

YOUNG ATHLETES GETTING READY.

University Track Team Under the Direction of J. A. Augustus.

PREPARING FOR JUNE MEET

Contest With B. Y. Academy Team—Indoor Matches to be Filled Off April Ninth.

The University track team, under the able management of Physical Director J. A. Augustus, of the Y. M. C. A., was out yesterday and today indulging in trial practice preparatory to the meet with the B. Y. academy of Provo, early in June. The young athletes showed up remarkably well considering that this is their first test, and judging from the results achieved they will very likely win out at the coming meet. In the practice this morning and yesterday the shot put was won by Brown, at 32 feet 9 inches. Stephenson second, 32.1; Anderson third, 32.1. Hammer throwing was won by Anderson, 102 feet. Running rod jump won by Brown, 17 feet; Barker second, 16.15; Ridout third, 16.1. Running high jump won by Brown, 4.10; Carlson second, 4.10. Pole vault won by Carlson, 7.8; Peterson second, 7.4; Brinton third, 7.2. Standing broad jump won by Anderson, 9 feet; Wrightman second, 8.7; Brown third, 8.6. The 100-yard dash was won by Ridout, in 11 seconds. Ridout also won the 50-yard run in 6 seconds. Tomorrow the principal event will be the one-half mile run. Arrangements are under way to pull off a meet with the University of Idaho, to take place soon after the contest with the B. Y. of Provo. Director Augustus announced today that an indoor contest had been arranged for April 9th, for members of the gymnasium class of the Y. M. C. A. only.

JEFFRIES ON FIGHTING

Says It is a Matter of the Head—Not a Personal Matter.

In the interview in "Frisco" the other day Champion Jeffries said: "Fighting is now as much a matter of the head as the biceps. I always go at it as a purely business matter. If a man hits me I pay no attention to it. I do not get angry at him and never make the fight a personal matter. A hard blow is one of the incidents of the affair. If I hated every man I fought with or resented personally every smash he gave me, I would get out of the business at once."

MC'COY SPEAKS OF FIGHTING

He Believes He Can Whip Sailor Sharkey and Says So.

In a letter to the World on new fighters Kid McCoy says: "Quickness has won many a battle for me when I've been up against a bigger and heavier man. You know I have whipped all of the big fellows I've been up against except Sharkey, and I am confident I can do him if I get another opportunity. The fighters of today are a far braver set than those of twenty years ago. If some of those old-timers had only boxed before a mirror I think most of them would have been as ashamed of their appearance as they would have been of the nerve to enter the ring. No one sees your faults like yourself if you box before a mirror, and that is the reason I advocate this practice. If I get the chance to fight I would be heavy-weight champion, and I think I will before long—I will show my opponent some new wrinkles in boxing."

"FRANK B" COMING HERE.

John Bagley has sold his beautiful sorrel pacer, "Frank B," to go to Salt Lake, where he will be trained for the coming races in that city. The mare goes to Pocatello to be used as a single driver for a lady in that city. The consideration was not learned—Montpelier Examiner.

"DUMMY" ROWAN VS. FRANCIS.

The Colored Man Will Take a Chance at the Mute Tonight.

"Dummy" Rowan and "Silent," his brother, have completed arrangements for a boxing exhibition to take place tonight at Park City. "Dummy" and Jim Francis, the big colored man, are to fight fifteen rounds. A number of sports have been completed by Managers Clippenger and Hickey of the Oregon Short Line and Rio Grande Western teams. The park will be rented on the 15 per cent basis. It is understood that the grand stand will be moved to the southwest corner of the field.

SCHOOL LEAGUE MEETING

At the Y. M. C. A. Tonight—May Exclude Business College.

A meeting of the school league will be held at the Y. M. C. A. tonight, when it is believed the movement to exclude the Salt Lake Business college team will be settled forever and aye—in defeat. It is hoped that no opposition will be raised but in the event that it is, Manager Midgley is prepared for the fray. The business college team is of course amateur. Following is how the team will in all probability line up: Charles Lutz, catcher; Ray Romney, pitcher; Alfred Swenson, first base; Charles Castleton, second base; W. S. Young, third base; Adrian Pembroke, shortstop; Thomas Johnson, left field; Leo Nicholson (captain), center field; Royal Romney, right field.

BUSINESS CLUB FOR WOMEN.

An excellent organization was effected last evening in the way of a business club for women, the aim being to have certain stated hours when women whose time is chiefly taken up by daily avocations can meet together for the promotion of intellectual culture and social pastime. Such clubs have been organized in many of the larger cities with excellent effect.

THE WOMEN'S CLUBS THROUGHOUT

the city will co-operate in acting for the success of the new club, the constitution and by-laws of the Women's club having been already adopted. One of

the plans discussed is to have business men of the city address the club from time to time upon questions where discussion may prove equally profitable to employers and employees. The club will meet the first and third Tuesdays in each month, the next which will be in the form of a social to be held at Madame Rod's. The sessions will continue till July 1st, when a summer vacation will be held until the third Tuesday in September. There are fifteen members already enrolled, the officers being Madame Rod, president; Mrs. Dykes, secretary; Miss Hattie Carter, treasurer.

JUDGE TIMMONY'S COURT.

J. W. Att, accused of disturbing the peace, hardly knew where he was at. "I have had no time to arrange matters," said Att. "That is, my witnesses have succeeded in making their escape. And if your honor please I would like the case to go over until Thursday." The request was granted.

George Chandler and C. B. Caldwell, cousins, were on the inclosure for engaging in the pleasant pastime of fighting. Both men acknowledged their guilt. "Why did you do it?" inquired the court.

"It was over a mere nothing," said Caldwell. "It was, in fact over a sack of tobacco."

"Are you related to each other?" "We are."

"Is that the way you manifest your family love, with your fists?" "Well," answered Caldwell, "I had his (Chandler's) sack of tobacco and didn't know it."

"He said I had it. I said I didn't, then he landed a bunch of skin and bones on my ear and I did likewise."

"You could be fined \$50, but I will fine you each \$2," was the court's conclusion.

John Williams, accused of vagrancy, continued from yesterday, was discharged. Williams tried to get work, in fact he looked all over for it. He had been here a week, but was sick.

"I will let you go," said Judge Timmony, "but you must get work or seek a new field."

M. L. Hunt, the gentleman from Basalt, Colo., said he was intoxicated yesterday, but was looking for a job on the railroad.

Said the court: "Swear off and get a job on the railroad. I will let you go this time."

HOTEL AND PERSONAL.

County Treasurer Lynch is taking a short vacation along Beaver river.

E. S. Faison and wife are stopping at the Manton. Mr. Faison is of the United States geological survey.

Proprietor Don Porter of the Kenyon left last night for Chicago.

Louis Saroy of the Pacific Coast Biscuit company of San Francisco, stopped at the Knutsford last night.

Charles A. Ingalls of Boston is here looking up shoe business.

Heber J. Grant leaves tonight on a flying trip to Chicago. He will address the conference of missionaries which assembles in that city on Sunday next.

"Welcome, Evil, If Thou Comest Alone."

One evil that cannot come alone is impure blood. If this is allowed, it is attended by kindred ailments galore. This condition means that every vein and artery of the body, instead of carrying to the organs a health-giving flow of life, is laden with a slow and impure fluid that is harming instead of healing.

It is unfortunate when there is "bad blood" inside of you. Hood's Sarsaparilla will not make enemies friends, but it will make "bad blood" good blood, and blood should be of the best quality. Hood's never disappoints.

Grip—"After a severe attack of grip, my health was poor. I got no relief until I used Hood's Sarsaparilla, which did what was needed, purified my blood." M. M. Stewart, Oriskany, Miss.

Liver Troubles—"My wife and I are advanced in years and have derived great benefit from Hood's Sarsaparilla for liver and stomach. We do not think of being without it and Hood's Pills." Hiram Harvey, Ellersfield, Mich.

The women's clubs throughout the city will co-operate in acting for the success of the new club, the constitution and by-laws of the Women's club having been already adopted. One of

DISCARD.

The Old Methods of Treating Piles and Hemorrhoids Supplanted by the Pyramid Pile Cure.

The old methods of treating piles by ligature, by the knife or by the cruel methods of dilatation, besides causing intense pain and frequently collapse and death, are now known to be but mere makeshifts as far as a cure is concerned.

The liver is responsible for nearly every case of piles and the mistake has been made of treating piles with a purely local disease. Such is not the case, however, and the success of the new treatment known as the Pyramid Pile Cure has demonstrated it.

The Pyramid Pile Cure is not a salve or ointment, but a suppository which is applied at night and absorbed into the sensitive rectal membrane and acts both as a local and a constitutional treatment, and in cases of many years' standing this treatment has been effectual.

Thousands of pile sufferers bear witness to the inestimable value of the Pyramid and even those who have undergone surgical operations without a cure have been happily surprised by results from a few weeks' treatment with the Pyramid.

The relief from pain is so immediate that patients sometimes imagine that the Pyramid contains opiates or cocaine because the relief is so instantaneous, but the Pyramid Pile Cure is guaranteed absolutely free from any opiate or cocaine.

The relief is the result of the astringent properties of the remedy which causes the little tumors and congested blood vessels to contract and a normal circulation is established.

The Pyramid Pile Cure is strictly scientific, both in its composition and in its therapeutic action and the best feature of it is that it is perfectly safe and harmless. No ill effects ever result from its use, but only positive benefit.

A singular fact, in view of the large number of patent medicines before the public is that the Pyramid is the only pile cure of national reputation. It is the only pile cure popular enough and meritorious enough to be found in every drug store in the United States. It sells at 50 cents a package.

NEW HOME FOR MAYOR.

City's Chief Executive Buys the Gentsch Residence for \$15,000.

Mayor Thompson, the city's chief executive, will shortly become a resident of the Fifth precinct, having purchased the Gentsch house at the corner of South Temple and Sixth East streets. "The purchase price," said Mayor Thompson today, "is an even \$15,000. The statement that it was bought through another party is not correct as I dealt directly with Mr. Gentsch. The property is located on First street, at East Temple street and ten rods on Sixth East. It is just opposite the new home being built by Thomas Kearns and is very desirable. The house is now occupied by Dr. Frost, who will remain in it for some time. I expect to take possession about the middle of the summer."

This deal means that Mayor Thompson has given up all hopes of buying the house on First street. Had the title been unclouded he would have been a resident of the Fourth precinct today.

THIS MAN HAD "SNAKES."

John McGahran Imagines that a Mob of Bloodthirsty Men are After Him.

With hair disheveled and eyes starting out of their sockets John McGahran of Nova Scotia, but late of Corey's camp, rushed frantically into police headquarters early this morning and pitifully begged for protection. John vowed that "steep hundred men armed with machine guns, small guns, hatchets, clubs, double barreled cheese knives and a few other implements of torture" were now in pursuit of him for the purpose of holding him "honorably to the unknown and great beyond. How could he withstand the fury of such a mob, being armed only with a pint of red wine of dubious origin and a toothpick? Even so, he told the officers of his trouble he gave a start and a cry, that sounded not unlike that Macbeth was wont to utter when Banquo's ghost loomed up before him."

It soon developed that John was suffering from a number of complaints all in one to wit: "Snakes." The "disease" was brought on by whisky. The "poor fellow" is now in jail, where he is for mentors, real or imaginary, do not molest him.

PRISONERS MUST WORK.

Councilman Cottrell Fathers a Bill Looking to Employment of Jail Birds.

The effect of the present good times has at last made itself felt among a class that has not for years known what it is to do a day's work, viz: the prisoners at the city jail. Chairman Cottrell of the police and prison committee some time ago became impressed with the idea that the "hobo" guests of the city should be put to work, re-creating, as he did, the time of the old adage which says, "Idleness is the devil's workshop."

Accordingly, at last evening's Council meeting, Councilman Cottrell introduced a bill for an ordinance which provides that all persons convicted in the police court of misdemeanors, made punishable by fine or imprisonment in the city jail, shall, upon failure to pay all fines and costs assessed against them, be required to do labor, not exceeding eight hours each day, (Sundays excepted), under the direction of the head of the police department, at the rate of \$1 per day, and until such time as all persons convicted in the police court, under a suspension of the rules, Canning and Howe (Edgar) voting against it.

When Jailer Kimball informed the meeting this morning of the Council's kind action there were all kinds of mean things said against the city. Quite a number of Mr. Kimball's guests were so far as to threaten to boycott him and hereafter patronize Ogden.

SUNDAY CLOSING BILL.

Councilman Robertson Introduces an Ordinance by Request.

At the request of the Retail Clerks' association Councilman Robertson at last evening's session of the City Council introduced an ordinance prohibiting the keeping open of any store, workshop, bar, saloon, banking house or any other place of business on the first day of the week commonly called Sunday. The bill makes an exception to hotels, boarding houses, bath, restaurants, taverns, livery stables and retail candy, cigar and drug stores. Upon motion the matter was referred to the municipal laws committee with the city attorney attached.

THE BICYCLE ORDINANCE.

Causes Grief on the Part of Two Young Men Who "Puncture" It.

R. Christensen and Ray Weber were trying to smash the world's record on their bikes this morning along east Second South when Officer Davies happened along. The young fellows explained matters before Judge Timmony this afternoon.

A FIRE INSURANCE SUIT.

Case of Celia Osborne Against Phoenix Company on Trial.

Plaintiff Seeks to Recover \$700 for Alleged Loss Sustained in a Fire at 134 N. Street.

The case of Celia Osborne vs. the Phoenix Insurance company, of New York, was called for trial before Judge Cherry and a jury this afternoon with Ed McGurrin for the plaintiff and Morse & Whittemore for the defendant.

This action was brought to recover \$700 and interest alleged to be due on an insurance policy.

The complaint alleges that on March 20, 1899, in consideration of \$420 paid by plaintiff to the defendants agents, R. B. Whittemore & Co., there was executed to plaintiff a policy of insurance, the terms and provisions of which insured plaintiff against all direct loss or damage by fire, in an amount not exceeding \$700. The property insured was the household furniture contained in a dwelling house, at 124 M street, Twenty-first ward.

On April 10, 1899, it is alleged, a fire broke out in the house, destroying the property insured. The following May defendant denied all liability to the plaintiff.

The defense is that the plaintiff took out other and additional insurance to the full value of the goods, without having cancelled the policy issued by the defendant company, or obtaining its consent to take out extra insurance.

Will Filed for Probate.

The will of the late Sarah Jane Woodmansee, filed in this city on January 15, 1899, was set for probate today. Accompanying the same was a petition of John H. Woodmansee, praying that the will be admitted, and that letters testamentary be issued to him. David L. Woodmansee, a younger son, is named in the will as executor, but petitioner states that he has renounced his rights in the premises. The will is dated May 18th, 1897, and is witnessed by J. F. Walker and J. B. Burleigh. The heirs of decedent are Joan Axtel, of Mill Creek; John H. Woodmansee and Kate Woodford, of Salt Lake City; Augusta G. Woodmansee and Ida Mae Woodmansee, of the same place; William Woodmansee, a deceased son, residing in Brooklyn, New York; and David L. Woodmansee, residing in Nuevas, Cuba. To each of these heirs is bequeathed the sum of \$1, and the remainder of the estate goes to David L. Woodmansee. Decedent left real property situated in this city of the probable value of \$1,000.

Case is Concluded.

Both sides in the case of John L. Lawson vs. Mary Benter Walker, executrix of the estate of Samuel F. Walker, deceased, rested at noon today, and this afternoon arguments were in progress.

Action was brought by plaintiff to recover \$3,333, alleged to be due as commission for the sale of an electric franchise granted by Salt Lake City to S. F. Walker in 1896, and which was sold to Charles Boucher of Denver for \$10,000.

Protest and Adverse Claim.

The case of Lizzie Eliason vs. Myron W. Davis was called for trial before Judge Hiles today. Twomey & Twomey and E. D. Hoge appeared for plaintiff, and Day & Street for the defendant. This is a suit on protest and adverse claim, involving title to a portion of the Jeff Davis tunnel and dumping ground, located in the West Mountain mining district.

Two other suits of the same parties, involving title to certain mining claims, in the same district are down on the calendar, following the case now on trial.

The Crismon Estate.

In the matter of the estate and guardianship of Wayne and Juliet Crismon, minors, the petition of W. Scott Crismon, guardian, asking that he be given permission to effect a loan for two years of \$400, on behalf of the estate, was allowed. The loan is to be secured by sixty shares of Grand Hotel company stock.

BANKRUPTCY NOTES.

The creditors of L. W. Dittman held a meeting in the office of Referee Baldwin today. The petitioner was examined, and after considerable talking William H. Lett was appointed trustee, his bond being fixed at \$4,000.

Frederick M. Czaki, of New York, an attorney representing Dudley, Bartlett & Hurd, creditors of Cunningham, the bankrupt, has taken the ground that Referee Baldwin has jurisdiction over the case; that the petition in bankruptcy was filed in the wrong district. Czaki says that the papers should have been filed in Chicago. Referee Baldwin has passed the question up to Judge Marshall.

LATE LOCAL NEWS.

G. Scott reported to the police that he lost a long red leather pocket book containing valuable papers yesterday.

Mayor Thompson signed the appropriation list passed at last night's Council meeting. The city prisoners penalty ordinance and other matters had not been approved up to a late hour this afternoon.

Russell Atkinson, a late corporal in the Twenty-fourth infantry, enlisted at Fort Douglas today as a member of the Cavalry and will be sent to the front shortly to join his comrades.

Judge W. H. King, the Democratic nominee for Congress, gave a two hours' talk to the people of Gunnison last night.

Residents of the northeastern part of the city very much appreciate the privilege of seeing the one hundred and thirty-five men of the Cavalry march down Pendergast drive over the north bench into City Creek canyon and return daily.

Late this afternoon a telegraph message from Provo to police headquarters announced that Stephen Johnson and Harold Holmes of that place had run away from their homes and were heading for Salt Lake.

A gentleman whose name was not learned dropped a sum of money in the center of the street, near the corner of East Temple and Second South streets, this afternoon. In stooping to pick it up he was bumped into by a car and narrowly escaped being seriously hurt. He quickly recovered himself, and his money, however, and took his departure.

Mrs. John L. Minor held an opening reception at her art studio in the Hooper block this morning and afternoon, a large number of visitors attending during the day.

The rooms were lined with beautiful specimens of the work of Mrs. Minor is devoted, including representations of mineral and water color painting and pyrographic art. Of the latter were a number of artistic figure panels in wood, and a fine frame and other articles in the leather, which were most artistic. The most alluring display was the ceramic, the studio containing a most beautiful collection of hand-painted China done by the artist.

Among the choicest specimens were two claret tankards done in grape colors and leaves on a dark background and a number of salad sets handsomely decorated. The display is a most beautiful and artistic one, and is a sufficient evidence of the skill of the artist. Punch was served from a great bowl elaborately decorated with china, vases, and dainty wafers from a hand painted plate.

SLEEPS NOW.

Quit Drug Coffee and Ease Postum Food Coffee.

"While on a visit to a relative in New Hampshire, who runs a fruit farm, I found on the supper table what appeared to be a strong cup of coffee. I usually drank tea at night and they knew but asked me to try the coffee, saying it was Postum Food Coffee, and the reason they served it was that they found when they got up early in the summer mornings and drank a cup of coffee to brace up, they generally had a headache, which was due to lack of sleep, and that their grocer persuaded them sometime before my visit, to try Postum Food Coffee. After a week's trial they adopted it for the family, and had never returned to me with a headache since."

My wife and I are not sleepers now, as they were when I was a coffee drinker. M. E. Curtis, Canterbury St., Boston, Mass.

TALE OF A TRAMP.

Ex-Governor Swineford of Alaska has been through it all, as most of us have who started as a printer's devil and came out somewhere near the top of a newspaper. He tells a story about his foreman of a small daily in the days before the war. The office was short handed—it always is. A tramp printer came along and was put to work setting up "one of the old man's" editorials. The writing was very bad. Foreman Swineford had to give the tramp a start for the first few lines, and then he seemed to go along all right. He filled the "galley" and put on his coat and went out. Swineford supposing that it was for a drink, as he had "touched" the foreman for a quarter. The editorial in question was a rabid abolition article, in which the south was handled with as bitter invective as could be put in words. Finally the "old man" came into the room. "My leader up!" he asked. "Guess so," responded Swineford. "Had a tramp on it and think he has finished." "Send me in a proof," said the editor. Swineford did so, and in a few minutes the "old man" came out, sweating in a manner that showed his rage was at its height. Inquiry developed that the tramp had set
