

CANDIDATES FOR TURF HONORS.

Kinley Mack and Other Horses Arrive at Sheephead Bay.

FAMOUS HORSE LOOKS WELL

He is Taken in Charge by Peter Wimmer Who Will Train Him—Favorite Last Year.

New York, Feb. 7.—First of the candidates for the premier turf honors of 1901 to arrive at Sheephead Bay is Kinley Mack, winner of the two big handicaps of last year. The horse was taken charge of by Peter Wimmer, who will again have him in his training stable.

Kinley Mack, though high in flesh, looks as fit as ever in his racing career. With Kinley Mack arrived Imp, who was turned over to Wimmer to be trained. The old mare is in such condition that it seems more than ever a pity that she is not entered in the Brooklyn, Suburban or Brighton. She will be reserved this year for special races.

With Kinley Mack, who was shipped from Lexington, came High Order, four years old; Sharp Shooter, Max Bonediet, Flying Torpedo and Julia Hanover, all three-year-olds, and the following two-year-olds: Stevedore, by Golden Garter; Royal Blue, by Gold Finch, and a bay filly by Hatma.

TIM NEGARTY VS. MCGOVERN.

Australian Champion After "Fighting Terry" and Latter is Willing.

San Francisco, Feb. 6.—George Harting, manager of Tim Negarty, the Australian champion featherweight, states that he accepts Terry McGovern's offer to meet Negarty. Manager Harting also accepted the offer of the National club to bring off the match as being much higher than the offer of the Twentieth Century club. Harting thinks also that the National club will have better success in giving the contest here.

MAY CALL OUT MILITIA.

Governor Nash is Determined to Prevent Jeffries-Rublin Fight.

Columbus, O., Feb. 6.—Governor Nash sent the following letter to the emergency board today asking for an emergency declaration:

"Gentlemen:—Whereas, there is reasonable apprehension that a body of men are acting together in the city of Cincinnati and Hamilton county with the intent to commit a felony to-wit: bring off a prize fight, and by force and violence to break or resist the laws of the State, therefore, I respectfully ask your board to authorize the adjutant general to create a deficiency for the transportation, subsistence, food and general expenses of the Ohio National Guard in case it should become necessary to use them in preventing the commission of said felony and in avoiding the breaking of said laws and in overcoming resistance to the same—said deficiency not to exceed in amount \$50,000. Respectfully, 'GEORGE K. NASH, Governor'."

The request was granted by unanimous vote of the finance committee, chairman of the two houses of the general assembly, the State auditor and the governor.

Assistant Adjutant General Adams stated this afternoon that probably two regiments of State troops would be used in case there became necessary to prevent the fight. The Third regiment, with headquarters at Dayton, and the Second, with headquarters at Lima, will likely be those chosen as it is not the policy of the State to use local troops in a disturbance like this.

LOCAL EVENTS.

"DUMMY" ROWAN TRAINING.

Preparing for His Match With Houston Rolly.

A letter from "Silent" Rowan, who is now in Park City, states that his brother, "Dummy," began active training yesterday for his fight with Houston Rolly, which is scheduled for the 15th. "Silent" says that nearly \$500 worth of tickets have been disposed of already, and considerable cash is changing hands or will change hands among the betting class. The bout is limited to ten rounds and "Dummy" will endeavor to put Rolly out in that time. Rolly weighs 210, and is said to be pretty swift, although this will be his first genuine fight. He believes if he can hit the mute he can whip him.

BASKET BALL GAMES.

Take Place Tonight, in the Old Social Hall.

Two more league basket ball games will be played at the Social hall tonight. The All Hallows vs. Y. M. C. A., and Hamiltons vs. Webster's. The latter are the girls' teams and it is likely that they will play the first game.

There is some rivalry between the teams, and sharp contests are looked for. All the players have been training carefully for the games and they are sure to be interesting.

AT Y. M. C. A. GYM.

Athletic Class Getting Ready for Monday Night's Exhibition.

The athletic class of the Y. M. C. A., under the direction of Prof. Augustus, is putting in some hard weeks these days preparing for the exhibition booked for next Monday evening. It is understood that members of the Legislature will be invited to witness the show put up by the boys. There will be a basket ball game played by teams composed of the very best players.

Barrel Race Tonight.

This evening at the West Temple skating rink, there will be a roller skating race of one mile will fight Grant and George Wilkinson. It will be what is called a barrel race. Each man will have to crawl through a barrel on each lap.

PEOPLE WHO ARE PASSING

Frank McGuire, who has for a year or so been connected with the Inter-mountain Cattle Co., left last night for New York city, his former home, where he will resume work on one of the large papers.

N. A. Belcourt, representative for Ottawa in the Canadian Parliament, and T. Ahearn, president of the Ottawa Electric railroad, are at the Knutsford en route for San Francisco and the other coast cities. The party also includes the wife and two children of Mr. Ahearn. They have been making a

MUNYON'S KIDNEY CURE

When Prof. Munyon says his KIDNEY CURE is a specific for nearly every form of kidney disease he does not overstate the case in the least. It has won for itself a place among the almost infallible remedies. It will not cure Bright's Disease in the advanced stages. It will not do the impossible, but it will cure every phase of kidney complaint, even the incipient stages of Bright's Disease.

Fifty-cent cures. All druggists, 25c. Medical Advice free—write to Broadway and 26th St. New York.

tour of the Western States and are much pleased with their trip.

Dr. Leslie Mutch, the noted alienist, is in the city to pursue his researches on psychological subjects among our school children and penal institutions, and to also make addresses before the school children on subjects relating to themselves. Dr. Mutch has for more than fifteen years made a study of alienated minds and the conditions that lead people to crime. He is now gathering data for a book on these subjects and will be in the city for ten days. Dr. Mutch yesterday gave a lecture to the pupils of the High school in the assembly room and spoke on the text: "The Advantages of Disadvantages." Lying special stress on the advantages to self development that come from struggles against difficulties and the disadvantages of having nothing to struggle to overcome.

Mrs. E. W. Clark, wife of Superintendent E. W. Clark of the Ophir mine of Ophir, is a guest at the Kenyon. Superintendent Clark arrived today.

Dann Kane, a mining man of Boxelder county and of Nevada, is in the city on mining business and is at the Kenyon. He expects soon to leave for Colorado.

A. Bates, Miss Etta Anderson and Miss Lottie Anderson of Grantsville are at the Kenyon.

Mrs. G. J. Sweet and Miss M. A. Sweet of San Francisco are guests at the Knutsford and intend to remain in the city ten days.

S. A. McLean and Lorenzo Hatch of Castleton are guests at the Knutsford.

N. A. Page of Park City is at the Knutsford.

"The Northern Pacific Railroad company owns the coal mines at Red Lodge, Montana, and the population of the town is made up almost entirely of miners," said Henry McIntosh of Red Lodge, yesterday at the White House. "The company's pay roll exceeds \$30,000 per month to the miners alone."

WORK IN THE BIG HORN.

Colony at Work Under Two Contracts—Building the Railroad.

Jesse W. Crosby Jr., is in the city for a few days, having come down from the Big Horn country in Wyoming. He reports that the colony is getting on very encouragingly. The men are at work reclaiming the arid lands under contract with the State. Ample amount of employment is also supplied on the Burlington railroad, of which the colony has contracted to build twenty miles.

The weather has been mild enough to permit of grading without an interruption, the ground not having been frozen once this winter.

There were a large number of sheep and cattle taken into that country last fall. Mr. Crosby, having trails to two large herds of sheep, and some cattle through. He says that the stock are in fine condition, the forage supply having been plentiful all winter. The people are in good health, despite the fact that most of them are living in tents, a condition, however, that will not last long, as most of the people will build this summer.

JUNK CASE HEARING.

Dealers Held to Answer to the Charge of Receiving Stolen Property.

Yesterday afternoon the case of the State vs. the Utah Junk company, charged with receiving stolen property was heard by Judge Timmony, and the defendants were held to answer to the district court. The corporation, represented by David Kreiners and Nathan Rosenblatt, was charged by Special Officer Ed Alford of the Oregon Short Line, with having purchased from J. W. Jetter 20 pounds of brass, known as the name to have been stolen. Jetter is the man who was sentenced six months in the county jail for receiving stolen property, and was liberated after turning State's evidence. He testified yesterday that he sold brass to the junk company and that they knew the brass was stolen. A number of small boys testified that they stole brass and sold the same to Jetter. The defense offered no evidence whatever, and Judge Timmony held them to the district court. Assistant County Attorney L. O. Johnson prosecuted and Attorney F. B. Stephens appeared for the defense.

VARIOUS COURT CASES.

By consent, in the suit of Aubrey R. Wertheimer vs. the Union Pacific Railway company, judgment was yesterday afternoon entered against the defendant. The action was brought about two weeks ago for injuries the plaintiff received while riding on one of the defendant's trains, which was derailed, in Wyoming.

Gardin de Classe yesterday afternoon brought suit in the district court against Adrien Pintro, to obtain possession of two pieces of real estate, being part of lot 6, block 98, plat A, and east half of lots 17, 18, 19 and 20, block 4, City Park subdivision, together with \$1,000 damages and \$250 for each year's rent from September, 1898. The plaintiff sets up in her pleadings that she furnished defendant \$5,000 to invest in real property for her, but that defendant took the money and purchased the above described real estate in his own name.

Charles A. Armstrong of Arapahoe county, Colorado, commenced suit in the Federal court yesterday against the Federal Gold Mining company, to recover \$4,558.26 due on a promissory note, and money advanced.

A suit for the recovery of \$3,170.69 on an alleged overdraft was yesterday begun in the district court by the National Bank of the Republic, against the Malvern Gold Mining company.

In the suit of John T. Cowan et al vs. the Utah States Mining company, Judge Hall, by consent of the parties, yesterday afternoon ordered that a decree enter quieting the title of certain Bingham mining properties in the defendant.

Judge Hall yesterday afternoon made orders in the following probate matters: Estate and guardianship of Zeida

and Cecilia Baldwin, minors; Sarah Wagner appointed guardian with bond of \$6,400.

Estate and guardianship of Fannie Maria Little et al, minors; sale of real estate confirmed.

COMPULSORY VACCINATION.

Opinions of Celebrated Professors and Scientists in Both Hemispheres.

I am strongly opposed to compulsory vaccination.—Herbert Spencer.

It is an intolerable tyranny to compel vaccination by law.—Constantine Hering.

Dr. George William Winterburn, Ph. D., M. D., president of the American Obstetrical society, etc., says:

"Whatever may be the verdict in regard to the value of vaccination, there can be but one opinion, among lovers of human liberty and equal justice, as to its compulsory enforcement. Even though vaccination had proven all that Jenner, in the flush of his early triumph, so confidently claimed for it, to make it compulsory would be a wrong without justification in law or morals. Vaccinia is a disease, and no man has a right to disease another against his will. Disease is never anything but the result of disobedience of law. To therefore command the infraction of law, in the name of law, is a complete subversion of the very principle upon which law is based."

"Vaccinia permanently impairs the integrity of the body; as does every attack of disease. A man once ill is more vulnerable for every other ill. And while every man has a right to choose for himself, what appears to him, the lesser of two evils, no man, nor any assemblage of men, no matter by what name called, nor with what powers vested, have the right to violate by force the physical integrity of another human being."

"This system of compulsory vaccination is founded upon a formula too preposterous for a moment's serious argument. It arose from the curious dogma that a healthy person was a focus of disease; and that having his will diseased (i. e. vaccinated) he would be the propagator of disease (smallpox) to those who had been diseased (vaccinated)."

If vaccination protected the vaccinated they would have no occasion to fear infection. While if vaccination does not protect the vaccinated from taking smallpox from the unvaccinated, it is a monstrous fraud on human credulity. In either case the vaccinated have no reason to find fault. If they really believe that vaccination protects them all is well; while if they do not so believe, then they have not the shadow of an excuse for forcing it upon others who do not believe."

"To command a person to do that of which the results can only be known after they have occurred, and which involves conditions so serious to the individual and to society is a monstrous tyranny; and that such a law has been permitted to find a place on our statute books, I believe is solely due to the fact that neither the jatty nor the medical profession have ever really seriously considered the matter."

"If anybody chooses to be vaccinated, like Dr. Cory, the chief of the Lamb's Conduit street (London) Vaccine Station, let him be vaccinated. This incredulous gentleman, desiring to prove that vaccine lymph could not convey syphilis, inoculated himself from a syphilitic subject, with such serious results, as to forever silence disbelief. If on the other hand anybody chooses not to be vaccinated, the whole history of vaccination from its inception to the present hour, gives him ample warrant."

SMALLPOX CASES.

The health board was notified of only one new case of smallpox yesterday, which was Mrs. E. J. Hall, aged 55, at 644 west South Temple street.

One case of the disease at Levan, and one at Pleasanton, Utah, were reported to the State health board, yesterday.

PROPERTY TRANSFERS.

Abstract of instruments filed in the recorder's office, Salt Lake county, Utah, February 6, 1901:

John Weir Jr. to L. Lowenstein, warranty deed, lot 12, block 2, Fairview addition, 100x100 ft.	10
Rachel F. Gunn to Angus McKelvie Jr., warranty deed, 5x7 rods southeast from 10 rods east of northwest corner lot 4, block 30, plat F.	650
Joseph Powell et al to George Granter, warranty deed, 50x200 feet northwest corner lot 20, block 18, plat A.	800
Martha J. Jensen to Karl H. P. Norberg, warranty deed, 2 acres northwest quarter section 35, township 2 south, range 1 east.	450
Christine Wardle to Herbert C. Wardle, warranty deed, 8 acres southwest quarter section 2, township 2 south, range 1 east.	100
S. A. King to J. S. Bowditch, warranty deed, 4x10 rods, lot 1, block 120, plat A.	2,000

Total	\$12,111

FOR CHILDREN

Nothing, that comes in a bottle, is more important for children than Scott's emulsion of cod-liver oil.

And "important" means that it keeps them in even health. Whenever they show the least disturbance of even balance of health, it promptly restores them.

It is to be used as a food, whenever their usual food does not quite answer the purpose of food.

We'll send you a little treat, if you like. SCOTT & BOWNE, 429 Pearl street, New York.

OUR NEIGHBORS.

LOGO, IDAHO.

Literary and Debating Society—Roads Dry and Dusty.

Special Correspondence.

Lago, Bannock co., Idaho, Feb. 1.—A literary and debating society named the Lincoln society, has been organized by the young people of this place. At a meeting held Wednesday evening, the organization was completed, and officers were elected for the first three months. There are twenty-six paid up members already enrolled, and it is expected that this number will be doubled before long. The L. D. S. meeting house has been rented by the Bishop for the use of the society at bare cost of fuel and lights.

The weather at this time of year is something unusual for this section. Sleights have had very little use during the winter, and the roads are now dry and dusty. Considerable snow has fallen in the mountains and no alarm is felt as to the water supply the coming summer.

MALAD, IDAHO.

SMALLPOX SITUATION.

All Public Gatherings Closed Except the Schools—Burglar Caught.

Special Correspondence.

Malad city, Idaho, Feb. 4.—The smallpox is doing out in this place. There have been no dances or Sunday Schools or other meetings for 50 days, as the city fathers stopped everything but the public school. It is getting pretty tiresome now.

On Feb. 3 at 4:30 a. m. a burglar was caught going through the till of Charles Metcalf's butcher shop. He had been at it for a long time, having a key to unlock the door. The city marshal and proprietor laid him seven or eight nights before he was caught. He was lodged in jail and a charge of petty larceny was lodged against him, and he was fined \$25. The culprit's name is Lorenzo Thompson, who keeps a store himself, and is from Brigham City. He may have to face a graver charge, as a complaint has been filed with county attorney Hart charging burglary.

We have had no snow here this winter, and it has not been cold enough yet to make ice.

LEIGH, IDAHO.

Meeting House Nearly Completed—Relief Society Annual Meeting.

Special Correspondence.

Leigh, Idaho, Feb. 2.—Our meeting house is so near completion that meetings will be held in it after this. There have been several good services. Last Thursday night and a good time was enjoyed by all.

The Relief Society held their annual meeting today. Secretary Jennie Hopkins resigned and Anna Lamons resigned in her place. Bishop R. G. Melkie spoke a few words of encouragement to the sisters, telling them what a great help the society was to him.

There is some sickness among the children in the ward.

We have about one foot of snow and consequently the best of sleighing. Suel Zimmerman and H. Peterson, from Leigh, Utah, have been looking after their sheep recently.

The people of this valley have petitioned the secretary of the interior through Senator G. L. Shoup, to get a permit to use fallen and dead timber in the Teton timber reserve, and have had a letter from Mr. Shoup and he thinks our petition will be granted.

HATCH, IDAHO.

Smallpox Epidemic—Open Winter—Good Price for Hay.

Special Correspondence.

Hatch, Idaho, Feb. 2.—Yes, we have the "smallpox" in our midst—have had for some time, but thought it was chicken pox. Dr. J. H. Bean came up from Pocatello last Sunday and placed tags up in three families, and another family has had it since. R. Hatch had it the worst of any; he was covered with pustules as big as a large pea, but now is nearly well.

We are having a lovely winter, with fine weather and not much snow, and the water may be short next summer, as there is not a great deal of snow in the mountains. There are several herds of sheep being fed in the valley, which is a benefit to the farmer, as he can dispose of his hay for a good figure. Hay is worth \$4 per ton, with but very little for sale.

Several of the farmers here are going into the sheep business, as the sheep from the surrounding States summer in here and eat all the grass so the cattle cannot do well.

FRANKLIN, IDAHO.

Changes in Eighteenth Quorum of Seventy—Sheepmen Are Busy.

Special Correspondence.

Franklin, Omside Co., Idaho, Feb. 4.—On Tuesday, January 29th, Presidents Fieldstead and McMurrin, of the Eight Council of Seventy, met with the presidents and members of the Eighteenth quorum of Seventy. Considerable business pertaining to the welfare of the quorum was done, and valuable instructions given. Elders William Woodward and George Foster tendered their resignations as members of the presiding council of the quorum, as they were getting aged and crippled and unable to attend to their duties. The resignations were accepted unanimously, and Elders Elias Doney and Isaac H. Nash were elected to fill their places in the presidency of the quorum. They were set apart to that position by Presidents Fieldstead and McMurrin. Elder John Lowe is now senior president. There are about twenty-five of the quorum now on missions, nine from Franklin.

Saturday at the Priesthood meeting in Preston, Elder Woodward was ordained a High Priest.

Our sheep men are now beginning to have their hands full, as lambing has commenced and so far have had good luck. The weather is fine but a little cold at nights.

There is considerable sickness in and around Franklin, la grippe, etc., but nothing serious.

MALAD, IDAHO.

Demise of Mrs. Hannah James—Close of a Useful Career.

Special Correspondence.

Malad city, Omside Co., Idaho, Feb. 5.—Mrs. Hannah James of St. John, near here, died Feb. 1, of la grippe. Mrs. James was born at Cardiff, Wales, 44 years ago, and came to Farmington, Utah, when a small girl. She was married to Mr. John James of Farmington in May, 1873, and Mrs. James removed to St. John, near Malad city, Idaho, in 1875, where they have since resided. She was the mother of ten children, six of whom survive her. She bore a member of the Church of Jesus Christ of Latter-day Saints early in life, and was a devoted member. She was president of the Mutual Improvement association of the St. John ward for a number of years. Funeral services were largely attended and were held in the St. John ward meeting house at 1 p. m. Monday, Feb. 4. The speakers were Hiram Munson, D. R. Evans, Jesse Dredger, and Bishop Harrison, who presided. A large con-

SYRUP OF FIGS

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO.

course of people followed the remains to the St. John cemetery, where was laid to rest one of the noblest souls that ever lived in our little town. She was a kind and loving mother, a devoted wife, and kind neighbor.

PANACA, NEVADA.

Demise of Miss Ida Lee, Cut Off in the Bloom of Youth.

Special Correspondence.

Panaca, Lincoln Co., Nevada, Jan. 28.—Ida Louise Lee, daughter of Samuel M. and Mary J. Lee, born March 28, 1882, died Dec. 18th, 1900, at the home of her mother in Panaca, after a short illness of heart trouble. Deceased was a lovely and promising young lady, loving and kind to all with whom she associated. She leaves a mother, brother and three sisters, and numerous relatives and friends, to mourn her early flight to the great beyond.

TWO QUART HOT WATER BOTTLES FOR 75c.

And we'll venture you'll say they're the greatest value you ever saw for the money. They're the greatest we've seen. The story of the getting is short. Ran across a manufacturer who was anxious to unload his surplus stock. We took a big lot. But what difference does it make to you. As long as they're here. And at a price fully a third less than usual. We've plenty of other sizes if you want them. We've alcohol stoves large enough to heat the water to put into these bottles.
