

# THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays  
and Contains All the Cream of  
the Daily and Saturday News.

## LOCAL BRIEFS.

**Engineer Ashton Out**—Chief Engineer William Ashton of the Oregon Short Line was released from the hospital Saturday, and will soon be able to resume active duty.

**Fires Water Application**—George W. Trippe of Calla, Utah county, has filed application with the State engineer for 15 second feet of water from the Sevier for irrigation.

**May Take Vacation**—Former Councilman E. E. Rich has been quite ill and will probably take an extended vacation in order to secure a season of complete rest from the cares of business.

**Out for Dynamites**—Fish and Game Commissioner H. B. Cromar and County Game Commissioner, E. N. Jacklin have gone to the Strawberry for two weeks. They may catch a few stream dynamites.

**Time Card No. 13**—Time card No. 13 of the Utah Division of the Oregon Short Line is out. The only change made is in the fast mail No. 9, which reaches San Francisco now 40 minutes later than under the previous schedule.

**Removed to Her Home**—The many friends of Mrs. Heber M. Wells, will be pleased to learn that she has so far recovered from the effects of the automobile accident that her physician has given permission for her removal to her home on First avenue.

**Capt. Small at Hospital**—Captain James A. Small, U. S. postoffice inspector, is at the L. D. S. hospital suffering from serious trouble with his heart. He was sent here from California to Denver, where he became so ill that he had to be removed to the hospital for treatment.

**Quartet at Meakin Reception**—The quartet composed of Mrs. Bessie Browning, Mrs. George Smith, Mr. Joseph Poll, and Mr. A. G. Mahan will sing at the reception to be given to Mr. John P. Meakin at the Eagle's Hall on the evening of the 25th of this month. This is an affair in which the general public is cordially invited.

**W. A. R. Encampment**—The G. A. R. veterans of this state are already readying plans to bring to Salt Lake the annual encampment for 1907. The one for 1908 will be held at Cincinnati, and as California and Colorado have had encampments of recent years, they will be ready to turn in and help bring the encampment for 1909 to this city.

**Big Health Resort**—The Carbon County (Wyo.) Journal reports that C. E. Wandland and other investors are proposing to convert Saratoga into a big health resort. One of the improvements will be a 100 room hotel, numerous cottages, a swimming pool, etc. It is claimed that the parties have abundant funds to enable them to carry out their plans.

**Zion's Savings Bank & Trust Co.** Pays 4 per cent on deposits, safety deposit boxes, etc. **JOSEPH C. SMITH, President.** **O. C. BEBEE, Cashier.**

## NO ACTION TAKEN.

**Council Committee Considers Franchise and Lighting Matters.**

The municipal laws, streets and improvement committees of the city council met again yesterday afternoon to consider the franchise of the Utah Light & Railway company for extensions to its system and also to consider the proposition of the Weibach Street Lighting company to install gas lights on the streets. Nothing was done in either matter and they will be considered again on Thursday night at the regular committee meetings.

## DON'T GRUMBLE

When your joints ache and you suffer from rheumatism, get instant relief. A positive cure for Rheumatism, Gout, Cuts, Burns, Bruises, Swellings, etc. Mr. T. T. Boy, a prominent merchant at Willow Point, Utah, says that he finds relief from his rheumatism by using the best all round Liniment he ever used. For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

## FORCES ARE JOINED.

**Directors of M. & M. and Butchers and Grocers Vote for Merger.**

With nine out of 15 directors of the M. & M. association voting for the move, and the others absent from the meeting, the consolidation of forces for the Butchers and Grocers was last night effected.

The plan of the proposed joining of forces is for a harmonious work, and not to merge the two organizations. Lorenzo J. Jensen will be president and will carry on the publicity campaign for home industry, and "get acquainted" meetings. But and Grocers will continue to meet separately, but the consolidation to affect prices, or eliminate competition, were not discussed at the meeting last night, and all favored the move. After adjournment President Jensen gave out the following statement:

It has been understood that the Manufacturers and Merchants association and the Butchers and Grocers association have amalgamated. We wish to inform the public that this is not strictly correct. While it is true we will consolidate offices of the two associations for mutual benefit and advantage, such as reducing expenses, getting in closer contact with each other, etc., each association will have its own president and board of directors, hold meetings separately as they do now, each may occupy the same office and each may have its own office force to do work for both. By thus working in harmony we believe the retailer, wholesaler, jobber and manufacturer will all be greatly benefited in the extension of business and the fostering of trade. It is to be believed is a good step, and is generally understood by those who understand its aims and objects.

## DON'T BE BLUE

And lose all interest when help is within reach. Herbie will make that liver perform its duties properly. J. B. Vaughn, Elko, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herbie to be the best medicine for these troubles, on the market. I have used it constantly, and believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herbie can do me." For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

## Are You Going on a Mission?

If so come to us for Photos as we will make you a special discount. Moner, studio, 55 W. 2nd South. We will take rate tickets from any other studio.

A delicious luncheon with prompt service at all hours at the Royal Cafe & good place to eat.

# REVOLT AGAINST ONE PAT MORAN

Astounding Action on Part of  
"American" City Council  
Last Night.

## CONTRACTOR CALLED DOWN.

David C. Dunbar Also Eligible to Join  
The Et Tu Brutal "American" Club.

In addition to confirming the appointment of a new chief of police last night the city council took occasion to poke P. J. Moran up a little bit for his failure to remove the trestle and rock bins off J street between Second and Third avenues as he promised to do some time ago. In fact several of the "Americans" in the council voted to remove his "elevated railway" at once. A strong protest was submitted from the street against having to put up with the nuisance any longer. The protest stated that the people on J street had been compelled to stand the dust and noise caused by the hauling and dumping of rock and gravel from the streetcars into the bins long enough and that they should not be compelled to submit to it any longer as the macadam on Second avenue, for which purpose the bins and trestle were constructed, had been completed several blocks past J street and the nuisance should be moved to some other street so that the residents on J street will not have to stand all the annoyance. It stated further that all during the hot weather they were compelled to keep their windows closed in the daytime and at night the noise from their homes, thereby putting them to great inconvenience and causing them to suffer from the heat.

## R. S. WELLS'S MOTION.

Wells took the matter up as soon as the protest was read and moved that Moran be ordered to remove the nuisance to some other street. He made a strong argument in favor of the motion and told how the people on that street had suffered from that inconvenience for 13 weeks and had stood it as long as they could. He argued that it was unjust to make those people put up with the inconvenience for that while the street and declared that the bins and trestle should be moved to some other street. Tuddenham, who has fought against allowing the nuisance to remain there for several weeks past, also made a strong talk in favor of removal. He declared that it would be a better use of money to complete the macadam and that the people on J street should not be compelled to put up with the nuisance that much longer.

He said that Moran promised him that he would move the bins and trestle off J street and that he had told the people on that street so, but the macadam is now being laid and the people on that street are beginning to think that he is the worst man in the world for believing Moran.

## BLACK TO RESCUE.

Black came to the rescue of Moran by stating that he had been told that the work would be completed in two weeks and he suggested that the protest be referred to the streets committee for consideration.

Tuddenham and Wells both declared that the work could not possibly be completed in less than six weeks and their strong protest was referred to the matter to any committee. Carter made a talk in favor of the motion of Wells, after which the roll was called and the motion carried by a vote of 10 to 2. Black and Christensen casting negative votes. There were three absent, Davis, Ferry and O'Donnell. Unless Mr. Moran willfully disobeys the order of the council the people on J street will be relieved of the nuisance which they have put up with for three months past.

## D. C. DUNBAR GOT HIS.

The matter of accepting the bid of the American Sign company as presented by D. C. Dunbar of this city, for installing street signs at \$2.10 each, was held up by the council for the reason that Charles Christensen, who sent in a communication claiming that he had not been given an opportunity to submit his bid and a sample of his signs to the committee. Mr. Peterson declared that his sign was superior to the one offered by the company and that they could be installed for \$2.20 each, which is much cheaper than the bid accepted by the committee. After the letter from Peterson was read it was referred to the street committee and the report of the committee accepting the bid of the American Sign company was referred back for further consideration.

## ORDINANCE PASSED.

After a delay of several weeks and the display of considerable oratory in the council, the new water ordinance was passed last night which will permit the promoters of Federal Heights addition to install a water system on their property. The ordinance provides that any one who installs an extension of water on his property at his own expense and the city will reimburse them for the expenditure in four annual installments. The only condition being that the water must run to a bond when the last installment is due guaranteeing the city 6 per cent on the investment. Should they fail to put up the bond the city may deduct from the installment a sufficient amount to make up the 6 per cent.

The matter of installing cluster lamp posts throughout the business district of the city has grown to considerable magnitude since the business men on Main street, between South Temple and First South streets started the movement, and as a result the Salt Lake Electric Light company has been asked to install a sufficient number of lamps on Main, State, First, Second and Third South streets which have ordered cluster posts to be installed. The list together with the retailer, wholesaler, jobber and manufacturer will all be greatly benefited in the extension of business and the fostering of trade. It is to be believed is a good step, and is generally understood by those who understand its aims and objects.

## STATE STREET PROTESTS.

The city recorder reported that the protests received against the paving of State street from Seventh to Tenth South were not sufficient to defend the improvement. Wells asked that the protest of the citizens be further considered and the matter was referred to the streets and engineering committees.

## MAJOR BRANFORD SUBMITTED THE APPOINTMENTS OF JUDGE C. C. GOODWIN, MRS. S. H. CLAWSON AND FISHER HARRIS.

As members of the free public library board and the same were confirmed. Mr. Harris is the only new appointee, the others being reappointments.

The residents of North Salt Lake, north of Ninth North street are going to celebrate the completion and inauguration of the streetcar service in that part of the city by giving a banquet on Wednesday evening, Aug. 28, and sent the mayor and council an invitation to attend. The invitation was accepted.

Auditor A. H. submitted the department payroll for the first half of the month amounting to \$17,188.03, which were referred to the proper committee for approval.

## THE LIMIT OF LIFE.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged, carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body.

C. M. I. Drug Store, druggists, 50c.

## ENDORSED BY THE COUNTY.

"The most popular remedy in Otero County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otero Journal, Gilbertville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by Z. C. M. I. Drug Store. Price 50c and \$1.00. Trial bottle free.
