DECRIED.

Railroad Official Denounces the Taint
Of Modern Business.

New York, May 23.—A special to the Herald from Philadelphia says:

At the dinner celebrating the fiftieth birthday of W. R. Taylor, secretary of the Philadelphia & Reading company last night, Geo. F. Baer, president of the company, aroused intense interest among the diners by his pointed remarks. Mr. Baer said in part:

"No one regrets more than I the evident lowering of American business ideals. That such ideas have been lowered is evident by the fact that confronts us every day regarding the graft and the unprincipled conduct and the actions of great corporations.

"Just now the public attention is being held to the railroads.

"In the midst of the disclosures regarding the taint that affects the officers of other railroads I am glad to be able to say that the Philadelphia & Reading is as free from criticism as any guild of railroad men in the United States or elsewhere.

"The railroad companies are trustees for the investment of thousands and thousands of men and women, and the officers of the railroad companies

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

A mother should come to her child's aid at this critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

"Dear Mrs. Pinkham: I want to tell you that I am enjoying better health than I have for years, and I owe it to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three months had soreness and pain in my side. Doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound recommended, and after taking it I was enabled to improve rapidly, and I think I saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

"If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass. She will put her on the right road to a healthy, happy womanhood."

"Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women."

should be men who will look after these interests carefully and hold fast to honesty.

"Those who know us not believe us to be tainted, but those who come investigating us will be surprised.

"They will not find us as others. They will be able to find no wrong in even the slightest part of our management. We do not ask to be excused from the wickedness of human nature, but we hold ourselves responsible for knowing if that wickedness exists and to remove it."

C. & S. TO EXTEND.

Surveyors Now at Work on Piney
Creek Headed for Montana.

(Special to the "News.")

Sheridan, Wyo., May 23.—A party of Colorado & Southern surveyors are at work on Piney creek, and their presence is taken as conclusive proof that the company will extend its Cheyenne-Orin Junction line on through Sheridan and Johnson counties to the Montana and Canadian country. The surveyors would say very little as to the objects of the survey, but as great care is being taken in the work, it is believed the route now being surveyed will be the one followed by the track. Right-of-way men have been in the country negotiating for right-of-way and grounds for stations, terminals, etc.

They will be issued in French currency and will run from 15 to 20 years. The issue has been placed readily in Paris on a 4 per cent basis.

SIGNIFICANCE OF DUBOIS FIGHT.

How State Committee Controlled
By Him Lopped Off "Mor-
mon" Votes.

THE DEMOCRATIC CONVENTION

Will be Ruled by the Idaho Senator
Under the Apportionment and
He Will be Nominated.

Under present date, a special to the Herald from Boise, Ida., says:

The significance of Senator Fred T. Dubois' fight on the Mormon Church is shown in the manner in which the Democratic state committee, controlled by Senator Dubois' friends, reduced the representation of the six Mormon counties in the Democratic state convention. The Mormon counties will cast 49 votes out of a total of 244 in the Democratic convention. In the Republican convention they will cast 79 votes out of a total of 220.

The Democratic apportionment is based upon the vote cast in 1904 for Henry Heitfeldt for governor. Senator Heitfeldt ran that year on a distinctly anti-Mormon issue, with the result that he was badly cut by Democrats in the Mormon counties. Under the apportionment fixed by the Democratic committee, those Democrats who cut Heitfeldt in 1904 are being punished by having their representation reduced in the convention, while the representation of the Gentile counties, which gave Heitfeldt the normal Democratic vote or more, have had their representation augmented.

The vote of the Mormon counties of Idaho in the Democratic convention will be as follows: Blaine, 10; Bear Lake, 3; Cassia, 7; Fremont, 11; Oneida, 8; Blingham, 10. Total, 49.

In the Republican state convention the vote of the same counties will be as follows: Blaine, 18; Bear Lake, 11; Fremont, 26; Cassia, 9; Blingham, 20; Oneida, 15. Total, 99.

In Blaine county, where Senator Dubois lives, the Gentile Democrats are in control of the Democratic organization and have mapped out a plan to prevent the Mormon Democrats from voting in their primaries. This means, therefore, that Gentiles will name the delegation to the state convention from a Mormon county and reduce the total representation from the Mormon counties from 49 to 39. It means that there will be only about one-third as many Mormon delegates in the Democratic convention as there will be in the Republican convention.

Under the apportionment as agreed upon by the Dubois men will have no difficulty in controlling the Democratic convention, that body will nominate Senator Dubois as the party candidate for senator and it will nominate Chief Justice C. O. Stockslager of the state supreme court for governor. He is the Dubois candidate, and in fact, the

Mrs. Emma Fleissner, 1412 Sixth
Ave., Seattle, Wash., Worthy Treas-
urer Sons of Temperance, writes:

"I suffered over two years with irregular and painful periods. My health was in a very precarious condition and I was anxious to find something to restore my health and strength."

"I was very glad to try Peruna and delighted to find that it was doing me good. I continued to use it a little over three months and found my troubles removed."

"I consider it a splendid medicine and shall never be without it, taking a dose occasionally when I feel run-down and tired."

Our files contain thousands of testimonials which Dr. Hartman has received from grateful, happy women who have been restored to health by his remedy, Peruna.

Revised Formula.—"For a number of years requests have come to me from a multitude of grateful friends, urging that Per-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Per-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character."

"S. B. HARTMAN, M. D."

only man considered for the place. The convention, under the apportionment, will likely adopt any plank on the Mormon question which Senator Dubois may write.

A Trade Yarn:

There's a great deal of fiction in advertisements now days, but fiction founded on facts and lodging with fair minded people.

Our yarn is this: Last week a prominent New York hat manufacturer made us an offer on an assorted lot of fine Java hats in all the latest, newest blocks, at one price. Anxious as we are to lead in style and popular prices we bought the "pig in the poke." The "pig" is here, it's a beautiful surprise.

As an advertising feature we intend to let these goods go in the same way we bought them. RIDICULOUSLY CHEAP. A popular price on a \$10 or \$12 trimmed Java hat would be \$5. That's the price decided upon except where a fine ostrich plume or Algrete is used.

It's worth a trip to our store to find out how much fiction there is in this trade yarn.

Don't forget the place.
