

RIOTOUS SCENES IN NEW ORLEANS

Caused by Attempts to Run the Street Cars.
 OUTRAGES BY STRIKERS.
 The Belligerent Possession of Non-Union Men and Keep Them Prisoners—May Call Troops.

New Orleans, La., Oct. 7.—The railway company tried to obey the orders of the mayor to run passenger cars this morning, but with almost the entire force of city police concentrated at the scene of action, the four cars started to get no farther than five squares from the Canal street barn and the attempt was abandoned for the day.

In a disturbance at Tontit street, a car was held up, F. A. Strenck of Chicago, a non-union conductor, was hit on the head with a brick and badly hurt, and he and three others were badly taken possession of by the strikers. Two were kept prisoners at the union headquarters all day, and another of the non-union men who was badly hurt, was taken to the hospital. The other two were taken to the strikers.

A non-union man who had been a member of the company, became a member for the company, because he was hit on the head with a brick and badly hurt, and he and three others were badly taken possession of by the strikers. He is to be kept prisoners all day.

Four cars were started with non-union conductors, while 100 armed strikers were in the vicinity. When the first car reached Tontit street, the strikers got possession and made a day with ease. The police were not able to resist the assault. A non-union man who had been a member of the company, became a member for the company, because he was hit on the head with a brick and badly hurt, and he and three others were badly taken possession of by the strikers. He is to be kept prisoners all day.

SAM ARNOLD DEAD.

He Convicted of Participation in Lincoln's Assassination.
 Baltimore, Oct. 7.—Sam Arnold, 72 years old, who was convicted in 1862 of participation in the assassination of Abraham Lincoln, is dead at his home in Baltimore. Arnold, along with Dr. Frank McLaughlin and others, was arrested and sent to the Dry Tort for life. President Johnson, after he had been acquitted in the impeachment trial, pardoned Arnold.

Peace War Ended in Peace Pipes.

New York, Oct. 5.—Pipes of peace have been smoked to celebrate the conclusion of the great tobacco war. A treaty, was given by James B. Duke, president of the American Tobacco company, to the directors of the new United-American Tobacco company, at the Carlton hotel.

The Blakely Ordered Sold.

Victoria, B. C., Oct. 5.—The brigantine, which went to Cocos island to hunt for treasure, has been ordered sold by the admiralty court on Oct. 12 to satisfy claims made against her by the crew.

Wells-Fargo Officers Elected.

New York, Oct. 5.—At a meeting in the city of the newly-elected board of directors of Wells-Fargo Express company, Edward H. Harriman has been elected president of the executive committee. Dudley Evans, who has been president since the death of the late President John J. Valentine, was elected president of the Wells, Fargo & Company's bank. Of these, there are three, located in Portland, Salt Lake, San Francisco and New York.

Woman's Nightmare

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This remedy is always available, and has carried thousands of women through the trying crisis without suffering.

THOUSANDS HAVE TROUBLE AND DON'T KNOW IT

To Prove what Swamp-Root, the Great Kidney Remedy, will Do for YOU, Every Reader of the "News" May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

14 West 11th St., New York City.
 Dear Sir: Oct. 15th, 1901.

"I had been suffering severely from kidney trouble. All symptoms were on hand; my former strength and power had left me; I could hardly drag myself along. Even my mental capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, assuring that your Swamp-Root is pure vegetable and does not contain any harmful drugs. I am seventy years and four months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been cured by Swamp-Root for four different kidney diseases, with the same good results."

With many thanks to you, I remain,
 Very truly yours,
 ROBERT BERNER.

You may have a sample bottle off this famous kidney remedy, Swamp-Root.

EDITORIAL NOTICE.—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history, send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you by mail immediately, without cost to you, a sample bottle of Swamp-Root and a book containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. Be sure to say that you read this generous offer in the Salt Lake City Daily Deseret News.

CONGRESS OF FARMERS.

The Twenty-Second Annual Session Opens in Macon, Georgia.

Fifteen Hundred Delegates in Attendance—Pres. Flinders Makes An Interesting Address.

Macon, Ga., Oct. 7.—The twenty-second annual session of the Farmers' national congress was opened in this city today with an estimated attendance of 1,500 delegates, representing every state in the Union. The meeting was called to order by President George L. Flinders, who delivered his annual address. He said in part:

"The granaries of the world are being filled until today we are confronted with the fact that in the United States five and two-thirds million farms are producing one and one-half billion dollars' worth of agricultural products, a sum said to be much in excess of the total income of the farmers at any other time in their history in this country. This year we are raising in the United States as much corn as was raised in the world last year. The education that has been going on in the interest of the agriculturist during the last 30 years has produced wonderful results, but all, or nearly so, are upon one side of the two-sided question, viz.: upon the side of production without touching the question of distribution, or the question of the relation of the agriculturist to the government or governments under which he lives, and by virtue of which he is protected."

"We are living in an age of combination."

No woman's happiness can be complete without children; it is her nature to love and want them as much as she is to love the beautiful and

NO RESUMPTION OF COAL MINING

The Buffalo Conference Brought No Results.

SOME GROUND FOR HOPE.

Communication With Operators by Long Distance Telephone Established.

Buffalo, N. Y., Oct. 7.—The conference between the committee appointed by the National Association of Manufacturers and Prest. Mitchell and his lieutenants, held at the Troquois hotel this afternoon, did not result in any definite plan being agreed upon for the partial resumption of work in the anthracite coal fields, but the members of the manufacturers' committee said that they were greatly pleased with the progress made. The fact that communication was established with the operators by long distance telephone and an appointment made to meet a committee representing them in Philadelphia tomorrow is looked upon as significant, as it had been announced by members of the manufacturers' committee that there existed no understanding with the operators prior to today's meeting and that no step in that direction would be taken until the negotiations with Prest. Mitchell reached a stage where such a meeting would promise results.

Mr. Mitchell this afternoon positively declined to discuss the request made by Prest. Roosevelt that they represent his influence to induce the miners to resume work with a promise of the appointment of a committee to investigate the miners' grievances. It was learned from a reliable source, however, that Mr. Mitchell does not regard the proposition favorably, and that he will decline to ask the miners to resume work under the conditions stipulated. The following gentlemen represented the manufacturers: David M. Parry, president of the Manufacturers' association, Indianapolis; George H. Barbour, Detroit; Richard Young, New York; Frank Leake, Philadelphia; and John Maxwell, Indianapolis.

The miners were represented by Prest. Mitchell, Secy-Treasurer Wilson and District Presidents Nichols, Duffy and Fahy.

The conference was held behind closed doors and only a brief statement was given out at the end of the meeting. The statement is as follows:

"The committee of the National Association of Manufacturers has listened to the explanation of the strike difficulty as offered by a special committee of the United Mine Workers, at the head of which was John Mitchell. The committee has learned what it could of the conditions and now goes to Philadelphia for the purpose of meeting with a committee of mine operators with the idea of getting their side of the difficulty. The National Association of Manufacturers' committee carries no proposition from the Mine Workers, but is no other than the desire to speedily bring about a settlement of this dispute."

(Signed)
 "GEORGE H. BARBOUR, Detroit.
 "DAVID M. PARRY, President."

COLORED REPUBLICANS.

Representatives of Negroes Call Upon President Regarding Their Relation to Party.

He Heartily Disapproves of Efforts to Exclude Those of the South From Politics.

Washington, Oct. 5.—Bishop Alexander Walters of New Jersey, Bishop G. W. Clinton of North Carolina, and Rev. L. L. Caruthers of New York, representing the executive committee of the Free American council, called upon President Roosevelt today to ascertain his attitude toward the movement certain Republicans of the south are making to exclude the negroes from participation in the councils of the party. They were especially solicitous of ascertaining whether the president endorsed the action of the Republicans in North Carolina and Alabama with this end in view. They were presented to the president by Gen. James Clarkson, surveyor of the port of New York.

After the interview the colored men expressed themselves as highly gratified with what the president had said in regard to the question of the colored man. That in appointing them, the president had shown the esteem in which the applicant was held in the community in which he lived would be the first considerations and that they would be glad to be included because of his color. That he heartily disapproved of the efforts of

WANDERERS

Travel Thousands of Miles and Find It at

We go about from one place to another in search of something we desire, without success, and finally find it right at home awaiting us. A mining engineer out in Mansfield, Mo., tells of his experience with coffee.

He says: "Up to the year 1898 I had always been accustomed to drinking coffee with my breakfast each morning. In the summer of that year I developed a severe case of nervous prostration and I took several courses of treatment for it in Toronto, Buffalo and New York City without obtaining any permanent benefit."

"One of the most trying manifestations of the malady was a condition of nervous excitement in which I found myself every day during the forenoon. It never occurred to me to attribute this to coffee until I read an advertisement of yours last fall describing a case similar to my own which had received benefit from the use of Postum Cereal Food Coffee. I at once changed my breakfast beverage from Java and Mocha to Postum and the effect was nothing short of marvelous. After using it less than a week I was free from morning attacks and in six months all my nervous symptoms had disappeared."

"I have demonstrated the fact that by following your directions in making Postum Food Coffee any one can obtain as rich a cup of coffee from Postum as from any of the imported brands, and may rest assured that they will escape the injurious effects of coffee and experience much benefit from the use of Postum." Name given by Postum Co., Battle Creek, Mich.

STRANGER THAN FICTION.

A Remedy Which Has Revolutionized The Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test) golden seal and dextrose. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 3,000 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets. A remedy practically unknown a few years ago and now the most widely known of any treatment for stomach weakness.

The reason for the success of Stuart's Tablets is that they act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating after meals, because they furnish the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by the use of "tonics," "pills" and cathartics which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.

Exports of British Coal.

New York, Oct. 8.—Although the demand from America has had the effect of raising the price of coal on most of the British export markets, the exports show an increase for the past month of fully 100,000 tons and the shipments to America are expected to continue at the same rate. The London correspondent, owing to Sir Michael Hicks-Beach's export duties on British steaming coal, benefit enormously.

A Big Fire in Chicago.

Chicago, Oct. 8.—The two-story brick building occupied by the Pittsburgh Plate Glass company at the southwest corner of Peck street and Wabash avenue, was almost destroyed by fire early today. The loss is estimated at \$250,000.

Attempted Train Holdup Fails.

Guthrie, O. T., Oct. 7.—An attempt was made late last night between Chicago, O. T., and Siding No. 1 to hold up a passenger train. The train was fired into the coaches but no one was hurt. The train had just entered the canyon, where in fact a desperate train robbery was committed by the Jennings gang, when a number of shots were fired at the train. Three rifle bullets passed through the coach windows, causing a panic among the passengers, while several others struck the sides of the car. The engineer increased the speed of the train. There is no clue to the identity of the road agents.

Outlaws Successfully Raided.

Guthrie, O. T., Oct. 7.—Another successful raid has been made by Sheriff Thompson of Cedar county on the Bert Casey gang of outlaws. Hearing of a conference of the Casey gang in Cedar canyon, in the Wichita mountains, the sheriff with twenty-one deputies surrounded the place, capturing eight of the gang after a short fight. Casey escaped by leaving his horse and crawling through the underbrush.

French Mining Trouble.

Paris, Oct. 7.—The national committee of the French miners' federation met here today with the intention of deciding whether an immediate general strike was to be ordered, agitation in favor of such a step having been in progress for some time. The meeting lasted three hours and then adjourned until tomorrow without arriving at a decision.

Basle, a Socialist deputy, who represents an important district of the

CATARRH IS THE CAUSE OF MOST KIDNEY DISEASES

Pe-ru-na Cures Catarrh.

SAMUEL R. SPRECHER.

Samuel R. Sprecher, Junior Beadle Court Angelina, 8122 T. O. C. E., 205 New High St., Los Angeles, Cal., writes:

"I came here a few years ago suffering with catarrh of the kidneys, in search of health. I thought the climate would cure me but found I was mistaken, but what the climate could not do Peru-na could and did do. Seven weeks' trial convinced me that I had the right medicine and I was then a well man. I know of at least twenty friends and members of the lodge to which I belong who have been cured of catarrh, bladder and kidney trouble through the use of Peru-na, and it has a host of friends in this city."—Samuel R. Sprecher.

Catarrh of the Kidneys a Common Disease—Kidney Trouble Often Fails to Be Regarded as Catarrh by Physicians.

Catarrh of the kidneys is very common indeed. It is a pity this fact is not better known to the physicians as well as the people.

People have kidney disease. They take some diuretic, hoping to get better. They never once think of catarrh. Kidney disease and catarrh are seldom associated in the minds of the people, and, alas, it is not very often associated in the minds of the physicians. Too few physicians recognize catarrh of the kidneys. They doctor for something else. They try this remedy and that remedy. The trouble may be catarrh all the time. A few bottles of Peru-na would cure them.

Peru-na Removes the Cause of the Kidney Trouble.

Peru-na strikes at the very center of the difficulty, by eradicating the catarrh from the kidneys. Catarrh is the cause of kidney difficulty. Remove the cause and you remove the effect. With unerring accuracy Peru-na goes right to the spot. The kidneys are soon doing their work with perfect regularity.

Thousands of Testimonials.

Thousands of testimonials from people who have had kidney disease which had gone beyond the control of the physician, are received by Dr. Hartman every year, giving Peru-na the whole praise for marvelous cures.

Peru-na Cures Kidney Disease.

Peru-na cures kidney disease, because it cures kidney disease because it
