

## EDDIE SMITH BEATS HOFFMAN.

Good Amateur Races at the Salt Palace Last Night.

## CHAPMAN RIDES HALF MILE

Establishes a Track Record of 53 2-5 Seconds—Iver and Gus Lawson Defeated in Tandem Handicap.

Eddie Smith's riding proved the star feature of the bicycle races at the Salt Palace last evening, and his efforts were thoroughly appreciated. The crowd was not very large owing to the expected snowfall, but between watching Bill Rishel shift around with an iron box full of coin, and listening to the musical tones of Harry Searman, the official announcer as he announced, it managed to forget its troubles and stick it out.

The first event was the one-quarter mile open amateur. The first heat was captured by Hoffman in 31 1-5.

Eddie Smith captured the second heat and took the final away from Hoffman in a red hot finish.

The one-quarter mile open professional was run in three heats. The first went to Bell in 39 2-5, the second to Gus Lawson in 39 1-5, and the third to Iver in 31 4-5.

In the final Gus, Iver Lawson, Bell, Vaughan, Gunn and Samuelson lined up. It was fully expected that a record would be made in this race. It was lively from start to finish, Iver getting first place in 30 seconds flat, which equals the record.

Gus Lawson took second place, Bell was third and Vaughan fourth.

The half-mile handicap amateur in which Eddie Smith surprised everybody, and which he won, was a close one and was won by Staver and King, who had a handicap of 100 yards. Iver and Gus Lawson came in fourth.

John M. Chapman, the "Georgia cyclone," made his appearance for the first time in this season in a half mile exhibition race. He was paced by a tandem and taking a flying start established a track record of 53 2-5 for the half mile.

In the one mile tandem handicap professional the Lawson brothers were again forced to go up against too great a handicap, and, of course, lost. Before the race Iver Lawson offered to sell his right to the \$50 prize offered for the winners. The race was a close one and was won by Staver and King, who had a handicap of 100 yards. Iver and Gus Lawson came in fourth.

**SUMMARY.**  
Quarter-mile open, amateur—First heat—Hoffman first, Grames second, Williams third. Time, 31 1-5 seconds.  
Second heat—Eddie Smith first, Trennam second, Earl Clayton third. Time, 32 seconds.

Quarter-mile open, professional—First heat—Bell first, Gunn second, Edmonds third. Time, 39 2-5 seconds.  
Second heat—Gus Lawson first, Vaughan second, Samuelson third. Time, 39 1-5 seconds.

Third heat—Iver Lawson first, King second, Burris third. Time, 31 4-5 seconds.  
Final—Iver Lawson first, Bell second, Gus Lawson third, Vaughan fourth. Time, 30 seconds (tying track record held by Vaughan).

Half-mile handicap, amateur—First heat—Hoffman (scratch) first, Clayton (50 yards) second, Levland (75 yards) third, Bowers (50 yards) fourth. Time, 1:00 1-5.

Second heat—Bob Williams (40 yards) first, Eddie Smith (scratch) second, Hume (45 yards) third, Trennam (50 yards) fourth. Time, 59 seconds.  
Final—Eddie Smith first, Clayton second, Hume third. Time, 1:03 1-5.

Record trial, tandem, half mile, flying start, by John M. Chapman. Time 53 2-5 seconds, establishing track record.

One mile tandem handicap professional—Staver and King (100 yards) first, Charles and Clem Turville (85 yards) second, Vaughan and Bell (75 yards) third, Iver and Gus Lawson (scratch) fourth. Time, 1:49 2-5.

**After Motor Record.**  
Next Tuesday evening Clem and Charley Turville will go after the mile record on their new motor cycle, on the Salt Palace track. Announcer says that "The over brothers" Clem and Charley" would go after the record.

**Park City vs Lagoon.**  
Down at the League park this afternoon the miners from Park City and Bamberg's pets from Lagoon are indulging in fine finishes of the National game. Neumeier pitches for Lagoon and Pendergast for Redmond for Park City.

**LIVE OAKS WINS.**  
Defeated the University team by a score of 19 to 2.

The noted Live Oaks of Bingham went out to the university campus yesterday afternoon and wiped out the diamond with the university team.

Ames, he with the flowing locks of yellow hair, pitched for the visitors and had everything his own way. His control was good and his support all that could be desired. The agony ended with a score of 19 to 2 in favor of the Hinghamites. Following is the line-up and score by innings:

**LIVE OAKS.** University.

**OUTSIDE EVENTS.**  
**INTERCOLLEGIATE BOAT RACES**  
The Program Has Been Definitely Arranged—On July 2nd.

Poughkeepsie, N. Y., June 15.—The program for the Intercollegiate boat races on July 2nd, has been definitely arranged. It has been planned at first to have two of the races—a four-

oared "Varsity and single skiff—in the morning and hold the freshmen and "Varsity contest late in the afternoon. But owing to a failure of entries to fill for the single race that event has been abandoned and the three other races will be held in the afternoon on the following schedule: 3 p. m., eight-oared freshmen race between Cornell, Pennsylvania, Columbia and Wisconsin; course two miles; 3:45 p. m., four-oared "Varsity between Cornell, Pennsylvania, Columbia and Wisconsin; two miles. 5 p. m.—Eight-oared "Varsity race between Cornell, Pennsylvania, Columbia, Wisconsin Georgetown and Syracuse; course four miles.

**Henry to Ride Olympian.**  
Paris, June 15.—Milton Henry, who rode Cup and Belle II the winner of the Oaks at Epsom will ride Foxhall Kearsley in the Grand Prix, Sunday. Olympian is in good condition, the betting being fourteen to one against.

Saxon, the winner of the Prix Du Jockey club at Chantilly is the favorite, at 14 to 5 on.

Milwaukee..... 0 0 0  
Philadelphia..... 7 11 0  
Batteries—Hawley and Connor; Frazer and Powers.

**VARIOUS COURT CASES.**  
Attorney Edward McDurrin yesterday afternoon obtained a citation upon Thomas J. Lynch, executor of the will of the late John C. Lynch to appear before Judge Hall Monday morning and show why his first financial report was not filed some weeks ago. The accounting only involves about \$400 since November, 1898, but there is a one-fourth interest in the Ophir mine at Stetline to account for.

**IVERS' DENIAL.**  
James Ivers filed his answer yesterday to the breach of contract suit brought against him by E. W. Griffith and E. H. Perry, Jr. He denies that he ever gave the plaintiffs an option on 6,000 or any number of shares of Silver King mining stock at \$5 a share or any other price, or that the plaintiffs ever tendered him \$300,000 or ever deposited that amount to his credit in McCornick's bank. This being so he falls to see how plaintiffs were damaged, and asks for the dismissal of their \$100,000 suit.

**THE HOPES DIVORCED.**  
Hilda Hope has at last obtained her divorce from Halvor Hope, but the court did not allow her any alimony. The marriage was in July, 1899, and the grounds for divorce were cruelty. The divorce was heard last January and in March Hope tried to have the case reopened on the ground that his wife had never obtained a divorce from Peter Morgan, her former husband.

**INSURANCE SUIT.**  
Anna Muns, as administratrix of the estate of Charles Meyer, deceased, is suing the Standard Life and Accident Insurance company of Detroit, Mich., to recover \$400 for Meyer's death, who was killed in Wyoming last June. The company refused payment because it did not receive notice of the death within the required time.

## SOCIETY LADIES GIVE THEIR EXPERIENCE WITH PE-RU-NA

Prominent Ladies All Over United States Are Using Pe-ru-na.

MISS JANET WILSON GAIRE

MISS MATTIE L. GUILD

MISS BERTHA FISCHER

MRS. COL. E. L. GRESHAM

MRS. A. C. JACKSON

Men and women are subject to catarrh. Women are even more subject to catarrh than men. This is due to many causes. The chief cause is the delicacy of her organism, as compared to man. The extreme sensitiveness of the mucous lining of every organ of a woman's body is well known to physicians. This explains why, in part at least, so few women are entirely free from catarrh.

A vast multitude of women have found Peruna an indispensable remedy. Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties. Send for free catarrh book. Address Dr. Hartman, Des Moines, Iowa.

**THIS YEAR'S BEET CROP.**  
Mayor George Austin of Lehi Talks Interestingly of It.

**WHAT UTAH COMPANY HAS.**  
Over 1,500 Farmers, and Yield Will Exceed 80,000 Tons—Average Number of Tons to the Acre is 12.

Mrs. George Austin, mayor of Lehi, and agricultural superintendent of the Utah Sugar company, is in the city for a few days preparatory to a trip to the Bear river property lately acquired by the company.

In speaking of this year's beet crop Mr. Austin said:

"The farmers have taken excellent care of the beets this year and with the splendid weather we have had to insure a crop that will be from 30 to 40 per cent greater than that of last year. We have over 1,500 farmers now under contract and the crop this year will exceed 80,000 tons. The Sugar company this year pays \$4.75 per ton for beets delivered at the factory and the average number of tons to the acre is twelve. We now have 7,000 acres, under beet cultivation, situated in four counties, including Salt Lake and Utah counties.

"The auxiliary sugar factory at Provo is getting on nicely and will be completed in time to handle part of this season's beet crop. The plant at Provo will be a great help to the farmers and the company as it will materially reduce freight rates on the beets and open up a wider area of land to beet cultivation.

"In company with Manager T. R. Cutler I leave Monday for the Bear river country and will spend a week looking over the conditions there. The Sugar company will immediately after the examination we will make have 1,000 acres plowed ready for the planting of sugar beets next spring.

"I consider that valley to be the coming district for the beet sugar industry of the West. The land is well adapted to beet cultivation, and there is an unlimited supply of water for irrigation. There are now 40,000 acres of land irrigated and before another summer we

expect 500 more practical beet farmers to have farms under cultivation in that valley.

Mosiah Evans, representative to the Legislature from Utah county was in the city yesterday en route to Lehi from the Bear river country. He is resident manager for the company in that valley, and says the outlook is most promising, the farmers there are expecting better crops this year than in any season past.

**SOCIAL AND PERSONAL.**  
Miss Llana Luache of never reached Salt Lake yesterday and is visiting with her friend Miss Julia Barrows at 544 east Second South.

On Wednesday next Miss Julia Barrows and Mr. Ames C. Cope will be married in this city.

A pleasant social was held last night at the residence of George M. Cannon, the German club, consisting of members of the L. D. S. University meeting there and spending an enjoyable evening with reading, recitations and conversations in German. The president of the club is Miss Maud Baxter, the vice president, Theo. Brighton, and the instructor, Le Roi C. Snow. The next meeting will take place at the residence of Miss Annie Cannon next Thursday.

Mrs. Moffatt, Miss Emil Moffatt and Miss Julia Hays left for a trip to Montana on Monday.

Mrs. Belle Gemmell will entertain at luncheon on Monday.

The University of Utah has issued invitations to the commencement exercises of the institution beginning tomorrow and lasting until Thursday. The invitations are daintily gotten up, and the exercises will doubtless be most interesting.

## TWO HUNDRED AND FORTY MEN

Have a Narrow Escape From Drowning in the Ingalls.

**ARMY TRANSPORT CAPSIZES**  
Was in Erie Dock, South Brooklyn, to Undergo Repairs—Slipped from the Blocks and Went Over.

New York, June 14.—While the United States transport Ingalls was in the balance dry dock at the Erie basin, South Brooklyn, this afternoon, where she was about to undergo extensive repairs, she suddenly slipped from the blocks and capsized. One man is known to have been killed and many injured.

There were about 240 carpenters, machinists and other laborers at work on the vessel and dock at the time. Besides the mechanics and other workmen who crowded the vessel and dock, preparing her for a voyage to Manila, about thirty Italian laborers are supposed to have been in the hold of the ship employed in shifting pig-iron ballast.

While the workmen were trying to escape, the dock itself, overbalanced by the weight of the ship, turned on its side and sank in fifty feet of water. A number of the men were borne down into the water and jammed under and beneath the wreckage and arose to the surface. How many were caught could not be learned tonight.

Martin Anderson, a painter, was caught under the descending side of the ship and killed outright. Others were dragged out of the water badly injured or half drowned and hurried to the hospital.

Added to the horrors of tonight was the uncertainty of the fate of the men in the vessel's hold. Some managed to get to the dock and leaped into the water as the vessel was sinking, but it is feared that the majority were less fortunate.

The Ingalls went into the dry dock at 11:30 o'clock this morning and about \$50,000 was to have been expended on her repairs. The dock in which she was placed was a very old one, having been constructed over fifty years ago. No one could be found tonight who could give an estimate of the damage caused by the disaster.

A vivid description of the accident was given by Second Officer Grady, of the Quebec line steamer Grady, lying in the next dry dock to the west of the Ingalls. He saw the collapse from the deck of his own vessel.

"I was at the starboard side of our ship," he said, "when I heard a chorus of shouts from the dry dock in which the Ingalls was lying and I ran across. The transport had a heavy list to starboard and was—"

"Men were clambering all over the ship, and the air was full of groans, cries and screams. As the ship turned the gates of the dry dock flew open and the water came in with a rush. I could see the men climbing up the sloping deck of the transport and trying to make the port rails. Many of them tumbled from the deck and into the water. The men who were working on

the staging on the port side were raised up by the vessel as she went over. Just before the end I saw some men rush up the companion way to the deck.

"The water rushing into the dock, seemed to right the ship for a second and then the dock went over this and sank with a roar of water. As it went down with the vessel inside many men jumped into the water. The ship was soon full of them. The blocks and beams rose to the surface and many of the men were wounded by being jammed between floating timbers."

**CHINESE MERCHANT EXCLUDED**  
Ground is that in His Store He Runs One Sewing Machine.

San Francisco, June 15.—An appeal has been taken to the secretary of the treasury from the decision of the Chinese bureau denying a landing of Ong Shi, who conducts one of the largest clothing stores in the Chinese quarter of this city. He has just returned from a visit to China and the refusal to allow him to land was based on the recent treasury decision, which removes from the merchant class any Chinese person who derives any direct income from the employment of artisans.

It was shown that in his store one sewing machine was operated for the manufacture of specially designed silk robes for wealthy Chinese and this is held to come within the ruling of the department.

**Consul J. M. Ayers Exonerated.**  
New York, June 15.—A special to the Herald from Washington, says: Consul James M. Ayers, at Rosario, Argentina, has been exonerated of charges made against him involving neglect of duty. Mr. Ayers has submitted a detailed denial to the state department which is accepted as thoroughly satisfactory and the matter will be allowed to drop.

The charges were filed by Capt. Chase, a shipmaster of Boston, who alleged that the day he called to obtain his clearance papers the consul was intoxicated. Mr. Ayers explained to the department that he was too much occupied, partly with business for Capt. Chase, to be intoxicated, and said the master himself was responsible for the delay in the receipt of his clearance papers.

**London Rapid Transit.**  
New York, June 15.—The London correspondent of the Tribune says: If the houses of parliament had the energy and enthusiasm of the new bishop of London, the metropolis would soon be in a fair way to have rapid transit. As it is a slow going legislative body, it is holding committee investigations and wasting time when, as the bishop says, twenty tubes are needed to carry the working people in and out of London. The joint committee received testimony yesterday from the traffic managers of the omnibus associations to the effect that tubes would not take off a single omnibus between Paddington and Victoria and along other important routes, and consequently would only injure one another and be of no advantage to the public.

When the joint committee is occupied in this way capitalists and suburban residents despair of practical relief.

**ELIAS MORRIS & SONS COMPANY.**  
The most elegant and most extensive line of Mantels ever exhibited in this city now in our Show Rooms.

21-23-25-27 W. So. Temple, Salt Lake City.
