red at \$2,500,000. The lines are on the old St. Paul, Minneapolis and Manitoba road, built prior to 1882, and decided by the court to be held jointly by the telegraph and railrway companies. The court adds that should the two companies in dis-pute fail to agree as to the amount of pute fail to agree as to the amount of compensation for transporting con-struction materials, the court will appoint a master in chancery and two commissioners to take testimony and report and the court will then pass on

the matter Judge Thayer wrote the decision and Judge Caldweil concurred. Judge Sanborn dissented. The decision is re-garded as very impertant, in view of the litigation of a somewhat similar character now pending in the east.

### Killed by Robbers.

Chicago, Nov. 4 .- Charles E. Bohlens, rell estate dealer, was shot and killed by robbers in a saloon here early today. Bohlens and Benj, Maroviglia, proprietor of the saloon, were preparing to go home when four masked men with drawn revolvers entered. Two of them rifled the cash register. Bohlens attacked one of the remaining thugs and the latter's companion shot Bohlens. The robbers escaped,

## To Control English Collieries.

New York, Nov. 4 .- While denials of J. P. Morgan's London partners re-specting prospective purchase of the coal fields and potterles of Staffordshire are considered unconvincing in that quarter, it is evident, cables the London correspondent of the Tribune, that a combination of some kind has been formed for controlling the pro-ductin of the collieries. If this combination be exclusively British it is probable will be followed by a similar movement in other mining sections. Amalgamations of the British iron and steel industry are constantly going into effect. A British steel trust may be

amalgamations.

Chicago,

tars, twenty in each group, loaded with heavy bombs. A few minutes after 19 o'clock the first row of mortars was touched off, but before the discharge took place one of them fell over on its side, and the next instant the bomb was shot into the thickest of the crowd where it exploded and hurled the people into heaps. The fall of the mortar and the concussion of the explosion knocked down the rest of th of mortars, and a thundering volley of huge projectiles plowed through the crowd.

The densest portion of the throng that packed the square was gathered along Madison avenue, close to the place reserved for the discharge of the fireworks. Along the horder of the

square facing the avenue were ar-ranged three groups of cast iron mor-

them fatally.

pled under foot.

Almost instantly the second group of twenty mortars, about 100 feet further up the avenue, discharged their con-tents into the crowd, and a moment later the third group, evidently igniting by the showers of falling sparys, exploded in the same manner. In the panic that ensued thousands

ran blindly across the square, tripping ever the seats and benches and, falling, were trampled on. The police on duty were carried along by the rush, and for half an hour the wildest confusion reigned

After the smoke of the explosion had cleared sixteen persons were found lying in Madison avenue, between Twenty-third and Twenty-fifth streets. Scores of infured were scattered about the avenue and the square. Among the dead was a policeman, who was standing close to the first mortar, and whose body was frightfully mangled A force of 500 policemen was soon on

he spot, and upwards of 100 physicians 200 nurses were summoned from the hospitals, every available vehicle being pressed into service for the transportation of the wounded. The following persons connected with

the fireworks in connection with the display were arrested; Henry Temple

# BRAIN FOOD

#### Is of Little Benefit Unless It 1s Digested.

Nearly everyone will admit that as a nation we eat too much ment and too little of vegetables and the grains. For business men, office men and

clerks, and in fact everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful. Only men engaged in a severe outdoor

As a general rule, meat once a day is

of food eaten. But many of the most nutricious

ter meals to assist the relaxed dige tive organs, and several years exper ence have proven Stuart's Dyspeps Tablets to be a very safe, pleasant an effective digestive and a remedy which may be taken dally with the best re-

Stuart's Dyspepsia Tablets can hard ly be called a patent medicine, as they do not act on the bowels nor any par to not act on the bowels nor any par-ticular organ but only on the food cat-en. They supply what weak stom-achs lack, pepsin diastase, and by stim-ulating the gastric glands increase the natural secretion of hydrochloric acid. People who make a daily practice of taking one or two of Stuart's Dyspep-sia Tablets after each meal are sure to have perfect direction which means to have perfect digestion which means health.

perfect health. There is no danger of forming an in-furious hahit as the tablets contain ab-solutely nothing but natural digestives: cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspensia Tablets are cer-tafhly the best known and most popu-lar of all stomach remedies. Ask you druggist for a fifty cent package of Stuart's Dyspensia Tablete and after a week's use note the im-provement in health, appetite and nerv-ous energy.

us energy.

None of their could offer an explained tion of how the explosion took place. New York, Nov. 5.—With a list of 12 persons killed and 74 injured before him Coroner Scholer has begun an investigation of the explosion of fire-works in Madison Square last evening. Eight men already have been locked up charged with criminal negligence. The coroner has issued a warrant for the arrest of John Dimundio of Coney Island, who is alleged to have been in

charge of the fireworks. "It is a case of absolute criminal neglect." said the coroner. "One of the mortars was set off and it was pointed at a row of other mortars in a line. There was a defect in the bottom cf the mortar and it leaned towards the others which were set off by the fire

ball thrown toward them." The scenes at the hospital and at the morgue following the terrible crush after the explosion in Madison Square were beyond description. It is esti-mated that 50,000 people were in th square at the time. Probably 20,000 o these were massed around the poin

these were massed around the point where the explosion occurred, and while they were scrambling to reach places of safety, knocking one another down and falling over park benches, 30,000 others falling over park benches, 30,000 others were massed on the opposite side of the park where they were viewing the elec-tion returns which were thrown upon a screen before the sky-scraper known as the "Flat-Iron building." The persons in this portion of the park were appar-ently elated over the returns and sup-posed the explosions which rent the air were a part of the program and were totally maware of the tragedy being totally unaware of the tragedy being enacted so near at hand until a detachment of police forced their way through to make room for the passage of the

### men bearing the mangled remains of their comrade, Patrolman Shea. Instantly a terrible calm swept over the rowd and all interest in the returns amediately died out, as the long line

of patrol wagons and ambulances car-rying dead and injured filed through Twenty-fifth street for Bellevue hos-pital thousands lined the walk and gazed awe-stricken at the conveyances. Five hundred persons gathered outside of the morgue and other hundreds came

explosion. Thousansd or persons satu-ered at the hospital gates, among them many women. The scenes around Belevue were the most exciting in the his rry of the institution, nearly the e force was at work over the injured. xty-five emergency surgeons and physicians, 40 visiting surgeons and physicians and 200 male and female nurses, together with every attendant at the hospital was summoned for imrediate duty. Many amputations were found necessary.

At the hospitals the injured were re-ported as being in a fair way toward recovery with the exception of Morth er Butler, who became unce after the amputation of one of his legs and is not expected to recover; and Frnak Leisten, one of the men engaged n setting off the fireworks, whose death s probable.

> SENATE WILL BE REPUBLICAN. The Majority Will be at Least Eleven.

Washington, Nov. 4 .- The next United States senate will be Republican by at least 11 majority. The pres-ent senate contains 54 Republicans and 34 Democrats in a total of 90 seats, there being two vacancies from Dela ware, where the Republican legisla-ture failed to elect. The terms of 30 senators expire with the present Congress. There is also a vacancy from Michigan, caused by the death of Senator McMillan. Of these 31 seats to be filled, not including the two from Dela-ware, but including the Michigan va-cancy, 19 are now Republican and 12 are Democratic, Wellington of Mary-land being classified as a Republican and Harris of Kansas, McLaurin of South Carolina and Teller of Colorado

as Democrats. as Democrats. Seven states have already elected senators to take their seats March 4, 1903. Maryland has chosen Gorman, a Democrat, to succeed Wellington, a Republican: Kentucky, McCreary, a Democrat, to succeed Deboe, a Repub-lican. Iowa has re-elected Allison, a Democrat For backs reselected For-Republican: Ohio has re-elected For-aker, a Republican: Louisiana has seand went during the night seeking | lected McEnery, a Democrat; Vermon among the unidentified dead for rela- has re-elected Dillingham, a Republi lected McEnery, a Democrat; Vermont

an, and Georgia today re-elected Clay, ocrat.

New York, Michigan, Kansas, Wiscon sin and Washington, and the Demo

crats seven, viz.: North Carolina, Dela-ware (probably), Arkansas, South Car-

olina, Florida, Alabama and Missouri This insures 52 Republicans and 34 Democrats in the next senate.

The result of the contests, owing to

iour, is still in doubt in Nevada, Idaho,

Utah and Colorado, with the chance

favoring the election of Democrati-legislatures in Colorado, Idaho and

Nevada and a Republican legislature in

Utah. If these probabilities should be realized, the senate will stand 53 Re publicans and 37 Democrats, with a

oss of four majority to the Republi

cans, compared with the present po

## ARE YOU AMBITIOUS? Coffee Makes Some People Helpless.

We inherit our temperament, children are happy and bright, others are nervous and cross. Care should be taken that the child is given proper food and drink so as not to in-crease natural nervousness or to bring it on; but this is often overlooked by mothers who permit their children to drink coffee without check.

The wife of a groceryman living in Siloam, Mo., says, "I was born with nervous temperament, and this was in creased by my parents giving me coffe when a child, unconscious of its bad e fect on my nervous system. In time, a cup of coffee in the morning invariably soured on my stomach, and a single cup at night would make me nervous and at hight would have me netwoods and wakeful and often cause a distressing heart-burn. Last year I laid in bed all Summer with nervous prostration, a complete wreck from coffee drinking. I craved a good, nourishing, hot drink and commenced to use Postum Food Coffee.

There was a gradual improvement in my health almost from the commence-ment of using Postum. I could sleep well, the heart-burn, and nervousness disappeared, my stomach trouble well, the neutronard, and her visual disappeared, my stomach trouble stopped and now (a year later) I have gone from the sick-bed into the store behind the counter day after day; from a helpless to a stirring business woman, with new life and strength, new hopes and ambition; from the pale, weak 102and ambition; from the pale, weak for-pound woman to my present weight of 120 pounds. Thanks to Postum. We carry Postum in stock and recommend it to our customers; we love to sell it and often give a trial quantity to the faltering to induce them to use this health-giving drink." Name given by Postum Co., Battle Creek, Mic
