... A CHANCE FOR SCHOOL BOYS AND GIRLS ...

HE reports of the census enumerators of this city are now in Washington. In a short time the figures will be announced. To stimulate interest among our school boys and school girls in the subject, the Degeret News has decided to offer ONE STANDARD DIC-TIONARY, value \$12.00, to the boy or girl who first guesses nearest the correct figures. The only conditions are that each guesser shall have been enrolled in some one of the schools, or colleges of Salt Lake, or at the Utah University during the year just past, and that each shall be limited to one guess. In case of a tie, the ownership of the dictionary shall be settled by lot. The guesses will be recorded daily, in the order in which they are received. The "News" has arranged to receive the figures by wire from the census office in Washington as soon as they are known, and the first guess received, coming nearest the correct figures. will be awarded the prize. No guesses will be recorded except those regularly filled out on the guess coupon below. Cut it out and send it with your name, your address, the school you attended and the figures,
