

BRYAN ANSWERS HUGHES' CRITICISMS

Makes Sharp Retort to Governor's Talk About Lack of Experience.

DISTINGUISHED EXAMPLES

Cites the Cases of Abraham Lincoln, Gen. Grant, J. G. Blaine, Harrison and McKinley.

Lincoln, Neb., Oct. 2.—Speaking tonight before the German Bryan club of Lincoln, William J. Bryan answered the criticisms which have been made of him by Gov. Hughes and other Republican leaders that his experience in public life was insufficient to qualify him for the presidency.

ZEAL FOR EXPERIENCE.
Mr. Bryan asked his audience, "Why this new-born zeal for experience?" He cited Abraham Lincoln, Gen. Grant, James G. Blaine, Benjamin Harrison and Mr. McKinley as having had no particular public experience previous to their nominations, and as for Gov. Hughes, who he said had laid special emphasis upon Mr. Taft's experience and qualifications, he declared he had but two years' experience as governor of the state of New York, "and yet he thought three months ago that he was as well qualified for the presidency as Mr. Taft."

The Democratic candidate maintained that if he measured up to Gov. Hughes in experience in public life, the governor "ought not to urge my inexperience as an objection to me."

Taking up the charge that he may not make wise appointments if elected to the presidency, Mr. Bryan insisted that the argument should not be made by a Republican, because, he said, for the next two years at least the senate would be Republican and would pass upon all important appointments, thus sharing in the responsibility if any objectionable men became officials. "I am satisfied," said Mr. Bryan, "that I can, and such excellent men as even a Republican senate will not dare to reject them."

In part Mr. Bryan said:

"The German element in our population is a very important one, both in numbers and in the character of the men who have come to us from Germany. The German language is rich in philosophy, in oratory and in poetry, and the Germans who have come among us have brought not only their literary tastes, but their industry and integrity. They have helped to build up our country and the German strain in our blood has added to the energy, honesty and importance of the composite amount. I appreciate the support which is being given to the ticket by the German Democrats here and throughout the country."

A PERSONAL WORD.

"Before speaking upon the issues of the campaign I desire to say a word that may be considered personal. The Republicans, not able to meet us on the issues of the record of their party, are now falling back upon the experience of their candidate. Mr. Taft is commended by them as specially qualified by his experience to discharge the duties of the office, because of the fact that he has had for some years offices of an executive and judicial character. Why this new-born zeal for experience? Abraham Lincoln had no considerable experience before he was elected president. Grant had no public experience outside of his military experience. Mr. Blaine had no experience in matters of administration; Mr. Harrison was a legislator, not an executive, before his election; Mr. McKinley had no administrative experience except as governor of his state for one term.

"Mr. Hughes has laid special emphasis upon Mr. Taft's experience. He insists that Mr. Taft's long experience makes him manifestly the man for the

FROM A CIVIL WAR VETERAN

Tells How He Was Cured of Rheumatism After Fifteen Years of Suffering.

Mr. John D. Laughlin, whose address is R. F. D. No. 1, Burns City, Martin Co., Ind., is known and highly respected throughout that county and has lived on his present farm for 63 years. During the Civil war Mr. Laughlin served in Company B, 27th Indiana Volunteers, and his sickness was the direct result of the hardships of the war. After years of pain he found a cure in Dr. Williams' Pink Pills and his statement should be read by every rheumatic sufferer.

"I was discharged from the army in September, 1864, a physical wreck, weighing only 97 pounds," he says, "and soon after became seriously afflicted with rheumatism. My feet and ankles were swollen and my arms were drawn up stiff and at times I could not lift them for they felt lifeless. There were darting pains that shifted from one part of my body to another and kept me in misery all the time. At night I could not sleep and my heart troubled me. I was frequently confined to my bed."

"I tried several doctors but got little help and no encouragement from them for they said I could not expect to live for more than a year or so even with the best of care and advised me not to try any more. I then tried many remedies but with little benefit until I began to use Dr. Williams' Pink Pills. I had been sick for about fifteen years before I read about these pills and bought two boxes for a trial. That night I began to feel better and I kept on taking them until cured. I always keep them on hand to take occasionally if I feel I need a tonic. I gained in weight and have done as much work as most of my neighbors. I often recommend Dr. Williams' Pink Pills for I can't help speaking well of them."

Dr. Williams' Pink Pills are a tonic for the blood and nerves and have proved especially helpful to women and growing girls. They were used extensively in private medical practice and, proving efficient in a wide range of diseases and absolutely safe in all cases, were placed upon general sale with directions for use prepared by the doctor himself.

These pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

presidency, and yet Mr. Hughes was only a few months ago willing to offer himself as a candidate against Mr. Taft, and Mr. Hughes has had but little experience in public life. He has been governor of his state for two years and yet he thought three months ago that he was as well qualified for the presidency as Mr. Taft. Now, if I measure up to Gov. Hughes in experience in public life, he at least ought not to urge my experience as an objection to me."

SOME ISSUES.

After discussing a number of issues, Mr. Bryan said: "The only Republican argument that we hear much of now is that Democratic success will disturb business. Contentions as to whether Democratic success will revive prosperity. How can the Republicans threaten us with a panic when a panic came under the present administration and is still upon us? In some respects it is the most acute panic that we have had and there was less in natural conditions to justify it. That is, the panic still continues and can be proven in many ways.

"First, by the number of men out of employment—men anxious to work, who are not able to find work to do. An effort is being made by those cursing special privileges from the government to answer this political argument by starting up some of their mills, but the people can hardly be fooled by such transparent tricks.

"The Saturday Evening Post of recent date contains some statistics which show that according to the reports of the New York savings banks the number of accounts opened for the year ending July 1 was 73,000 less than last year, while the number of accounts closed was 48,000 greater than the year before. The amount deposited was \$35,000,000 less and the amount withdrawn \$41,000,000 more. This shows a large shrinkage in the savings of the people of that state. And now comes a New York wholesaler with the statement that on July 22 the firm addressed a letter to 'wholesale grocers, biscuit-makers and confectioners of the United States,' asking for the figures showing trade conditions at that time as compared with six months before. Following are the statistics, eastern states, southern states and the middle west:

"Staple groceries: Ten per cent less in the eastern states, 11 per cent less in the southern states and 9 per cent less in the middle west.

"Sales of groceries classed among luxuries: Sixteen per cent less in the eastern states, 18 per cent less in the southern states and 15 per cent less in the western states. The falling off in biscuit and bakers' articles and in the confectioners' trade shows substantially the same percentage.

"To show how the trusts can evade evils that afflict others I call attention to the fact that a recent issue of the Wall Street Journal shows that the International Harvester company made larger net profits last year than in any preceding year and the directors of the International Harvester company are largely the same as the directors of the steel trust.

"If the Republicans charge that Democratic success will bring a panic, they ought to give bond that Republican success will bring prosperity. And who can furnish security? Every panic we have had came under high tariff; the panic of 1893 came a year before the McKinley law was repealed and the panic of 1897 came under a tariff so high that the Republican platform pledged the party 'unequivocally' to 'revise' it immediately, and Mr. Taft says that the revision will 'probably' be downward."

BONAPARTE'S REPLY TO DANIELS

Atty-Gen.'s Department Has Prosecuted All Cases Under Sherman Law.

WHERE FACTS WARRANTED IT

Informing Chairman Democratic Press Committee Every Concern Not a Trust That Moody Terms One.

Washington, Oct. 2.—Atty-Gen. Bonaparte yesterday made public his reply to a letter he had received from Joseph Daniels, chairman of the Democratic press committee, at Chicago, asking for facts connected with trust prosecutions by the department of Justice, including the present standing of litigation against the trusts.

The reply gives a summary of the cases prosecuted substantially as furnished in a recent statement, a copy of which the attorney-general forwards to Mr. Daniels. The summary of the cases prosecuted by the department of Justice, under the Sherman anti-trust or in-trust law, that a corporation is called a 'trust' by Mr. John Moody in his manual does not prove or even tend to prove that the organization in question or its members have been guilty of any violation of federal laws. Neither is such guilt suggested by the facts that such organization may do a large and apparently profitable business. The criminal provisions of the statute generally known as the Sherman anti-trust law apply only to those who enter into contracts, combinations or conspiracies in restraint of trade and although the statute provides that such contract, combination or conspiracy shall be none the less criminal because it takes the form of a trust, this does not, of course, make trusts of themselves criminals.

"Since I have been attorney-general this department has prosecuted either directly or indirectly all cases of alleged misconduct under the statutes above mentioned which have been brought to its attention from a responsible source, and in which the results of a carefully made inquiry by competent and impartial officers disclosed the existence of such facts and of such legal evidence to prove them as afforded a reasonable hope of success in such prosecution. The policy of the department will be the same during the remainder of my term of office."

REPORTS TO BRYAN.

Indicate Increasing Democratic Sentiment Throughout United States.

Fairview, Lincoln, Neb., Oct. 2.—William J. Bryan, Democratic candidate for president, stated today that advice received by him from the party workers indicate increasing Democratic sentiment throughout the United States.

"Every report made to me," he said, "indicates that not only is the trend among the voters toward Democracy this year, but the sentiment for our candidates and our party is increasing. My advice is that not only will our candidates for president and vice-president have a large majority of the popular vote, but we will also have the majority in the electoral college."

EX-BANKER RICKY IS PLACED IN JAIL

Goldfield, Nev., Oct. 2.—Thomas B. Ricky, who was recently indicted on a charge growing out of the failure of a number of banks with which he was connected, was arrested here today and tonight he occupies a cell in the Esmeralda county jail.

The former president of the defunct State bank arrived this afternoon from Berkeley, Cal., and two hours afterwards surrendered himself to Sheriff Ingalls. The aged banker asked the sheriff for the privilege of sleeping outside the jail in custody of a deputy, but Sheriff Ingalls told him that he would be treated overall and went into the jail with him.

Papers in habeas corpus proceedings will be brought in the supreme court at Ricky's behalf. It will be claimed that the act under which he was indicted is unconstitutional and further that the indictment is defective. The papers are expected here tomorrow.

YOUNG ROOSEVELT LEARNING CARPET MAKING

Thomsonville, Conn., Oct. 2.—Theodore Roosevelt, Jr., began the work of learning carpet making when this morning he donned overalls and went into the wool room of the Hartford Carpet corporation's plant to take his place at a wool washing machine.

WRECK OF STAR OF BENGAL.

Charges of Cowardice and Desertion Against Masters of Tugs.

San Francisco, Oct. 2.—During the official inquiry into the wreck of the ship Star of Bengal, direct charges of cowardice and desertion were made against F. Farrar and P. Hamilton, masters of the tug boats Halley and Kapak, which were towing the vessel when the wreck occurred. Capt. Nicholas Wagner, Mate Victor Johnson and several members of the crew testified before a federal inspector that the blame for the loss of the vessel and 111 lives rested upon the tow boat captains.

Capt. Wagner has been directed to swear to his charges before the supervising inspector at Washington. The accused tow boat captains will then be prosecuted for manslaughter.

AUTO LOST.

Raced for Crossing With Train, Was Hit, Owner Killed.

Chicago, Oct. 2.—An automobile racing at a rate of 40 miles an hour, and on a train on the Chicago & Milwaukee electric railway running at even a

higher rate of speed collided at the Burlington road crossing a mile north of Kenosha, Wis., yesterday. As a result George O. Field, a prominent man of Manitowish, Wis., was killed and the automobile reduced to a pile of scrap iron. The accident was witnessed by a large number of passengers on the electric car and while all of them were badly shaken up, none was injured. Field was thrown in his car for a distance of more than 200 feet south of the crossing and portions of the car were dragged for the distance of nearly a quarter of a mile before the train could be stopped.

The crossing where the accident occurred is blinded by a young orchard and it is thought Field did not see the train approaching until it was within a few feet of him. Field was 32 years old.

CHOLERA IN MANILA.

Manila, Oct. 2.—Two new cases of cholera were reported in Manila. Mrs. C. A. Carter, who was stricken several days ago, is dead, and N. F. Brennan, an American bookkeeper, is among the new patients.

BANKERS' COMMITTEE TO WORK FOR BRYAN

Chicago, Oct. 2.—The appointment is announced at Democratic national headquarters here of a bankers' committee, composed of one prominent banker in each state, who are to work for the election of Mr. Bryan. Most of the members are presidents of banks. A statement from national headquarters announcing the appointment says: "It is the intention of the national committee from this date to give special attention in this campaign to interests of the bankers of this country. The committee feels that the bankers are much interested in the conditions which confront them and in which they are required to choose between the postal savings banks proposition by the Republican party and the guarantee deposit plan proposed by the Democratic party."

The bankers' committee has not yet met to elect officers.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed, never to return. In nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHERRY & CO., Toledo, O.
