Mrs. Paul Casavant, 219 Monroe street, Topeka, Kansas, writes: "I have found Peruna very effective in restoring

my health and strength after 1 had been worn out and run down for a long time. I began to use it about six months ago when I was unable to leave my bed. My nervous system was shattered and I was daily losing flesh and strength. This condition was completely altered after a few bottles of Peruna had been used and I kept on using it until I was finally restored to perfect health and had gained about fifteen pounds.

"I feel so grateful for what your medicine has done for me that I am pleased to give it my hearty endorsement and shall always be glad to speak a good word for it."

Mrs. Emily Kellogg, 5649 S. Lawrence St., S. Tacoma, Wash., member of Ladies of the Maccabees, writes:

"Three months ago I had an attack of biliousness which threatened to undermine my health and strength. Luckily for me, I tried Peruna at the suggestion of my friends before it was too late. I found in a few days' time that I did not have the usual sick headache, neither did food nauseate me any longer. In two weeks' time Peruna had completely rid my system of the poison and bile, and I was in a much better condition. My skin assumed its normal color, I had a splendid appetite and I was in every way improved in health. I used Peruna for a month longer and it wrought a wondrous change in my entire system." -----

LION MAKES FACES.

Ben Tillman of the Sells-Floto Shows

Insults a Bride. With the Seils-Floto show that comes to Salt Lake City Wednesday,

comes to Salt Lake City Wednesday, May 20, is a monster black maned lion, Ben Tillman, that rides an ele-phant bare backed. These two worth-les were almost raised together. They are fiends for circus lemonade and lemon ice; in fact, the lion will not do his act half good unless he is fed a half dozen plates of lemon ice just before heing called upon to perform. He has one bad fault, and that has H. H. Tammen, general manager of the Sells-Floto circus, in trouble. Ever since a cub, so solemnly avers the truthful press agent, the lion has act-ually made faces at people. The other day at San Francisco, William H. Weston, an orange grower from southern California, near Anahein, and Miss Louise Deaterly of Oakland, Cal., were married. That night, be-fore taking the train for their honey-Miss Louise Deaterly of Oakland, Cal., were married. That night, be-fore taking the train for their honey-moon in the far east, they purchased tickets and attended the Sells-Floto circus. They were delighted with the menagerle and spent much of their time about the monkey cage. The bride took a great fancy to the llon, Ben Tillman. The old fellow, full of fun, stuck out his tongue at her, and made horrible face at Mrs. Weston. She went into a fit about it, and screamed, and claimed she was insult-ed by the lion; as a good, loyal hus-band should. Mr. Weston took her part and quarreled with the show-man. He threatened to bring suit against the management of the show, and he has sued General Manager Tammen for \$10,000, claiming the llon made faces at and insulted his wife. It is the rarest suit in the annals of time, and the outcome will be watchtime, and the outcome will be watch-ed with eager interest by lawyers and laymen. DEMAND FOR TEACHERS.

Supply Inadequate and Special Course Of Instruction Has Been Prepared

The demand for competent teachers in Utah has exceeded the supply and in Utah has exceeded the supply and from the report of A. C. Nelson, state superintendent of public instruction, who says from 300 to 400 additional teachers will be needed next year, the indications are that the shortage will be greater than before. Counting the positions that will have to be reflied the total of new teachers needed next year will no doubt exceed 500. This growth is occasioned by the increase in population and the desire of the Utahns to provide good schools for every child. The question that is bothering the school authorities is how to provide for The question that is bothering the school authorities is how to provide for this demand. The state normal school

izations of Sait Lake was discussed at the Federation of Labor conven-tion in this city. Complaint was made that the army band was entering into contracts to furnish music for various organizations during the summer, and this, argue some members of the fed-eration, was not permissible under the rules of the government. It was con-ceded that military bands might with propriety charge for services rendered in the direction indicated, but it was denied that they had the right to en-ter into contracts in competition with musicians not in army service. The matter will be thoroughly investigated by the federation. Unless the striking horseshoers soon become in a position to settle their lar course.
