

LIQUOR BILLS BEFORE HOUSE

Judiciary Committee Submits Reports on Three Proposed Measures for Temperance.

MESSAGE IS NOT ENDORSED.

Governor's Official Communication Not O.K'd on the Record—Debate Due on Cannon Bill.

After the strenuous day in the senate yesterday in which the subject of prohibition, it would seem, was thrown out from beginning to end from the standpoint, at least, of Mr. Badger, any idea that the battle might not be continued today appeared to be inadvisable in view of prospective developments which cast their shadows before. The promise for today was upon adjournment last evening that the fight would break out again, and in a fresh place—namely in the house.

The judiciary committee, which, by the way, cleared up everything up to yesterday morning, submitted reports on three bills pending before it, there being a majority and a minority report on each measure. This was done in order to bring the bills before the house to be acted upon by the full membership on their merits, as, according to a rule adopted by the lower branch a few days ago, all measures coming from committee with majority and minority reports should receive no action as a committee report, but go directly to the calendar to be considered by the house.

ANTI-TREATING LAW.

The first bill affecting the liquor traffic to be reported yesterday was the anti-treating bill, which is the anti-treating bill. The majority of the committee opposed the passage of the bill, while the minority were in favor of it. The bill makes it unlawful for one person to treat another to any kind of a drink of liquor whatsoever, and is intended to be a measure with a peremptory practice said to be responsible for much of what is objectionable in the liquor traffic, although purely a makeshift measure in the way of regulation.

The second bill submitted with a double report was the McMillan measure, which purports to be a prohibition measure, but which, however, is designed merely to regulate the traffic of liquor.

CANNON BILL AGAIN.

The third measure is the latest effort of Mr. Cannon, which is practically a rejuvenation of H. B. No. 57, known as the Cannon bill, which was passed almost unanimously by the house and defeated in the senate. The measure as resubmitted provides for the prohibition of the liquor traffic absolutely, with an amendment providing for county dispensaries and the further amendment submitting the question to a vote of the people next June and in the event of the adoption of the

Flatulency or Wind On Stomach

As It Is Commonly Named,
Means That Decaying Food
Is Making Gas.

This most serious condition is very prevalent and results most distressingly and fatally often times. The stomach in cases of flatulency is unable to digest the food properly. Decay sets in, gases form, extend the stomach, press their way downward into the bowels and if not relieved, it extends upward pressing against the lungs, liver and heart, causing shortness of breath, belching, foul odors and many times sudden death.

Food which is filled with gases, when taken into a dehydrated stomach, causes flatulency given to this quality. Among such a condition the stomach can do but little, because these foul and poisonous gases affect its lining, muscles and tissues to such a degree as to incapacitate it almost at once.

These gases distend the stomach in all directions, preventing the contracting muscles from doing their regular duties, or if they do force the gas from the stomach it goes elsewhere in the system with even more harassing results, and then the decaying mass still remains to generate more gases.

The most effective method for allaying flatulency is to remove the cause of gas making. An emetic will do this but the stomach will have the same trouble the moment new food enters it. Stuart's Dyspepsia Tablets get at the gas food at once, digest it, prevent decay, quickly reduce food to nourishment, make good rich gastric fluid and pass the digested food to the intestines, giving the stomach its rest and the system its nourishment. Flatulency simply cannot exist where these little tablets are used. They build up the stomach fluids so that it matters not how many vegetables you eat or food containing quantities of gas, the stomach does its work well and quickly.

Stuart's Dyspepsia Tablets are sold everywhere and used the whole world over by sick stomachs and stomachs that want to eat heartily and yet not get sick.

Every druggist carries Stuart's Dyspepsia Tablets, price 10 cents per box. The demand for these little digesters is constantly increasing. Forty thousand physicians in America and Canada use them and prescribe them. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 150 Stuart building, Marshall, Mich.

measure by the majority of the voters of the state, that its provisions go into effect Jan. 1, 1910.

It is conceded that the fate of the first two of these bills is a question only of the size of the majority voting against them, but the Cannon amended measure will cause considerable debate, some of the members favoring no action whatever on any prohibition bill pending the disposition of the Badger bill in the senate.

NOT ENDORSED.

When the governor's message was read in the house yesterday, a commendation was made to have an endorsement of the message go into the record. This action was opposed, however, and a vote sustained the opposition. Another motion was made that a committee of three be appointed to take up the recommendations of the governor and submit a report at once. Mr. McMillan, favoring such action, Mr. Cannon objected, contending that there was nothing before the house. Mr. Russell took a hand and said there was plenty before the house. Mr. Archibald said he had been in favor of absolute prohibition, but his plan had been killed; he now favored some plan which should be favored by the senate, the house and the governor. He said a bill should be drafted in line with the recommendations of the governor. Mr. Thompson opposed the motion to appoint a special committee, saying the measures would be reported upon in the same way and no time would be gained. The speaker put the motion and 11 members stood in favor of it, the balance voting no, and the motion to appoint was declared lost.

LEGISLATIVE DOCKET

BILLS SIGNED BY GOVERNOR.

S. B. No. 51, by Sevy—An act to amend section 2549, compiled laws of Utah, 1907, relating to notice to taxpayers by county treasurers.

S. B. No. 45, by Williams—An act appropriating the sum of \$2,500 to William Forsburg, for injuries sustained

while in the employ of the State of Utah.

S. B. No. 65, by Badger—An act amending sections 2372 and 2389, compiled laws of Utah, 1907, providing for the acceptance by the State of Utah of certain desert lands and providing for the contracts for the reclamation of the same, and validating and confirming proceedings heretofore taken under chapter 3, title 75, compiled laws of Utah, 1907.

NEW BILLS IN SENATE.

S. B. No. 200, by Marks—An act creating a commission to revise the revenue laws of the State of Utah and to suggest changes. Providing for the appointment of the commission, its salary, the employment of necessary help, appropriation for its salary and expenses, sitting committee.

S. B. No. 201, by Marks—An act amending and re-enacting section 2099, compiled laws of Utah, 1907, relating to validating certain conveyances, sitting committee.

NEW BILLS IN HOUSE.

H. B. No. 234, by Ashton—To provide for initiative and referendum in legislation.

H. B. No. 235, by the judiciary committee—To punish inmates of the state industrial school escaping therefrom or aiding or abetting other inmates to escape.

BILLS PASSED BY HOUSE.

H. B. No. 157, by Pope—Providing for hydrographic surveys and cooperation with the United States government.

H. B. No. 172, by Pope—Providing for the investigation of the agricultural resources and the encouragement of the agricultural development of the Utah basin.

H. B. No. 195, by Badger—Amending section 282-31 and repealing section 282-33 of chapter 16, compiled laws of Utah, 1907, relating to special tax funds in cities.

S. B. No. 76, by Hyde—Directing the state board of land commissioners to conduct experiments in sinking wells to procure subterranean waters for culinary and domestic purposes and making an appropriation therefor.

H. B. No. 187, by Ashton—Amending section 2747, compiled laws of Utah, 1907, relating to undertakings on appeal from justices' courts.

H. B. No. 22, by Ashton—Amending sections 730-X, 730-X1, 730-X2, 730-X3, 730-X4, 730-X5, 730-X6, 730-X7, 730-X8, 730-X9, 730-X10, 730-X11, 730-X12, 730-X13, 730-X14, 730-X15, 730-X16, 730-X17, 730-X18, 730-X19, 730-X20, 730-X21, 730-X22, 730-X23, 730-X24, 730-X25, 730-X26, 730-X27, 730-X28, 730-X29, 730-X30, 730-X31, 730-X32, 730-X33, 730-X34, 730-X35, 730-X36, 730-X37, 730-X38, 730-X39, 730-X40, 730-X41, 730-X42, 730-X43, 730-X44, 730-X45, 730-X46, 730-X47, 730-X48, 730-X49, 730-X50, 730-X51, 730-X52, 730-X53, 730-X54, 730-X55, 730-X56, 730-X57, 730-X58, 730-X59, 730-X60, 730-X61, 730-X62, 730-X63, 730-X64, 730-X65, 730-X66, 730-X67, 730-X68, 730-X69, 730-X70, 730-X71, 730-X72, 730-X73, 730-X74, 730-X75, 730-X76, 730-X77, 730-X78, 730-X79, 730-X80, 730-X81, 730-X82, 730-X83, 730-X84, 730-X85, 730-X86, 730-X87, 730-X88, 730-X89, 730-X90, 730-X91, 730-X92, 730-X93, 730-X94, 730-X95, 730-X96, 730-X97, 730-X98, 730-X99, 730-X100.

H. B. No. 33, by Ashton—Amending the law relating to regulating the presence of children under 18 years of age upon the streets of cities, towns and villages after sunset, or of the night, designating the officers to enforce the same and defining penalties for a violation thereof.

H. B. No. 24, by Ashton—Amending the law relating to the establishment and maintenance of detention schools for the care and custody and education of dependent or delinquent children 18 years of age or under.

H. B. No. 25, by Ashton—Amending the compiled laws relating to the methods for the protection, disposition and suspension of dependent, neglected and ill-treated children, and to prescribe the punishment for such persons as are responsible for the care of children and repeat acts or parts of acts inconsistent herewith.

BILLS KILLED BY HOUSE.

H. B. No. 127, by Dornus—Amending the compiled laws of Utah, 1907, in relation to the appointment of local boards of health.

S. B. No. 197, by Badger—Amending sections 256, 257, 258, 259, 260 and 277, and repealing section 12, compiled laws of Utah, 1907, relating to special taxes. Laid upon table.

BILLS KILLED BY COMMITTEE.

H. B. No. 145, by Clegg—Amending section 4487-X7, compiled laws of Utah, 1907, relating to the protection of motormen and street car drivers from cold and inclement weather and requiring certain condenser headlights to be placed on street cars.

H. B. No. 68, by Mott—Amending section 2357, compiled laws of Utah, 1907, relating to the investment of public funds and the security and interest thereon, by the board of land commissioners.

LEGISLATIVE SIDELIGHTS.

Some talk of an extra session has been made among some of the members, but at the rate the committees are working such a contingency seems at present unnecessary. The sitting committees of both houses now have charge of all bills, and today there will be a general clean-up of the measures remaining in committee.

Representative Pope, of Wasatch, yesterday received a message to the effect that 700 of his cattle on the Wasatch range had been stolen to death. Mr. Pope had been anxious to get home up to this time, but his uncertainty regarding his cattle is now relieved, and he says he is now willing to stay till the end. The members sympathetic with him in his great loss. The winter in eastern Utah has been one of unusual severity, and many cattle have suffered.

Among the measures killed in committee yesterday was H. B. 145, by Clegg, providing for protection for street car drivers and motormen from cold and inclement weather.

Tomorrow at 11:55 the clock in the legislature will be stopped and the session of the sixtieth day will then be continuous until the last measure before the session has been disposed of. It is hardly expected the end will come

STARCHY FOODS AND FAT MEATS

Whatever You Eat Will Be Digested Leaving Nothing to Ferment or Form Gas in Your Stomach.

RID YOURSELF OF THIS.

Hundreds of Men and Women Here Are Suffering Unnecessarily from Stomach Trouble—Diarrhea Will Relieve You So Promptly You Won't Realize It.

Nothing will remain undigested or over on your stomach if you will take Diarrhea after your meal. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the food all the food you can eat.

Eat what your stomach craves, with out the slightest fear of indigestion or over eating, with no bother with sour risings, belching, gas on stomach, heartburn, headache, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable matters.

If you will get from your pharmacist a 30-cent case of Pope's Diarrhea, you will cure a wide variety of ailments with a hearty appetite, and your meals will taste good, because you would know there would be no indigestion or sleepless nights, headache or stomach misery all the next day, and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pope's Diarrhea can be obtained from your druggist and contains more than enough triangles to thoroughly cure a wide variety of ailments, nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache. You couldn't keep a handier or more useful article in the house.

before Saturday night, and some of the members think the session will extend over into next week. Last session the appropriation bill held both houses back four or five days, but earlier action has been had on the budget this year, and the measure will not be the occasion of so much delay at this session as it was last.

The total of bills introduced in both houses to date is 426, of which 235 have been introduced in the house and 201 in the senate.

NORTH BENCH DEAL.

The Salt Lake Security & Trust company has just bought from the Co-operative Investment company of this city, 20 rods front by 10 rods deep on Tenth avenue, not far from the Groves L. D. S. hospital for \$7,000, or \$12.10 per front foot, a good price for that part of the city. The company is proposing to build there 10 two-story modern cottages, to cost each \$4,000, a total outlay of \$40,000. This is expected to give a stout push along in the way of development on the north bench.

PNEUMONIA LEADS.

Dread Malady Heads the Death List in Salt Lake City.

For the first two months of this year, the death rate in Salt Lake has shown a remarkable decrease, as compared to the corresponding period of last year, according to the report of the city board of health issued yesterday. There were only 32 deaths for the month just ended as against 115 deaths for the same month of 1908, while in January there were 96 deaths as against 123 deaths for the same month last year. This gives an average death rate per thousand of 78 per cent.

Out of 35 cases of smallpox no deaths were reported. Pneumonia led, however, with 12 deaths, the largest number of victims. There were 11 deaths from violence, six of them being suicides. Eight persons died of old age, 10 from organic heart disease and 10 from cancer. Most of the deaths were between the ages of 25 and 45 years. There were above the age of 85 years.

There were 147 births, 72 males and 75 females. For the same period there were 103 marriages. The following statistics were reported by the sanitary department.

Contagious diseases reached a total of 237. Smallpox numbered 85; scarlet fever, 56; diphtheria, 14; measles 7; tuberculosis, 1; pneumonia, 21; chickenpox, 27; epidemic spinal meningitis, 2; whoopingcoughs, 45.

BAPTISTS CELEBRATE.

The new members of Immanuel Baptist church enjoyed a good spread last evening in the church parlors, where a program was given and it was decided to form a permanent organization.

N. F. Williams presided as toastmaster and the various toasts were responded to as follows:

"Immanuel Church," N. D. Corser.

"Brothers-in-law," H. J. Fitzgerald.

"Men's Work for Men," Dr. W. C. Elough.

"Men's Work for Boys," F. J. Lucas.

"Men's Bible Classes," F. L. Corum.

"Immanuel Brotherhood," Rev. L. S. Bowerman.

The evening closed with an address by Rev. Mr. Des Autel, who has recently come to the city to take charge of the two missions of Immanuel church. About eighty persons were present.

ECHO OF BANK SCANDAL.

Joseph Nelson and Associates Win Jordan State Bank Election.

Considerable interest centered in the annual meeting of the stockholders of the Jordan State bank, which was held yesterday afternoon, because of the well known division among some of the directors. The board has been divided into two factions for some time past, ever since the robbery of the Utah National bank of this city, which was the depository of the Jordan State bank. What is known as the Bingham interests have been opposed to Joseph Nelson and associates, who have been in control. This feeling showed itself at the meeting yesterday, which lasted several hours. There were present Joseph Nelson, A. W. Nelson and Ashby Snow, J. W. W. Fitzgerald, W. S. Diamond, William Aylett, Heber Aylett and John A. Elough. The meeting opened in the election of four directors by the Bingham interests, and three by the Nelson interests. Those representing the Nelson interests are: G. C. Beebe, Henry T. McEwan, Ashby Snow and C. Burton. J. W. W. Fitzgerald, W. S. Diamond and William Aylett will represent Bingham Junction interests.

It is said that the present trouble

may come up again in a week or ten days when a cashier is to be chosen. If those in control should seek to change the present cashier for a man who is favorable to them, the present feeling may be intensified. In that event the starting of a rival bank is spoken of as being among the probabilities.

WORMOLOGY.

Should be studied by every parent. If your child is nervous, fretful, starts in its sleep, is partly fast, has rashes under its eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. It is a non-purgative. Sold by Z. C. M. L. Drug Store, 115 and 117 South Main St.

NEW INCORPORATIONS.

The Cache Valley Cold Storage company of Salt Lake filed articles of incorporation with the county clerk yesterday. The capital stock is \$125,000, divided into shares at \$1 each. The company will build its plant at Smithfield. The officers are E. A. Nayl, president; Arthur Cummings, vice president and James Green secretary and treasurer.

The Nevada-Leadville Mining and Milling company filed its articles of incorporation with the county clerk yesterday. The capitalization is \$300,000, divided into shares at \$10 each. The officers are C. S. Martin, president; Fred E. Turner, vice president, and J. A. Hancock, secretary and treasurer. The Millard County Gold and Copper Mining company of Salt Lake filed articles of incorporation yesterday in the county clerk's office. The capital stock amounts to \$250,000, divided into shares at 25 cents each. Of this amount 40,000 shares have been set aside as treasury stock. The officers are: R. C. McBride, president; W. N. McBride, vice president, and Harvey W. King, secretary and treasurer.

MUTH IS UNPOPULAR.

Claims He Is Being Persecuted by Night Watchmen in General.

Because several night watchmen want to sleep on their beats in some sheltered nook of the buildings, they are harassing E. R. Muth, manager of the Merchants' Detective Agency and Protective Patrol system, who is installing a system of time clocks, at least so he claims. Muth was arrested by a night watchman on March 2, while he was making his rounds. Without even questioning him, Muth was taken to the police station. As soon as he talked to the desk sergeant, who knew him, Muth was released. Two days later Muth was arrested early in the morning by Night Watchman C. C. Riley who charged him with carrying concealed weapons and impersonating an officer. Muth was acquitted on both charges. The patrol system has only been installed a few months. The time clocks which are being installed are connected up with

the Western Union Telegraph company's office where the records are made and sent to the subscribers to assure them that their places of business are being properly watched.

NEW FIXTURES FACTORY.

Work has been started on the new office and shop fixture factory of J. P. Paulson, which is to be built on Fourth West street between First and Second South streets. A force of men has started to excavate for the foundations, and the work will be pushed to completion as soon as possible as the new quarters are badly needed by this growing firm.

The building, which will cost \$35,000, will be three-story, and will have a frontage of 89 feet. An interesting feature of the plans made of the soil for the foundation is the fact that at a depth of 10 feet, after passing through soft earth for the first six feet, water and earth for the next four feet, the augur revealed a very firm clay, which offers material for a good foundation.

A feature of the new building will be the splendid light which will be obtained for the workmen. Nearly 50 per cent of the sides of the building

will be composed of prism and will glass. The work of erection is being directed by Villadsen brothers.

MUSICAL CONTEST.

Mutuals of Granite Stake to Compete in Tabernacle Friday.

A musical contest will be given by the Mutuals of Granite stake Friday evening in the stake tabernacle, Fourteenth South and State streets. The contest, choruses and solos have been prepared for the event for some time and accordingly a musical treat is promised. The adjudicator is to be Horace Knapp. The contest starts promptly at 7 o'clock, and the numbers to be rendered are the following:

Chorus, "Lift Up Your Voice Singing;" ladies' chorus, "Child Risen;" soprano solo, "In the Springtime;" baritone solo, "Draw All You People;" violin solo, "March;" piano, by W. C. Clive; Baritone, "Waltz in Flat," by Durand.
