SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.
SAVE YOUR HAIR.—The Laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.
BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.
CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.
LYON'S
KATHAIRON,
Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.
Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.
It actually performs these seeming miracles, of which the following is
A FAIR SPECIMEN
I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.
COL. JOHN L. DORRANCE, U. S. A.
In every important respect the Kathairon is absolutely incomparable. It is unequaled.
1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.
BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

Last Night's Dispatches.

FORTY-FIFTH CONGRESS.

SENATE.

WASHINGTON, 14.—It was agreed to consider on Friday next, bills on the calendar not objected to.

Butler submitted a resolution directing the Secretary of the Interior to inquire and report what railroad company, individual or individuals are building a railroad across the public domain in Arizona, and by what authority the road is being constructed. Agreed to.

Davis, West Virginia, called up the resolution submitted by him early in the session to promote the agricultural interests of the country and made a speech upon the subject.

The Vice-President laid before the Senate the proceedings of the convention held in Chicago, in November last, for the promotion of American commerce. That part referring to commerce was referred to the committee on commerce, and that part referring to railroads to the committee on railroads.

The Senate then resumed consideration of unfinished business, being to amend the patent laws, and Matthews stated at length his objections to the bill.

The amendment submitted by Morgan several days ago, providing that whenever the court shall be of the opinion that the suit of the plaintiff or defendant was vexatious or malicious, or the infringement was wilful, the court may award, against the party guilty of such vexatious or malicious conduct, or said infringement such sum, by counsel fees and expense of suit, as it shall deem just and reasonable. Agreed to.

The bill was then laid aside as unfinished business. Adjourned.

HOUSE.

WASHINGTON, 14.—By a vote of yeas 112, nays 105, the Geneva award bill was postponed, and the House went into committee of the whole on the bill for the payment of pensions to survivors of the Mexican and other wars.

The House, in a committee of the whole, amended the Mexican pension bill so as to include within its provisions all the survivors of the Union army in the late war against the rebellion.

Goode moved to embrace in the benefits of the bill officers and privates of the marine service. Adopted.

Sinnickson offered an amendment, granting pensions to soldiers who served 60 days in the military or naval service of the United States in the war of '61 for the suppression of the rebellion.

Williams, Oregon, moved an amendment so as to include survivors of the Oregon and Washington Indian wars in 1865 and 1866. Adopted. On the standing vote on Sinnickson's amendment, the ayes were 87 and nays 79, and on the vote by tellers the amendment was agreed to—96 to 88.

Hewitt, of Alabama, moved to strike out of the bill that portion granting pensions to survivors of the Indian wars, and also the amendment just adopted on the motion of Sinnickson.

Burchard offered as a substitute an amendment striking out of the first section everything but the direction to the Secretary of the Interior, to place on the pension rolls the names of surviving soldiers, including militia and volunteers of the military and naval service of the United States, without specifying any particular war.

Hale offered an amendment to the substitute so as to leave in the section simply the amendment just adopted in relation to war.

Burchard accepted the amendment and a vote was then taken on the substitute by tellers, and resulted 97 to 97. Chairman Deen cast his vote in the negative and the substitute was defeated. The committee without further action rose. The speaker announced the following appointments to fill vacancies in the committees: On judiciary, Forney of Alabama; District of Columbia, Townsend of Illinois; foreign affairs, Acklin; militia, Young of Louisiana; expenditures in the war department, Bailey of New York; expenditures in the department of justice, Young of Louisiana.

The committee on appropriations was instructed to make an appropriation to the widow of the late Julian Hartridge of the amount equal to the remainder of his salary as a member of the Forty-fifth Congress.

The House adjourned, after making Willis' bill to restrict Chinese immigration a special order for the 28th inst.

EASTERN.

Destructive Fire.

NEW YORK, 14.—A fire broke out about 10 o'clock this evening in the large building on the north side of Grand Street, extending from Broadway to Crosby Street, occupied on the lower floors by Howard Sanger & Co's notions store, and upon the upper floor by Naumburg, Kranslauer & Co., clothing dealers. The entire building is in flames. The fire is burning fiercely and spreading rapidly, and the whole block is in danger. Two other buildings are burning and fears are entertained that the flames will spread to the south side of Grand Street. All available engines and firemen from Harlem and Brooklyn are at work. The Pacific bank and Levy Bros'. store are burning.

Heavy Failure.

James H. Prentice, owner of two of the large hat factories in Brooklyn, has failed, and to-day made an assignment; liabilities $200,000. Seven hundred employes are thrown out of employment.

Washington Items.

WASHINGTON, 14.—The ways and means committee, to-day, authorized Chairman Wood to report to the House, with favorable recommendation, the following pending measures: A bill making United States notes receivable for duties on imports. A bill authorizing the Secretary of the Treasury to exchange four per cent. bonds of the United States for six per cent. at the pleasure of the holders thereof, and a bill providing for the remittance of the taxes on insolvent saving banks.

Representative Potter states that he could not, yesterday, introduce the resolution in the House asking authority to examine into the cipher dispatches and an appropriation to pay the expenses attending the proceedings, because the business of the House was interrupted by Representative Schleicher's funeral; nor can he offer the resolution until next Monday, as on any other day unanimous consent is required and this could not be obtained, as he understood that General Butler and perhaps others would object. He says he will therefore offer the resolution next Monday for adoption under a suspension of rules.

The vote by which the House, today, set aside the Geneva award bill to give preference to the Mexican war pension bill is very discouraging to friends of the former and is quite generally considered as indicative of its total defeat. Representative McMahon, who has charge of it, thinks, however, that the majority report, which proposes to refer the whole subject to the court of claims, will be adopted with Frye's amendment, excluding the claims of insurance companies from consideration.

The so-called Mexican pensions bill, includes also all survivors of wars without the Seminoles, Creeks, etc., and survivors of the disturbances of 1835. Whatever these disturbances were was opposed by many republicans to-day, on the ground that the beneficiaries are principally ex-confederates. The greater part of the opposition arises, however, from the consideration that most of the arguments in behalf of this bill apply with increased force to all able-bodied survivors of the war against the rebellion, and that to acknowledge this principle by similar legislation would bankrupt the treasury. The amendment making this provision was attached to the bill as the means to defeat it, and will probably have that effect.

Willis, of Kentucky, just before the adjournment of the House, today, presented the bill and accompanying report of the education and labor committee concerning Chinese immigration, for printing and recommittal, and also obtained unanimous consent for the committee to report back the bill on the 28th inst. for action, as the special order of that day. This order of the House will almost certainly secure a vote upon the measure two weeks from to-day. Pacific coast delegation, aided by members of the committee will, however, vigilently exert themselves to make assurance doubly sure by guarding against the possible displacement of this special order by matters of higher privilege, such as unfinished business, going over under operation of the previous question, etc. Speeches in advocacy of the bill will be prepared by General Garfield, Haskell of Kansas, Morey of Mississippi, and others, besides Willis and several of the Pacific coast representatives, including Horace Davis.

More Investigation.

Kelly testified that the name of Jefferin was forged by D. P. Blanchard, a clerk in the governor's office. None but the witness and Blanchard were present at the time.

By Cox—Did anybody approach you as to the character of the evidence you should give before this committee?

A—I was approached once by a gentleman named Maddux. He was introduced to me by Colonel G. W. Carter, and said he came from the committee. He came to the place where I was stopping and had a conversation with me, the purport of which was that he was employed by high authority from this committee to ascertain what my testimony would be. He offered as an inducement for me to testify, that no questions should be asked to injure me or any of my friends. The object of the committee was, he said, to make political capital for Tilden and Thurman.

The Teller Committee.

NEW ORLEANS, 14.—The democratic members of the Teller committee have complained that, owing to indictments against certain witnesses the taking of testimony for their side would have to be postponed.

Irwin Craigh, of the New Orleans *Times*, and Nimes T. Gordy, sheriff of St. Mary's parish, testified regarding the attack on Newman and the destruction of the election returns. The testimony circumstantially goes to prove that the object of the destruction of the returns was to render the exercise of the appointing power of the governor necessary. The object of attacking Newman was to quiet him regarding the visit paid him a short time ago by Wiley Wilson, who claimed the possession of the returns in Newman's hands by virtue of a telegram he professed to have from the state attorney general.

A Reprieve Too Late.

...when the Governor's reprieve arrived at the jail this morning, a scene of intense excitement occurred, but, although the culprits had only been hanging a few moments, there was no movement toward cutting them down. The telegraph messenger reached the jail door before the drop fell, but no heed was taken to his knocking and ringing, the wife of one of the culprits having been previously extremely violent outside. When the drop fell, the knocking and ringing continued, and the sheriff sent a man out to arrest the parties whom he imagined to be creating the disturbance. It was then found to be a telegraph messenger with a reprieve. A brother of McDonald, who had been kneeling by the scaffold, arose and excitedly charged the sheriff and bystanders with the murder of his brother. The excitement spread, and the sheriff appealed to one of the priests, who exonerated him from blame. Amidst this excitement, and the reproaches of the maddened brother of McDonald, and the wailing of the bereaved families outside, the culprits seem to have been forgotten, and they remained hanging for 30 minutes after the drop fell. There is no reasonable doubt, however, that they were both dead when the reprieve came. After the bodies were cut down they were placed in coffins and given to their families, whose cries could be heard for several blocks, adding greatly to the prevailing excitement.

WESTERN.

Powder Explosion.

SAN FRANCISCO, 14.—The Giant Powder Works of Bandmann, Nielsen & Co., situate about half a mile southwest of the Golden Gate Park, blew up, this afternoon. Four white men and an unknown number of Chinamen were killed. The works were completely destroyed and many buildings in the neighborhood occupied by employes, including the superintendent's residence, were wrecked. The explosion occurred in the nitro-glycerine house.
