## FRAGMENTS.

The birds are twittering in the trees.

First of May and delightful May weather.

Fast meetings were held in the various wards to-day.

The Stake Conference convenes at 10 a. m. to-morrow.

Why was it that everybody was just 28 minutes late this morning?

PRESIDENT TAYLOR and party are expected home Saturday morning.

Quite a number of prominent Provosts were on the streets to-day.

A little three-year-old son of G. J. Angell, 3rd Ward, fell and broke his arm yesterday.

An interesting entertainment in the 18th Ward Chapel at eight o'clock to-night. Admission 25 cents. Proceeds for a library.

That enterprising collector of curiosities, George A. Meers, now has a couple of wild-cat kittens, bringing them up on tame cat-milk.

STEWART & TINSLEY, of Farmington, have dissolved partnership, business to be continued by the first named member of the former firm. See advt.

A select social party, with concert impromptu, will be given in the Salt Lake Music Hall, on Thursday evening, by Prof. A. C. Smith's music classes.

Mr. HENRY WAGNER, in his annual distribution of the spring production called Book, did not forget the hands at the News office, who duly appreciate his skill in the business he has so successfully conducted for so many years.

We are solicited to state that there will be a Congregational festival this evening at the Jewish Synagogue building, two blocks west of the Cliff House. Ice cream and other refreshments will be served. The public are cordially invited.

## LOCAL NEWS.

## MISSIONARY NOTICE.

The next party of Elders, appointed to missions in Europe, will leave Salt Lake City on Saturday, May 10th; those for New Zealand and the Sandwich Islands on Monday, May 13th.

JOSEPH F. SMITH.

## STAKE CONFERENCE.

The Quarterly Conference of the Salt Lake Stake of Zion will begin its second session in this city, on Friday, May 2nd, at 10 a. m. in the Assembly Hall.

A full attendance of the Priesthood and members is earnestly desired.

A. M. CANNON,  
D. O. CALDER,  
J. E. TAYLOR,  
Presidency of Stake.

Will Remove.—We received a call to-day from Dr. W. B. Parkinson, of Coalville. We learn from him that he purposes soon to take his abode in Farmington, Davis County, where he intends practicing his profession.

Utah Central Extension.—The Enquirer says the extension of the Utah Central Railroad from Milford, Beaver County, to the immense farm works in Iron County, will be about fifty miles. The line will run from Milford along the western base of the range that encloses Iron County. The grade will be all that can be desired, running as it does along the desert, of which the southwestern portion of the Territory is composed. The vast and arid waste is as level as a place can well be. The only difficulty to be experienced is the absence of water, but this could be easily obviated by the sinking of wells.

A Professional Visit.—The veteran comedian, Phil Margetts, and the favorite actress Miss A. A. Adams, with a talented company of ladies and gentlemen, are about to take a tour through the southern settlements for the purpose of entertaining the people with a series of well prepared performances. Their repertoire includes such old-time favorite pieces as "Old Phil's Birthday," "Mistaken Identity," "The Post Boy" and "Teddies." The services of our old friend, E. J. Thompson, as a comedian, will be secured in the business management of the tour.

The company leave here on Saturday and play that night at Lehi, Monday and Tuesday at American Fork, Wednesday and Thursday at Provo, Friday and Saturday at Springville, and next at Spanish Fork and Payson, and on through Juab and Sanpete counties.

Third District Court.—The examination of witnesses for the prosecution in the case of the People vs. Fred. Hoyt, for murder, is still proceeding. The witnesses examined this morning are W. A. Sutton, Almond Clyde and Dr. Benedict.

The depositions of the two former have been given heretofore in these columns. Prior to taking the evidence of Dr. Benedict the Court was cleared ostensibly for the usual recess, but really, it is claimed, to avoid any manifestation from the body of the court room. The Doctor, in the course of his evidence, said that last night he went to Provo and assisted at the opening of a grave, said to have been the grave of John F. Turner. They had exhumed the body and he had brought the skull with him. This was exhibited in Court, and in it was a cavity where the fracture was made, a large cavity, and put on a table. From the nature of the fracture the witness thought it must have been caused by a left-handed blow from behind with some blunt instrument. The left half of the lower jaw was broken off. The accused, during the exhibition of the ghastly relic, looked on with the greatest calmness, and without changing a muscle of his countenance. The taking of evidence is still proceeding.

## "MORMONISM" vs. "CHRISTIANITY."

A DISCUSSION IN THE OGDEN TABERNACLE.

From the Ogdon Herald of last Tuesday, we learn of an interesting event which is to come off at the Tabernacle in Ogdon, on Thursday and Friday evenings, the 8th and 9th of May.

It will be a discussion between Elder Ben E. Rich, of the Church of Jesus Christ of Latter-day Saints, and the Reverend Richard Hartley, of the Baptist denomination. The former will, of course, present the "Mormon" side of the question, showing the difference between the principle of true Christianity and the doctrines taught by the various sects of the day, while the latter will endeavor to do the same thing in reference to Christianity and "Mormonism."

The discussion has been arranged in compliance with the wishes of many members of the different churches of Ogdon, who desire that the doctrines of the New Testament shall be thus ventilated and the principles taught by the Savior shown up in what is deemed their proper light. A cordial invitation is extended to all, especially to church members. The Tabernacle, the most spacious building in that city, will be used, in order to secure a large hearing, as possible, and the electric light will be put on and everything done to insure the comfort and enjoyment of the audience. Below are the rules which are to govern the discussion:

"Meetings will commence at 7:30, and close at 9:30 p. m. King James' translation of the Bible to be the standard.

THURSDAY EVENING MEETING: Mr. Hartley in charge. Mr. Rich to be the first speaker. Mr. Hartley the second; each one to have forty-five minutes in which to deliver a sermon on the Gospel of the Savior, as taught by Him and His servants as recorded in the Holy Writ.

FRIDAY EVENING MEETING: Mr. Rich in charge. Mr. Hartley to be the first speaker, to occupy 45 minutes showing the difference between true Christianity and the faith of the Latter-day Saints. Mr. Rich to follow, having 45 minutes in which to show the difference between true Christianity and the faith taught by the Baptists and other denominations of the day.

All speaking is to be done from the pulpit, the congregation to bear this in mind. A collection is to be taken up to defray all expenses, after which, if any be left, to be divided between the above named parties for the benefit of the poor in the "Mormon" and other churches.

While we do not believe much in the benefit of public discussions on religion, being more inclined to follow the admonition of Paul and "avoid disputations," we do not look with interest for the coming event in our sister city. We are not acquainted with the Reverend Mr. Hartley, but we understand he has been selected by the ministers of Ogdon as their champion. We number his opponent among our personal friends. He is a son of the late Apostle Charles C. Rich, and a staunch "Mormon" boy, and while making no pretensions to being a debater, he was a fearless, zealous and humble Elder in the missionary field in Great Britain, from which he returned about twelve months since. We doubt not that he will faithfully represent "our side" in the coming controversy.

THE REPUBLICAN CONVENTION.

The Territorial Republican Convention was called to order shortly after 11 o'clock to-day (old fashioned time) by Col. M. M. Kaighn. After the reading of the call, Mr. W. McKay and Col. Sells were placed in nomination for temporary chairman, the former being the choice. Mr. Hague, of Summit Co., was elected temporary secretary and A. S. Patterson official reporter of the Convention.

On taking the chair Mr. McKay made a few remarks, which were brief and sensible. He took occasion to remind the delegates that the proprietors of the Opera House had given the Convention its free use, with the understanding that there should be no smoking and all should refrain from spitting tobacco juice over the floor and furniture. This statement was not greeted with applause from the devotees of the weed, who were largely represented in the assemblage.

On motion a committee of seven on resolutions was appointed by the chair, Col. Kaighn, the mover, being named as its chairman.

It was moved and carried that a committee on permanent organization and order of business, and another on resolutions be appointed by the chair.

Col. Sells seemed a little at sea, as he moved that the convention adjourn until two o'clock, allow the committee on permanent organization and order of business, and on resolutions time to deliberate and report.

Mr. Lawrence suggested to the gentleman that it appeared necessary that those committees should be appointed before that step was taken. Col. Sells at once perceived the point that a nonentity could neither deliberate nor report, and said "beg your pardon," in manifest haste and somewhat of a flutter.

On motion it was decided that the committee on credentials should proceed at once with their work, and pending their report the Convention took a recess for 15 minutes. After re-assembling it was understood that the chair would appoint the two committees already named after which the Convention was to adjourn until 2 o'clock, at which hour it was expected the committees would be prepared to report.

The preliminary proceedings were remarkably pacific, all the delegates appearing to be upon their best behavior. But the part where the "amiable tumult of a free people" generally begins had not been reached. There is yet time for the passage between delegates of the Liberal pet epithets of dog, covered snake, etc., such as were floated freely in the County Convention. It may be, however, that they have taken the timely advice tendered them by the News on that occasion.

The proceedings resumed at 2 o'clock p. m. (local time), when the temporary organization was made permanent, and the committee on order of business reported.

Judge Brown, of Tooele, then presented a resolution discouraging the appointment of Federal officials as delegates to Chicago, and in rather rambling speech, during which he was frequently called to order, proceeded to give his reasons for wishing it adopted. He was opposed to "Unionist" politics, and so were his Democratic constituents, (laughter.) Correcting himself, he added quickly, "Republican constituents," etc., and while he loved and admired Governor Murray, who had honored him with the appointment to the Probate Judgeship of Tooele County under the late administration, it was not his wish to be a delegate to Chicago.

The resolution was lost and the committee on resolutions then reported. More anon.

## Killed by the Cars.—The Butte

Minor of April 29 says that the 4.45 passenger train was coming up from Silver Bow Junction Sunday afternoon, and while opposite Rocker, it ran over and killed a Chinaman. It appears that as the train rounded a curve in the road at that point the engineer saw the Chinaman about one hundred feet ahead of the train, walking on the ties just outside of the rails. He immediately blew the whistle, rang the bell and reversed the engine. The Chinaman took no notice of the whistle and made no effort to get away. On the contrary, without turning around he stepped between the rails. No sooner had he done this than he was struck by the pilot and thrown from the track.

As he was hurled from it his right leg was run over by the engine wheels and his foot nearly cut off at the ankle. He then rolled down the embankment into a ditch. The train was stopped and the unfortunate Chinaman picked up and brought to the depot. Coroner Sargent was immediately notified, and summoning a jury he proceeded to the depot and held an inquest over the remains of the Chinaman, who was found in one pocket and a vital containing prepared opium for smoking was taken from another. A Chinaman who was also found in his camp outfit which he carried with him. The supposition is the Chinaman was deaf, or so stupefied with opium that he neither heard the rumbling of the train nor the screech of the whistle.

BRITANNIA STAND UNRIVALLED.

Those troubled with rheumatism, who have tried other remedies and still are uncured will certainly obtain relief within three days and generally within six hours by taking BRITANNIA. This great remedy was discovered by an eminent English physician of great experience, and who has never lost a patient to whom this medicine was administered. BRITANNIA is a powerful leucoreumatic, which is a disease of the blood. BRITANNIA is prepared with the greatest skill and a teaspoonful being taken in a wineglass of cold water immediately relieves the pain, causing element, removes it immediately by purifying the life-giving blood, and gradually builds up the entire system. Persons who have used this valuable preparation in Utah, testify that nothing ever helped them as BRITANNIA has done. Many references in Salt Lake City and elsewhere can be given.

Advocates of prohibition need have no fears of "Tricky Art Bazar." It is a medicine, and by reason of its cathartic properties cannot be used as a beverage. It is manufactured from the purest materials, and acts directly on the liver, kidneys, stomach and bowels, and invigorates the system and equal. Is pleasant to the taste, and effective in its action.

The whole physical mechanism becomes impaired by the heavy winter diet and lack of open air exercise. Ayer's Sarsaparilla is the proper remedy to take in the spring of the year to purify the blood, invigorate the system, excite the liver to action, and restore the healthy tone and vigor of the system.
