Organization Perfected and Plans For Erecting Independent Smelter Laid.

# SENATOR CLARK WITH THEM.

Raised \$100,000 on Spot and Assurances Given That \$1,500,000 Can Be Had by Feb. 17,

Helena, Mont., Jan. 17 .- That an independent smelter is to be erected in walena by the mine owners of the state of Montana seemed an assured fact After perfecting a temporary organigation today, to be known as the Montana Mine Owners' association, 12 leading mine operators tonight raised \$100,000, and one member, M. L. Hewitt, temporary president of the organization, agreed to secure an addional \$100,000 within one week for the erection of the propesed smelter in this dty. The operators, it is said, are also assured that former United States Senossured that former onliced states sen-ator William A. Clark will subscribe to a large block of stock. The personnel of the executive com-

named late today, it is pointed the mine owners, is a certain the that the movement in this out by the guarantee that the movement in this state to operate the mines without in state to operate the mines without in the least relying upon the American smelting & Refining company to han-dle the ores will be a success. The committee consists of M. L. Hewitt, chairman; W. G. Conrad, one of the most extensive mine operators in the United States; A. F. Spriggs, H. L. Frank, former United States Senator W. A. Clark, Benjamin E. Phillips and F. K. Linderman, F. R. Linderman.

M. L. Hewitt, temporary president, aid tonight: "Montana leads all states in its min-

eral output and the mine operators are determined not to be hampered by ar-bitrary action of the smelting trust. We are determined to erect an independent smelter near Helena. Even though the American Smelting & Re-fining company should, in the face of the present movement, decide to give reasonable rates there would even then be far more ore than the East Helena plant can possibly handle. In view of these conditions an independent smel-ter/will certainly be established at

at which time our permanent organiza-tion will be completed." In order further to increase the meni-bership of the body and make it more general, the convention this afternoon adopted the report of the permanent organization committee to the effect that another meeting be held here a month hence and that temporary or-ganization continue until that time. Resolutions of great importance to the mining industry in Montana were adopted and in conformity with them committees to make investigations were appointed. Alleged highly exorbitant smelter and transportation rates, en-tries upon forest reserves and the clas-sitication of mineral lands, by which it is alleged the Northern Pacific se-cured title to vast tracts of mineral bards were double with or heavet. cured title to vast tracts of mineral lands, were dealt with at length. A committee was appointed to investigate the classification of lands and adjourn-ment was taken until Feb. 17. J. F. ment was taken until Feb. 17. J. F. Calbreath of Denver addressed the con-vention at length, urging co-operation among western interests to comba the American Smelting & Refining com combat pany, which he characterized as a most vicious trust.
