LOCAL NEWS.

Fire.—At half-past 3 o'clock this afternoon an alarm of fire was given at the City Hall. A barn belonging to Mr. F. A. Mitchell was in flames, and within half an hour the fire department had it under control. The barn was destroyed, but the loss had not been ascertained when we went to press.

Body Found.—The body of Nels Otto Lillemo, who was drowned in Jordan river on the 24th, was found floating down the river yesterday; it was discovered near Pettit's, by some boys who were fishing. A gentleman who was notified procured a boat and took the body ashore; it was brought to the city last evening and buried today.

Third District Court.—The suit of E. T. Sprague vs. Samuel P. Hoyt, was dismissed.

Adam Stuart, a native of Scotland, was admitted to citizenship.

The People, etc., vs. Fred Hoff charged with murder. W. G. Van Horn was allowed to withdraw as attorney for defendant, and Ben Sheeks and E. D. Hope were appointed by the Court to defend.

Pioneer Day Celebration.—Quite a number of the county settlements, through lack of the most facilities of telegraphic communication, failed to get the news of President Grant's death until after the 24th, and accordingly on that day engaged in celebrating the entrance of the pioneers into Salt Lake Valley with the customary speech-making, music, singing, feasting, etc. We have received quite a number of reports of such proceedings, for which we feel to tender thanks to our correspondents, and trust they will not feel slighted should they not appear in our columns.

Rescued Runaway.—About half past three o'clock this afternoon, Mrs. Smith of Bonanza, drove up in front of Goebel, Pitts & Co.'s drug store, to get some medicine for her husband. In the wagon was a five-year old son of Mrs. Smith, and her niece, Annie Everett, nine years old, who lives in the Sixteenth Ward. Mrs. Smith got out of the wagon to fasten her horses, when she was frightened at a boy carrying a basket and broke away, dashing eastward along First South Street. Several parties tried to stop them, but without success, and as the animals tore along the street, they were followed by a crowd of onlookers who rushed from both sides and endeavored to overtake the animals in their mad career.

The spectacle of two small children clinging in the wagon and screaming for help created the most intense excitement and great fears for their safety. After running to near Fort Taylor's office, however, the animals were stopped, the children escaping without injury, but badly frightened.

The Memorial Services.—The committee on the Grant Memorial Services held a meeting in the Opera House last evening, and partially prepared the programme of services, which are to be held at Liberty Park, on Saturday August 8th. The speeches on the occasion were limited to ten minutes; time, and Governor Murray was selected to be the presiding officer of the day. Several poems were offered, but the committee decided not to accept any original music for the programme; if, however, anything of that kind was incorporated a requiem composed by Mr. Ward, with music by Prof. Daines will be given the preference.

Gen. F. E. Connor was chosen to act as marshal of the day, and Chaplain Jackson, of Fort Douglas, as chaplain. Speeches are to be delivered by Governor Murray, a member of the Utah Commission (not yet named), W. C. Hall, Prof. T. B. Lewis, Judge C. W. Bennett, R. N. Bakken, Secretary A. L. Thomas and General A. McD. McCook.

It was decided to have a procession, and the Opera House was designated as the place of assembling.

A sub-committee, consisting of Captain E. M. Byrnes, Col. E. Selis and E. T. Sprague, were appointed to further perfect the programme, and report at the general committee meeting on Thursday evening, at 8 o'clock, and the committee adjourned.

The dance committee met at the Deseret National Bank last evening. L. S. Hills was made secretary and treasurer of the committee. A sub-committee on sprinkling the streets and decorating Liberty Park was appointed, consisting of Mayor James Sharp, G. M. Ottlinger and W. F. James. The committee appointed to solicit subscriptions to defray the expenses of the memorial services, were: G. M. Scott, J. H. Burton and S. F. Walker, to canvass the west side of East Temple Street; and James Lore, C. M. Brown and M. C. Phillips, for the east side. The committee will meet again on Monday next.

The committee on invitation have issued the following general invitation to the public:

SALT LAKE CITY, July 28, 1883.

We are called upon to mourn the death of that distinguished patriot and soldier, General Grant. U. S. Grant, a citizen and a hero, who has left a noble example to all of us. We are called upon to mourn the death of that distinguished patriot and soldier, U. S. Grant, a citizen and a hero, who has left a noble example to all of us.

More Flowing Wells.—We are pleased to note the progress being made in the matter of procuring flowing wells in various parts of the city and the surrounding country, for we regard them as a partial solution of the question of water supply for irrigation.

Brother Wm. Calton, of the First Ward, an experienced well-digger, called upon us today and reported that he had recently succeeded in getting down a shaft by the driving process in three different places in the First Ward. One of them, on the premises of Brother Siddoway, has already been mentioned.

On the lot of Charles Brown, half-a-block north of the First Ward meeting house, he obtained a flow of cold sulphur water, four gallons per minute, at a depth of 39 feet. Not being satisfied with this, he drove on deeper, and in going a depth of five feet more the stream he had entirely, but at seven feet further—in all—he struck another, of pure cold water, which, however, only flows at the rate of one-and-a-half gallons per minute. He expects to sink it still deeper in hope of getting a stronger stream.

On his own premises—half-a-block south of the First Ward meeting house—Brother Calton obtained a strong stream of cold water, slightly impregnated with sulphur, at a depth of 40 feet, which flows out at the rate of 12 gallons per minute from a one-and-a-quarter-inch pipe.

Brother Calton mentions as a curious circumstance in his experience as a well-digger, that upon one occasion, when he was sinking a well at E. K. Brown's, he found a prostrate tree one foot in diameter at a depth of 120 feet, and the wood was in a good state of preservation. It was covered with alternating layers of gravel and sand, but beneath it was clear clay.

Upon another occasion, when making a well in the 12th Ward of this city, he came upon a quantity of bones of some animal at a depth of 40 feet.

Severe Accident.—Yesterday afternoon, Mrs. Christensen, of Mount Pleasant, Salt Lake County, who has been visiting her daughter, Mrs. Evans, in this city, was making preparations to go out on the D. & R. G. train last evening, and had engaged Mr. Walter Brown to take her to the depot to his light wagon. About half-past 4 o'clock, Mr. Brown went to lunch up, and Mrs. Evans, who has a colt, was accompanied by Frank, the nine-year old son of Mrs. Christensen. While driving the animals, Frank waved his hat and ran close up to the colt, which kicked with both feet, striking the boy a terrific blow on the right side of the face. Mr. Brown immediately took the boy to Dr. Fowler, who found that the jaw had suffered a severe fracture, and was badly broken and shattered; the face had also sustained other injuries.

Doctor dressed the wound, and the patient is doing as well as could be expected, but recovery will be slow, as the injury is a serious one. The little boy, being badly frightened after being kicked and when the surgeon was operating, and while being taken from Mr. Brown's in the Sixteenth Ward to the doctor's office, requested Mr. Brown not to tell his mother of the accident, because it would make her feel bad.

Morgan Home.—Mr. H. T. Pugh, of Morgan City, Morgan County, reports the condition of the people in that section of the country as prosperous. The crops are rather late, the wheat being in head, and barley just turning color. The yield of small grain will be unusually large, and the hay crop is very heavy. There is a general good feeling among the people, who are pretty well united. The new Morgan State tuberculosis 40x50 feet, has been erected, and a new stand put in; the meetings are well attended. The County Court House, which has been in progress of building for about ten years, is being completed this season; it is a fine brick building, with two stories and a basement. Morgan has a good baseball nine who feel they can add one more to the list of defeats the Salt Lakeers are experiencing this season.

On Wednesday afternoon a little four-year old son of Charles Miley, who lives at Fort Steele, Idaho, came into the house and told his mother he was afraid. She asked him why he was afraid, and he told her that he was afraid of a man who was in the house. She asked him who the man was, and he told her that he was afraid of a man who was in the house. She asked him who the man was, and he told her that he was afraid of a man who was in the house.

FLORENCE A. CLAWSON ASKS FOR A DIVORCE.

WHICH IS GRANTED, THE DEFENDANT, RUDGER CLAWSON, CONSENTS.

On Saturday, by her attorneys, Mrs. Florence A. Clawson filed in the Third District Court an application for divorce from Rudger Clawson, who is now serving a term in the Utah penitentiary for marrying Lydia Spencer in accordance with his religious belief in the rightfulness of plural marriage. The alleged grounds for the action are set forth in the body of the application, which is as follows:

In the District Court of the Third Judicial District of Utah Territory, Salt Lake County.

Florence A. Clawson, Plaintiff, vs. Rudger Clawson, Defendant.

The plaintiff complains and alleges: First, that plaintiff and defendant intermarried at Salt Lake City, Utah Territory, on the 12th day of August, 1884, and ever since have been and now are husband and wife. That plaintiff is and was more than one year past has been an actual bona fide resident of the County of Salt Lake, Utah Territory.

Plaintiff on her information and belief, alleges that defendant did, on the 2nd day of November, D. 1884, contract matrimony with one Lydia Spencer, at the house of one Smith, on West-Juanita Street, Salt Lake City, in the County of Salt Lake, Territory of Utah; that said defendant is now residing at Salt Lake City, Utah Territory, and is now living with said Lydia Spencer, and that she has not lived or cohabited with defendant since the time of the commission by the defendant of the act of adultery complained of.

Further complaint plaintiff alleges that as the September term, A. D. 1884, of the District Court of the Third Judicial District of Utah Territory, in the County of Salt Lake, and before this action, the defendant has committed adultery, to wit: of the crime of polygamy, and has been sentenced to confinement in the Penitentiary for a term of three years and six months, and in pursuance of the said sentence the defendant is now confined in said Penitentiary.

Plaintiff further alleges that there is now living in the issue of their marriage one child, namely, a boy named Rudger Clawson, of the age of one year and six months, and that the custody of the said minor child be awarded to plaintiff, and for costs of suit.

SHEKES & RAWLINS, Attorneys for Plaintiff.

Yesterday the defendant was brought into court, and his attorneys filed the following answer:

In the District Court of the Third Judicial District, Territory of Utah, Salt Lake County.

Florence Clawson, plaintiff, vs. Rudger Clawson, defendant.

I hereby enter my appearance, in the above entitled action, waive service of summons and copy of complaint, and all time to plead, answer, and consent that default may now be entered against me therein.

(Signed) RUDGER CLAWSON. Dated this July 27th, 1885.

The Court then ordered a judgment by default, and granted a decree of divorce as prayed for.

Threatening to Kill.—This morning Jacob Bai, a German, who resides in the Eleventh Ward, made complaint before Commissioner McKay against Mrs. Eliza Aggett, charging her with threatening to kill the complainant and his wife Catherine Bai, and asserting that they are in fear of their lives. The affair has grown out of a neighborhood quarrel, in which some bad language was used, and some very unbecoming acts committed by some of the parties. Bai threatened to shoot Mrs. Aggett, but changed his mind, and seeks redress in the Commissioner's court.

—The Ogden police, on Sunday, arrested two brewers, Moritz Richter and R. A. Wells, for selling beer on Sunday. Both pleaded guilty yesterday, and were fined, Richter \$40 and Wells \$30.

At Eden, Weber County, a celebration of Pioneer Day was in progress when information was received of General Grant's death. As soon as the news came the flags were lowered to half-mast.

—On Friday evening Rudger's barber shop, in Laramie, Wyoming, was entered by thieves, and razors, hair brushes, razor strops, shaving brushes, combs, etc., carried off. Only one razor was left in the place.

Some time between Saturday evening and Monday morning, W. S. Chad's shoe store, on the corner of Fourth and Young streets, Ogden, was broken into and the burglars appropriated one pair of home-made boots and two pairs of shoes, valued in all at twenty dollars. The thieves gained ingress through the back way and made an entrance to the store by breaking out a window.
