SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

SENATE.

WASHINGTON, 28.—Vest offered a resolution calling on the President for the correspondence between the State Department and Mexico in regard to the proposed survey of the Northern States of Mexico for the Austin and Topolo-to Ampa Railroad company; adopted.

Vest's resolution declaring in favor of free coinage, was taken up, the question being on referring the substitute accepted by him to the committee on finance.

The morning hour having expired, the resolution went over.

Kirkwood submitted an amendment to insert after the word "bullion" the words at as early a date as these objects can be accomplished consistently with the public welfare; rejected.

Beck reported without amendment the bill making appropriations to pay for United States marshals and their general deputies.

Windom said this bill makes it a penal offense for marshals to obey the law. He said there was not a parallel in all our history for such a measure.

Logan said he had been taught that it was the first duty of a citizen to obey the laws. It was now proposed to declare that it was his first duty to disobey the laws. Under this bill the President is prevented from executing what the Constitution says shall be the supreme law of the land. No such legislation was ever presented to an intelligent people by their representatives; never before had it been declared a penal offense to keep the peace.

Allison moved to strike out the clause making it a penal offense to violate any of the provisions of the bill of various sections of the Revised Statute; rejected.

McMillan moved to strike out all the bill after the words, that the sum of $600,000 is hereby appropriated "for the payment during the fiscal year ending June 30, 1880, of the fees of United States marshals and their general deputies;" rejected.

The bill was read the third time and passed; yeas 25, nays 15.

It was necessary for several senators to break their pairs in order to make a quorum.

Chandler moved to amend the title of the bill by adding the words, "and for other purposes;" lost.

Executive session was then held, and when the doors opened the Senate adjourned.

HOUSE.

WASHINGTON, 28.—The Senate bill exempting from license and enrollment fees vessels not propelled by sail or by internal motive power of their own was amended and passed.

Atkins reported a bill amending the sundry civil act approved March 3, so as to authorize the superintendent of geological surveys to extend his examinations.

Wilson reported back the joint resolution providing for further treaty with Mexico; passed.

The resolution authorizes the President to appoint not exceeding three commissioners at a salary of $5,000 each to take steps with a view to entering into further treaty with Mexico.

The effort to go to business on the Speaker's desk, no quorum voting.

Mr. Blackburn, from the appropriation committee, reported back the Senate joint resolution in reference to the committee clerks, etc., with amendments which he said were substantial rejection of every feature of the joint resolution report was agreed to and committee of conference ordered. Adjourned.

EASTERN.

Speculations and Surmises.

WASHINGTON, 28.—It is now ascertained upon entirely reliable authority that the President has decided to reconvene Congress immediately, if both houses adjourn upon receipt of his veto of the marshal's appropriation bill for that purpose, free of riders.

This new determination is explained upon two theories:

First, that he desires only to emphasize the position he has already taken on the general principle involved, and that in the event of Congress once more adjourning without making appropriations for marshals, unaccompanied with extraneous legislative restrictions, he will make no further call, but allow the whole matter to go over till the regular session next winter.

The second theory is based upon the report very current at the Capitol to-day that the President's friends have arranged with 14 or 15 southern democrats in the House for the ultimate passage of the bill without riders. A number of western democrats say boldly that Gen. Garfield made a trade with certain southern Congressmen whereby, in consideration of the republicans allowing the bill to provide for the Mississippi River commission to be passed, those Congressmen pledged their votes to help the passage of all of the appropriation bills before Congress finally adjourned.

"Why," said a western democrat to-day, "the trade is as plain as the nose on a man's face. President Hayes knows that through the sharp practice of Garfield and other republican leaders the democrats are discouraged, and that if he keeps on reconvening Congress he can eventually dictate any terms he wants. He proposes, therefore, to take advantage of it, and hence will not permit Congress to go away till he gets all the necessary supplies to carry on the government without restrictions of any kind."

These western men say, however, that while they are certain that a few southern men have made a trade and mean to sell out their northern allies, it may be the goods cannot be delivered. They declare with a great vehemence of language that they will filibuster against the passage of any other bill for the support of marshals than the one which will be vetoed. McMahon, of Ohio, has even gone so far as to serve a notice on certain southern leaders that hereafter he will not vote for any bill looking to improvements to the south as a distinctive proposition.

Wool Market.

BOSTON, 28.—Wool has been in steady demand during the past week, and sales were again large, amounting to 2,480,100 pounds. But the market is free from excitement, and prices appear settled on current rates for some weeks past. It is noticiable that notwithstanding considerable fine fleeces have been received, there has not been enough doing to make quotations. Some lots sold for future delivery, but the market nominally is 38 @ 39 for X Ohio, 39 @ 40 for XX, and 40 @ 41 for medium and No. 1. Both buyers and sellers appear indifferent about operating at present in fine wools. Quite an active demand exists for combing and delaine fleeces. Sales of Ohio, Pennsylvania and Virginia XX, and No. 1, 37½ @ 41; X and medium Michigan 37½ @ 39; Wisconsin, New Hampshire and Illinois 31 @ 41; delaine and combing 38 @ 44, unwashed combing 29; Kentucky combing 34½; unwashed fleeces 24 @ 32; Missouri 21 @ 22; Texas 27½ @ 30; Georgia 25 @ 35½. The demand for California was better than last week. Sales comprise 441,500 pounds of spring at 17 @ 35 and 50,000 pounds of fall at 16.

Destructive Storm.

BALTIMORE, 28.—A storm from the southwest passed over the central part of this city, about 4 o'clock this afternoon, continuing about half an hour. In the track of the storm the streets were deluged, and in the vicinity of the custom house and Maryland Institute, between 40 and 50 buildings were unroofed. Large plate glass windows were destroyed.

Boiler Explosion.

MINNEAPOLIS, 28.—At about 11 o'clock this a.m., as the steamer *May Queen*, Capt. Rockwell, was lying at Rockwell's Island, Lake Minnetouka, 15 miles from this city, the boiler exploded, seriously injuring Capt. Wm. Rockwell, N. F. Haynes, engineer, and Mrs. Beakey, of St. Louis, aged 60 years. Haynes will die, and the chances are against Mrs. Beakey and Rockwell. Isaac Dean, Mankato, and Mr. and Mrs. Walker, of St. Louis, were seriously, and Mrs. R. Hough, of Moline, Ills., and a sister, name unknown, were slightly injured. A party consisting of six persons had just disembarked. The boiler was blown 250 feet, 210 feet in the air, passing over their heads. The steamer was a total wreck and sunk. The injuries were mostly by steam.

The Dissatisfied Weavers.

FALL RIVER, 28.—The weavers in mass meeting this evening adopted a resolution not to strike, even if a few nobstick spinners were employed by the mills, the opinion being expressed that the spinners could compel the manufacturers to shut down, as the poor class of help now employed was injuring the mills, or else manufacturers must return 15 per cent. reduction asked for. It was also argued if the weavers struck they could get no aid from the city, whereas if the mills shut down they could look to the city for support.

Forger Arrested.

BOSTON, 28.—Jas. F. Edmunds, aged 60, a well known citizen and ex-alderman of Newton, Mass., and flour and commission merchant of this city, was arrested to night for the forging of a paper in the possession of the Maverick banks. His forgeries aggregate $80,000.

WESTERN.

Alaska News.

SAN FRANCISCO, 28.—A dispatch from Port Townsend, Washington, says: "Port Townsend, W. T., 28th June.—The steamer *California* arrived at four p. m., four days from Wrangle. The war sloop *Jamestown* arrived at Sitka on the 14th, and anchored in front of the Indian Village. The *Alaska* left for San Francisco on the 16th. Captain Beardslee, of the *Jamestown* has been fully investigating affairs in Alaska, and in a report to Washington fully confirms the statement of citizens as to the threatened danger and urges the necessity of a man-of-war being kept in Alaska waters for protection.

Indians Killed.

A dispatch from Tucson, Arizona, says:

Phœnix, A. T., 28.—Lt. Van Schroder, of the 12 Infantry, while scouting in the Tonto country on the 25th inst., struck a party of renegade Tontos five miles below Tonto Creek, consisting of seven bucks and one squaw. The bucks were killed and the squaw captured. The fight lasted two hours. No casualties occurred on Van Schroder's side. These are the Indians that have been committing depredations in Tonto basin and vicinity.

FOREIGN.

GREAT BRITAIN.

News from South Africa.

LONDON, 28.—Advices from Capetown to the 10th of June state that according to an official account the Prince Imperial, after the surprise of his reconnoitering party, rode into a ravine, where a second body of Zulus lay concealed. The body will be conveyed to England in the troop ship *Orontes*.

General Newdigates column has advanced to Selfe River, twenty miles beyond Blood River, where an entrenchment will be formed. General Crealock's command will leave for Fort Chelmsford to-morrow. His division will then advance and establish a cache at Fort Dumford, thus obtaining supplies by sea. The gunboat *Forester* will start for Fort Dumford immediately. Adjutant Frith, of Lancori, was killed in a skirmish.

The yeomanry have again unsuccessfully attacked Molrosis Mountain in Bausto land, losing two men killed and twelve wounded.

Sir Bartle Frere has arrived at Capetown, where he was enthusiastically received.

TELEGRAPHIC NOTES.

The ship *City of Columbus* ran into the steamship *City of Berlin*, on Saturday, near New York. The latter vessel had two iron plates cracked, the aft railing torn away and the stateroom stove.

Chancellor Runyon, of New Jersey, has allowed a writ of error in the Smith-Bennett case, making it returnable to the Supreme Court on July 1st.

The Senate has passed the marshals appropriation bill without amendment and it will be sent to the President immediately.

There seems to be no doubt that the judicial appropriation bill will receive the President's signature. The bill for the payment of United States marshals, etc., will be vetoed. The message will be short.

The Senate, in executive session to-day, rejected the nomination of D. T. Corbin for chief Justice of the Supreme Court of Utah.

The extreme silver men in the Senate are still unreconciled to the retention of Senator Bayard as chairman of the financial committee.
