

JAPAN'S TERMS PROBABLY HARSH.

Baron Hayashi Can't See Where
People Got an Idea That They
Would be Moderate.

JAPANESE ARE NOT ANGELS

He Says They Have Evidently Been
Mistaken for Such—Japan Ready
To Continue War.

London, July 18.—Baron Hayashi, the Japanese minister here, said to the Associated Press that Russia had appointed good men as plenipotentiaries. Nevertheless, even M. Witte and Baron Rosen had not inspired Japan with confidence in a favorable outcome of the negotiations.

"We do not know," the minister added, "what powers have been delegated to them and after the events of the past 18 months Japan puts faith only in accomplished facts. The terms will be submitted only at the conference. Then we will discover what powers the Russian plenipotentiaries possess."

The Associated Press representative suggested that the general opinion prevailed that the Japanese terms would be moderate.

"I cannot see where the people get such an idea," replied the minister; "the public evidently mistake the Japanese for angels."

Minister Hayashi intimated that Japan was ready to continue the war unless she secured suitable terms. He called attention to the fact that practically the entire sum realized by the last two loans was unexpended and the sale of the island of Sakhalin was not precipitated by the approach of the conference, but was a natural consequence of the Japanese campaign, the plans for which had not been altered since Russia acceded to a conference. An earlier attack on the island was not undertaken principally because of the severe winter and because the summer season was more propitious for campaigning and the establishment of a new government in the island.

PRESIDENT'S WORK CONCLUDED.

Oyster Bay, N. Y., July 18.—No advice, either from this country or abroad, have reached President Roosevelt which would warrant, even by indirect action, a pessimistic view of the result of the forthcoming peace conference between the plenipotentiaries of Russia and Japan. On the contrary, it can be said that such advice as the president has received indicates that the sincere effort on the part of both belligerents would be made to reconcile their differences and negotiate a treaty of peace that will be permanent.

The terms that Japan will propose have not been made known, even to Mr. Roosevelt, and they probably will not be until the conference assemblies as a peace conference. That the terms will not be drastic is believed generally in administration circles.

It is known that the president has intimated to the Japanese government his belief that an agreement with Russia can be reached without serious difficulty, provided Japan's terms are not harsh or of a kind seriously to humiliate her adversary.

The president has indicated definitely that his work as an intermediary between Russia and Japan practically is concluded. He is gratified that he has been able to bring the two belligerent nations together to discuss and consider their differences with a view to the negotiation of a treaty of peace. That he will have an active hand in the conference is regarded as quite unlikely.

The envoy will be afforded every facility and convenience by the United States government for their conduct of their negotiations, but they will be given an absolutely clear field for their conference, a field entirely free from any possible interference.

It is believed the president will not be drawn into controversy between the two sets of plenipotentiaries as the one or the other of the two nations directly interested almost certainly would regard such a contingency as interference.

Some formalities have yet to be observed by the plenipotentiaries, but being the reception of the envoys at Baginore Hill, but when they have been completed, the president will regard his connection with the peace negotiations as at an end.

A HOLD-UP BEATEN DOWN.

Highwayman Robbed Five Men
In an Omaha Saloon, Getting
Several Hundred Dollars.

THEN THEY TURNED ON HIM.

He Fired on Them, Was Finally Caught
And Then Hammered Into
Unconsciousness.

Omaha, July 18.—A man giving his name as Frank Leonard of Peoria, Ill., tonight held up and robbed five men in a drug store at Twenty-fourth and Seward streets, taking several hundred dollars in money and jewelry from them. He backed out of the drug store and the five gave chase.

A running fight followed, during which the highwayman fired five shots at his pursuers without effect. They hurled bricks and other missiles at the fleeing man, finally capturing him.

A hand-to-hand fight ensued when they came up to Leonard, in which Francis Hande, from whom the robber had taken a diamond and some money, was badly beaten on the head with a revolver.

Leonard was beaten into unconsciousness and carried back to the drug store, and later taken to jail by the police. He may not recover.

ZEIGLER'S WIDOW AT-TACKS MILLIONAIRE'S WILL

New York, July 18.—Declaring that William Zeigler, the millionaire banking powder manufacturer and backer of Arctic expeditions, was insane and incompetent to make a will, his widow, Mrs. E. Matilda Zeigler, began today the supreme court today to determine the validity of the will. Mr. Zeigler left an estate of \$200,000 to his adopted son, William Zeigler, who will be 14 years old next Friday. At the age of 40 the boy is to have complete control of the entire estate. The will was dated March 31 last. Mr. Zeigler died of apoplexy on May 4, at his summer home on Great Island, Noroton, Conn. After leaving bequests to relatives, the will provides that Mrs. Zeigler shall have an annuity of \$50,000 a year during her life and the Zeigler residence in Fifth avenue and the summer home at Noroton.

The will was admitted to probate on July 6. Mrs. Zeigler's suit is directed against Justice Gaylor of Brooklyn, who, with William B. Chase and her, is named as executor of the will and the adopted son. Justice Gaylor and young William Zeigler have been served with the summons and complaint. When the matter came up in the supreme court today before Justice Glicerich, John D. Lindsey of the firm of Nicol, Venable & Lindsay, was appointed guardian of the boy on the application of Charles H. Hyde of Brooklyn, the executor of the will. He is the son of George Washington Brandt of Davenport, Ia., a half brother of Mr. Zeigler. He was formally adopted by Mr. and Mrs. Zeigler in 1896, when five years old.

A DESPERATE LOVER

Shoots His Sweetheart and Stabs Himself.

Seattle, July 18.—Paul Dion, a sawyer, whose home is in Portland, shot Mrs. Nellie Dion, his sweetheart, today, and then tried to end his own life by stabbing himself in the throat. Dion and his victim were recovered. Dion is married to Mrs. Mott and she refused him. This morning he called at her house and as she opened the door he fired four times at her, but only one shot took effect. Thinking he had killed her, Dion ran into the house and stabbed himself three times. Both were apparently in a dangerous condition when found by the police, but their wounds are not serious.

BERTHA CLAICHE

Pleads Not Guilty of Murder of Emil Gendron.

New York, July 18.—Bertha Claiche, the French girl indicted for murder in the first degree yesterday by the grand jury for killing Emil Gendron, pleaded not guilty today and was committed to jail. The first grand jury indicted her for the murder of Gendron, a man of 26 years, who was shot to death by her on July 17 last. She is a French girl and she killed him for a sum of money.

Spokane Bribery Investigation.

Spokane, Wash., July 18.—Investigation of rumors of grafting and bribery at the city hall and county courthouse is directed by Judge Poindexter's instructions given to the grand jury this morning. This is the first grand jury summoned for this county in 10 years. In his instructions the judge directed the attention of the grand jury to "such matters as have been of public concern," mentioning as notable the rumors of bribery in the city council in connection with the purchase of a garbage cemetery and the granting of franchises for street railways, telephone lines and other purposes. He also mentioned reports of malfeasance in office and acceptance of fees by county commissioners contrary to law. Tampering with juries, bribery of jurors and subornation of perjury were also mentioned as profitable subjects for investigation.

THE RUSSIAN DVORNIK, OR HOUSEKEEPER.

The cut illustrates a type of lower class Russian found in all cities in the empire, but more abundantly at the capital. The dvornik, or housekeeper, is a fixed institution in Russia. He is really a variety of watchman, each building of any pretensions being provided with one. Wrapped in a fur lined greatcoat, muffer and foxskin cap and provided with a whistle of the shrillest description, the dvornik takes his station in the doorway of the building he is engaged to watch and remains at his post until daylight. He soon becomes adept at sleeping in a standing posture, and one may pass through a street after midnight without finding a single dvornik awake.

WILLIAMSON CASE SUBMITTED WITHOUT ARGUMENT

Portland, July 18.—Judge Bennett expedited a bombshell in the Williamson-Gesner-Higgs trial this afternoon when, upon the reconvening of court to hear the argument of the defense, the senior counsel arose, and addressing the court, announced that the defense had concluded to submit the case without argument. Judge De Haven asked Dist. Atty. Henny if he was willing to allow the case to go to the jury without further argument, and the government's attorney said that he was.

Judge De Haven delivered his charge as soon as court reconvened after the luncheon hour. It was brief, coming to the conclusion of the judge held that it was not necessary to show that a conspiracy had been accomplished, for even if it failed, the defendants might be guilty of the crime. Neither was it necessary to show any stated agreement.

In short, the idea he conveyed was that if Williamson, Gesner and Higgs advanced money with the idea that the hands after they came to court were to belong to the firm of Williamson & Gesner, there was a conspiracy. If, on the other hand, there was a reasonable doubt on this point, then there should be no conviction. He also stated that there must be two of the defendants, but not necessarily all three, connected with the crime or no conspiracy could exist.

In his argument to the jury, Dist. Atty. Henny went over the details of the theory of the government, goes to constitute a conspiracy on the part of a representative in Congress, a commissioner of the United States and a physician and a man of education, to suborn a small host of illegal entrymen to perjure themselves that they might acquire title by unlawful methods to large tracts of the public domain in Crook county.

The defense this morning called R. F. Johnson, former surveyor of Crook county, who testified for the government yesterday, and tried to show that he had once said that he could not help the government any as the Higgs claim had lots of good timber on it. Mr. Johnson said he made this statement because the first time he went over the claim he was running on the wrong line.
