

EXTIRPATION OF ANARCHISM.

Marquette Club of Chicago to Take
Matter Seriously in Hand.

WILL APPOINT A COMMITTEE

Plans Range From Deportation to
Some Lonely Isle to Prohibit-
ing Meetings.

Chicago, Sept. 21.—The Marquette club, which adopted resolutions for the extirpation of anarchism at its memorial services in the Auditorium Thursday night does not intend to let the matter drop with the passage of the resolutions. Tonight the members of the club will hold a meeting to appoint a committee to formulate ways and means for the carrying out of the campaign against anarchy. The plan of the Marquette club is to work as hard as possible to bring the matter before Congress when it assembles.

W. L. Bush, president of the club, said the move is not to be a political one, as it is desired that every liberty loving citizen of the republic shall help to urge Congress and the state legislatures to pass, at the earliest possible moment, laws against anarchy.

Laws against anarchism as stringent as the constitution will permit and along the lines contemplated by the Marquette club were talked of by a party of national law makers returning yesterday from President McKinley's funeral. Senators Allison and Dooliver of Iowa, and Clark of Montana, Speaker Henderson of the House of Representatives, Gov. Otero of New Mexico, A. B. Cummins, Republican candidate for governor of Iowa, Representative I. H. Wing of Wisconsin, former Congressman James Hamilton Lewis of Washington, and a number of other western congressmen, made up a party that traveled on the same train from Canton.

In a discussion of anarchism and the dangers of its teachings it developed that all were practically of one mind on the main question, the necessity of repressive measures against proponents of the cult.

The plans suggested ranged from deportation of anarchists to some lonely Pacific island to prevention of meetings of all persons who speak against a republican form of government. The entire party was a unit in favor of a statute making an attack on the executive treason, punishable by death.

Greece and Roumania Friendly.

London, Sept. 21.—A dispatch to the Times from Athens, commenting on the visit to that city of a number of Roumanian students, which has just ended, says the cordial welcome given to the students is an evidence that both Roumania and Greece recognize the necessity of combining their forces against the criminal efforts of the secret committees in Macedonia, whose agents were recently acquitted at Sofia.

Gen. E. S. Otis' Report.

Chicago, Sept. 21.—Maj. Gen. Elwell S. Otis has forwarded to Secretary of War Root his annual report as commander of the department of the lakes. Its chief recommendations concern the administration of military laws and the care of prisoners. Gen. Otis suggests increased prison room for military offenders. The report comments on the fact that during the year there were no disorders in the department requiring the attention of federal troops.

American Board of Foreign Missions

Boston, Sept. 21.—The annual statement has been made public of the fiscal year of the American board of foreign missions. The total receipts of the year applicable for current expenses were \$397,379; total expenditures, \$717,081; excess of expenditures over receipts, \$319,702 which, added to the debt of a year ago, makes the present debt \$132,341.

The receipts for the past year show a gain in donations from churches and individuals of \$9,639; a shrinkage in receipts from the woman's boards of \$15,115, and a shrinkage in legacies of \$30,256.

A large legacy was expected during the year but for good reasons the payment has been deferred for a few weeks. Had this been received, it is stated, the board would have met its hopes and would have made a considerable reduction in the debt with which it began the year. The board is said to be in a much stronger financial condition than a year ago, notwithstanding the increased debt.

Eight Persons Killed in a Collision.

Bucharest, Roumania, Sept. 21.—The express for Vienna collided this morning at Palato with a petroleum train killing eight persons and injuring nine. The petroleum train which dashed into the rear of the express was descending an incline at the time. Eighteen petroleum cars were set on fire and the express train was completely destroyed.

Religious Associations Must Register

London, Sept. 21.—The Madrid correspondent of the Times says that, in view of the number of religious associations in Spain that have not been legalized, a royal decree fixes six months from now as the limit of time in which associations must register according to the law. This affects all religious associations except those authorized by the concordat.

To Survey Yang-tse Kiang Country.

Pekin, Sept. 21.—Capt. Hunter and Maj. Courtney C. Manfold of the Sixth Goodknight have left here for Cheng T'ing Pa, on a surveying expedition. They will record the distances between various points and the character of the country south to the Yang-tse Kiang, about which little is now known. From the southern point they will go east to the sea.

Maj. Manfold will then go to the Szechuen and afterwards to Burma.

An Indian Murders an Indian.

San Bernardino, Cal., Sept. 21.—The county officials have received a dispatch from Needles telling of the murder at that place of an Indian named Jose Arguello by Tom Modesto, a fellow tribesman and the burning of Arguello's remains by the Indians, who afterwards attempted to storm the jail where Modesto is confined to lynch the alleged murderer. Arguello was stabbed to death over a Mexican girl. Modesto fled, but was captured. When the officers went for the body of Arguello they discovered that it had been carried off by the Indians, who, taking it to the desert, heaped up a pile of brush, upon which they placed the corpse, and while the flames consumed it, danced about the funeral pyre chanting weird dirges.

ROYAL Baking Powder

Royal Baking Powder is of the highest quality, always pure, wholesome, uniform. The contents of each can are exactly like every other, and will retain their strength and freshness and produce the same and the highest leavening effect in any climate, at any time.

The "Royal Baker and Pastry Cook" is the most practical cooking receipt—free to every patron. Send address.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

PEARY WILL REACH THE POLE

Will Start From Cape Hecla, Five
Hundred Miles Distant.

LAST RELIEF EXPEDITION.

Was Eleventh Sent Out by the Arctic
Club—Have Lost All Dramatic Elements.

New York, Sept. 21.—Herbert L. Bridgman, secretary of the Peary Arctic club, who conducts the Peary relief expedition of this year, and the young men who accompanied him, have returned home. With them came Mrs. Peary and her little girl, who was born in the Arctic regions eight years ago.

"Next April," said Mr. Bridgman in Brooklyn last night, "Peary will start for the pole from Cape Hecla, the highest point of land he has discovered in the west, which is only five hundred miles from the pole. If he should never reach it, his discoveries have been important enough to warrant the time he has spent in the north—but he will reach the pole."

Mr. Bridgman said he had the satisfaction of knowing that Peary had a supply of walrus meat large enough to carry him through his undertaking. The explorer returned with the Bridgman party as far as Cape Henshel, where his winter headquarters are.

Four days after it occurred, Bridgman at Sydney heard of the shooting of President McKinley. Peary will not hear of it until next summer.

"The last relief expedition," said Mr. Bridgman, "was the eleventh sent out by the Arctic club. They have lost all elements of the dramatic. We were twice in danger, however. Once we got caught between a glacier and an ice floe, and went aground on a mud bank. We were fast for several hours and the danger was lest the ice pack should sweep in around us and make us prisoners. The captain pounded a hole in the nose of the floe, fastened a big hawser to the floe, and in ten minutes the great body of ice, whose movement you could not see at all, had swung us out of the whole thing."

"The most serious time was when we got caught between the lip of ice, under water, and the glacier. We got away all right, however."

Mr. Bridgman said that so far as he knew, there was no truth in the report from Halifax, N. S., that Peary had discovered gold in the Arctic regions. If such a discovery had been made, Peary, Mr. Bridgman thinks, undoubtedly would have spoken to him about it.

GOOD ROADS CONGRESS.

President of L. A. W. Wants Every
Vehicle in the Land Taxed.

Buffalo, Sept. 21.—Lewis M. Haupt, of the International Canal commission, Capt. H. M. Chittenden, of the United States engineers at the Yellowstone National park, and William Peterson, of the American Automobile association, are presenting interesting stereoscopic pictures before the International Good Roads congress. Mr. Haupt showed some examples of neglected highways in various parts of the United States and in contrast some of the modern paths of business and pleasure travel here and abroad. Capt. Chittenden's illustrations were of road construction and maintenance in the vast national park.

Senator H. S. Earle, of Detroit, president of the League of American Wheelmen, made a vigorous address, in which he spoke of the work accomplished by wheelmen for road improvement, and advocated a tax on every seat, on every wheel and on every vehicle used on a road in the United States to form a fund for the repairing and rebuilding of roads.

The committee on resolutions made a report, some of the principal recommendations being:

"That the work of the government officers of the public road inquiries in the department of agriculture should be enlarged into a bureau, and that an

act be passed for the purpose of

improving the condition of the

road system of the United States

and for the purpose of

improving the condition of the

road system of the United States

and for the purpose of

improving the condition of the

road system of the United States

SOUTH AFRICAN WAR NOT OVER.

Gen. Kitchener's Telegram Intensifies
England's Anxiety.

BLAMING THE GOVERNMENT

It is Charged With Giving False Impressions as to Boer Resources
Being Exhausted.

New York, Sept. 21.—Commenting upon the South African situation, the London correspondent of the Tribune says: Anxiety with regard to the situation in South Africa is intensified by Lord Kitchener's latest message announcing the loss of two more British guns. The war is not over, and even some of the unionist papers are blaming the government for the manner in which the country has been deluged into the belief that the Boers were at the end of their resources. Gen. Botha has for a week past been mediating a raid into Natal, and no doubt he is acting in co-operation with other Boer leaders. Whether he has enough material at his command to enter upon a campaign on a large scale in northern Natal is open to doubt, but at the same time Lord Kitchener may not have enough men successfully to oppose the Boer commandant general, unless he considerably reduces the number now employed in chasing commandos throughout the length and breadth of Cape Colony. It is almost the only Boer victory in South Africa which is beginning to recover from the misfortunes of the last two years, and it offers tempting prey to the Boers. A fresh invasion of the colony would be regarded as a real calamity.

The financial outlook is also far from satisfactory. On the stock exchange rumors are current that the chancellor of the exchequer will ultimately have to float another large issue of consols.

For Violating Immigration Laws.

Boston, Sept. 21.—Indicated on the charge of allowing 110 Portuguese immigrants to enter the country in violation of the immigration laws, Antonio H. Rodgers, a New Bedford shipping agent, was taken from his office by United States officers and brought to this city for a hearing. He was taken into custody before he had time to get into his coat and his trial will be arranged later.

For months the officials have been working upon this case which is considered one of great importance. Having apprehended the defendant, some time ago United States Deputy Waters had a date set for the hearing. The government officials allege that Rodgers had been in the city for some time, causing the prosecution to fall through, and in consequence Rodgers was acquitted. Nothing daunted, the immigration officials continued their investigation, and Rodgers was again arrested with much difficulty and through their evidence another indictment was found against Rodgers, resulting in his arrest. When taken into custody he manifested great surprise. The Portuguese lads have been leaving Cape Verde islands to escape military duty. The schooner for which Rodgers is agent, is called the "Hattie" and it is alleged that in May last 110 young men were brought here on that vessel and permitted to land. The trip is believed to have netted nearly \$15,000. Rodgers is a native of New Bedford and the schooner reached New Bedford at night and under cover of darkness the boys were landed in boats.

Russia Requires No Financial Aid.

London, Sept. 21.—The Vienna correspondent of the Times quotes an article in the St. Petersburg "Kosyakov" which declares that Russia requires neither French nor English money. Her credit, says the article, enables her to meet her obligations without difficulty in the international market.

Financial operations, the Rossiya declares, did not form the basis for the Franco-Russian alliance and it was not founded on political speculation on the part of either France or Russia. The alliance was formed by genuine friendship of the two great nations who assumed the task of co-operating in order to promote high moral purposes. The two powers would not refuse the friendship of any country ready to prevent a sanguinary collision between the peoples of the earth.

AN ENGLISHMAN ON AMERICA

Capt. Arthur Lee Gives His Views
and Impressions.

New York, Sept. 21.—Among the passengers booked to sail on the steamship Kaiser Wilhelm der Grosse on Tuesday next is Capt. Arthur Lee, ex-military attaché to the British embassy in Washington and conservative member of parliament from South Hampshire. Capt. Lee and his wife have been in this country for a month, visiting in Maine. As the representative of the English army Capt. Lee campaigned in Cuba during the Spanish-American war. During that campaign he spent a great deal of his time with the Rough Riders and became intimately acquainted with President Roosevelt. He said:

"As a student of the American people I count myself particularly fit from being in this country during the past week. I have seen them in the days of their exultation, in the days of their prosperity and pride, and now I have seen them in their hour of humiliation and grief. The absolute universal feeling of affection for the stricken President and of grief for his death is expressed by the highest and the lowest presents to the foreigner a new phase of the national character."

"Have you ever heard it remarked that the trouble thus far over the Boers in the South African struggle?" was asked.

"I have talked with him on the subject," said Capt. Lee, "and I could not abuse his confidence by repeating anything he might have said. I will state positively, however, that he never knew any secret of his appreciation of the helpful attitude of England toward the United States during the struggle in Cuba, and that he has not forgotten it. England has nothing to fear from his admiration, and I think the leaders of my government are convinced of that fact."

Speaking of the probable work of the house of commons at its next sitting before it next December, said he, "and I hope that the treaty will come before the English parliament in February. I know that every desire on the part of my government is for the cordial settlement of the matter. There has not been the matter of the American case, but the manner in which it was dealt with in the Senate when the Hay-Pauncefote treaty was presented. For my part, I will urge at every opportunity in the house of commons an early and favorable settlement of the case, and believe the outlook is bright."

Col. Bell Made Brigadier General.

Washington, Sept. 20.—The President has appointed Col. James M. Bell, Eighth cavalry, and president of the military board of review, to be a brigadier general, vice Brig. Gen. Ludlow, deceased.

Gen. Bell will retire October 1, thus leaving a vacancy for another appointment.

Ridgely Will Resign from Steel Co.

Chicago, Sept. 20.—Wm. B. Ridgely, whose appointment to the controllership of the currency was announced at Canton yesterday will within a few days resign the vice presidency of the Republic Iron & Steel Co., and leave Chicago for Washington to assume his new duties.

Marquand & Co's Schedule.

New York, Sept. 20.—Schedule in the assignment of Henry Marquand & Co., stock brokers, who failed June 28th, were filed today in the supreme court. They show liabilities of \$9,198,676; nominal assets, \$5,002,230; actual assets \$5,098,496.

Nothing Like Oil.

A spoonful of oil will go farther than a gallon of vinegar. The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However, much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CONGRESSMAN CROWLEY

Uses Pe-ru-na in His Family For Catarrhal and
Nervous Affections.

Hon. Joseph B. Crowley, Congressman from Illinois, writes from Robinson, Ill., the following praise for the great catarrhal tonic, Peruna. Congressman Crowley says:

"After giving Peruna a fair trial I can cheerfully recommend your remedy to anyone suffering with coughs, colds and la grippe, and all catarrhal complaints."

"Mrs. Crowley has taken a number of bottles of Peruna on account of nervous troubles. It has proven a strong tonic and lasting cure. I can cheerfully recommend it."—J. B. CROWLEY.

No other remedy invented by man has ever received as much praise from men of high station as Peruna. Over forty members of Congress have tried it and recommended it to suffering humanity. They use it themselves to guard against the effects of the intense strain of public life; to ward off the ill effects of the changeable climate of Washington. They keep it in their homes for family use. They recommend it to their neighbors, and they do not hesitate in public print to declare their appreciation and endorsement of this greatest of modern remedies.

It is exactly as Congressman Crowley says: "Peruna is a swift and sure remedy for coughs, colds and la grippe and all catarrhal complaints. It is an excellent remedy in all nervous troubles. It never fails to prove itself a powerful tonic and a lasting cure." This is what Congressman Crowley says, and this is what thousands of other people are saying all over the United States.

Congressman Romulus Z. Llaney from Taylorsville, N.C., writes: "My secretary had as bad a case of catarrh as I ever saw, and since he has taken one bottle of Peruna he seems like a different man."—Romulus Z. Llaney.

Congressman A. T. Goodwyn, Robinson Springs, Ala., writes: "I have now used one bottle of Peruna and am a well man today."—A. T. Goodwyn.

U. S. Senator W. N. Roach from Laramie, N.D., writes: "I have used Peruna as a tonic. It has greatly helped me in strength, vigor and appetite."

Congressman H. W. Ogden from Beaton, La., writes: "I can conscientiously recommend your Peruna."—H. W. Ogden.

Congressman H. W. Smith from Murphysboro, Ill., writes: "I have taken one bottle of Peruna for my catarrh and I feel very much benefited."—Geo. W. Smith.

Congressman David Meekison from Napoleon, O., writes: "I have used several bottles of Peruna and feel greatly benefited thereby from my catarrh of the head."—David Meekison.

Senator Mallory, of Pensacola, Fla., writes: "I have used your excellent remedy, Peruna, and have recommended it both as a tonic and a safe catarrh remedy."—Stephen R. Mallory.

Senator M. C. Butler, ex-Governor of South Carolina, writes: "I can recommend Peruna for dyspepsia and stomach trouble."—M. C. Butler.

Senator W. V. Sullivan from Oxford, Miss., writes: "I take pleasure in recommending your great national catarrh cure, Peruna, as the best I have ever tried."—W. V. Sullivan.

Senator J. M. Thurston from Omaha, Neb., writes: "Peruna entirely relieved me of a very irritating cough."—J. M. Thurston.

Congressman H. G. Worthington from Nevada, writes: "I have taken one bottle of Peruna and it has benefited me immensely."—H. G. Worthington.

Congressman Howard from Ft. Payne, Ala., writes: "I have taken Peruna for la grippe, and I take pleasure in recommending Peruna as an excellent remedy."—M. W. Howard.

Congressman Willis Brewer from Hayesville, Ala., writes: "I have used one bottle of Peruna for la grippe, and I take pleasure in recommending it."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Military Obedience at Z. C. M. I.
Monday, Tuesday and Wednesday,
Sept. 23, 24, and 25. Special invitation
to the Ladies.

Take life as it comes, and make the most of all circumstances, but for a bad cough or cold, take HALLARD'S HOARSEHOOD SYRUP, the best known remedy for quick relief and sure cure. Price, 25 and 50 cents. Z. C. M. I.

MUSIC LOVERS.

All who desire information of the address, etc., of Salt Lake's music teachers, should consult the Musicians' Directory, published on the Dramatic and Musical page of the Saturday "News."

Tell Your Neighbors

What good treatment you receive at our store and what a fine line of goods we carry. You'll help them if you do. It'll save them some money.

WE CARRY LARGE STOCK OF DRY GOODS, DRESS GOODS, BOOTS AND SHOES, and a very choice stock of groceries and household necessities.

Fresh Ranch Eggs and Butter always on hand.

13th WARD STORE,

72 MAIN STREET.
