VACOS MAY FACE JURY FOR MURDER

**Plea of Guilty to Murder in Sec-
ond Degree Not Accepted
By Court.**

FIREMEN ELECT OFFICERS.

**1st Close Annual Convention—Labor
Federation Officers Chosen—Sugar
Factory Begins Run.**

OGDEN, Sept. 15.—Nick Vacos, the
Italian held for the shooting of John
Ogden, appeared in the district court
yesterday morning with his attorney,
Sam King, to receive sentence for the
crime of murder in the second degree,
to which he pleaded guilty last Wed-
nesday, with the consent of Dis-
trict Attorney Harris. Attorney King
addressed the court, making a very
eloquent and forceful plea for mercy,
maintaining that the case gone be-
fore a jury, the defendant would not
have been acquitted. He introduced
many heretofore unmentioned
bits of evidence leading up to the fatal
shooting and stated that it would have
been far better for the defendant to
stand trial under the original plea
of not guilty to first de-
gree murder.

District Attorney Harris and At-
torney Louis H. Brown maintained that
the defendant was really guilty of first
degree murder, and that it was only
because they feared they would not be
able to get a conviction on that charge
that they decided to accept the plea
to the lesser charge. They also recom-
mended a 25 year sentence.

Judge Howell, in summing up the
arguments, said that he could not
consistently pass a severe sentence
upon the defendant if what attorney
for the defense claimed was true, and
as the other hand he felt that the
recommendation for a 25 year sentence
by the prosecuting attorneys was en-
tirely too light if their claims could be
proved. Because of the direct conflict
of opinion of the attorneys and the
seriousness of the charge, he expressed
a willingness to allow defendant to
withdraw his plea and gave him ample
time to deliberate upon the matter, if
he so desired, and take his chances on
a jury trial. The case was continued
until Oct. 25.

SUGAR FACTORY STARTS UP.

OGDEN, Sept. 15.—The Ogden factory
of the Amalgamated Sugar Co. began
its season's run this morning with
about 30,000 tons of beets already on
hand and more being received daily.

LABOR FEDERATION OFFICERS.

OGDEN, Sept. 15.—Officers of the
state Federation of Labor elected at
the annual convention, which was con-
cluded yesterday afternoon, were as fol-
lows: President, W. M. Piggott, Og-
den; Vice Presidents, J. G. Wilkes, Salt
Lake City; M. Richardson, Ogden; J.
D. McArthur, Salt Lake City; H. K.
Russell, Salt Lake City; Miss Beula

CRANDALL, OGDEN; SECRETARY AND TREASURER, THEODORE GEISSE, OGDEN.

CLOSE FIREMEN'S CONVENTION.

OGDEN, Sept. 15.—The clanging of
fire bells brought a large number of
spectators to store and office doors yes-
terday afternoon, and then it was soon
learned that a test run was being made
simply as a demonstration to the visit-
ing firemen of the state, whose second
annual convention was concluded here
yesterday. Fire Chief Paine feels proud
of his department and received much
praise from the visitors at the splendid
exhibition given them here. The con-
vention will be held next year at Bing-
ham. The officers elected for the en-
suing year are: W. S. Gannon, Bing-
ham, president; W. W. Wilson, Sandy,
which was president; Don Gallagher,
Murray, second vice president; J. F.
Driscoll, Eureka, treasurer; W. W.
Ogley, Murray, secretary.

Patrons of The News were greatly
amused, and just as the non-deliv-
ery of Tuesday night's issue. The
fault was that of the railroad company,
which on an early train, did not deliver
in Ogden till after midnight. The News
will make every endeavor to see that
the trouble does not occur again and
our subscribers in the meantime are
kindly asked to make due allowances.

PROVO, Sept. 15.—An Austrian about
30 years of age, named Nick Burkovic,
is in the county jail awaiting an ex-
amination as to his sanity. The poor
fellow had a red hot iron bar run
through one of his legs at the Thistle
saloon about two months ago, and
he was brought to the Provo general
hospital for treatment, and is now prac-
tically over the immediate effects of
the accident. He had previously had
his toes frozen off and does not move
around very lively yet. But at the hos-
pital he showed symptoms of insanity
and was placed in the custody of the
sheriff for examination. The officers
do not believe he is insane; but he is
very melancholy, and apparently brood-
ing over his troubles, and what makes
matters worse for him is that he can-
not talk much English and is among
strangers. This naturally tends to in-
crease his melancholy, and the officers
believe if he could be taken to his
friends if he has any, or be with his
countrymen where he could engage in
conversation and his thoughts be di-
verted from his misfortunes, he would
soon recover.

LAW WILL BE ENFORCED.

PROVO, Sept. 15.—Some time ago,
when Sheriff Judd arrested Pay-
ack of the Castilla resort for selling
liquor on Sunday, it was believed by
some this was only for the purpose of
collecting an extra license for Sunday
selling, and that the saloons in the can-
yon towns could go on doing a Sunday
business, by paying an occasional fine.
There was no intimation of this by the
sheriff and no thought of it on his part,
in fact he had notified the saloon men
before any arrests were made, and in
practice must stop. In case any of the
saloon men still think Sheriff Judd is
not in earnest they will soon be unde-
ceived. Two warrants have been is-
sued for Thomas Arrowsmith of Col-
ton, one for selling and one for keep-
ing his saloon open on Sunday; one has
been issued against William Boyack of
Castilla, for keeping his saloon open on
Sunday, and one against Warren Boy-
ack for selling liquor at the Castilla
saloon.

PROHIBITION UP TO PEOPLE OF LOGAN

**Council Defers Liquor Question to
Citizens, to be Determined
By Vote Nov. 2.**

(Special Correspondence.)

LOGAN, Sept. 14.—At a special meet-
ing of the Logan city council last even-
ing a resolution was unanimously
passed by which the prohibition ques-
tion for Logan is taken out of public
and the matter will be placed up to the
people. The resolution is the outcome
of a long controversy here with the
prohibitionists on one side and the regu-
lationists on the other. The resolution
is self explanatory and follows:

RESOLUTION.

Whereas, There has been presented to
this council two petitions, one signed
by the one asking for the enactment
of an ordinance prohibiting the sale
of liquor within the limits of this
city, and the other praying for the
passing of strict regulatory measures
and:

Whereas, These petitions have left
the members of this council in serious
doubt as to the real desires of the
majority of the people of this munici-
pality, whom will this council have
ever been and is now desirous of enforcing,
compelling this council to defer action
on these petitions until later in the
year; now therefore,

Be it resolved, That, in the interest
of civic progress and good feeling, the
council on election is hereby di-
rected and empowered to arrange and
provide for the casting of a special,
secret ballot at the election to be held
on Nov. 2, 1909, in this city, to deter-
mine whether the people of this city
desire the enactment of prohibitive
or regulatory legislation in regard to
the liquor traffic here, and,

Be it further resolved, That the mem-
bers of this council do hereby pledge
themselves to enact into law, immedi-
ately after the election and before Jan.
1, 1910, the proposition receiving a
majority of the legal votes cast at the
said election.
