WASHINGTON.

The Chicago Banks.

WASHINGTON, 17. — The following dispatch was received to-day, dated Chicago:

"Hon. Geo. S. Boutwell.—The Chicago banks are sound and paying every dollar on demand. Good feeling prevails. [Signed] H. R. HURLBURT, Comptroller of Currency."

NEW YORK.

The Municipal Abuses.

ALBANY, 17.—Governor Hoffman received this afternoon a sub-committee of the committee of seventy, who asked him to use his power as executive to arrest abuses and protect the State, and asked that military forces be placed in readiness to quell any riot that may arise. The Governor said he would do anything he could in the matter, and would certainly use the military in case of disturbance and do his whole duty as he might further find it.

Currency for Chicago.

It is estimated that three and a half millions, currency, was shipped to Chicago yesterday; and to-day the *Express* says there is great anxiety in financial and commercial circles to hear from the Chicago banks, and if the people of Chicago are inspired with confidence.

MASSACHUSETTS.

Warlike Collision Probable Between the U. S. and Great Britain.

BOSTON, 17.—The schooner *E. A. Horton* was seized and taken to Guysboro, N. S., for violation of the fishery law. She was cut out by unknown parties, supposed to be American seamen, on the night of Oct. 8th. Considerable excitement was caused yesterday by the announcement that an English man-of-war was cruising in the bay, awaiting the the arrival of the *Horton*. Collector Babcock, of Gloucester, has been here in consultation with the President, and a revenue cutter was dispatched under sealed orders. It is said a frigate from the navy yard had been sent to Gloucester, and future developments are awaited with anxiety.

A special to the *Traveller* from Gloucester this morning, says collector Fitz Babcock has telegraphed for the revenue cutter *Hugh McCullough*, of Portland, which will reach this port to-day. The *Mahoning* has already come and gone outside. There are four vessels in these waters and any attempt to seize the *Horton* by the English vessel will meet a successful resistance. The *Mahoning* is said to have strict orders not to let the *Horton* be taken.

GLOUCESTER, Mass., 17.—The report that a Canadian cutter is in our waters is not confirmed, though the revenue office believed the rumor was well founded. Nothing has been heard of the *Horton*.

ILLINOIS.

Resumption of Business by the Chicago Bankers.

CHICAGO, 17.—The resumption of business by the city bankers to-day, both national and savings institutions, was regarded with great interest by business men and the citizens generally. Some apprehension was felt that there might be a run upon the banks by depositors, and the State savings institution had made preparations for such a state of affairs, by providing an extra number of tellers and having a force of policeman stationed at the entrance to prevent a rush. These precautions appeared rather ludicrous, when instead of a frenzied crowd eager to obtain funds, a solitary individual, usually a woman, would walk quietly up and ask for five to twenty dollars, while quite frequently the callers were seeking the receiving instead of the payer teller's desk. At none of the various national banks was there anything like a run, but on the contrary in many instances more money was deposited than was drawn out. The 3rd national bank, for instance, paid out some $45,000 and received on deposit $72,000. The beneficial effects of the confidence thus exhibited in the banks by the people, cannot be over-estimated, and in spite of the miles of blackened and still smoking ruins lying spread out before them, the people to-night are feeling almost jubilant.

Still the Relief Flows in.

The Baltimore relief subscriptions to date is $197,000; Boston $453,000—liberal provision is being made for Michigan and Wisconsin—Brighamton, N. Y., $50,000; Cassinville, $10,000; and the officers and employees of the Boston navy yard, $3,638. The executive relief committee of the chamber of commerce has asked the general committee for power to use a portion of the donation for the sufferers in Michigan and Wisconsin.

Assassin Arrested.

The police to-day succeeded in arresting Pietri, the Italian saloon keeper, who stabbed and killed three men a week ago last night. The villain's wife was arrested soon after the deed was committed, and held till yesterday, when there being no evidence of her complicity she was released, and being watched she went straight to her husband, at Austin, a few miles from the city, where the arrest was effected. The murderer is now confined in a cell of the jail.

Rebuilding.

Many contracts for rebuilding in the burnt district of the south side have been signed to-day, including the entire block on the east side of Clark St., between Randolph and Washington, Drake's block and many other first class buildings.

OHIO.

A Tragic Scene.

ZANESVILLE, 17.—Charles Dubbin, a young laborer of this city, shot himself through the head to-night at the bedside of his sick wife, on learning she could not recover. The wife died five minutes after.

MISSOURI.

The Fire-Fiend still at Work.

ST. LOUIS, 17.—Accounts from northern Kansas say destructive fires have been raging in Deer Creek and Harrison Creek valleys, extending to Jefferson county, Nebraska. Several houses and barns, large quantities of grain, hay and other crops are destroyed, and many miles of fence burned. The loss is from $30,000 to $50,000.

KENTUCKY.

Lynch Law.

LOUISVILLE, 17.—Last night at Warsaw, Ky., a party of about seventy men, well armed, came into town, and after establishing pickets the rest attacked the county jail, for the purpose of taking out Abijah Gridley, a desperate character, confined there for killing a young man a few days ago. The mob, unable to get into Gridley's cell, shot him through the grates until they finally killed him, he meanwhile defying and cursing his murderers. His wife and infant child were in the cell with him at the time.

FOREIGN NEWS.

GREAT BRITAIN.

Various.

LONDON, 17.—The subscriptions to the Chicago relief fund last night amounted to £23,600. At a meeting at Bradford, £3,000 was received; at Wolverhampton and Glasgow, £1,000.

A dispatch from Maryhill, three miles from Glasgow, announces the wrecking of a passenger train. Two persons were instantly killed and fifteen wounded.

Advices from Odessa state that eight hundred buildings in the town of Bagrasto, were burned by incendiary fires, believed to be the work of fanatical opposers of the Jews. A great proportion of the inhabitants of the town are of Jewish faith.

Details received here of the recent storms and floods in China represent the loss of life and property as very great; at least three thousand persons perished.

Constantinople advices say the cholera has again made its appearance in that city and suburbs. In two days sixty persons died from the epidemic, ten of whom were English.

The subscriptions for the city of Chicago is still the all-absorbing topic here. The newspapers continue their appeals to the people, and it deserves to be said that the people respond gloriously. The mayor publishes a statement this morning, acknowledging the receipt of a multitude of donations not included in the total reported. He appends to the statement an exhortation to continue the subscriptions until the amount devoted to this cause be worthy of the emergency which calls on the aid of the great city of London.

This morning the subscriptions in Liverpool had reached £10,000, in Leeds £4,000, in Cork £4,000, and in Dublin £15,000. Birmingham has already forwarded its first installment of £20,000, and further contributions are being made. At a meeting held in Sheffield to day, the mayor presiding, £20,000 was collected in a few minutes.

LIVERPOOL, 17.—The subscriptions for the Chicago relief fund here to-day reach £12,000.

NOVA SCOTIA.

Powerful Gale.

HALIFAX, 17.—Great damage has been done to the wharves and other property by the gale of Thursday night. There was great destruction of property throughout the province. The loss of life was small. The railway to Bedford was badly damaged, and no trains are running.

SAN FRANCISCO MEDICOS AND THE SOCIAL EVIL.

The San Francisco Medical Association consumed the entire evening of Tuesday, of the present week, in the discussion of D Holland's Social Evil Bill. It is gratifying to notice that this monstrosity did not find any favor with only two members present. Those were Drs. Morse and Haine. Dr. Gibbons said that the Board of Supervisors might just as well license abortionists, because they ministered to crime which seemed, like prostitution, to be irrepressible. The Bill looked like a scheme to provide fat places for particular favorites. He moved to appoint a committee to attend the session of the committee of Health and Police and represent the feeling of the Society. Dr. Morse defended the Bill and vindicated the motives of its author, Dr. Holland.

On Tuesday evening, Dr. Holland met the Health and Police Committee of the Board of Supervisors, consisting of Messrs. Cummins, Kelly and Kenney, and explained its provisions. The moral aspects of the Bill were discussed somewhat by Judge Thompson, on behalf of the Rescue Mission. Dr. Holland insisted that the Bill was prepared and presented only in the special interest of the public health. The Social Evil was an existing and established fact, and as a Health Officer he proposed to deal with it as such. The nice distinctions of morality formed no part of his profession. But Dr. Holland well knows that vaccinating women only, would be but a very meagre protection against the ravages of the small-pox. The Committee, however, did not realize that there was any necessity for regulating the action of only one of the genders to this institution. Those sage overseers of the public morals and the public health seemed only to realize the important fact that the masculine wing of society, of which they are distinguished members, must be allowed the enjoyment of its pleasures, beastly though they be, and that it was their imperative duty to protect, as far as practicable, the health of those lustful but honorable masculines, who practically sustain and uphold the "Social Evil."—*San Francisco Pioneer, October 12.*
