THE IMPORTANCE OF THE STOMACH

UPON ITS CONDITION DEPENDS HAPPINESS OR MISERY.

Perhaps one of the most frequent complaints of the stomach is constipation of the bowels, or continuous constiveness.

LEHI. SUCCESSFUL RUN OF FACTORY. Nearly Five and a Half Million Pounds Sugar to Date.

Special Correspondence. Lehi, Utah Co., Oct. 13.—In a conversation with Supp. J. Gardner he said the sugar factory had made 5,450,000 pounds of sugar up to date, and that the mill is working to its full capacity and very smoothly. The latter part of this week they will get down for a clean-up. Many new time and labor saving machines have been introduced in the mill and among the most important is the pulp pump and the bag sewing machine. All the pulp is now pumped out into the silo instead of being taken out in the old way by cars.

drawn by horses. The sewing machine has a capacity of 400 bags per hour and its grand success as it sews the bags much better than by hand as heretofore.

Mr. Parley Austin, Assistant agricultural superintendent, reports 35,000 tons of beets received up to date. He says the beets are making a very fine show. The farmers are jubilant over the prospects of delivering such a fine crop. In Sanpete and Sevier counties they have just commenced harvesting and a very good tonnage is looked for. The Utah and Salt Lake counties have been digging for over a month and about \$80,000 will be distributed to the farmers of these two counties on the 15th of this month, which is the largest October beet pay day in the history of the company.

During the summer a 5,000 ton beet bin has been built with an elevated track and wagon road. The railroad dump cars come in now in the afternoon and are emptied in a short time and are then ready to be taken out to the farmers the next morning to be loaded, thereby saving much time and expense as well as being very satisfactory to the farmer. Farmers here have bought dump wagons and a load of 35 tons of beets can be unloaded in about three minutes.

CATARRH THE CAUSE OF MOST KIDNEY DISEASES.

FRED R. PENNELL.

A Prominent Pianist Went to Hot Springs for Kidney Trouble but Pe-ru-na Cured Him.

Fred R. Pennell, Pianist, Grand Opera House, Hot Springs, Ark., writes: "Two years ago I came to Hot Springs to take the baths and be treated for bladder and kidney trouble. After spending two months here under the care of one of the most prominent physicians and receiving little or no benefit, I was persuaded to try Peruna. I had little faith in it, but after using one bottle I noticed a marked improvement. Three bottles entirely cured me. I can cheerfully recommend Peruna to any one afflicted as I was."—Fred R. Pennell.

Catarrh of the Kidneys a Common Disease—Kidney Trouble Often Falls to be Regarded as Catarrh by Physicians.

Catarrh of the kidneys is very common indeed. It is a pity this fact is not better known to the physicians as well as the people. People have kidney disease. They take some diuretic, hoping to get better. They never once think of catarrh. Kidney disease and catarrh are seldom associated in the minds of the people, and alas, it is not very often associated in the minds of the physicians. Too few physicians recognize catarrh of the kidneys. They doctor for something else. They try this remedy and that remedy. The trouble may be catarrh all the time. A few bottles of Peruna would cure them.

Per-na Removes the Cause of the Kidney Trouble. 'Peruna strikes at the very center of the difficulty, by eradicating the catarrh from the kidneys. Catarrh is the cause of kidney difficulty. Remove the cause and you remove the effect. With unerring accuracy Peruna goes right to their work with perfect regularity.

Thousands of testimonials from people who have had kidney disease which had gone beyond the control of the physician, are received by Dr. Hartman every year, giving Peruna the whole praise for marvelous cures.

Peruna cures kidney disease. The reason it cures kidney disease is because it cures catarrh. Catarrh of the kidneys is the cause of most kidney disease. Peruna cures catarrh, wherever it happens to be located. It rarely fails.

President Louisiana Commercial Club. Hon. William Watson Washburn, President of the Louisiana Commercial Club and a very well known man of New Orleans, La., writes from 687 Canal street: "I am satisfied that there is not a finer medicine placed before the public today than Peruna. I have been troubled for nearly twelve years with kidney and liver trouble, and at times I have had a pretty sick man unable to attend to my duties.

"I had about made up my mind that no medicine could help me when one of your booklets was brought to my office which I read in a leisure hour. I then decided to give Peruna a trial and found that I had at last secured the right medicine for me.

"For two months I used it faithfully and then felt so well that I was like a young man once more. This was over a year ago and I have not had any trouble since.

"Although I am in the seventies, I feel better and more active than I did thirty years ago."—W. W. Washburn.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

One Million Dollars For a Good Stomach

Mr. Rockefeller's Offer Should be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to John D. Rockefeller's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others. Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

There are twenty million men and women suffering with dyspepsia—twenty million men and women whose stomachs are wearing out.

There are no new stomachs for sale any more. We offer these sufferers the next best thing. We guarantee to make their old stomachs almost as good as new.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.
