Kansas City, Nov. 22 .- Leslie M. shaw, secretary of the treasury, and Wm. J. Mr. Bryan said he telt very friendly toward the commercial congress because it was the only body of which he was ever president. He made a strong plea in opening to have the next annual congress held in his home town, Lincoln, Neb. Mr. Bryan presented the following resolution, which he asked be consid-ered by the resolution committee of the congress at tomorrow's session: "Resolved, That this congress heart-by endorses the resolution unanimously

SPEEDILY CURED BY CUTICURA REMEDIES

"I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on

his body a red spot and treated same with differentrem edies for about five years, but when the spot began to get larger I put him under the care of doctors. Under

their treatment the disease spread to four different parts of his body. The

longer the doctors treated him the worse it grew. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itch-ing. When I think of his suffering, it nearly breaks my heart. His screams could be heard down stairs. The suf-fering of my son made me full of misery. I had no ambition to work, to eat, nor could I sleep.

"One doctor told me that my son's eczema was incurable and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial. "I tell you that Cuticura Ointment

is worth its weight in gold; and when I hadused the first box of Ointment there was a great improvement, and by the time I had used the second set of Cutichild was cured. He is now twelve years old, and his skin is as fine and smooth as silk. (signed) Michael Stein-man, 7 Sumner Avenue, Brooklyn, N. Y., April 16, 1905."

CABINET HOSTILE TO WITTE. St. Petersburg, Nov. 22 -The hos-file feelings toward Count Witte held by almost all the members of the pres-ent cabinet, combined with the distrust inspired by the supposed intentions un-derlying his recent return to Russia, have taken the form of an active cam-paign to counteract his influence. A former official of the ministry of the in-terior, who is now private secretary to Premier Stoiypin, has been sent to Berlin to start a press campaign against Witte for the purpose of un-dermining the prestige still enjoyed by him in Europe and the United States. A further manifestation of per-sonal enmity is to be seen in the report that steps are being taken to cut off the hig stipend, in addition to his reguthe big stipend, in addition to his regu-lar salary of \$5,000 a year as a member of the council of the empire, which Witte has been receiving since his re-tirement from the ministry of finance.

The decadence of the senate can only fol-low the decadence of the people, and would mark a backward movement in the social condition, morals, intelligence and integrity of the people. So long as the people grow in virtue and in intell-gence, live in an advancing civilization and under a free government, there can be no decadence in high places, but in-stead an ever-increasing virtue and loftier sense of duty in our public servants. We are apit to think and say that the present is not equal to the past in all good things, in particism, ability and purity, and that our greatest men belong to the past; but when the time comes the pres-ent always finds some one to take the place of the greatest that has failen. The hour produces the men. The debate on railway rate legislation discovered to the world great men and great senators. This debate will stand as one of the ablest ever had in the senate. I am about to retire from the diplomatic service. For some reasons I greatly re-gret doing so, and especially do I regret leaving America. From the day I en-tered the service It was my express wish to become ambassador at Washington. I regarded this embassy as the most desira-ble post in the servie. I can say with all truth that after three years here that feeling has greatly increased.
