#### UTAH'S MINES.

The Park City display in the mineral corner gets the premium offered by the Stock Exchange of 10,000 pamphlets descriptive of Park City.

The mineral department exhibits the following silver output for Utah in 1891:

Utah County.....	3,600,000
Summit.....	3,120,000
Bever.....	560,000
Salt Lake.....	550,000
Wasatch.....	120,000
Washington.....	60,000

Total.....\$2,000,000

Also gold and silver of the various mining States and Territories as follows:

Colorado.....	29,000
Montana.....	23,300
California.....	13,300
Utah.....	11,300
Nevada.....	8,500
Idaho.....	6,500
Dakota.....	3,200
Arizona.....	2,700
New Mexico.....	2,400
Oregon.....	1,200
Alaska.....	1,700

The world beater in Galena is the exhibit of Reed & Van Alstine from the Utah mine at Fish Springs. The boulder weighs 2390 pounds and assays 60 per cent. lead and 210 silver.

Some exquisite souvenirs that are distributed on the Fair grounds by the Salt Lake Lithographing Company are attracting much attention. One of them is a beautiful silk handkerchief on which are stamped very finely executed cuts of the Temple, Tabernacle, Logan Temple, Exposition building, Garfield Beach, Lake Park and numerous Utah mountain scenes. Number of specimens of lithographic engraving are on exhibition. The souvenirs are all printed on the grounds.

Besides the balloon contest there will be several other special attractions this afternoon. The drill competition will take place at four o'clock between the Dyer Rifles, the Denhalter Rifles, and

Ogden Military Academy cadets. Between five and six o'clock will take place the ladies' equestrian exhibition, and this will be followed by a running race soon after six.

The stock and horse exhibit was continued this afternoon. The awards will probably be handed in this evening. The horse show has been an especially good one. There are not less than a hundred thoroughbreds on exhibition.

The balloon exhibition October 9th so far as the contest was concerned, was a failure. The balloons were ready at 3:30 o'clock. When the word was given the Woodall balloon went up like a shot, but Professor Butler's rose just enough to tighten the parachute cords when the latter broke loose, and parachute and aeronaut came down in a heap. The balloon in the meantime, rose a little way and came down. The Woodall aeronaut rose at least, 3000 feet before he cut loose.

In the baby contest the prize winners were Nellie, 6 months old daughter of Mrs. Eunice Smith, of Salt Lake, first prize of \$20; Charles, 8 months old baby of Mrs. Kate Fryer of Salt Lake, second prize of \$15; the 10 months old son of Mrs. P. J. Connelly of Sandy, third prize of \$10; the 10 months old boy of Mrs. H. S. Margetts won the fourth prize of \$5.00. The judges were Messrs. Fred Simon, J. C. Conkling, and W. V. Bruce.

George Jameson, of Salt Lake, was the purchaser of ticket number 30,000, with which was awarded, besides the \$10 offered by Fred Simon, a chilled plow valued at \$15, which was given by Deer & Co., through the Co-operative Machine Company.

The grand piano given by Spencer & Lynch, was drawn by Mr. W. P. Keller, a boarder at the Grand Hotel. The \$25 given by Spencer & Lynch to the one guessing nearest to the winning number was taken by Mr. Willie Stevenson, of Sugar House. His guess was 7674; the winning number being 7666.

#### AGRICULTURAL PRODUCTS.
