

SAN DOMINGO'S DEBTS TO BE PAID

Secy. of War Will Present Names To President of Republic Who Will Select Collectors.

ARRANGEMENT IS TEMPORARY.

Money Collected, Not Turned Over to Dominican Govt. to be Held Awaiting Action of Senate on Treaty.

Washington, March 28.—President Roosevelt has decided to accept the proposition of the Dominican government, made through Minister Dawson, for the control of the finances of that republic with a view to setting aside a portion of the revenues of the republic for the payment of its debts.

The attitude of the United States government is shown in the following instructions given to Acting Secy. of War.

White House, Washington, D. C., March 28, 1905. "The Acting Secretary of State—I have carefully considered the following cablegram from Minister Dawson: 'Secretary of State, Washington: 'Under pressure of foreign creditors and domestic peril, Dominican government offers to nominate a citizen of the United States receiver of southern ports pending satisfactory protocol; four northern ports to be administered under northern control; forty-five per cent of the total shall go to Dominican government, 55 to be deposited in New York City for distribution after satisfaction. Creditors agree to take no further steps in the meantime and receiver to have full authority to suspend importers' preferential contracts. Italian, Spanish, German and American creditors, except the San Domingo Improvement company, accept unconditionally. Belgian and French representatives will recommend acceptance. Some modus vivendi absolutely necessary. I am ready to start to Washington on the 28th to explain the details and modifications to the plan obtainable; the whole matter can be held open during my absence.' DAWSON."

I direct that the minister express assent to the proposal of the government of Santo Domingo for the collection and conservation of its revenues pending the action of the United States senate upon the treaty to the end that the same be put in effect and shall take place in the situation which would render useless its consummation or bring complications into its enforcement. The secretary of war of the United States will present for nomination by the president of the Dominican republic men to act in the positions referred to in both the northern and southern ports. The utmost care will be taken to choose men of capacity and absolute integrity, who, if possible, shall have some knowledge of Spanish. All the moneys collected from both ports over to the Dominican government will be deposited in some New York bank to be designated by the secretary of war and will be there kept until the senate has acted. The money in the interim, the money will be there turned over to the Dominican government. If it is favorable, it will be distributed among the creditors in proportion to their just claims under the treaty. Meanwhile Mr. Hollander will thoroughly investigate these claims, including the claim of the American Improvement company, and will report in detail all the information he is able to gather to the amount actually received by Santo Domingo, the amount of the indebtedness nominally incurred, the circumstances so far as they are known under which the various debts were incurred, and so forth.

"This action is rendered necessary by the peculiar circumstances of the case. The treaty now before the senate was concluded with Santo Domingo at San Domingo's earnest request, repeatedly pressed upon us, and was submitted to the senate because in my judgment it is the duty to our less fortunate neighbor to respond to her call for aid inasmuch as we were the only power who could give this aid, and inasmuch as her need for it was very great. The treaty is now before the senate and has been favorably reported by the committee on foreign relations. It is pending and final action will undoubtedly be taken when Congress convenes next fall. Meanwhile Santo Domingo has requested that the action be outlined be taken; that is, she desires in this way to maintain the statu quo, so that if the treaty is ratified it can be executed. With this purpose in view, I direct that the proposed arrangement be approved. It will terminate as soon as the senate has acted."

WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced

EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good

"I was troubled with sore hands, so sore that when I would put them in water the pain would nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything, but could get no relief. I tried at least eight different doctors, but none did me any good, as my hands were as bad when I got through doctoring as when I began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heart-sore. I would feel so bad mornings, to think I had to go to work and stand the pain for ten hours, I often felt like giving up my position. Before I started doctoring I would have to wrap every finger up separately, so as to try and keep them soft, and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves; in fact, I had to wear gloves all the time. But thanks to Cuticura, that is all over now."

CURED FOR 50c.

"After doctoring for three years, and spending much money, a 50c. box of Cuticura Ointment ended all my sufferings. It's been two years since I used any, and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

"THEODORE ROOSEVELT" MOVEMENT AGAINST MORALES.

Washington, March 28.—Intimations of a projected movement against President Morales of San Domingo, fomented by exiles from that country, reached the state department several days ago. The affair, however, is not giving the officials here any uneasiness as they now feel free, in view of President Roosevelt's acceptance of the Dominican government's proposition to control the finances of that country, to assist, and, it is said, will assist President Morales in the future. Their movement was known to the state department and when they left that place several days ago their departure was promptly reported to Washington. The district of Mont Christ is said to be the hotbed of revolutionists in San Domingo and it was believed Barba and his associates would head for that section. Their reported arrival there consequently caused by no means surprise to the Washington officials. The navy department has several vessels in Dominican waters and, under direction from the state department, if requested to do so by President Morales, will lend its co-operation in preserving the peace of the country so that its finances may be restored to a settled condition.

DENIAL BY HAYWOOD.

Doesn't Expect to Replenish W. F. of M. Treasury.

Denver, March 28.—William D. Haywood, secretary-treasurer of the Western Federation of Miners, emphatically denied today the statement attributed to him to the effect that he expected to replenish the treasury of that organization with contributions sent by other unions to aid the strikers in Colorado.

"The Western Federation of Miners from July 1, 1903, up to Jan. 1, 1905," said Mr. Haywood, received from sources outside the union the sum of \$128,628. Outside of the United Brewery Workers and the United Mine Workers, the American Federation of Labor contributed a very small proportion of the sum received.

"We have put into relief funds in Colorado and into the distribution of them practically the whole of the amount collected, and my annual report, printed after the annual meeting of the federation board, held here early in the year, gives a detailed statement of all receipts and disbursements. 'President Gompers is needlessly excited over the plan to organize an international industrial union. We are merely planning a broader union than any now in existence. There are 20,000,000 miners in the United States. Approximately 1,000,000 are members of a union. The unions limit the number of apprentices and then refuse a man a union card unless he has served an apprenticeship. We propose to organize the workers everywhere. We are not attacking the unions formed in skilled trades. In fact, they are not eligible to membership. Ours will be an industrial union which will include in its membership all men working in any branch of a trade or industry.'"

BAT MASTERSON.

Sworn in in New York as a Deputy U. S. Marshal.

New York, March 28.—William B. Masterston, known as "Bat" Masterston, was sworn in here today as a United States deputy marshal. He was recommended for the appointment by President Roosevelt. Masterston said he hoped to make a good record in his new position. Incidentally, he expressed the opinion that there is more carrying of concealed weapons in New York than in the west.

"Out where I come from," he said, "a man does not carry a gun unless he wants to use it. Out there the game is to leave your gun at home. Then when a fellow draws a bead on you, you can throw up your hands and show him you are unarmed. He won't shoot if you do that."

"But here in New York every little sneaking son of gun who has got the price of a pistol buys one and carries it. You can't go into a restaurant or cafe in this town without seeing a dozen cheap sports with guns twisted in their hip pockets. Why, they could not get them out in an hour, and if by hard work they did manage to yank one of these fire pieces they could not hit their mark. Where there's one murder in the country I come from there's a dozen here."

BALFOUR'S FISCAL POLICY CENSURED

Vote Was Unanimously Carried In House of Commons Last Night.

MINISTERIALISTS ABSTAINED

Opposition Hoped that the Government Would Take Up the Challenge.

London, March 28.—In the house of commons tonight a vote of censure of Premier Balfour's fiscal policy was unanimously carried, ministerialists abstaining from voting.

The session was a repetition of the session of March 22, when a resolution introduced by Mr. Ainsworth (free trade Liberal), condemning the government's proposition to impose a general duty on manufactured goods, was carried by a vote of 254 to 2. The ministerial front benches tonight were entirely deserted, and only about a dozen Unionists, principally free traders, were present, when Mr. Walton (Liberal), moved a resolution as follows:

"In view of the declaration made by the prime minister this house thinks it necessary to record its condemnation of his policy of fiscal retaliation."

The opposition had hoped that, in view of the fact that this was a vote of censure, the government would take up the challenge and would not adhere to its declared intention of ignoring fiscal resolutions of private members, but Mr. Balfour decided to be drawn out, and the opposition were driven to address denunciatory speeches to empty benches and reap the indirect benefit of the effect of the government's refusal to fight when challenged.

Mr. Walton's motion was carried without a division. In reply to an inquiry by Sir Henry Campbell Bannerman, the speaker said the motion should be recorded as carried nem. con.

At a cabinet meeting held March 21 it was decided that in future the government would not use pressure upon its followers in regard to the opposition's resolutions framed to commit the government on the fiscal question. The followers of Joseph Chamberlain took similar action and decided not to take part in debates or divisions on resolutions touching the tariff or fiscal questions. The action of the government was equivalent to a declaration that the fiscal question is not a critical party issue.

SENOR AZPIROZ' FUNERAL.

Great Respect Shown the Late Mexican Ambassador.

Washington, March 28.—The profound regard cherished by the American government for the late Senor Don Manuel De Azpiroz found suitable expression at a religious service in his memory held at St. Matthew's church today, which was attended by the president and Mrs. Roosevelt, members of the cabinet, the entire diplomatic corps, the supreme court, senators and members of Congress and many other officials and personal friends of the deceased ambassador.

The body of the late envoy was carried on a caisson from the embassy in I street to the church, accompanied by a military escort in command of Maj. Edward Burt.

Borne on the shoulders of eight body bearers, the casket, wrapped in the Mexican flag, was taken to the foot of the altar, followed by the members of the ambassador's family and ex-Secy. of State and Mrs. John W. Foster. Fastened to the top of the casket were the chaplain and sword of the dead envoy. The services were brief, the Rev. Father Lee officiating, and consisted of a requiem mass and several prayers for the dead.

At the close of the service, the body was removed to the caisson, followed by the honorary pallbearers, who were Count Cassini, the Russian ambassador, Jean of the corps, and Baron Mayor Des Planches, the Italian ambassador. Chief Justice Fuller of the supreme court and Secy. of the Treasury Shaw; the Costa Rican minister, Mr. Calvo, and the minister from Denmark, Mr. Brun. At Oak Hill cemetery brief services were held at the vault, where the body will remain until taken to Mexico for final interment.

Three wooden buildings comprising part of the plant and a car, the latter loaded with powder, being transferred to the Corning mill, were destroyed. The main buildings of the plant were not harmed. The explosion caused a great amount of damage to windows in Valley Falls and Schaghticoke, and the shock was plainly felt in this city. The buildings destroyed were practically new, having replaced those blown up May 10 of last year, at which time two employes were killed.
