FROM TUESDAY'S DAILY, OCT. 5.

SEMI-ANNUAL CONFERENCE.

The Forty-Fifth Semi-Annual Conference of the Church of Jesus Christ of Latter-day Saints will convene in the New Tabernacle tomorrow, the 6th day of October, at 10 a.m.

People from distant parts of the Territory are flocking in for the purpose of attending the meetings, and everything seems to indicate that the gathering will be very large, and an exceedingly interesting and instructive time may be expected.

Out on Bonds.—Dan Torvey and Henry Jenkins, charged with cattle stealing, are out on \$300 bonds each.

Arrested Again.—William Woolsey, cousin to "Dick," alias "Bill" Woolsey, was arrested last night, on a charge of stealing some stock, the owner of which has made affidavit against him.

Information Wanted.—Mrs. Nancy Smith enquires regarding her brother, James Races, supposed to be in this Territory. Her address is Martinsburg, Keokuk Co., Iowa.

Lots of Them.—There are now sixteen prisoners in the jail of Salt Lake County, nearly all of whom are under commitment to await trial in the District Court.

A plan for a break among them was discovered in its incipency and nipped in the bud the other night.

Z. C. M. I.—A meeting of the stockholders of Z. C. M. I. was held in the Old Tabernacle, at 2 o'clock this afternoon, when the following officers were elected:

Brigham Young, President; Theodore McKean, Vice-President, Wm. H. Hooper, H. S. Eldredge, H. B. Clawson, David Day, David O. Calder, Aurelius Miner and Christopher Layton, Directors; and Thomas G. Webber, Secretary.

Emigrants Arrived.—The company of Saints in charge of Elder R. V. Morris, arrived in this City by the regular morning train today. The company had a prosperous journey all the way through, there being but little sickness and only one death, that of a young child.

The returned missionaries are in good health and spirits.

Big and Beautiful Apples.—Bishop George Halliday was kind enough to bring into this office yesterday, from his orchard at Pleasant Grove, a quantity of magnificent specimens of apples, of the following varieties—Fall Pippin, Fall Belleflower, and Rhode Island Greening. They looked particularly handsome, when one recollected the grubby condition of the apple crop in this city.

Home Made Hats.—This morning our reporter visited the hat factory of the Eighth Ward Industrial Association, where he found Brother Sheldermine engaged in manufacturing good, substantial felt hats, for gentlemen's wear. Some of the specimens, some black and others drab, are of really good quality, of respectable appearance, and of such material as will endure better than the generality of imported hats. Brother S. has also been turning out some ladies' felt hats, which, when neatly trimmed, in which condition they can be seen at the store of Sister Rumell, look quite handsome.

An Escape.—As the prisoners were being brought out of the city jail this morning, to go to work, one of them, named Joseph Reynolds, struck out on the full run, making splendid time, with one of the prison guard in pursuit. A stern chase is proverbially a long one, and so it was in this instance. The race was eastward, and when the pursuer, with the pursued still on ahead of him, reached Fuller's Hill, on the east bench, he was overtaken by jailer Hyde, in a buggy, who took him up and continued the chase, when the fugitive was soon overtaken, secured and conducted back to the jail.

Departure of the Presidential Party.—At 4 o'clock yesterday afternoon President Grant and party left this city for Denver. On their way to the depot they called for a few minutes at the palatial residence of Hon. W. Jennings. A large crowd of people assembled at the depot at the hour named, and greeted his Excellency and companions with a hearty cheer. Dele-

gate Cannon and other gentlemen of the City Council committee, Governor Emery, members of the City Council, and a number of private citizens, ladies and gentlemen, accompanied the party to Ogden.

Shortly after starting, the presidential party, including the President himself, left their own car and entered that occupied by the municipal committee and their friends, and spent the time with them on the way to Ogden in pleasant and sociable conversation. The universal expression of the members of the party, the President included, was one of unmixed pleasure with their visit to Salt Lake City, and the ladies especially regretted that their stay had been necessarily so short.

The good order that prevailed during the entire visit was a subject of remark.

The train went up to Ogden in one hour, and as the Presidential car parted from the Utah Central one the President and ladies accompanying stood on the rear platform of the one while the ladies and gentlemen from the city stood on the platform of the other and waved an adieu to each other with their handkerchiefs.

The escorting party soon after started on their way back to the city, by special train, and although Governor Emery had never as much as noticed the municipal authorities in his reception operations, himself and those accompanying him were invited to take seats in the car chartered by the municipal party, which they accepted, the time occupied in making the homeward trip being one hour and ten minutes.

Big Onions.—Elder Arza E. Hinckley this morning presented us with two specimens of the White Spanish onion, grown by Thomas Beard, on stiff sage brush, brown, bench land, well manured, at Coalville. The seed was sown very early in the season. The largest specimen, when pulled, weighed three and a half pounds, and measured twenty-three inches in circumference. The grower had many specimens of similar size. The smaller one weighed perhaps a pound less, and may be considered an average specimen.

Of the grain crop at Coalville about half wholly escaped frost, the other half being more or less frosted. The potato crop is very good, also the hay crop. There has been a fine but dry fall in that locality, and the grass is consequently rather short.

These onions are something like overgrown specimens of the human race—large but mild.

The Irrepressible Tasker.—It is now becoming somewhat of a serious conundrum as to whether there is a possibility of the law in its multifarious operations ever getting anything like a permanent clutch on that notorious character, Ben Tasker. On Saturday he was discharged from custody at Provo, there being any amount of "willing testimony" from "willing witnesses"—that's what Ben calls them, "willing witnesses"—such as "Dick" alias "Bill" Woolsey, Nels Simmons, who testified strongly for the defense.

Ben has told the officers that they could try their best, but that he would get clear every time.

James Lund was a prosecuting witness in the Provo case, but Ben treated him contemptuously, and, in a speech, animadverted upon Lund as a fellow who could be hired to swear anything to get a fellow out of trouble. He had only had him a few times himself, and alluded to one instance, when he engaged him, when he was arraigned for drawing a pistol on Nathan Hansen.

After being discharged at Provo, Ben was arrested on the plover stealing affair previously mentioned in the NEWS. He will have an examination before a Justice of this City, when it is probable there will be a few of Tasker's "willing witnesses" on hand.

Train Wrecked.—The C.P. train, due here this morning at 8.40, Ogden time, did not reach this city till about three o'clock this afternoon. The cause of the detention of the passenger train is the wreck of a tea train some time during last night at Seco, about seven miles west of Kelton. The accident occurred through a broken rail. So far as we have learned, no person was injured, but the reticence of those who know prevents our giving all the facts at present Ogden Junction, Oct. 4.

Notice to the Public!

THREE YEARS' EXPERIENCE HAS TAUGHT US THAT WE CANNOT DEAL IN TWO different makes of wagons with satisfaction to the manufacturers, ourselves and the public.

Therefore, we shall hereafter only buy and sell the

FISH BROTHERS WAGONS.

They have been so steadily and deservedly growing in favor, that we find it next to impossible to sell any other wagon. Ask any person who has bought one for the last two years, and he will tell you he has never had a tire or spoke loose, or a wheel broken or out of repair. He will tell you that the Fish Brothers Wagons run the easiest, and are the best in all respects.

The balance of our stock of Mitchell Wagons on hand we offer for sale at cost.

We thank the public for its generous patronage in the past, and shall try to deserve your kind favors in the future. We know from the letters written us, and the thousands of words of commendation received from purchasers, that in offering you the FISH BROTHERS WAGON we offer you

The Best Wagon on Wheels!

NOTICE TO AGENTS.

We sell no wagons on commission. Fish Brothers' Wagons don't need to go round the country begging for purchasers. We can sell outright all the wagons the manufacturers can furnish us and supply their other demands, and when a wagon leaves our yard, it is sold.

Yours very respectfully,

JOHN W. LOWELL & CO.
