

WATER AND MOTORS DIVIDE HONORS.

Lawson Makes a New Mile Record While Motors Create Excitement.

HUME LEADS THE AMATEURS.

Despite Poor Condition He Unwinds Speed Levers and Keeps Ahead Of the Bunch.

Last night at the saucer it was the turn of the motor to draw the center of the crowd's attention, and a big crowd it was that turned out. The four puffing engines of antipatry destruction went around the saucer at a gate lively enough to satisfy anyone and at the end there were thrills in every back when Turville pulled in ahead by a quarter lap.

Iver Lawson rode to form again last night, and incidentally proved up on his title of king of the saucer, which he has hoisted since he began to ride in Salt Lake. He trimmed a fifth of a second off his time of 1.28 for the mile made Decoration day, and made a new record again. Downing came into second place on Lawson's lead, and Samuelson failed to get in better than fourth, which suggests that he is either in company too fast this season, to shine as of yore, or is still out of condition.

Jack Hume was the hero of the amateur bunch. Walking like a cripple, and hardly able to get up his wheel from the effects of his bad split Wednesday night, he started out in his head, led the bunch for and from the tape, and refused to let anybody get near enough to either approach with intent to spill or pass him. In the final he unwound in the same phenomenal manner and beat the bunch to the tape after being posted once by West, who sprinted in for second.

The mile handicap developed no speedy results, as the slow bunch was too fast for the fast bunch, with its lead counted in, and at the end there was no show except for Hollister and Burris, 25 and 29-34 seconds.

The summary:
Mile handicap, professional—Final, Hume (25 yards), first; Burris (30 yards), second; Burris (45 yards), third; Wilcox (55 yards), fourth, Time—2:02.3.
Three-quarter mile open amateur—Final, Hume, West, McCormack, Crebs, Schmidt, Time—1:35.5.
Mile open, professional—Final, paced by Furman; Lawson, McFarland, Downing, Samuelson, Time—1:55.4.
Five-mile motor—Final, first by a quarter lap; Hagen, second, by five laps; Samuelson, third, by one lap; Schmidt, fourth, Time—8:39.

ROAD RACES AT LAGOON.

This afternoon at Lagoon the road racers are celebrating their various degrees of victory and defeat. The program was arranged for 4 riders, and most of them showed up at the time when the race was called. The observation train left the lagoon depot at 3 o'clock and was scheduled to follow the riders all the way out. This evening at Lagoon the University of Utah baseball team celebrated, and this afternoon it played a game with the Bountiful aggregation.

BASEBALL TODAY.

Order, headed by Dad Glimin, and followed by his baseball bunch of Lobsters, arrived in Salt Lake this morning, and this afternoon there is baseball doing at Walker's field. Salt Lake fans are betting that they won't be better than second, when the game ends, while they are wondering if maybe the Lobsters won't somehow maybe break this year. The game is called at 3 o'clock, and is the first of the season between these two league teams.

TO CONTEST AT CASTING THE FLY

State Fishermen Plan Big Meet To Pick Skilled Veterans.

TWO PRIZES TO BE OFFERED.

One for Distance From Shore and the Other for Accuracy of Position In the Stream.

A new sport will probably be introduced into Utah as the result of the combination of fishermen and the forming of their association. It is to be in the nature of fly casting contest, with two prizes, one for accuracy and one for distance.

Good fly fishermen know that when pools lie deep across the stream it requires no small degree of skill to cast the fly in the correct position so far away, and the contest is to pick those who are best skilled in the art.

The plan is to stretch yard strings in a good pool, where the bank gives free use of the pole and a long line, and then to measure the length of cast, by its relationship to these strings, which will go out for a distance of 50 or 60 feet. In addition to the lateral strings a small mark will be fixed at a distance of 20 or more feet from shore, and a contest in casting to strike it with the fly will be held.

The idea of holding the contest is State Senator Love's, and in talking it over with President Schelski of the new fishermen's organization, he secured immediate support. The contest will be held at Calder's Park, about the time the trout season opens, which is in 15 days.

PACIFIC COAST.

Seattle, June 1.—After taking a commanding lead early in the game, Seattle had a hard time to win from Los Angeles. A muffed fly by C. Hall in the fourth, followed by Dillon's double and two singles, gave Los Angeles a chance to tie. Hits by Kane and R. Hall in the fifth, coupled with a bad throw by Schmidt, gave Seattle the winning run.

Seattle	4 11 4
Los Angeles	3 7 3

Batteries—Jones and Hansen; Schmidt and Ellis.
Umpire—Perrine.

Portland, June 1.—Calif was up in the air when the game opened today, and after miking the bases allowed two men to walk. Jim Smith contributed another run for the visitors by means of an error, but notwithstanding this auspicious beginning the visitors failed to score again. Jim Smith, the visiting pitcher, was pounded hard by the locals, and was accorded mediocre support.

LOU DILLON AGAIN.

Court Decides Association Has Right To Investigate Charges.

New Haven, Conn., June 1.—Judge William K. Townsend in the United States circuit court today denied the motion of the Memphis Trotting association for an injunction against the National Trotting association to restrain it from holding a meeting to hear the famous Mader-Lou Dillon case, involving the alleged drugging of the mare in the Gold Cup race at Memphis in the fall of 1904. The decision rendered at the close of rather stormy arguments by counsel for the Memphis association and the national body, is a victory for the National association, which was accused of conspiracy and treachery by Attorney James Meagher of Chicago, for the Memphis association, in a closing argument. President P. E. Johnston of the National association, who came here from Kentucky to be present at the hearing, tonight said that the date of the meeting of the association to pass upon the case was not fixed. He added that he hoped the matter would be settled before the trotting season opens.

JOCKEY CLUB OUSTED.

Supreme Court Hands Down Decision In Delmar Horse Case.

Jefferson City, Mo., June 1.—The supreme court at St. Louis today made an order ousting the Lewistown Jockey club of St. Louis, ordering the corporation dissolved and the trustees to wind up its affairs, and imposing a fine of \$500. This order is based on the declaration that the club violated its charter in conducting racing in violation of the law. The application for ouster of the club was made by Attorney-General Hadley. After the fine and costs are paid, the court orders that the trustees are to pay over to the stockholders whatever money may be left.

FLIP-FLAP TIES RECORD.

New York, June 1.—Flip Flap, split favorite at 11 to 4, won the Claremont steeplechase at Belmont park today, equaling the world's record of 1:32.5, held jointly by Martinus and Minnie.

TERRIBLE TERRY AND BRITT.

New York, June 1.—Magistrate Brown, at the hearing in the Jefferson Market police court today in the case of Terry McGovern and Jimmy Britt, the prizefighters arrested at Madison Square garden last Monday night, refused to hand down a decision. He ordered briefs submitted by Tuesday next, and said he would render his decision on the following Tuesday.

DUCK HUNTERS HAPPY.

Reported That a Flock of Geese and Goslings Have Appeared.

There was a bright twinkle in the eye of nearly every duck hunter with a club membership at the mouth of the Jordan grounds, today for a report was brought in that something new had occurred at the big breeding ponds. It is in the nature of a flock of geese, with a large colony of little goslings. One of the members who went out several days ago to overlook the preserve and see that it was not being molested by poachers, encountered the geese on the last large lake of the preserve, and while the mothers and young "skidded" on his approach into the tules, the drakes prepared for a fight, and followed the boat till it was well out of the lake.
The ducks are breeding on the

grounds this year in great number, as the grass in the artificial lakes is well grown and affords ideal protection.
