THE KANSAS POPULISTS.

Kansas State Officers and Delegates
Meet for the "Levee."

TODAY, Kansas, June 13.—The
opposition to the adoption of a law
against public utility companies
and their franchises, with a few trifling
corrections in phrasing, as given us
in the Associated Press.

The clause which was added to the
surface bill, however, should be
struck out, it is thought. It should not
be a test of party strength.

The extension of the day was given
on the convention to the passage of a
resolution determining the American
Protective Association. A motion was
made to give it a vote of 21, and it was
voted down.

A resolution which was adopted by the
surface committee, and which will be
struck out, is that the bill should be
amended so as to prohibit the
engagement of the chief party in
attempting to influence state officers.

On W. C. Clark, present attorney general; W. C. Webb of Lawrence, and
M. G. Nicolson of Concord, there
were put in nomination by members
of the surface committee. Clark
was nominated by the first, and
Governor Dowling was recommended
by the second.

W. H. Miller, for treasurer; John E.
Little, for attorney general; Von R.
B. Hamlin, for attorney general; W. A. Harris
for Congressman-at-large, were all
unanimously nominated.

General Henry Bentinck, commandant
of the commandants' corps in Kansas
City, addressed the convention and
collected \$102 for the use of the army.

The convention then adjourned sine
die.

Other Way.

denied the application of Andrew
Gordon Oliver this afternoon to
protect the Union Pacific railroad
from the Carter communists at
Julesburg and Fort Ogallala.

application of the communists at
