THE GENUINE
DR. C. McLANE'S LIVER PILLS

are not recommended as a remedy "for all the ills that flesh is heir to," but in affections of the Liver, and in all Bilious Complaints, Dyspepsia, and Sick Headache, or diseases of that character, they stand without a rival.

ACUE AND FEVER.

No better cathartic can be used preparatory to, or after taking quinine. As a simple purgative they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar-coated. Each box has a red-wax seal on the lid, with the impression, McLANE'S LIVER PILL. Each wrapper bears the signatures of C. McLANE and FLEMING BROS.

☞ Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by

FLEMING BROS., Pittsburgh, Pa.,

the market being full of imitations of the name *McLane*, spelled differently, but same pronunciation.

AN OPEN SECRET
AMONG THE LADIES

The brilliant, fascinating tints of Complexion for which ladies strive are chiefly artificial, and all who will take the trouble may secure them. These roseate, bewitching hues follow the use of Hagan's Magnolia Balm—a delicate, harmless and always reliable article. Sold by all druggists.

The Magnolia Balm conceals every blemish, removes Sallowness, Tan, Redness, Eruptions, all evidences of excitement and every imperfection.

Its effects are immediate and so natural that no human being can detect its application.

AMERICAN.

Washington Notes.

WASHINGTON, 13.—The mortuary statistics received at the National Board of Health show less sickness in proportion to population in New Orleans, Vicksburg, Memphis, Nashville and Chattanooga than in New York and Philadelphia so far. In the southern cities the public health was never better. The belief among medical authorities here is that the germs of yellow jack in America is pretty well stamped out.

Ex-Senator Dorsey, secretary of the National Republican Committee, arrived to-day. He says Conkling will do brilliant work in doubtful States, and particularly in New York. Being asked about the south Dorsey replied that all the Southern States will either vote or be counted democratic.

Houck, of Tennessee, says the split in the democratic party will gain one and possibly two republican congressmen in the State.

Advices have been received at the Department of State that a general escape of prisoners occurred at Laredo, Texas. Two succeeded in crossing the Rio Grande to New Laredo, Mexico, two were drowned and the remainder were prevented from crossing by United States troops. It is alleged that the prisoners who reached Mexican soil were afforded protection there. In consequence the Department of State has instructed the United States Consul at New Laredo to make a thorough investigation.

Bankers' Convention.

SARATOGA, 16.—The executive committee of the Bankers' Association have stated to the convention they consider of paramount importance the reduction of all taxes, and are earnestly striving for that end. A resolution was adopted by the convention in favor of the enactment of a bankrupt law discouraging fraud, and placing creditors on an equal footing, and reducing the expenses of adjustment pro rata.

A paper, by Sidney F. Shabourne, of New York, on the financial aspects of the Inter-oceanic canal, not read, maintains that the several schemes for the canal are still immature and indefinite, and the promoters themselves are not in accord as to its cost.

Various papers were read, and a resolution adopted asking Congress to stop the coinage of $2,000,000 to $4,000,000 silver dollars monthly as tending to derange business and likely to embarass the Treasury, cause exportation of gold and general financial complication. Adjourned.

More Victims.

PHILADELPHIA, 13.—Two more victims of the West Jersey Railroad disaster died, making the total number 17.

Several persons are unaccounted for and one more died this afternoon. It is proposed to drag Great Egg Harbor River. It is feared that some who leaped from the train were drowned. The coroner's inquest to-day seems to disprove the engineer's assertion that the track was too slippery to stop. There is the deepest interest evinced in the inquest.

The Verdict.

MAY'S LANDING, N.J., 13.—The verdict of the coroner's jury in the case of James Sweeney, killed in the railroad collision on Wednesday, was that he died by accident. The jury refused to censure the railroad company or engineer, although many favored that course.

A Mysterious Murder.

CLEVELAND, O., 13.—Yesterday John McDonald appeared in Niles, a small town 60 miles east of here, looking for work. To-day, at noon, on going home, Darius Parks found McDonald in his house with Mrs. Parks. McDonald was ordered out. Instead of going, he undertook to put Parks out, whereupon the latter seized a gun and lodged 14 shots in McDonald's head, causing instant death. Parks gave himself up to the authorities and is held on the charge of murder till the mystery of the affair can be solved.

Another Collision.

COOPERSTOWN, N.Y., 13.—Early to-day two extra freight trains over the Susquehana division of the Delaware and Hudson Canal company's railroads came in collision near Cooperstown Junction, and 25 cars were demolished. Paul Simpson, fireman, was killed; John Reilly, fireman on the other engine, fatally wounded; a brakeman named Mullin, internally injured; an engineer, named Leonard, received injuries in leaping from the engine.

Unruly Indians.

LITTLE ROCK, 13.—A telegram from Fort Concho from the agent of the contractors of the stage line, to Col. Logan H. Root, says: The Indians captured and entirely destroyed one mail and killed two men, and wounded one passenger on the last stage east. The road between Davis and El Paso is entirely infested with Indians, and there is no military or civil power to give protection to the mails running between Concho and Davis. A later dispatch says the Indians took away all the stock from Barratt Springs Station. It is believed the last mail east has been captured. A strong appeal for military aid has been forwarded to Washington.

The census returns of Arkansas complete, less nine small districts, four of which are estimated, show the population of the State to be 810,147. The final revision will increase the number slightly.

The Fate of the Benders.

DES MOINES, Iowa, 13.—A letter to the *State Register* from a responsible citizen of this State (S. A. James, of Sigourney), gives information on the authority of an eye-witness, also a responsible man, that the notorious Bender family, four in number, were captured soon after the discovery of the murder of Col. York's brother. He says the four were stood up in a row, facing nine riflemen, and were told their fate; that Kate was plucky to the last and called upon her captors to "shoot and be d—d," and that the four bodies were buried at the corner of the four counties of Labette, Wilson, Neosho and Montgomery.

FOREIGN.

GREAT BRITAIN.

Foreign News.

LONDON, 14.—A *Times* dispatch from Capetown says: Letsen, the Basuto chief, has taken Thabobosigo and surrounded Masupha, the malcontent whose submission is hourly expected.

The committee of the Irish Land League has determined to devote a portion of the funds subscribed by American sympathizers to the prosecution of the actions of the exchequer division of the High Court of Justice for the recovery of penalties against Lord Plumkett for voting five times before taking the oath as peer. Plumkett has been served with five writs.

Advices from Candahar to the 9th inst., through native sources, report that Ayoob Khan intends to attack Candahar as soon as his preparations are completed. Large numbers of tribemen continue to flock to his standard.

Fully 100 men were engaged in the robbery. There were seven boats, each carrying seven men. The crew of the *Juno* were fastened down in the forcastle, and armed sentries placed over them. The Captain and the revenue officers were shut up in the cabin.

It was no secret there were arms on board the ship. All the marauders were armed with revolvers. The six men arrested were before a magistrate yesterday. They all belonged to Cork, and were unable to give an account of their presence at the passage. They were remanded for trial. The most remarkable circumstance connected with the affair is, while the boats were leaving and still in view from the vessel, no alarm was given by the Captain and revenue officer on board at the time of the robbery. The patrol were in the road outside the dock wall, only twenty-five yards from the ship, and the slightest alarm would have reached them.

The arms seizure police at Black Rock village between the passage and Cork, patrolling at 3 o'clock yesterday morning saw two boats passing up containing a number of men whom they recognized as belonging to Cork. At this time the Black Rock police had not heard of the robbery. The occurrence has produced an uneasy feeling in the neighborhood, as it recalls to mind the Fenian disturbance, and shows that an element of disorder still exists.

Four of the rifles stolen from the ship *Juno* have been found in a garden at Rochestown. It is understood the police have a clue to the men who fell into the hold of the vessel.

Sixteen more rifles have been found in Furze, not a hundred yards from where the first lot was found. It is stated that the owner of the missing ferry boat, which was employed in the raid, has been arrested. The constabulary have taken charge of two boats found derelict.

The seized rifles bear the stamp of 1840. They appear to have been polished up before consignment to the *Juno*.

The captain of the *Juno* states that after the marauders landed he heard the rattle of wheels on the road, showing that they must have employed carriages.

One hundred police patrolled along the river all of Thursday night, but no further clue to the identity of the *Juno* raiders was obtained.

It is remarked that a greater number than usual of sinister looking persons, having an American air, are to be seen about the cities and towns of Ireland. Within the last few days about 400 stand of the best of firearms have been purchased here by such persons.

A Vienna dispatch says: Gen. Prochazka and his agent are charged with obtaining 120,000 francs and the promise of 28,000 more from Paris speculators by means of forged concessions for the Casino gaming table from the Republic of San Marino. Gen. Prochazka obtained a concession from the chief of police of San Marino, which was absolutely worthless, but in October he submitted to four Parisian financiers a concession purporting to be signed by two secretaries of state, for which the financiers gave him 120,000 francs on account, of which sum he gave the chief of police 50,000 and 20,000 to his agent, and tried to get a bill for 280,000 francs discounted, but before the money was paid the concession was discovered to be a forgery by the chief of police and Gen. Prochazka was charged with being accessory thereto. On being interrogated, he maintained that the chief of police, who had absconded to escape prosecution, had imposed upon him. He acknowledged his financial troubles, and that the erection of a gaming table was not an act of high morality on the part of a retired soldier and bearer of several decorations and who had served creditably in the campaigns from 1849 to 1866, but he represented himself as the dupe of the chief of police.
