PARIS, Idaho, Aug 20. Last evening, about dusk, Enoch Kimball, of Salt Lake City, who is visiting his relatives at Meadowville, returned from hunting, and, while still in the wagon, was in the act of drawing his shotgun towards him by the muzzle, when the trigger caught on the seat, and the contents of the gun were discharged into his side, ranging upwards. It is thought that the wound will prove fatal. Dr. Ormsby, of Logan, is sent for.

Wants to Know.-A gentleman in Washington, D. C., wishes to know the value of the "First Mortgage bonds of the Bear River Valley Mining, Manufacturing and Railroad Company." We believe we are safe in stating that if the holder can ascertain the exact value of the paper upon which they are printed, that that is what they are worth. The company alluded to was a mushroom concern, which sprang up in a night, and went down in a day. Its collapse was due to the utter lack of back bone and sinew. The name was the largest feature of the concern, which has been defunct for a con-

siderable time. The proposed field of operations of the company with the tremendously pretentious name was Hilliard, adjacent to the line of the Union Pacific Railroad.

Tabernacle Meeting. - Elders Thomas Taylor and John Nicholson preached yesterday afternoon.

On the day in question, while Mr. Pettit was engaged, near the house, directing the putting up of a gate, he heard the sound of groans issuing from an upper room.
