Accept None of the Pretended Substitutes FOR ROYAL Baking Powder

BECAUSE inferior and cheaper made baking preparations are sold at wholesale at a price 25 much lower than ROYAL, some grocers are urging consumers to buy them in place of the ROYAL at the same retail price.

If you desire to try any of the pretended substitutes for ROYAL BAKING POWDER bear in mind that they are all made from cheaper and inferior ingredients, and are not so great in leavening strength nor of equal money value. Pay the price of the ROYAL BAKING POWDER for the ROYAL only.

It is still more important, however, that ROYAL BAKING POWDER is purer and more wholesome and makes better, finer, and more healthful food than any other baking powder or preparation.

A Traveling Salesman Loses and Finds \$2,000 Worth of Jewelry.

Salt Lake last night and today has had within her borders one of the most superlatively happy traveling salesmen in the western country. His name is Houghton and he is a representative of H. A. Brier & Company, the jewelry manufacturing firm of St. Louis.

Houghton is usually cheerful and always persistent and successful. He makes good sales and lots of friends and from this time forth he will earnestly thank yesterday he went into the store of Barton & Company, the well known clothing store, and sold a large bill of his stock in trade. On taking his departure he left a large number of jewelry worth about \$2,000. This he expected to send or call for.

During the morning another package similar to the one identified, so far as outward appearance was concerned, arrived at the store for George F. Briggs, traveling salesman for Minneapolis, Kansas & Company, wholesale outfit of New York. Briggs was quartered at the Knottford and saw an expression on the latter's face which led him to inquire. He at once concluded that a package had passed himself off as an salesman and robbed him. He commenced in great haste to search for the package. He at once concluded that a package had passed himself off as an salesman and robbed him.

Police Department Has a New Head During Pratt's Imprisonment.

The imprisonment in the penitentiary of chief Pratt, for contempt, and the departure for El Paso, Texas, of Captain Donovan, who has gone to that city with a view to bringing back Charles Valentine and Mrs. Mulvaney, the slayers, left the city police department temporarily without a head. But that condition of affairs did not last long, and it was well that it did not.

A Veteran's View.

A private letter from Hon. Hadley D. Johnson, now visiting members of his family in Missouri, expresses the hope that he will be able to visit Turkey at some time on the 25th inst., and makes the following comment on an incident of the recent Transmississippi Congress.

EIGHT DOLLARS A SCALP.

That Considered Too High a Margin on a Chicago-Tyler Ticket.

A Chicago dispatch says that transcontinental lines have struck another snag in the proposed restoration of California and Utah rates. By adopting the rates proposed by the Pacific and intermediate points it was found that a scalp of 25 was possible on Ogden business. This was considered too great a profit and it was partially agreed to arrange rates so there should be no greater than a 25 scalp.

Teachers' Pay Day.

The teachers of the public schools were paid today for their November services. A total of 235 warrants were furnished aggregating the substantial sum of \$15,000.

Yours Happily.

The children (100) are practicing, besides 25 of the most attractive young ladies of the city. To be given on December 10th, at the Salt Lake theater.

His "Shop" Was Gone.

Times was an agitated peddler of fruit and general commodities on East Temple street, just below 2 C. M. L. this morning when he turned up for business. For some time past he has been conducting a "shop" at that point. Last night when Mr. Peabody closed up his shop he saw a couple of street Arabs were found helping themselves to the truck's contents.

Appreciation.

Editor Deseret News: As a citizen of Utah, proud of her great natural advantages, as well as the enterprise of her old and new inhabitants, it affords me great satisfaction to notice that people outside of the Territory are beginning to appreciate Utah and her people, and to treat them as equals in every way, and I therefore join the News in its utterance of appreciation as the result of the late Transmississippi congress. Utah is to be congratulated on the fact of having been so noticed and respected.
